States' Rights Group Balks At Forming 'Party'

Nominate Andrews; Tax Overhaul, Aid Slash Advocated

MEMPHIS, Sept. 15 —UP—A States' Right convention Saturday night nominated former Internal Revenue Commissioner T. Coleman Andrews for president after beating down attempts to launch a third party movement.

A threat by backers of the new party proposal to call their own convention with adjournment of the States' Rights meeting apparently fizzled out.

The convention of delegates from some two dozen states erupted in a heated floor fight over the third party issue after a message from Andrews apparently was interpreted as a summons for a new party.

One delegate sought to introduce a resolution bearing on a third party but opponents stopped the move by parlimentary maneuvering after a 10 minutes' recess to restore calm.

Once order was restored, the convention nominated Andrews for president and former Rep. Thomas H. Werdel of California as his running mate.

The delegates also adopted a "declaration of principles" condemning "the growing trend toward judicial legislation," and calling for "drastic reduction" in foreign aid plus overhaul of the federal tax system.

Andrews himself, who could not be present, halted the third party band wagon in a telephone message from Richmond, Va., in which he told delegate John U. Barr, New Orleans industrialist, that he was "not and could not be interested in trying to create a new third party."

Barr quoted Andrews as saying that the objectives of the States' Rights group "had been, as I understood it, to restore the two party system, and I would be content and happy if we succeeded in accomplishing it."

In his first message to the convention, Andrews, now a private Virginia banker, said "it is imperative that the outcome of your

Ellender Assails Waste Of U. S. Aid By South Koreans

TOKYO, Sept. 15 (UP)— Sen. Allen J. Ellender (D-La.) charged Saturday that American aid to the Republic of Korea is being administered by a "bunch of plugheads" and should be cut off almost entirely.

The outspoken senator, a member of the Appropriations committee currently surveying U.S. aid to Asian nations, said the Republic of Korea is a "bottomless pit" down which the United States is pouring funds and goods to little avail.

"We've got a bunch of plugheads there in the U. S. economic aid program) — and the same thing seems to be true in Formosa — who are trying to balance the agriculture and industry," Ellender said.

"But what is there to work with? Where are the minerals, the raw materials, the cotton for these new industries and factories we want to build for them? How are they going to pay for importing all these things?

"I understand we've got the Koreans taking imported American wheat and exporting their own rice.

"Where are they going to get the wheat when the aid program stops?"

Ellender said maintenance of a strong Korean military force was important to the United States, but he said he doubted that economic aid was essential to the military program.

"We've given until it hurts," he said. "The more you give, the les the persons receiving aid want to work."

Egyptians Brand Big-3 Proposals 'War Declaration'

CAIRO, Egypt, Sept. 15 (AP) — President Nasser received new expressions of Soviet support today and rejected as a "declaration of war" the Western Big Three's latest proposal for operating the Suez Canal.

In a fiery speech at Bilbeis Air Force College, Nasser accused Britain and France of trying to wreck the operation of the canal. He declared triumphantly that their efforts had failed on this first day of Egypt's handling of canal traffic without the aid of foreign technicians.

For the first time in the 87-year history of the canal foreigners were not guiding convoys. An all-Egyptian staff aided by Greek pilots directed a record peacetime convoy of 29 ships northbound out of Suez and a convoy of 13 ships heading south from Port Said. Nasser said nothing of 15 newly arrived Soviet pilots.

Nasser boasted proudly:

"As I speak to you now the canal thanks to Egyptian and Greek pilots is still open."

There were these developments in the sizzling Suez situation:

1. Two rival conferences were being organized on the canal. The Western Big Three invited 15 nations to attend a conference Wednesday in London on the plan to set up a world body to regulate canal traffic. Egypt announced it was holding a conference to set up a negotiating body to find a peaceful solution to the problem. No date was announced but the Egyptians said 20 countries headed by the Soviet Union and Com-

Kefauver Voices Support Of High Court's Decision

ORLANDO, Fla., Sept. 15 (AP)—Sen. Estes Kefauver said tonight that agitators must be kept from inflaming "lawlessness and violence" in the implementation of the Supreme Court school desegregation decision.

"We must maintain the peace if we are to steadily progress in the solutions to the problems which lie before us in the field of race relations," the Democratic vice presidential candidate said.

He brought up the issue in a speech prepared for a young Democrat's dinner here tonight — a speech in which he continued in jibing at Republican prosperity claims that "everything seems to be booming but the boom."

With living costs, installment debts and interest rates going up, he said, "the only time a lot of people hear about the boom is when it is being lowered on them."

In referring to the Supreme Court's ruling that racially segregated public schools are unconstitutional, Kefauver reiterated that the decision is "the law of the land," and he added:

"And I believe the great majority of southerners have respect for the law and want to carry it out."

He referred to the violence that marked the admission of Negroes to a white school in Clinton, Tenn., and blamed "outside agitators" for the trouble, specifically mentioning John Kasper of Washington, D. C.

Kasper was judged in contempt of court by a federal judge after he went to Clinton and was jailed. However he since has been released on bond.

Kefauver said that "some of these agitators have deep and dark purposes" adding there is a question as to whether the aim of people like Kasper is to prevent carrying out of the Supreme Court school decision or whether their actions are aimed "at the whole system of public education."

"If we permit agitators and se-

2 More Convicts Elude Guards On Prison Grounds

ANGOLA, La., Sept. 15 (AP)—Two penitentiary convicts who eluded guards during heavy fog early this morning were thought to be in hiding on the penal reservation, Warden Maurice Sigler said today.

Sigler identified the escapees as Denny Gilchrest, 24, Winnfield, serving three years for theft from Caddo Parish, and Robert Lee Mayes, 29, Houston, Tex., serving 10 years for armed robbery from Calcasieu Parish.

They escaped as their separate work parties were starting out to work. Sigler said the two men are thought to be together.

"We haven't seen any signs that they have left the prison," Sigler said," and we don't think they have moved much."

Stevenson Drops Plans To Deliver Shreveport Talk

BATON ROUGE, Sept. 15 (AP)— Adlai Stevenson's tight schedule allows time for only a New Orleans talk in his Sept. 25 trip to Louisiana, national committeeman Camille Gravel said today.

The Democratic presidential nominee, who will be swinging through Dixie states at that time, originally was expected to appear in Shreveport and New Orleans the same day.

"It now appears that Stevenson on this particular trip will speak only in New Orleans," Gravel said.

He emphasized plans still are not definite and are being developed over the weekend.

"However," he said, "present indications are that it will not be possible for Stevenson to make two stops in Louisiana this trip."

Last Tuesday, after a parley of Democratic leaders in New Orleans, Gravel and U.S. Rep. Hale Boggs said Stevenson would make addresses in Shreveport and New Orleans.

"We're hoping, if Stevenson visits only one Louisiana city this time," Gravel said, "we will be able to bring him back to Louisiana for another trip during his campaign."

The former Illinois governor carried Louisiana by 10,000 votes in 1952, winning the state's 10 electoral votes. At that time, former Gov. Robert Kennon was boosting the candidacy of President Eisenhower.

Now the state's political affairs are in the hands of pro-Stevenson Gov. Earl Long.

Gravel and chairman Rufus D. Hays of the Democratic State Central Committee, meeting here Monday at 1 p.m., said Louisiana party leaders are developing other promotional plans for Stevenson.

A $100-a-plate banquet has been scheduled Oct. 6 in New Orleans, with Massachusetts Sen. John F. Kennedy, favored by the Louisiana delegation for the Democratic vice presidential nominee, as top speaker.

Additional state campaign steps being considered include:

1. A closed circuit television address by Stevenson beamed at some Louisiana city Oct. 20.
2. A possible fund-raising dinner in Jefferson Parish.
3. Personal campaign activity by U.S. Sens. Allen J. Ellender

Chandler Pledges To Remove Guard At Clay School

CLAY, Ky., Sept. 15 (AP)—Mayor Herman Z. Clark said today that Gov. A. B. Chandler promised him he will take steps to withdraw National Guard troops from Clay once Chandler is officially informed of a school board decision against racial integration this year.

The governor could not be reached to confirm Clark's statement. However, it was reported Chandler had conferred at Frankfort, the state capital, with three top state officials, Atty. Gen. Jo M. Ferguson, Supt. of Public Instruction Robert Martin, and Harry G. Davis, the governor's press secretary.

It was indicated Chandler might have adopted a "wait-and-see" attitude and would take no action until Monday. However, Davis would say only that the four had discussed the situation at Clay, where three Negro children were attending classes under National Guard protection.

The Webster County School Board voted last night that it would not permit enrollment of the Negro children at the school. The board said it would seek to return the three to the Rosenwald School for Negroes at nearby Providence, Ky., if they showed up at Clay Monday.

Clark said that in a telephone conversation this morning, Chandler advised him to instruct the county school superintendent, Wilbur Collins, to report the board's action to the state superintendent

FBI Head Warns Reds Still Seeking To Conquer World

WASHINGTON, Sept. 15 —UP— FBI Director J. Edgar Hoover warned Saturday that Russia's smiles are part of the Communist plot to conquer the world.

He said Communists everywhere still use "low blows, brass knucks and spikes" under their traditional motto: "Play it dirty or you're not a Communist."

He made the statement in an article prepared for the House Committee on Un-American Activities as part of the group's report on "Soviet Total War."

Hoover said Russia's leaders now favor democratic ways, economic competition, and "peace and friendship among nations," but, he added, this is just a false front."

"Plot, conspiracy, secrecy, betrayal—these are the weapons of Leninism," he cautioned.

Hoover said the world is entering what has been called "an era of peace."

"Contrary to the opinion of wishful thinkers," he observed, "the threat of Communist tyranny has not lessened. The unaltering Communist goal of world domination has not been rejected in favor of 'peaceful co-existence.'..." .. ..

He said the recent "desanctifi-

Cotton Class Hearings Here Attract State-Wide Interest; Opening Monday

A meeting scheduled here Monday to investigate reports of down grading of area cotton samples has spread statewide in scope and farm interests from throughout the state will be on hand when two high officials from Washington are expected. The meeting was originally scheduled to be a fifth district session.

U. S. Rep. Otto E. Passman returned from Washington yesterday after conferring with Department of Agriculture officials regarding charges of down grading in his district. Passman went to Washington after he met with a delegation of farmers, Farm Bureau officials, Delta Council representatives and cotton buyers in Monroe over a week ago.

Washington officials expected at the meeting — at the Frances hotel at 2 p.m. Monday — are A. C. Robinson, chief of grading and market news brand, cotton division, Agricultural Marketing Service, and Stanley Rodemaker, in charge of appeals and standardization section, Cotton Division Branch. Rodemaker is also chief cotton classer.

After the meeting here last week, reports of unfair cotton classifications came in from other sections of Louisiana and areas scattered throughout the cotton belt. Down

'Felt Hat Day' To Be Observed Here Monday

The newest in felt hats will be available for men of the Twin Cities and surrounding areas, when "Felt Hat Day" is observed Monday. The variety in style, detail, texture and color will make this year's felt hats a distinct advantage to all types of clothing.

Sportswear, business wear, leisure wear and formal wear all have their distinctive hats.

Casual-wear hats have been borrowed from Tyrolean mountaineers and are restyled to go with American sports clothes. Just as men's underwear has been getting slimmer and trimmer with neater colors and patterns, so have men's hats. Brims have been made smaller crowns have been made deeper and colors made livelier and lighter.

Hat weights are much lighter this fall than they were two years ago and are much more versatile.

Felts are sleeker or fleecier, brushed or satiny; velours are richly napped, and many fine furblend felts head up the new collections

New fall colors are green, grey, brown and bronze. New wide bands give added color and distinctive styling to fall hats.

The aristocrat of hats, the Homburg, is also being shown this fall in new shades and fine felts.

Continued Warm Predicted Here

Continued high temperatures are expected for northeast Louisiana with yesterday's high repeating the 95 degree high for Friday and the low at a relatively warm 68.

The Arkansas forecast showed clear to partly cloudy skies with a few isolated thundershowers and little change in temperature.

Slayer Hid 50 Hours In Bush On Riverside

Joseph Battaglia Makes Arrest At Five-Points Hotel

Loyal Zeigler, an established killer and lay low artist, ventured out of his hiding place last night and walked into one of the most extensive police dragnets ever established in Monroe.

Zeigler was spotted by an officer on the levee along Riverside drive last night shortly after he left an Oleander bush two and a half blocks from where a Texas woman was brutally slain Thursday morning. He said he had been in hiding in the bush for the entire 50 hours he had been sought.

The gangling, uncouth killer was actually taken into custody just outside his hotel. He had earlier fled from where he was seen on the levee and called his sister. "I'm not going to give any more trouble," he told his sister.

After calling his sister, Zeigler headed for the hotel. He asked night clerk Jack Cousi "Is the law around?" Cousi later told a newsman: "I lied and said 'No.'"

Cousi said Zeigler wandered upstairs and returned. "Where's my key," he asked Cousi.

"I reminded him that he had taken it out with him when he last left the hotel," Cousi said.

Zeigler then walked out of the hotel and into the hands of Joseph Battaglia, a Monroe police officer covering the Five Points beat.

Within minutes a small army of law enforcement officers had converged on the area of the hotel. Zeigler was shackled and taken to the Ouachita parish jail.

At the jail Zeigler admitted the slaying and discussed the crime without reluctance. "I got mad—just blew my top," he said. That was the chief reason he gave for the death of Myrtle Mae Mills, the 28-year-old Texas woman who was slain while she screamed for mercy in front of a neighbor's home in the 300 block of McKinley street.

The woman, an employe of a local bar and dance hall, had lived in Monroe for only a few weeks. She had resided on McKinley with two other girls, one of them identified as Zeigler's girl friend.

Zeigler, police said, had lived in the same house with the women and was ordered to leave after he fought with his girl friend and the woman who was slain.

Zeigler told authorities last night that he got mad because the women "got my money and kicked me out of the house."

Since his release from prison a few weeks ago, Zeigler said last night, he had spent $1800 that had accrued in back pension payments. He was released from Angola after serving more than 10 years for the slaying of his mother-in-law in Lincoln parish.

Shortly before the killing Thursday, Zeigler said, he sold his old model automobile for $115. With the proceeds he bought a pistol, a suit of clothes and paid his rent.

He apologized to law officers last night. "I'm sorry I caused you all the trouble," he said.

"I knew I had to lay low. Things were too hot. I knew the law would be looking for me," he said.

Before he went to his hotel, Zeigler went to a downtown restaurant and ate fried chicken, his first meal since Thursday. Apparently he was not recognized there.

After he returned to the hotel he was in custody within minutes.

Battaglia, the arresting officer, said he saw Zeigler when he walked into the hotel. "I called headquarters and told them I saw Zeigler go into the hotel," Battaglia said.

The officer then returned to the door of the hotel and waited. When Zeigler started out the door Battaglia pointed his gun and said

U. S. Avoiding Buildup Of Manpower In Crisis

America's Overseas Forces Being Kept Stable

WASHINGTON, Sept. 15 (AP)—The United States, in this time of new crisis in the Middle East, has about the same number of military units and slightly less military manpower deployed in the European-Mediterranean area than it had four or five years ago.

But in the intervening years firepower available to those forces has been amplified thousands of times through the new availability of nuclear weapons, guided missiles and land- and sea-based jet planes.

Defense Department spokesmen, in answering questions, emphasized today that there has been no sudden build-up of American forces as a result of the dispute over Egypt's seizure of the Suez Canal. This is in line with proclaimed government policy against using the force of arms to keep the canal open.

Available information seems to support the Pentagon's insistence that there has been no designed augmentation of forces in Europe, the Mediterranean or Middle East since Egyptian President Nasser announced last July that Egypt was taking over the canal.

So far as can be determined—the precise current figures are military secrets — the over-all American military strength in Europe, where the great bulk of shore-based forces are located, is about 320,000. These are the personnel of the Army, the Air Force and of naval personnel working at shore establishments. The 320,000 figure compares with a peak of about 350,000 when the deployment of forces for participation in the North Atlantic Treaty Organization defense of Western Europe was at maximum.

The Pentagon insists that there has been no cut in combat forces in the European-Mediterranean-North African area. The slow and gradual attrition in numbers, officials say, represents the return of men used in construction of facilities for the combat forces and the beginning of a cutback in maintenance and supply personnel, in line with the general economy move.

Here is the approximate deployment of combat forces now:

ARMY — Five divisions in Europe, unchanged from the force built up under the NATO commitments.

AIR FORCE—One Strategic Air Command wing of bombers in Europe, one in North Africa. The Tactical Air Command, which operates jet fighter-bombers and light bombers, together with transport planes for combat air lift—has three dotation bases, two in France and one in Italy. TAC also has two squadrons of the Matador guided missile deployed in Europe.

NAVY—The 6th Fleet, operating mainly in the Mediterranean, works on an individual ship rotation basis. Its normal strength includes two carriers, three cruisers, upwards of 20 destroyers several submarines and a number of repair and supply ships. This is approximately the same size force set up several years ago.

Aboard the 6th Fleet's ships are about 23,000 officers and men.

MARINES—Since the time the 6th Fleet was organized, a reinforced battalion of Marines, about 1,800 men has been assigned to the fleet. These Marines are stationed in small groups on various ships. At present, two such battalions are in the Mediterranean area—one there to relieve the other battalion which the Navy says will leave shortly for return to the United States.

"However," he said, "present indications are that it will not be possible for Stevenson to make two stops in Louisiana this trip."

Last Tuesday, after a parley of Democratic leaders in New Orleans, Gravel and U.S. Rep. Hale Boggs said Stevenson would make addresses in Shreveport and New Orleans.

"We're hoping, if Stevenson visits only one Louisiana city this time," Gravel said, "we will be able to bring him back to Louisiana for another trip during his campaign."

The former Illinois governor carried Louisiana by 10,000 votes in 1952, winning the state's 10 electoral votes. At that time, former Gov. Robert Kennon was boosting the candidacy of President Eisenhower.

Now the state's political affairs are in the hands of pro-Stevenson Gov. Earl Long.

Gravel and chairman Rufus D. Hays of the Democratic State Central Committee, meeting here Monday at 1 p.m., said Louisiana party leaders are developing other promotional plans for Stevenson.

A $100-a-plate banquet has been scheduled Oct. 6 in New Orleans, with Massachusetts Sen. John F. Kennedy, favored by the Louisiana delegation for the Democratic vice presidential nominee, as top speaker.

Additional state campaign steps being considered include:

1. A closed circuit television address by Stevenson beamed at some Louisiana city Oct. 20.

2. A possible fund-raising dinner in Jefferson Parish.

3. Personal campaign activity by U.S. Sens. Allen J. Ellender

TWO-DAY MANHUNT ENDS—Ex-convict Loyal Zeigler is shown here in custody of police officers after being apprehended last night following an extensive two-day manhunt in connection with the slaying of a Monroe woman Thursday. Shown to the left of Zeigler is Monroe Patrolman Joseph Battaglia. At his right is Walter Wilhite of the Ouachita Parish Sheriff's office. In the left background is Monroe patrolman David Barnes. Slayer Hid 50 Hours In Bush On Riverside

Joseph Battaglia Makes Arrest At Five-Points Hotel

Loyal Zeigler, an established killer and lay low artist, ventured out of his hiding place last night and walked into one of the most extensive police dragnets ever established in Monroe.

Zeigler was spotted by an officer on the levee along Riverside drive last night shortly after he left an Oleander bush two and a half blocks from where a Texas woman was brutally slain Thursday morning. He said he had been in hiding in the bush for the entire 50 hours he had been sought.

The gangling, uncouth killer was actually taken into custody just outside his hotel. He had earlier fled from where he was seen on the levee and called his sister. "I'm not going to give any more trouble," he told his sister.

After calling his sister, Zeigler headed for the hotel. He asked night clerk Jack Cousi "Is the law around?" Cousi later told a newsman: "I lied and said 'No.'"

Cousi said Zeigler wandered upstairs and returned. "Where's my key," he asked Cousi.

"I reminded him that he had taken it out with him when he last left the hotel," Cousi said.

Zeigler then walked out of the hotel and into the hands of Joseph Battaglia, a Monroe police officer covering the Five Points beat.

Within minutes a small army of law enforcement officers had converged on the area of the hotel. Zeigler was shackled and taken to the Ouachita parish jail.

At the jail Zeigler admitted the slaying and discussed the crime without reluctance. "I got mad—just blew my top," he said. That was the chief reason he gave for the death of Myrtle Mae Mills, the 28-year-old Texas woman who was slain while she screamed for mercy in front of a neighbor's home in the 300 block of McKinley street.

The woman, an employe of a local bar and dance hall, had lived in Monroe for only a few weeks. She had resided on McKinley with two other girls, one of them identified as Zeigler's girl friend.

Zeigler, police said, had lived in the same house with the women and was ordered to leave after he fought with his girl friend and the woman who was slain.

Zeigler told authorities last night that he got mad because the women "got my money and kicked me out of the house."

Since his release from prison a few weeks ago, Zeigler said last night, he had spent $1800 that had accrued in back pension payments. He was released from Angola after serving more than 10 years for the slaying of his mother-in-law in Lincoln parish.

Shortly before the killing Thursday, Zeigler said, he sold his old model automobile for $115. With the proceeds he bought a pistol, a suit of clothes and paid his rent.

He apologized to law officers last night. "I'm sorry I caused you all the trouble," he said.

"I knew I had to lay low. Things were too hot. I knew the law would be looking for me," he said.

Before he went to his hotel, Zeigler went to a downtown restaurant and ate fried chicken, his first meal since Thursday. Apparently he was not recognized there.

After he returned to the hotel he was in custody within minutes.

Battaglia, the arresting officer, said he saw Zeigler when he walked into the hotel. "I called headquarters and told them I saw Zeigler go into the hotel," Battaglia said.

The officer then returned to the door of the hotel and waited. When Zeigler started out the door Battaglia pointed his gun and said

FBI Head Warns Reds Still Seeking To Conquer World

WASHINGTON, Sept. 15 —UP— FBI Director J. Edgar Hoover warned Saturday that Russia's smiles are part of the Communist plot to conquer the world.

He said Communists everywhere still use "low blows, brass knucks and spikes" under their traditional motto: "Play it dirty or you're not a Communist."

He made the statement in an article prepared for the House Committee on Un-American Activities as part of the group's report on "Soviet Total War."

Hoover said Russia's leaders now favor democratic ways, economic competition, and "peace and friendship among nations," but, he added, this is just a false front."

"Plot, conspiracy, secrecy, betrayal—these are the weapons of Leninism," he cautioned.

Hoover said the world is entering what has been called "an era of peace."

"Contrary to the opinion of wishful thinkers," he observed, "the threat of Communist tyranny has not lessened. The unaltering Communist goal of world domination has not been rejected in favor of 'peaceful co-existence.'..." .. ..

He said the recent "desanctifi-

Cotton Class Hearings Here Attract State-Wide Interest; Opening Monday

A meeting scheduled here Monday to investigate reports of down grading of area cotton samples has spread statewide in scope and farm interests from throughout the state will be on hand when two high officials from Washington are expected. The meeting was originally scheduled to be a fifth district session.

U. S. Rep. Otto E. Passman returned from Washington yesterday after conferring with Department of Agriculture officials regarding charges of down grading in his district. Passman went to Washington after he met with a delegation of farmers, Farm Bureau officials, Delta Council representatives and cotton buyers in Monroe over a week ago.

Washington officials expected at the meeting — at the Frances hotel at 2 p.m. Monday — are A. C. Robinson, chief of grading and market news brand, cotton division, Agricultural Marketing Service, and Stanley Rodemaker, in charge of appeals and standardization section, Cotton Division Branch. Rodemaker is also chief cotton classer.

After the meeting here last week, reports of unfair cotton classifications came in from other sections of Louisiana and areas scattered throughout the cotton belt. Down

'Felt Hat Day' To Be Observed Here Monday

The newest in felt hats will be available for men of the Twin Cities and surrounding areas, when "Felt Hat Day" is observed Monday. The variety in style, detail, texture and color will make this year's felt hats a distinct advantage to all types of clothing.

Sportswear, business wear, leisure wear and formal wear all have their distinctive hats.

Casual-wear hats have been borrowed from Tyrolean mountaineers and are restyled to go with American sports clothes. Just as men's underwear has been getting slimmer and trimmer with neater colors and patterns, so have men's hats. Brims have been made smaller crowns have been made deeper and colors made livelier and lighter.

Hat weights are much lighter this fall than they were two years ago and are much more versatile.

Felts are sleeker or fleecier, brushed or satiny; velours are richly napped, and many fine furblend felts head up the new collections

New fall colors are green, grey, brown and bronze. New wide bands give added color and distinctive styling to fall hats.

The aristocrat of hats, the Homburg, is also being shown this fall in new shades and fine felts.

Continued Warm Predicted Here

Continued high temperatures are expected for northeast Louisiana with yesterday's high repeating the 95 degree high for Friday and the low at a relatively warm 68.

The Arkansas forecast showed clear to partly cloudy skies with a few isolated thundershowers and little change in temperature.

U. S. Avoiding Buildu p Of Manpower In C risis

America's Overseas Forces Being Kept Stable

WASHINGTON, Sept. 15 (AP)—The United States, in this time of new crisis in the Middle East, has about the same number of military units and slightly less military manpower deployed in the European-Mediterranean area than it had four or five years ago.

But in the intervening years firepower available to those forces has been amplified thousands of times through the new availability of nuclear weapons, guided missiles and land- and sea-based jet planes.

Defense Department spokesmen, in answering questions, emphasized today that there has been no sudden build-up of American forces as a result of the dispute over Egypt's seizure of the Suez Canal. This is in line with proclaimed government policy against using the force of arms to keep the canal open.

Available information seems to support the Pentagon's insistence that there has been no designed augmentation of forces in Europe, the Mediterranean or Middle East since Egyptian President Nasser announced last July that Egypt was taking over the canal.

So far as can be determined—the precise current figures are military secrets — the over-all American military strength in Europe, where the great bulk of shore-based forces are located, is about 320,000. These are the personnel of the Army, the Air Force and of naval personnel working at shore establishments. The 320,000 figure compares with a peak of about 350,000 when the deployment of forces for participation in the North Atlantic Treaty Organization defense of Western Europe was at maximum.

The Pentagon insists that there has been no cut in combat forces in the European-Mediterranean-North African area. The slow and gradual attrition in numbers, officials say, represents the return of men used in construction of facilities for the combat forces and the beginning of a cutback in maintenance and supply personnel, in line with the general economy move.

Here is the approximate deployment of combat forces now:

ARMY — Five divisions in Europe, unchanged from the force built up under the NATO commitments.

AIR FORCE—One Strategic Air Command wing of bombers in Europe, one in North Africa. The Tactical Air Command, which operates jet fighter-bombers and light bombers, together with transport planes for combat air lift—has three dotation bases, two in France and one in Italy. TAC also has two squadrons of the Matador guided missile deployed in Europe.

NAVY—The 6th Fleet, operating mainly in the Mediterranean, works on an individual ship rotation basis. Its normal strength includes two carriers, three cruisers, upwards of 20 destroyers several submarines and a number of repair and supply ships. This is approximately the same size force set up several years ago.

Aboard the 6th Fleet's ships are about 23,000 officers and men.

MARINES—Since the time the 6th Fleet was organized, a reinforced battalion of Marines, about 1,800 men has been assigned to the fleet. These Marines are stationed in small groups on various ships. At present, two such battalions are in the Mediterranean area—one there to relieve the other battalion which the Navy says will leave shortly for return to the United States.

Kasper Proposes 'Roving Force' To Keep Segregation

BIRMINGHAM, Ala., Sept. 15 (AP) Segregationist John Kasper today said a "roving force . . . of fearless patriots" is needed to help schools defend themselves against racial integration.

The 26-year-old New Jersey native, a former Washington and New York bookshop operator, announced plans for a campaign to organize White Citizens Councils throughout the South.

Kasper said he would return next week to Tennessee, where he led demonstrations against racial integration at the Clinton High School.

Kasper was questioned about a statement he made to a council gathering in Birmingham this week.

"We need all the rabble-rousers we can get," Kasper had said "In the future you may be a roving force to step in when people try to ruin your Southern way of life."

"It's a statement which is eminently clear to the white people fighting for segregation and constitutional rights and states rights," said Kasper.

"Just as the NAACP—National Assn. for the Advancement of Colored People—interferes in the local affairs of people and creates race hatred and tension, and in the same manner as the federal government becomes a friend of the court in attempting to destroy the white race as at Hoxie, Ark., we feel it is our duty to help the defenseless and the demoralized white people wherever they've been brought under attack by the NAACP and our Communist-inspired federal government.

"By a roving force we mean simply a hard core of fearless patriots who will give aid — material, physical, moral and every other type--to any school board that has been brought under siege by the race mongrelizers."

ROBERT H. RUSSELL

Russell Appointed To Northeast's Journalism Staff

Robert H. Russell, of Olla, has been appointed to the Northeast State faculty as instructor in journalism.

He comes to the college from Beaumont, Texas, where he was associated in public relations with Gulf State Utilities.

Joining the college faculty here is in the nature of homecoming for Russell as he graduated from the institution when it was a junior college. His interest in journalism dates back to his work with publications in junior college.

The new instructor continued his academic training at Louisiana State University where he received both the bachelor of arts and master of arts degrees with a major in journalism.

Between periods of college study Russell served four years in in the United States Army. During this time he became a public information specialist, with part of his work being devoted to army newspapers. He graduated from the Armed Forces Information School at Fort Slocum, N.Y.

Practical experience also was gained through serving on the staffs of the Arkansas Gazette, Little Rock, and the Monroe News-Star. In addition he was a staff writer for the Louisiana Department of Commerce and Industry.

Intervening Suit Filed By Negroes In School Dispute

TYLER, Sept. 15 (AP) — Two Negroes turned away from Texarkana Junior College this week filed an intervening suit today in Federal Court.

The two said they were joining their pleas with that of another Negro who earlier instituted legal action to force the college to admit her.

The suit was filed on behalf of Jessalyn Gray, 18, and Steve Poster, 17.

He said the two joined the pleading set forth in the case styled Wilma Dean Whitmore, et al, vs. H. W. Stillwell, in which the National Assn. for the Advancement of Colored People obtained a court order stating the college could not bar Negro students. Stillwell is school president.

The NAACP said yesterday it had drawn up a motion seeking to cite Stillwell for contempt of court. The motion has not yet been filed.

Demonstrators set up picket lines and prevented the two Negroes from entering the college. The regional attorney for the NAACP cited a statement made by Stillwell at a white citizen's council meeting in which the school head said it was not only the right of white citizens to protest the admission of Negroes but also their duty.

Bill Williams, college trustee, also was named in the proposed contempt suit. Tht court action claims Williams was a member of the crowd of demonstrators which tuned back the two when they attempted to enter the college last Monday.

Simpson Tate, NAACP lawyer, gave legal notice yesterday he would bring a motion for intervention in the integration case before Federal Judge Joe Sheehy Monday in Texarkana. This intervention apparently is to allow the NAACP to file contempt motions against Stillwell and Williams.

Heavy Rains And Thunderstorms Slash Northeast

By THE ASSOCIATED PRESS

Heavy rain and thunderstorms lashed the northeastern part of the country Saturday.

The storms pelted a broad area from the Great Lakes region and Ohio Valley into the coastal plain from Pennsylvania through Virginia.

They followed overnight wind, lightning and rain storms which rocked sections of New England.

West Virginia and southwest Pennsylvania had the heaviest rainfall. Charleston, W. Va., had a 1.03 inches in six hours, bringing the 24-hour total well over 2 inches.

A heavy storm during the night socked Boston, Danbury, Conn. and other scattered localities in New England, causing flash floods loss of power and thousands of dollars in damage.

A few thundershowers were also reported in the hot Southwest.

Fair weather prevailed over much of the nation

Clear skies with warm readings wee the rule in the West and South. However, temperatures were on the cool side along the Pacific Coast.

Northeast Offers Inservice Work

Northeast State is introducing Monday night a business program for inservice personnel who are interested in earning a degree in six years.

Registration for courses offered in the program is scheduled Monday at 7:30 p.m., W. L. Perkins, head of the Business Department, announced.

The plan was formulated following requests from many persons who are employed and also as a result of the popularity of the six-year project in science which was initiated last spring at Northeast.

All persons who intend enrolling Monday should have certificates of eligibility signed by their high school principals and superintendents of education. This procedure in registration is required by Act 15 of the 1956 state legislature. The act applies to beginning students and also those who have previously done work at Northeast or any publicly supported higher institution of learning in the state.

The six-year business program includes various curricula which lead to the bachelor of science degree, and courses are planned so that the work will be evenly distributed over this period of time.

Courses which will be available this fall include six in secretarial science. Scheduled for Monday and Thursday nights of each week are Accounting I, Business Administration 49, and Mathematics 5. Tuesday and Friday night courses will be Shorthand 55, Typing 51, and English 1.

Students are advised by Perkins to enroll in only two clases. They may find it difficult to do quality work if they have heavier schedules, he explained, since most of the enrollees will be inservice personnel.

Courses in the six-year program will be offered by members of the regular business faculty of Northeast.

Dr. Harrington Joins Northeast State's Faculty

Dr. Jack Harrington has been named assistant professor of education at Northeast State, with duties beginning at the opening of the fall semester. He will teach psychology and education courses.

Born in Bennington, Okla., the new faculty member taught at two Texas junior colleges during the past nine years. From 1952-56 he taught biology at Lee College, Baytown, Texas. Prior to that he was a teacher of biology, physics and chemistry at Blinn College, Brenham, Texas from 1947 to 1952.

Dr. Harrington received a B.S. degree in biology and chemistry in 1939 from Southeastern State College, Durant, Okla. In 1946, he was granted an M.S. degree in education and physics from East Texas State Teachers College, Commerce, Texas. He also received the doctorate in education, which was awarded at the University of Houston in 1954, with a double major, that of education and biology.

He is a member of Kappa Delta Pi and Phi Delta Kappa education fraternities.

During the Second World War Dr. Harrington served on a destroyer with the U.S. Navy for about two years.

He and his wife live at 413 Lakeshore Drive.

Americans for Eisenhower says it is an organization of Republicans, Democrats and independents working for the reelection of the President.

$12,000 In Cotton Burns In Bossier

BOSSIER CITY, La. Sept. 15—UP—Nearly $12,000 in cotton was destroyed by fire yesterday at the Service Gin Co.

Firemen battled flames for more than 1½ hours. The blaze, the cause of which was undetermined, broke out about 4:30 p.m.

A spokesman at the gin, which owned all of the destroyed cotton, said the fire may have started from a bale which smolders internally when it comes from the gin.

Dr. Harrington Joins Northeast State's Faculty

Dr. Jack Harrington has been named assistant professor of education at Northeast State, with duties beginning at the opening of the fall semester. He will teach psychology and education courses.

Born in Bennington, Okla., the new faculty member taught at two Texas junior colleges during the past nine years. From 1952-56 he taught biology at Lee College, Baytown, Texas. Prior to that he was a teacher of biology, physics and chemistry at Blinn College, Brenham, Texas from 1947 to 1952.

Dr. Harrington received a B.S. degree in biology and chemistry in 1939 from Southeastern State College, Durant, Okla. In 1946, he was granted an M.S. degree in education and physics from East Texas State Teachers College, Commerce, Texas. He also received the doctorate in education, which was awarded at the University of Houston in 1954, with a double major, that of education and biology.

He is a member of Kappa Delta Pi and Phi Delta Kappa education fraternities.

During the Second World War Dr. Harrington served on a destroyer with the U.S. Navy for about two years.

He and his wife live at 413 Lakeshore Drive.

Orleans Man Named Chairman For Ike

NEW ORLEANS, Sept. 15 (AP) Harry Latter of New Orleans today was appointed Louisiana chairman of Americans for Eisenhower.

Co-chairman of the campaign will be John Minor Wisdom of New Orleans, Louisiana's Republican national chairman.

Latter, a Democrat who was 1952 state finance chairman of Americans for Eisenhower, said a statewide steering committee is being formed and will be in high gear next week.

Americans for Eisenhower says it is an organization of Republicans, Democrats and independents working for the reelection of the President.

$12,000 In Cotton Burns In Bossier

BOSSIER CITY, La. Sept. 15—UP—Nearly $12,000 in cotton was destroyed by fire yesterday at the Service Gin Co.

Firemen battled flames for more than 1½ hours. The blaze, the cause of which was undetermined, broke out about 4:30 p.m.

A spokesman at the gin, which owned all of the destroyed cotton, said the fire may have started from a bale which smolders internally when it comes from the gin.

Eisenhower Plans Report On Efforts To 'Win Peace'

GETTYSBURG, Pa., Sept. 15 (UP)— President Eisenhower will report on his efforts to "win the peace" in his first televised campaign speech to the nation next Wednesday night, the White House announced Saturday.

Press Secretary James C. Hagerty said Mr. Eisenhower will speak over the Columbia Broadcasting System television and radio networks. The address — his first to the electorate at large since his renomination by the Republican national convention — will be delivered from the CBS studios in Washington.

Hagerty said Mr. Eisenhower will discuss some domestic issues but the main theme will be "the most important subject in the world today — the peace of the world and the efforts the administration has been making ... not only to keep the peace but to win the peace."

The President also will speak in Washington Tuesday morning at a send-off breakfast for Vice President Richard M. Nixon who is leaving that day for a 32-state campaign swing.

Mr. Eisenhower played golf at the Gettysburg Country Club Saturday under heavily overcast skies. His companions were two Gettysburg neighbors, George E. Allen and Brig. Gen. Arthur Nevins (ret.). The President's grandson, David, 8, accompanied him to the club.

The Chief Executive has been highly pleased with the way his golf game has been going lately. He posted a score of 83 for 18 holes on Thursday, and repeated the performance Friday.

Except for a brief flying visit to Washington Friday to confer with Australian Prime Minister Robert G. Menzies on the Suez dispute, Mr. Eisenhower has been at his farm since last Wednesday. He plans to return to the capital late Sunday or Monday morning.

Hagerty said Mr. Eisenhower has been working on the text of his Wednesday speech and keeping in close touch with Suez developments.

Police Follow Leads In Theft Investigation

Lake Providence, La., Sept. 15—(Special)—A series of three burglaries which occurred Friday night are being investigated by the personnel of th East Carrol Parish Shriff's Office according to a statement made today by Deputy Sheriff Leon Harbin. The three burglaries involved Frenchie's Service station and grocery, the Circle H store, both at Transylvania, and Alsatia gracery at Alsatia.

Harbin stated that the robberies are believed to have occurred after midnight Friday. In each instance the locks on the front doors were forced open to gain entrance, thus leading the department to believe that the same parties may be involved in each robbery. The three establishments which were burglarized are within three miles of one another.

As far as can be determined only minor items were taken from each store, such as cigars, cigarettes, canned sausage, etc. The department is investigating several leads but Harbin stated there are no definite suspects at the present.

"I'm glad it's over," said Police Chief James C. Kelly. "All agencies have cooperated spendidly I am thankful for all the help," Kelly said. The chief commended Patrolman Battaglia for his coolness in handling the arrest.

Sheriff Bailey Grant was questioning Zeigler last night. He released most of the details on Zeigler's comment after the prisoner was taken to the jail.

Zeigler faces a murder charge for the brutal slaying. A warrant had been issued before his arrest. A murder suspect is not bondable.

Crash Injures Three Negroes

LAKE PROVIDENCE Sept 15—(Special)—A two-car collision here tonight hospitalized three Negroes and resulted in a taxi driver being charged with reckless driving.

According to Deputy Marshall H. C. Vaughan, Jr., of the Lake Providence Police Department, a 1950 model taxi driven by John Sullivan rammed into a 1941 model automobile driven by John Phillips, Negro.

The taxi which is the property of Frenchie's Cab Co. was not damaged extensively, although the other automobile suffered considerable damage.

In a local hospital with a broken knee and other undetermined injuries is Bertha Phillips, 45-year-old Negro wife of the driver. Other passengers in the car were Phillips' daughter, Hattie Lee Ellis, 14, and grand-daughter, Gloria Ellis, 2.

The extent of the injuries to other three Negroes in the automobile was undetermined tonight.

of public instruction, Robert R. Martin, at Frankfort.

Clark quoted the governor as saying, "If what you tell me is true, and I don't doubt it is true, I will have the troops out of your way by Monday morning."

But Clark said the governor wanted to go through channels and get the report of the school board's action from Martin.

The board's meeting at Dixon was called after Kentucky Atty. Gen. Jo M. Ferguson issued an opinion that the Negroes were attending school at Clay illegally because the school board had yet to decide on an integration plan.

Earlier today, Williams reaffirmed his intention to escort the children to school again Monday. He said the some 500 guardsmen would leave Clay only when ordered to do so by Chandler.

At the same time, Mrs. Irene Powell, principal of the integration-torn school, vowed to keep it open "as long as it is the will of the school board."

"I intend to carry out the orders of the (county) board of education," she said.

Mrs. Powell said the Negroes would be notified of the board's action if and when they arrive at the school Monday.

The Gordon woman, mother of two of the children, replied only "I have nothing to say" when asked her plans in the face of the unanimous board action at nearby Dixon.

The Horace Couelands, whose son Bobbie Carl, 12, Friday became the third Negor to attend the school in the western Kentucky mining-farming community, were not available for comment.

Mrs. Powell said her most pressing personal concern was "to see the work of teaching resumed at our school."

She opposes integration of the combined high and elementary school at this time.

"I feel our community is not ready for it," explained the blue-eyed native of Clay who has taught 30 years.

However, she instructed her teachers to hold classes for the Negro pupils who attended the school last week. The boycott by 530 white students was complete Friday.

How many guardsmen and state police troopers will be on hand Monday was still speculative.

But Wilbur Collins, superintendent of the county schools, said "We are anticipating that they will be withdrawn now. Of course we don't know."

The board Friday night ordered that the Gordon children, James, 10, and Theresa, 8, and the Copeland boy not be allowed to transfer from the Negro school at nearby Providence.

Collins said all had enrolled there and never were enrolled officially at Clay.

The board based its decision, Collins said, on an opinion by state Atty. Gen. Jo Ferguson. Collins said the board, at the two-hour closed meeting, interpreted the ruling to mean the Negro children were attending the Clay school illegally.

The Gordon woman has claimed her children were enrolled at Clay.

The boycott by white students began Wednesday when Williams escorted the Gordon children to the Clay school. Only one white student attended Thursday, and Friday — when the third Negro child appeared—no white pupils entered.

A crowd had turned the Gordon woman and her children away from the school Tuesday. About 500 National Guardsmen came into Clay under cover of darkness early Eednesday.

Guardsmen have been on duty at Sturgis, 11 miles from here in Union County, where integration of the high school continued with surface calm Friday. With guardsmen still on duty, 248 of the 275 pupils attended. Seven of those were Negroes.

Friday night, Sturgis defeated Marion High at nearby Marion, 34-0 in an incident-free football game in which Marion used a Negro substitute for eight plays.

Sturgis coach Ralph Horning said he and the captain of his team had talked with their players and urged them to treat all Marion players alike.

The Negro player, who was not identified, carried the ball once. There were no boos or cheers when he entered the game with only a few minutes to play.

Ouachita Farm Bureau Opposes Convention Call

Opposition to the proposed Louisiana constitutional convention mounted last night when the Ouachita Parish Farm Bureau cited its reasons against the proposal.

Fred Huenefield, Jr., president of the Ouachita Bureau, explained the organization's reasons for opposing the convention which will be voted on in the November 6 general election.

The opposition was formally approved at the Farm Bureau Board of Directors meeting last week, Huenefield said.

"Although the Louisiana constitution has been variously described as 'long, bulky, and generally unwieldy', in our opinion the length of it is its strength," he said.

He pointed out that each constitutional change is spelled out and approved by the people. This exemplifies the will of the people, since they approve each change themselves, he added.

"The constitution's length leaves a minimum degree of interpretation to the courts," he stated.

"If and when a constitution allows too great a latitude for interpretation by the courts, the courts sometimes enter the legislative field through judicial interpretation," he said. He cited the Supreme Court decision on desegregation in 1954 as an example.

Another reason for the Bureau's opposition, he said, was that the delegates to the proposed convention are being elected without a runoff, the high man in the primary winning the seat regardless of total votes received.

"Delegates named in such a manner would not be truly representative of the people," he charged. A block-voting minority might well control the delegates elected when there are some seven or eight candidates and no runoff election, he explained.

Huenefield lashed out at the dual-voting which will have voters casting ballots for delegates to the convention at the same time as deciding whether they wanted the constitutional convention.

"We feel that the question of whether the constitution should be rewritten is of such fundamental nature that it should be presented to the people as a basic question," he said.

"We feel that a qualified candidate to the convention could not honestly and sincerely campaign if he is opposed to the calling of the convention," he stated.

He explained that the attitude that "we don't need a new constitution, but if one is written I want to help write it" is an attitude that will be prevalent among persons running for posts for reasons of personal pride, sectional interest, racial and other reasons.

In July the delegates to the Louisiana Farm Bureau convention in Shreveport voted to take a stand against the constitutional convention. At an August meeting of the Louisiana Farm Bureau Board of Directors, the delegates' stand on the convention was clarified.

The Farm Bureau still opposes the repeal of the two-thirds amendment, Huenefield said.

"We are definitely going to wage an active campaign against the proposal," he said.

He stated that the Farm Bureau will be represented at an anti-constitutional - convention meeting in the Virginia Hotel Wednesday at 7:30 p.m.

GOP Hopeful Of Election Solon From Louisiana

NEW ORLEANS, Sept. 15—UP — A GOP national committee spokesman today said that Louisiana hopes to send at least one congressman to Washington this year to join representatives the GOP expects to put in from 13 other Dixie states.

Paul C. Ledrick, assistant to Republican National Committee Chairman Leonard Hall pointed out that the South lost only one Republican congressman in 1954 and picked up two. The remainder of the nation, he said, dropped some 30 GOP congessmen.

Ledrick was optimistic about coming out "of this thing with three congressmen from Florida, one from Louisiana, one from Arkansas, a couple in Virginia and three in Texas."

Jordan Calls On Iraqi For Help Against Israel; Hussein Given Assurance

BAGHDAD, Iraq, Sept. 15 (AP) — A government spokesman said today King Hussein of Jordan has been assured Iraq is ready for "military action at any time" in the tense Israeli-Jordan situation.

Premier Nuri Said called a cabinet meeting and discussed urgent measures to help Jordan, which has protested that it has been hit twice this week by 1,000-man raiding parties from Israel.

King Hussein was said to have asked military aid at a meeting yesterday with his cousin, Iraq's King Feisal, in Habbaniya, Iraq.

In Amman, Jordan's capital, informed sources said U. N. Secretary General Dag Hammarskjold might visit the Middle East again before the U. N. General Assembly convenes in November.

An official source said Hammarskjold obtained new cease-fire agreements between Israel and its Arab neighbors on a Middle East mission in April.

Before today's cabinet meeting, Nuri Said called in the U. S. and British ambassadors and denounced what he called "recent Israeli aggression against Jordan."

Jordan charged an armored Israeli force killed 10 Jordanians and wounded 4 in an attack Thursday night on a police post at Gharandal, 12 miles inside Jordan. Jordan said 20 Jordanians were killed in a similar attack Wednesday at Rahwa, 20 miles southwest of Jerusalem.

Israeli newspapers said the first attack was in reprisal for a Jordanian raid that killed six Israeli second was reprisal for the slaysldiers Monday. They said the second was reprisal for the slaying of three tribesmen Wednesday. soldiers Monday.

Constitution Week And The Current Crisis

Locally and throughout the nation observance of "Constitution Week" begins tomorrow.

In Ouachita Parish the Daughters of the American Revolution, Fort Miro Chapter, are spearheading the annual reminder of the great meaning and significance of the American Constitution. Mayor W. L. Howard has signed a proclamation calling upon the people to assist in the observance.

The Constitution is a rather brief document, couched in language simple and plain enough for a child to understand. It should be read and taught in every public school throughout the nation. It is the most important political epistle in all the world's history. It is the charter of American liberties. This nation in all probability will survive and grow as long as the Constitution is held inviolate.

Popular interest in the Constitution and its various provisions has been fanned and whetted by the current crisis involving usurpation of legislative and executive power by nine U. S. Supreme Court justices intent on destroying the organic powers of the states and communities; and enhancing the already swollen powers of the central government in Washington, D. C.

The only member of this court with any considerable amount of prior judicial experience is Justice Sherman Minton, who is retiring as of October 15 for reasons of ill health.

Strangely, not a single qualification exists for appointment of confirmation of a Supreme Court associate justice or chief justice. Ironically, rigid qualifications are required of lawyers practicing before the high tribunal. Custom has decreed that members of this court be given their lifetime jobs as political plums. The office has become a dumping ground where the politically faithful receive the highest rewards that the party in power can bestow.

The same deep cleavages that divide the nation today in the interpretation and administration of the Constitution were present when the document was being drawn up, and during the bitter fight for its ratification.

The cleavages involved the fundamental issue of states' rights and powers, and those of the individual, as against the rights and powers of the federal government.

As adopted and amended by the addition of the Bill of Rights, the Constitution bestowed limited and delegated powers upon the central government, and specifically reserved all others to the states and their people.

Through the decisions and writings of Chief Justice John Marshall, however, and his "loose construction" followers, the powers of the federal government were enhanced enormously, and those of the states and local communities correspondingly curtailed.

Scores of proposals to curtail the power of the Supreme Court now are pending in Congress. They range widely, from proposed constitutional amendments to Senate or joint Congressional resolutions. Apparently one of the soundest of all of these, although it would afford little immediate relief from judicial usurpation of power, has been advanced by Senator Stennis of Mississippi. He has offered and will reintroduce next year a Senate Resolution declaring that to be eligible for confirmation as a Supreme Court justice one of each two consecutive nominees must have had at the time of his nomination at least 10 years experience on a state or federal bench.

An even better remedy, perhaps, would be to require at least five years prior judicial experience of every nominee for this exalted office.

It is difficult for the layman to grasp fully the extent and scope of judicial demoralization in the United States today as a direct result of radical decisions handed down during the past few years by the U. S. Supreme Court. No judge and no lawyer throughout the land can anticipate the actions of this erratic high tribunal, for the simple reason that the Supreme Court has based vitally important decisions upon sociological theories rather than upon precedents or upon organic, statutory or common law. Thus the very ground has been cut from under the lawyers and the judges of the land.

The Supreme Court's decision in the public school integration case is notable for three reasons.

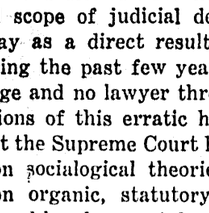

1. It was rank class legislation, with the Court usurping one of the powers reserved to Congress—the power to make laws.

2. It ignored law and precedent and invoked the vaporings of left-wing psychologists and sociologists as its "authority."

3. It paved the way for "enforcement" of school integration by the Court itself, through its own inferior branches, the federal circuit and district courts.

Thus we have the strange and alarming spectacle of a court-enacted "law" tearing at the roots and vitals of the American social and educational structures, and being "enforced" by judicial decrees. In other words, a Supreme Court usurpation of both legislative and executive power, with disastrous turmoil and strife as the end result, along with a tremendous crippling of the educational system in America.

As we observe "Constitution Week," every citizen should ponder these matters, which involve the very fate of the nation; and strive to keep informed, and to exert a sound influence to the end that the Constitution be safeguarded from all threats, including the current threat by a politically-minded group of nine men, with a modicum of prior judicial experience.

Segregation Is Not Un-Christian

Ruston, La.

Editor, Morning World:

Our ministers stand between we the people and God on High and if it was not for them we no doubt would see very little peace of mind on this earth. But I have no faith in anyone, minster or politician, who preaches that segregation is Un-Christian. Nowhere in the New Testament does it state that Segregation is Un-Christian.

This tommyrot was put out by the Communists who have no Bibles and, in fact they deny the theory that there is a God. If segregation is Un-Christian then why do religious groups practice segregation? We have Baptists, Presbyterians, Methodists, Catholics, etc. Did you ever see two of these denominations try to use the same church? I have, and it didn't work.

God is the author of segregation of the races. He made five diffent race-stocks and He used five different colors: The white (Eurafrican), black (Austafrican), yellow (Asian), red (American), brown (Insular and Littoral) and He segregated them with an ocean. If He had been desirous of one race of people, one color, He would have made it so. Ancient history warns us that every civilization which broke down His original race-stocks and mongrelized has been destroyed.

His fowls of the air is a lesson to us. You never see red-birds, blue-birds or black-birds feeding or roosting together. Even the tiny insects are obedient to His command. You never see red ants and black ants bedded together. and the honey bee which makes the sweetest, purest food on earth is strict with his segregation. You never see a yellow jacket, wasp, or scarab (tumble-bug) in a beehive. You see, they don't have the Communists or the NAACP to contend with. This is our trouble.

Some of the most tenacious advocates of integration are miscegenates, not full-blooded white, part Indian or Negro. Water White, according to his memoirs, was an adult before he learned he was colored. Then he became one of the most powerful characters in this nation to force mongrelization upon the people. Other dangerous advocates are preachers and school teachers who allowed themselves to become dupes of the Communists. Our leaders in Washington while chasing votes seem to overlook the fact that this mingling of the races was all planned in Moscow to carry out their nefarious schemes to "Sow hatred among the masses who disagree with us" and to "divide and conquer."

Utility Rates

Monroe, La.

Editor, Morning World:

I, and no doubt every other citizen of Monroe, have read with interest and concern the article in the Morning World regarding the financial condition of the city and suggested increases in utility rates to reduce the deficit. There is, of course, no question as to the desirability of putting the city on a sound financial basis, but there are serious questions as to how best to do it.

The suggested increases of 16.8 per cent in electric and 17.7 per cent in water bills for residential users would produce close to confiscatory rates, and would impose actual hardships on people in the low income groups, particularly those with large families. Furthermore, to incorporate these increases in the basic rates would freeze them there and make it extremely difficult to secure any reductions if the financial position of the city should reach a satisfactory level. The present situation should be considered as an emergency and emergency measures taken, rather than to undertake a permanent increase in the basic rates.

With this in view, would it not be wise to adopt, purely as an emergency measure, a flat increase of not more than 10 per cent in utility bills until the city again becomes solvent, wiping out the recently adopted arbitrary charges against garbage, water and light services? I believe this would obviate the strong protests which will no doubt develop if the suggested rates are adopted, even as an emergency measure.

Above all, before any increases are put in effect, it should be determined that the operation of these services is being conducted in the most efficient possible manner, including regular monthly reading of all water and light meters.

'My Son Is Innocent'

940 Broadway,
New York.

Editor, Morning World:

I read an article by Lyle Wilson published in your paper concerning the case of my son, Morton Sobell, whom I recently visited in Alcatraz. While I disagree with the tendency of the article to accept Judge Kaufman's opinion that my son is guilty, I appreciated your publishing the story so that the issues can be brought before the public. I know my son is innocent and that this will be proved.

Judge Kaufman's decision reminds me of some of the opinions given by the judges in the Mooney-Billings and Sacco - Vanzetti cases. They too were ardent in defending the trials at which they had presided. But history has now proved that injustices did occur in these cases.

Our case is going to the Appeals Court. I have great faith in our legal system, which I believe to be the best anywhere. I know that eventually the courts will reverse the conviction. I am sending you a copy of our motion that presents documentary proof that perjured testimony was used against my son. Such charges are certainly hard to believe, but you can see for yourself that there are documents to support them. Yet Judge Kaufman rejected the appeal, without even granting a hearing.

Meanwhile, it gives me great encouragement that many prominent Americans continue to examine the facts in the case and are coming to the conclusion that there are doubts in their minds.

U. S. Senator William Langer inserted into the Congressional Record a speech in which he pledges to see that Morton gets justice. A new book by Malcolm P. Sharp, *Professor of Law at the University* of Chicago, states that my son is innocent. In an introduction to the book, "Was Justice Done?", atomic scientist Dr. Darold C. Urey also expresses belief in my son's innocence.

Judge Patrick H. O'Brien of Michigan, former Michigan attorney - general, has said: "In accordance with our inheritance as a liberty - loving nation, I urge the immediate release of Morton Sobell.' Judge Jerome N. Frank of the U. S. Circuit Court of Appeals, in a dissenting opinion, has said my son should be given a new trial.

Recently a letter was sent to President Eisenhower asking him to free my son or see that he gets a new trial. Among the signers were Elmer Davis, the noted commentator who was head of the Office of War Information; Lewis Mumford, author; Professor Roland Bainton of the Yale Divinity school; and Gardner Murphy of the Menninger Foundation.

I ask you, as a mother and as an American who believes in our country's system of justice, to examine every aspect of my son's case for yourself. Do not fear that a recognition of my son's innocence will damage our country or our courts. To the contrary, it will strengthen our courts and prove once again that we in America love justice.

MRS. ROSE SOBELL.

(Editor's Note — Morton Sobell was charged with conspiring to transmit to the Soviet Socialist Republic 'documents, writings, sketches, notes and information relating to the national defense of the United States. He was tried with co-defendants Julius and Ethel Rosenberg and sentenced to a period of 30 years imprisonment.)

Washington, D. C.

Editor, Morning World:

I am deeply grateful for the very generous comments in your August 29 editorial, "Crime Detection and Prevention."

Mr. Morton P. Chiles, Jr., Special Agent in charge of our New Orleans Office sent me a copy of this editorial, and I wish to join with him in expressing appreciation for this splendid expression of confidence.

Sincerely your,
J. EDGAR HOOVER.

Ruston, La.

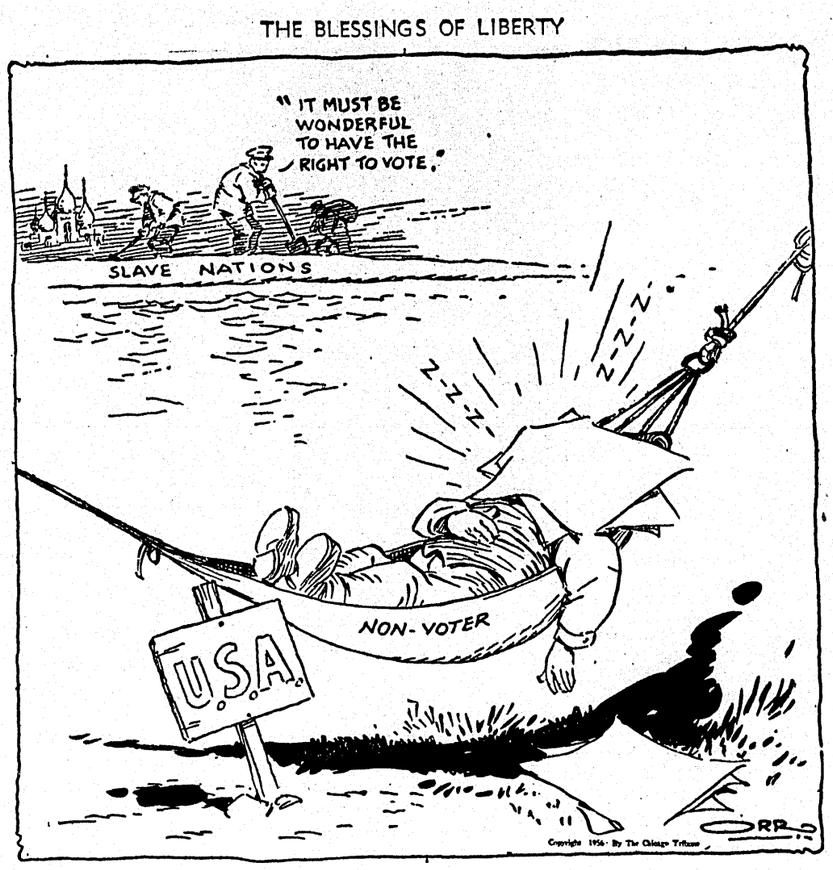

Editor, Morning World:

Please send this information to Mr. B. W. Morgan who spit his anger out in words — on last Sunday's editorial page — without getting his facts straight. I am not arguing for the things he spoke against but I just want to correct his Biblical errors.

He said God forbid Moses to enter the promised land because of miscegenation. This is not so. God forbid Moses to enter because Moses didn't believe what God said and because he rebuked God's words before his people (Numbers 20:7-12). Moses did not marry an Arab; he married an Ethiopian woman (Numbers 12:1). Miriam and Aaron spoke against Moses because of this marriage he had made but God punished them for speaking against the marriage by making Miriam leprous (Numbers 12:1-10).

Paul Harvey--News

Robin Hood Was No Less A Thief

Robin Hood robbed the rich to aid the poor and through plunder by proxy became a hero!

The legendary memory of Robin Hood is eulogized in story and song, but he was no less a thief!

The numerous poor who benefited from his nefarious deeds accepted loot from him without qualm or conscience.

Understand, they would not willingly have done any "breaking and entering" to steal for themselves, but somehow the fact that the stealing was done by a third party made it all right.

Strange, isn't it?

The people were content to accept stolen goods as long as Robin Hood did the stealing for them.

And it was not immoral or dishonest, in their eyes!

Haven't we a similar blind spot today?

Farmer Brown would not think of hijacking you on your way home from work and forcibly seizing part of your pay check.

Yet he will allow government to steal a part of your pay check and hand it over to him, and he sees nothing immoral or dishonest in the act.

Indeed, he lauds such a beneficent government as heroic just as did the parasites who lived off the handouts from Sherwood Forest.

Leonard Read first drew this corollary in "The Freeman," and I was instinctively repelled by the fact that he singled out the farmed for special emphasis.

The farmer, as next November is going to demonstrate, is neither a pig nor a fool.

The politicians have urged upon him a part of the tax plunder due to their own self-conscious awareness of how they've already taken care of most everyone else!

The farmer who is paid for not planting is certainly no different than the worker who is paid for not working or the fisherman who is paid for not fishing.

And each is paid only because a Robin Hoodlum government reaches into his neighbor's pocket and steals the necessary sum.

A farmer would not steal his neighbor's cow . . .

The worker would not rob the house of his friend . . .

The pensioner would not choose to "live off his children" . . .

Yet each is entirely willing . . . If the money is seized by a third person . . .

If an intermediary commits the crime.

If the government steals from Peter to pay Paul, then Paul somehow can enjoy the increase with no sense whatever of moral wrongdoing.

We haven't been looking at it like that. We've been using the word "taxes" instead of "loot." We've been using the word "benefits" to disguise stolen goods!

And we've been using the word "welfare" to justify anything.

If it is ethically, morally wrong to steal from your neighbor, it is equally wrong to let Robin Hood or Uncle Sam do it for you.

To pretend otherwise is to deceive ourselves.

Oh, Harvey, sometimes you're so old-fashioned!

CONGRESSIONAL QUARTERLY

Bipartisan Support Pushed Key Bills

WASHINGTON — Although Congressional Republicans and Democrats clashed as often as they agreed in this election year, a substantial number of important legislative proposals received bipartisan support.

In a survey of all 203 roll call votes recorded by the Senate and House in 1956, Congressional Quarterly found that a majority of Democrats agreed with a majority of Republicans on 102, or half of the time.

Not all of these bipartisan roll calls were of equal significance. For example, the Senate agreed to the ratification of six routine treaties in all about one instance by a unanimous vote. But well over half of the bipartisan roll calls involved substantial policy matters, several of which may become campaign issues.

In the Senate, for example, a bipartisan majority defeated four separate attempts to include greater protection for the consumer in a bill to free natural gas producers from federal utility regulation. This was the bill which President Eisenhower later vetoed when Sen. Francis Case (R S. C.) revealed that oil and gas interests had offered him a campaign contribution.

A majority of Democratic and Republican Senators turned back three efforts to make drastic changes in the electoral college system, then agreed on a compromise reform plan. Even that proposed change died, however, for lack of the two-thirds vote required for Constitutional amendments.

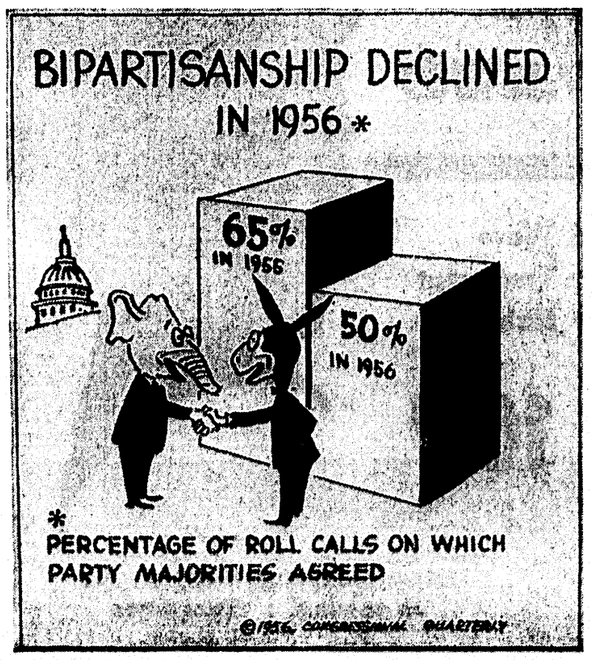

Although both parties jointly expressed their increasing concern over foreign aid by cutting more than $1 billion from the President's requests, a bipartisan majority voted down a flock of restrictive amendments, including proposals to suspend aid to countries trading with the Soviet bloc, to limit cotton imports, to require the executive branch to furnish any information requested by Congress, and to cut aid to India. However, a majority of Democrats agreed with a majority of Republicans to limit military aid to Yugoslavia to maintenance of equipment already furnished.

Other important bipartisan roll calls in the Senate included confirmation of two Presidential nominations — Simon Sobeloff and Paul Hoffman — both of which were strongly opposed by some members of both parties. Two key amendments to the Social Security Act —an increase in the federal share of old-age assistance and the reduction of the retirement age for women to 62 — likewise were agreed to by bipartisan majorities.

In the House, a majority of Democrats and Republicans agreed to the Upper Colorado River project, federal highway and soil bank programs, extension of excise and corporate tax rates, a veterans' pension measure and a civil rights bill. All but the last two became law.

As in former years, both Senate and House went on record as unanimously opposed — 86-0 and 391-0 — to the seating of Communist China in the United Nations.

Timmons In Washington

By Bascom N. Timmons

Maine Went—But Not Hell Bent

The Democratic victory in Maine shook the Republican plan of campaign to its very foundation.

It came unexpectedly less than three weeks after the G. O. P. in Cow Palace complacently renominated President Eisenhower under conditions more nearly resembling a coronation than a convention — a convention in which National Chairman Hall's famous query "is everybody happy?" and Thomas E. Dewey's speech — which was more an exhortation to the overconfidence of Dewey's own 1948 campaign than recognition that the Democratic ticket must not be taken lightly — put the Republicans in a mood of confidence from which the very first election in a rock-ribbed Republican state has jolted them.

So the Republicans instead of going to the Eisenhower farm for a jollification on Wednesday turned out in a mood of gloom. No more was there talk that the president and others of the party brass would be able to put in its biggest licks by television. The emphasis now is on shoe leather and a door bell ringing campaign by the rank and file. President Eisenhower himself expects to wear out some of his own leather.

There has been evidence all along that President Eisenhower did not share the super-optimism of Chairman Hall and others around headquarters. He had told visitors that if it were true that the electorate looked upon him as a hero - miracle worker four years ago it was hardly likely that it would do so again, but he expected to be re-elected on the record of the administration. He showed anxiety about the Maine election and appealed by name for the election of the Republican candidate for governor and for the three Republican candidates for congress in the Pine Tree State.

Again at the White House on Monday he told A. P. Dunning, Republican candidate for congress from Virginia that he was "worried" that the Democrats would get out a bigger vote than the Republicans at the November election. What President Eisenhower seemed to be implying was that the Democrats have a bigger registered vote in the nation than the Republicans and if the Democrats are anywhere near united on the national ticket they can win.

But it is certain that the president did not have in mind any such catastrophe in his own party's normal strength as in Maine where there are something like 292,000 registered Republicans to approximately 98,000 Democrats, a margin of close to three to one.

The result is that the president in effect now becomes his own campaign manager and that he not Chairman Hall will call the turn on campaign strategy. The president will start his handshaking campaign at the ploughing contest at Newton, Iowa, and whatever he may term it he is going to engage in anyone, minister or politician,

An analysis of the Maine vote such as never was undertaken will soon be underway by the G. O. P. The re-election of Democratic governor Muskie was always a distinct possibility, but not by any such margin as resulted. He won over unpopular Governor Burton M. Cross in 1954 by a margin approaching 25,000. Now he beats a popular Republican by 56,000.

But more disturbing was what happened to Representative Robert Hale, the Republican candidate for congress in the first Maine district. Way back in 1840 the Whigs joyfully celebrated the election of Edward Kent to the governorship as an omen of national party victory, commemorating the event with the ever - since familiar lines:

Oh, have you heard how old Maine went?
She went hell bent for Governor Kent

And Tippicanoe and Tyler, too!

Governor Kent remained on the political scene for only a short time. But the Hales have been no such morning glories. Way back in 1868 Eugene Hale was elected a prosecuting attorney in Maine and went through state legislature and congressional posts until 1881 when he was elected to the United States senate where he served until 1911, the longest continuous term served by any senator, up to that time. (It was afterward broken by McKellar of Tennessee and George of Georgia). He retired voluntarily. His son Frederick Hale served 18 years in the senate and retired. Numerous Hales served in other Maine offices. It was a proud family boast that no Hale ever bowed to a Democrat in an election.

Scores of proposals to curtail the power of the Supreme Court now are pending in Congress. They range widely, from proposed constitutional amendments to Senate or joint Congressional resolutions. Apparently one of the soundest of all of these, although it would afford little immediate relief from judicial usurpation of power, has been advanced by Senator Stennis of Mississippi. He has offered and will reintroduce next year a Senate Resolution declaring that to be eligible for confirmation as a Supreme Court justice one of each two consecutive nominees must have had at the time of his nomination at least 10 years experience on a state or federal bench.

An even better remedy, perhaps, would be to require at least five years prior judicial experience of every nominee for this exalted office.

It is difficult for the layman to grasp fully the extent and scope of judicial demoralization in the United States today as a direct result of radical decisions handed down during the past few years by the U. S. Supreme Court. No judge and no lawyer throughout the land can anticipate the actions of this erratic high tribunal, for the simple reason that the Supreme Court has based vitally important decisions upon sociological theories rather than upon precedents or upon organic, statutory or common law. Thus the very ground has been cut from under the lawyers and the judges of the land.

The Supreme Court's decision in the public school integration case is notable for three reasons.

1. It was rank class legislation, with the Court usurping one of the powers reserved to Congress—the power to make laws.

2. It ignored law and precedent and invoked the vaporings of left-wing psychologists and sociologists as its "authority."

3. It paved the way for "enforcement" of school integration by the Court itself, through its own inferior branches, the federal circuit and district courts.

Thus we have the strange and alarming spectacle of a court-enacted "law" tearing at the roots and vitals of the American social and educational structures, and being "enforced" by judicial decrees. In other words, a Supreme Court usurpation of both legislative and executive power, with disastrous turmoil and strife as the end result, along with a tremendous crippling of the educational system in America.

As we observe "Constitution Week," every citizen should ponder these matters, which involve the very fate of the nation; and strive to keep informed, and to exert a sound influence to the end that the Constitution be safeguarded from all threats, including the current threat by a politically-minded group of nine men, with a modicum of prior judicial experience.

My Many Years

WHAT have I done for You, my God . . . These many years on earth . . . The time You have allowed me from . . . The moment of my birth? . . . I have so few accomplishments . . . To offer You today . . . In gratitude for helping me . . . Along my human way . . . My sins have been so many that . . . I tremble in Your sight . . . And wonder that You let me live . . . Another day and night . . . And yet You are so good to me . . . I feel it in my heart . . . That You will give me one more chance . . . To make another start . . . So on this day, O God, I beg . . . Just one more year or two . . . In which to try my very best . . . To make it up to You.

Segregation Is Not Un-Christian

Ruston, La.

Editor, Morning World:

Our ministers stand between we the people and God on High and if it was not for them we no doubt would see very little peace of mind on this earth. But I have no faith in anyone, minster or politician, who preaches that segregation is Un-Christian. Nowhere in the New Testament does it state that Segregation is Un-Christian.

This tommyrot was put out by the Communists who have no Bibles and, in fact they deny the theory that there is a God. If segregation is Un-Christian then why do religious groups practice segregation? We have Baptists, Presbyterians, Methodists, Catholics, etc. Did you ever see two of these denominations try to use the same church? I have, and it didn't work.

God is the author of segregation of the races. He made five differnt race-stocks and He used five different colors: The white (Eurafrican), black (Austafrican), yellow (Asian), red (American), brown (Insular and Littoral) and He segregated them with an ocean. If He had been desirous of one race of people, one color, He would have made it so. Ancient history warns us that every civilization which broke down His original race-stocks and mongrelized has been destroyed.

His fowls of the air is a lesson to us. You never see red-birds, blue-birds or black-birds feeding or roosting together. Even the tiny insects are obedient to His command. You never see red ants and black ants bedded together. and the honey bee which makes the sweetest, purest food on earth is strict with his segregation. You never see a yellow jacket, wasp, or scarab (tumble-bug) in a beehive. You see, they don't have the Communists or the NAACP to contend with. This is our trouble.

Some of the most tenacious advocates of integration are miscegenates, not full-blooded white, part Indian or Negro. Water White, according to his memoirs, was an adult before he learned he was colored. Then he became one of the most powerful characters in this nation to force mongrelization upon the people. Other dangerous advocates are preachers and school teachers who allowed themselves to become dupes of the Communists. Our leaders in Washington while chasing votes seem to overlook the fact that this mingling of the races was all planned in Moscow to carry out their nefarious schemes to "Sow hatred among the masses who disagree with us" and to "divide and conquer."

Utility Rates

Monroe, La.

Editor, Morning World:

I, and no doubt every other citizen of Monroe, have read with interest and concern the article in the Morning World regarding the financial condition of the city and suggested increases in utility rates to reduce the deficit. There is, of course, no question as to the desirability of putting the city on a sound financial basis, but there are serious questions as to how best to do it.

The suggested increases of 16.8 per cent in electric and 17.7 per cent in water bills for residential users would produce close to confiscatory rates, and would impose actual hardships on people in the low income groups, particularly those with large families. Furthermore, to incorporate these increases in the basic rates would freeze them there and make it extremely difficult to secure any reductions if the financial position of the city should reach a satisfactory level. The present situation should be considered as an emergency and emergency measures taken, rather than to undertake a permanent increase in the basic rates.

With this in view, would it not be wise to adopt, purely as an emergency measure, a flat increase of not more than 10 per cent in utility bills until the city again becomes solvent, wiping out the recently adopted arbitrary charges against garbage, water and light services? I believe this would obviate the strong protests which will no doubt develop if the suggested rates are adopted, even as an emergency measure.

Above all, before any increases are put in effect, it should be determined that the operation of these services is being conducted in the most efficient possible manner, including regular monthly reading of all water and light meters.

'My Son Is Innocent'

940 Broadway,
New York.

Editor, Morning World:

I read an article by Lyle Wilson published in your paper concerning the case of my son, Morton Sobell, whom I recently visited in Alcatraz. While I disagree with the tendency of the article to accept Judge Kaufman's opinion that my son is guilty, I appreciated your publishing the story so that the issues can be brought before the public. I know my son is innocent and that this will be proved.

Judge Kaufman's decision reminds me of some of the opinions given by the judges in the Mooney-Billings and Sacco - Vanzetti cases. They too were ardent in defending the trials at which they had presided. But history has now proved that injustices did occur in these cases.

Our case is going to the Appeals Court. I have great faith in our legal system, which I believe to be the best anywhere. I know that eventually the courts will reverse the conviction. I am sending you a copy of our motion that presents documentary proof that perjured testimony was used against my son. Such charges are certainly hard to believe, but you can see for yourself that there are documents to support them. Yet Judge Kaufman rejected the appeal, without even granting a hearing.

Meanwhile, it gives me great encouragement that many prominent Americans continue to examine the facts in the case and are coming to the conclusion that there are doubts in their minds.

U. S. Senator William Langer inserted into the Congressional Record a speech in which he pledges to see that Morton gets justice. A new book by Malcolm P. Sharp, Professor of Law at the University of Chicago, states that my son is innocent. In an introduction to the book, "Was Justice Done?", atomic scientist Dr. Darold C. Urey also expresses belief in my son's innocence.

Judge Patrick H. O'Brien of Michigan, former Michigan attorney - general, has said: "In accordance with our inheritance as a liberty - loving nation, I urge the immediate release of Morton Sobell.' Judge Jerome N. Frank of the U. S. Circuit Court of Appeals, in a dissenting opinion, has said my son should be given a new trial.

Recently a letter was sent to President Eisenhower asking him to free my son or see that he gets a new trial. Among the signers were Elmer Davis, the noted commentator who was head of the Office of War Information; Lewis Mumford, author; Professor Roland Bainton of the Yale Divinity school; and Gardner Murphy of the Menninger Foundation.

I ask you, as a mother and as an American who believes in our country's system of justice, to examine every aspect of my son's case for yourself. Do not fear that a recognition of my son's innocence will damage our country or our courts. To the contrary, it will strengthen our courts and prove once again that we in America love justice.

MRS. ROSE SOBELL.

(Editor's Note — Morton Sobell was charged with conspiring to transmit to the Soviet Socialist Republic 'documents, writings, sketches, notes and information relating to the national defense of the United States. He was tried with co-defendants Julius and Ethel Rosenberg and sentenced to a period of 30 years imprisonment.)

Washington, D. C.

Editor, Morning World:

I am deeply grateful for the very generous comments in your August 29 editorial, "Crime Detection and Prevention."

Mr. Morton P. Chiles, Jr., Special Agent in charge of our New Orleans Office sent me a copy of this editorial, and I wish to join with him in expressing appreciation for this splendid expression of confidence.

Sincerely your,
J. EDGAR HOOVER.

Ruston, La.

Editor, Morning World:

Please send this information to Mr. B. W. Morgan who spit his anger out in words — on last Sunday's editorial page — without getting his facts straight. I am not arguing for the things he spoke against but I just want to correct his Biblical errors.

He said God forbid Moses to enter the promised land because of miscegenation. This is not so. God forbid Moses to enter because Moses didn't believe what God said and because he rebuked God's words before his people (Numbers 20:7-12). Moses did not marry an Arab; he married an Ethiopian woman (Numbers 12:1). Miriam and Aaron spoke against Moses because of this marriage he had made but God punished them for speaking against the marriage by making Miriam leprous (Numbers 12:1-10).

Paul Harvey--News

Robin Hood Was No Less A Thief

Robin Hood robbed the rich to aid the poor and through plunder by proxy became a hero!

The legendary memory of Robin Hood is eulogized in story and song, but he was no less a thief!

The numerous poor who benefited from his nefarious deeds accepted loot from him without qualm or conscience.

Understand, they would not willingly have done any "breaking and entering" to steal for themselves, but somehow the fact that the stealing was done by a third party made it all right.

Strange, isn't it?

The people were content to accept stolen goods as long as Robin Hood did the stealing for them.

And it was not immoral or dishonest, in their eyes!

Haven't we a similar blind spot today?

Farmer Brown would not think of hijacking you on your way home from work and forcibly seizing part of your pay check.

Yet he will allow government to steal a part of your pay check and hand it over to him, and he sees nothing immoral or dishonest in the act.

Indeed, he lauds such a beneficent government as heroic just as did the parasites who lived off the handouts from Sherwood Forest.

Leonard Read first drew this corollary in "The Freeman," and I was instinctively repelled by the fact that he singled out the farmed for special emphasis.

The farmer, as next November is going to demonstrate, is neither a pig nor a fool.

The politicians have urged upon him a part of the tax plunder due to their own self-conscious awareness of how they've already taken care of most everyone else!

The farmer who is paid for not planting is certainly no different than the worker who is paid for not working or the fisherman who is paid for not fishing.

And each is paid only because a Robin Hoodlum government reaches into his neighbor's pocket and steals the necessary sum.

A farmer would not steal his neighbor's cow . . .

The worker would not rob the house of his friend . . .

The pensioner would not choose to "live off his children" . . .

Yet each is entirely willing . . . If the money is seized by a third person . . .

If an intermediary commits the crime.

If the government steals from Peter to pay Paul, then Paul somehow can enjoy the increase with no sense whatever of moral wrongdoing.

We haven't been looking at it like that. We've been using the word "taxes" instead of "loot." We've been using the word "benefits" to disguise stolen goods!

And we've been using the word "welfare" to justify anything.

If it is ethically, morally wrong to steal from your neighbor, it is equally wrong to let Robin Hood or Uncle Sam do it for you.

To pretend otherwise is to deceive ourselves.

Oh, Harvey, sometimes you're so old-fashioned!

CONGRESSIONAL QUARTERLY

Bipartisan Support Pushed Key Bills

WASHINGTON — Although Congressional Republicans and Democrats clashed as often as they agreed in this election year, a substantial number of important legislative proposals received bipartisan support.

In a survey of all 203 roll call votes recorded by the Senate and House in 1956, Congressional Quarterly found that a majority of Democrats agreed with a majority of Republicans on 102, or half of the time.

Not all of these bipartisan roll calls were of equal significance. For example, the Senate agreed to the ratification of six routine treaties in all about one instance by a unanimous vote. But well over half of the bipartisan roll calls involved substantial policy matters, several of which may become campaign issues.

In the Senate, for example, a bipartisan majority defeated four separate attempts to include greater protection for the consumer in a bill to free natural gas producers from federal utility regulation. This was the bill which President Eisenhower later vetoed when Sen. Francis Case (R S. C.) revealed that oil and gas interests had offered him a campaign contribution.

A majority of Democratic and Republican Senators turned back three efforts to make drastic changes in the electoral college system, then agreed on a compromise reform plan. Even that proposed change died, however, for lack of the two-thirds vote required for Constitutional amendments.

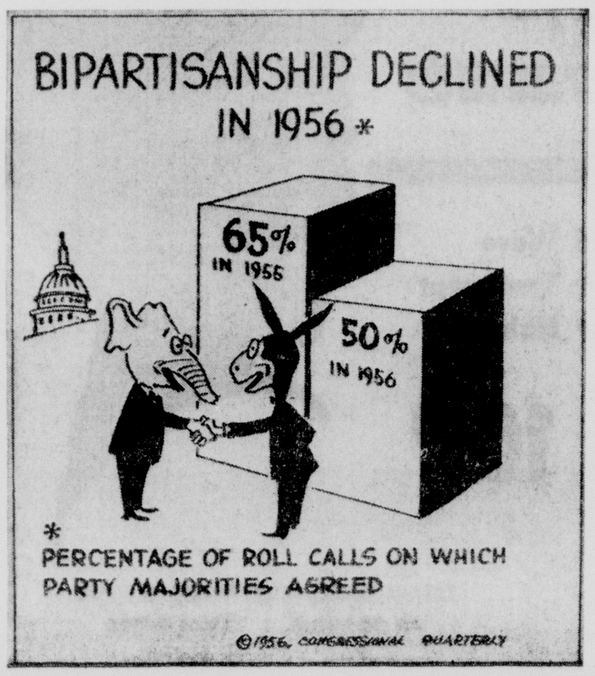

Although both parties jointly expressed their increasing concern over foreign aid by cutting more than $1 billion from the President's requests, a bipartisan majority voted down a flock of restrictive amendments, including proposals to suspend aid to countries trading with the Soviet bloc, to limit cotton imports, to require the executive branch to furnish any information requested by Congress, and to cut aid to India. However, a majority of Democrats agreed with a majority of Republicans to limit military aid to Yugoslavia to maintenance of equipment already furnished.

Other important bipartisan roll calls in the Senate included confirmation of two Presidential nominations — Simon Sobeloff and Paul Hoffman — both of which were strongly opposed by some members of both parties. Two key amendments to the Social Security Act —an increase in the federal share of old-age assistance and the reduction of the retirement age for women to 62 — likewise were agreed to by bipartisan majorities.

In the House, a majority of Democrats and Republicans agreed to the Upper Colorado River project, federal highway and soil bank programs, extension of excise and corporate tax rates, a veterans' pension measure and a civil rights bill. All but the last two became law.

As in former years, both Senate and House went on record as unanimously opposed — 86-0 and 391-0 — to the seating of Communist China in the United Nations.

Timmons In Washington

By Bascom N. Timmons

Maine Went—But Not Hell Bent

The Democratic victory in Maine shook the Republican plan of campaign to its very foundation.

It came unexpectedly less than three weeks after the G. O. P. in Cow Palace complacently renominated President Eisenhower under conditions more nearly resembling a coronation than a convention — a convention in which National Chairman Hall's famous query "is everybody happy?" and Thomas E. Dewey's speech — which was more an exhortation to the overconfidence of Dewey's own 1948 campaign than recognition that the Democratic ticket must not be taken lightly — put the Republicans in a mood of confidence from which the very first election in a rock-ribbed Republican state has jolted them.

So the Republicans instead of going to the Eisenhower farm for a jollification on Wednesday turned out in a mood of gloom. No more was there talk that the president and others of the party brass would be able to put in its biggest licks by television. The emphasis now is on shoe leather and a door bell ringing campaign by the rank and file. President Eisenhower himself expects to wear out some of his own leather.

There has been evidence all along that President Eisenhower did not share the super-optimism of Chairman Hall and others around headquarters. He had told visitors that if it were true that the electorate looked upon him as a hero - miracle worker four years ago it was hardly likely that it would do so again, but he expected to be re-elected on the record of the administration. He showed anxiety about the Maine election and appealed by name for the election of the Republican candidate for governor and for the three Republican candidates for congress in the Pine Tree State.

Again at the White House on Monday he told A. P. Dunning, Republican candidate for congress from Virginia that he was "worried" that the Democrats would get out a bigger vote than the Republicans at the November election. What President Eisenhower seemed to be implying was that the Democrats have a bigger registered vote in the nation than the Republicans and if the Democrats are anywhere near united on the national ticket they can win.

But it is certain that the president did not have in mind any such catastrophe in his own party's normal strength as in Maine where there are something like 292,000 registered Republicans to approximately 98,000 Democrats, a margin of close to three to one.

The result is that the president in effect now becomes his own campaign manager and that he not Chairman Hall will call the turn on campaign strategy. The president will start his handshaking campaign at the ploughing contest at Newton, Iowa, and whatever he may term it he is going to engage in anyone, minister or politician,

An analysis of the Maine vote such as never was undertaken will soon be underway by the G. O. P. The re-election of Democratic governor Muskie was always a distinct possibility, but not by any such margin as resulted. He won over unpopular Governor Burton M. Cross in 1954 by a margin approaching 25,000. Now he beats a popular Republican by 56,000.

But more disturbing was what happened to Representative Robert Hale, the Republican candidate for congress in the first Maine district. Way back in 1840 the Whigs joyfully celebrated the election of Edward Kent to the governorship as an omen of national party victory, commemorating the event with the ever - since familiar lines:

Oh, have you heard how old Maine went?
She went hell bent for Governor Kent

And Tippicanoe and Tyler, too!

Governor Kent remained on the political scene for only a short time. But the Hales have been no such morning glories. Way back in 1868 Eugene Hale was elected a prosecuting attorney in Maine and went through state legislature and congressional posts until 1881 when he was elected to the United States senate where he served until 1911, the longest continuous term served by any senator, up to that time. (It was afterward broken by McKellar of Tennessee and George of Georgia). He retired voluntarily. His son Frederick Hale served 18 years in the senate and retired. Numerous Hales served in other Maine offices. It was a proud family boast that no Hale ever bowed to a Democrat in an election.

U. S. Freighter

(Continued From First Page)

later, the trawler failed to report back, despite frantic efforts by coastal radio stations to renew contact.

The Roervik coastal station near Bodoe said another trawler, the Northern Crown, also reported seeing "lights bobbing on the sea" at midnight. The trawler said the lights might be from the Pelagia's lifeboats and it was heading for them.

Meanwhile, a fleet of rescue ships of several nations, coastal vessels, and Norwegian naval ships were battling bruising waves and winds of gale strength to reach the Pelagia's last reported position.

Search planes also were converging on the scene.

The Pelagia's final message at 6 p.m. last night—1 p.m. EST—said it was sinking fast and that the crew was manning the lifeboats. A message three hours earlier said the ship had sprung a leak and was listing badly.

The ship, owned by the Eastern Seaways Corp., formerly was named the Mt. Vernon. Its home port was New York. It was bound from Narvik, Norway, for Baltimore with a load of Swedish iron ore.

The Pelagia's captain is John Matandos, about 50, of Houston, Tex.

Two freighters—the British Navigator and the Dutch Delfshaven—and an unidentified German ship were believed to have reached the wreck scene.

Th fast coastal packet Polarlys was heading for the scene at top speed. The coastal freighters Baroey and Raftesund, the rescue cutter Ole O. Lian and three large fishing cutters from Vaeroey Harbor also were fighting their way through high seas.

A Norwegian air force Catalina flying boat from Stavanger and an American Skymaster from Prestwick, Scotland, were en route. However, low visibility was expected to reduce the planes' usefulness.

S.O.S. signals from the Pelagia were received at the Roervik coastal radio station near Bodoe about 3:30 p.m.—10:30 a.m. EST—today. The crew abandoned their badly damaged ship about 2½ hours later.

At that time the ship had a bad list and was sinking fast. One of the lifeboats with four or five men aboard got adrift and was lost from sight.

The Bodoe harbormaster said the Pelagia left Narvik for Baltimore last night with a cargo of about 10,000 tons of iron ore. Narvik is a transit port for Swedish ore.

The Norwegian rescue service said it had no information on what caused the sinking. The ship was last heard from off Skomvaer lighthouse, about 80 miles from Bodoe and 60 miles north of the Arctic Circle.

Cotton Class

(Continued From First Page)

grading is the term applied when cotton is classed below its correct grade.

Cotton farmers lose money in the sale when their cotton is sold at a grade lower than the true quality of the cotton. Passman estimated that the fifth district alone stands to lose as much as $2,000,000 this year if the down grading charges are true.

Cotton also must be classed by the government classing office before it becomes eligible for government loan. Only the grades of government classing offices are accepted in the government loan program and cotton buyers usually base their prices on the government grading card.

If a producer is not satisfied with the grade the government classing office gives his cotton he may ask for a review of his cotton samples, for which he must pay a small fee. He may ask that the review be conducted by the initial classing office or he may secure a review through another office.

However, Passman said "It is not reasonable to expect classing offices to declare themselves in error. They no doubt would be reluctant to admit error," Passman said.

"If nothing is wrong no one has anything to fear in this investigation—if there are errors, they must be corrected," Passman declared.

Monroe will not hold a singular spotlight with regard to inquiry on cotton classing. A House subcommittee on cotton will hold a hearing Monday in Atlanta, Ga. to investigate similar complaints in Atlanta, Ga. to investigate similar complaints in that area. The same group will hold a hearing in Greenville, Tex. Wednesday.

Rep. E. C. Gathings, of Arkansas, chairman of the house subcommittee, telegraphed congratulations to Passman for his "most excellent work ..... to alleviate the problem of underclassing off cotton in your district."

Gathings told Passman that complaints of apparent downgrading of cotton were coming in from Georgia, Mississippi, Texas and Louisiana. "On account of harvest season just beginning if these charges are substantiated cotton farmers' income will be greatly reduced to the detriment of all segments of the economy," Gathings told Passman.

Rep. Passman said he may join the Gathings committee in Greenville, Tex. Wednesday. He said he would not be able to attend the Atlanta hearing Monday because of his plans to be at the meeting in Monroe on the same date.

Passman urged all interested parties to attend the meeting here. "Anyone with complaints of downgrading or information concerning the down grading question is especially urged to be on hand," Passman said.

The Monroe meeting became state-wide in scope after a conference of the Louisiana Farm Bureau Federation Thursday in Alexandria. Those attending were informed by the Monroe delegation of developments here regarding cotton classing and it was learned that complaints were the same throughout Louisiana.

In addition to L. L. Lovell, president of the Louisiana Farm Bureau Federation, several others from throughout the state indicated they may attend the meeting

Meanwhile, the scheduled hearings in Atlanta shows signs of developing into a political tug of war between Democrats assailing the national farm program and Republicans defending it.

A political backdrop already was shaped up in conflicting statements by Democrats and Republicans on whether the Eisenhower administration is downgrading cotton and "rigging" soil bank payments in favor of Mid-Western growers.

Among the latest to speak out was Randolph Thrower, a young Republican lawyer running against Rep. James C. Davis, the Democratic nominee for Congress in the Georgia Fifth District, embracing Atlanta.

Thrower said he had investigated Democratic complaints and found nothing to them. He said federal agencies have informed him that instead of being downgraded cotton actually has been graded a little higher this year.

Davis has taken an active part in arranging for Monday's hearing by the Gathings committee. He announced locally details which he explained had been forwarded to him by Gathings.

The session in Atlanta was ordered by Rep. Cooley (D-NC), chairman of the full committee, on charges voiced by Sen. Russell (D-Ga.) early this month.

Russell telegraphed Gathings that Republican policies are demoralizing the cotton market. There are indications, he said, that the U.S. Department of Agriculture "has deliberately launched on a program to drive down cotton $15 to $30 a bale."

Gathings, in detailing hearing plans, said, "We want the facts. We want to hear directly from farmers and from the Department of Agriculture."

He added that the hearings will cover the range from whether the export program is being downgraded, and whether there is discrimination against cotton farmers in soil bank operations.

Cotton growers of the South, he asserted, stand to receive about 400 million dollars less this year than last because of a smaller crop and a lowered support price.

Davis said early this week he expects Reps. Cooley, Abernethy of Mississippi, Poage of Texas, Albert of Oklahoma, McMillan of South Carolina, all Democrats, along with Gathings and possibly some Republicans to attend the hearing in Atlanta.

Passman said in Monroe that hearings here may develop into part of the overall picture. "If widespread discrepancies are found throughout the South Cotton Belt," Passman said, "There must be a common denominator somewhere at a high level."

and Russell Long and most Louisiana congressmen during the final month of Stevenson's bid for Louisiana voters.

Gov. Long, Hayes, Boggs, Gravel and most state congressmen head the Louisiana campaign effort.

Long, resting at his Winnfield farm, is expected to attend the central committee session Monday. On Sept. 8, the committee named 10 presidential electors, pledging them directly to the Stevenson-Kefauver ticket.

The action, with Long's support, marked the first time since 1944 that Louisiana's Democratic party directly endorsed the national Democratic nominee.

The central committee session, as a formality, is geared to join the Stevenson promotional steps.

Hayes also explained the group will do something that it almost forgot — certify to the secretary of state the Democratic nomination of Russell Long for a new six-year term. The failure to act previously was an oversight, he added.

The 101-member central committee also will decide finally if it has another $1,000 to give to the National Democratic campaign, after granting $1,000 from its limited fiscal resources.

In other fiscal fields, Hayes said Louisiana Democratic leaders "are looking forward to exceeding their basic state quota of $20,000, plus $66,000 more for the national campaign in the weeks ahead."

The state leaders hope to collect about $80,000 at the Oct. 6 Kennedy dinner.

tificates of moral and scholastic eligibility.

Atty. Gen. Jack Gremillion had ruled on Aug. 27 the act applies only to new students entering college "and need not be furnished by students who are already enrolled and registered at such institutions . . . ."

Gremillion also took the view that the Legislature, in adopting the certificate law, "invaded a field heretofore left to administrators of the institutions."

Rainach and his group contended each school year and semester represents a new registration each time for new or old students, and that the law should apply to all.

This interpretation could affect white state colleges, when the time arrives for them to register for the next semester.

Rainach said the six district attorneys, in areas where Louisiana has state colleges and universities agreed to enforce the law that way beginning with the second semester of the 1956-57 school year. Penal provisions of the act will be involved against any college admitting any student without the required certificate. The offense is a misdemeanor with a maximum penalty of $500 fine and six months.

Rainach said the new law, in conjunction with four other new segregation acts which call for dismissal of teachers and school officials who advocate integration, could provide a means of eliminating Negro graduate students at Louisiana State University and Southeastern Louisiana and Southwestern Louisiana Institute. The laws went into effect Aug. 1. All colleges under federal court order.

Rainach and W. M. Shar, Homer, committee counsel, previously said signing of the required scholastic eligibility certificate by a school principal or superintendent could be considered advocating integration and could result in dismissing the school officials.

Rainach's committee attending the session incuded Sens. Louis H. Folse, Arabi; Alvin T. Stumpf, Gretna, and H. W. Jones, Minden, and Reps. John Garrett, Claiborne Parish, and Ford Stinson, Bossier.

District attorneys present were Ragan D. Madden, Ruston; Bertrand DeBlanc, Lafayette; Lester Hughes, Natchitoches; J. St.Clair Favrot, Baton Rouge; Duncan Kempt, Amite, and Edward Shaheen, Lake Charles.

Also present were assistant atty. gens. George Ponder and Harry Fuller, Sargent Pitcher, Baton Rouge attorney working with the segregation leaders, and Shaw.

Rainach said he has discussed the segregation group's interpretation of the certificate law with dist. atty. Albin Lassiter, Monroe, and that Lassiter agrees with the committee views.

Texarkana Man Shot To Death

TEXARKANA, Tex., Sept. 15 (AP) —James Leon Herrington, 55, was killed this afternoon when struck in the back by a shotgun blast fired by his 14-year-old son Henry.

Sheriff Bill Dale quoted the boy, his mother, and two brothers, all present at the time of the shooting, as saying Herrington came home about noon and had been threatening to kill the whole family. They said he had been drinking.

Dale said the boy told him his father was in the act of beating his mother on the front porch of their home when he fired the 20-gauge shotgun from a front bedroom window.

Dice, Blackjack Tables Seized At Baton Rouge Club

BATON ROUGE, Sept. 15 (AP) — Deputies seized dice and blackjack tables and arrested three men in a gambling raid of the Club Carrousel in West Baton Rouge Parish, Sheriff Sidney Dubroca's office said today.

The club is one of several in a night spot strip along U. S. 190 on the West bank of the Mississippi River, across from Baton Rouge.

Deputies identified the three men, booked on gambling charges and released under $500 bonds last night, as club owner Kelly Shaw, Milton Lindsey and Joe Pitslata, all of Baton Rouge.

More than $275 was confiscated at the tables, officers said.

State police Supt. John Nick Brown said earlier today he didn't know whether his troopers had the right to raid gambling houses in the state.

In reply to a question from the New Orleans States, Brown said he would check on state police duties in such matters.

Oliver Hardy In Critical Condition

BURBANK, Calif., Sept. 15 (AP) — Oliver Hardy, 64, the rotund half of the Laurel and Hardy comedy team, remained in serious condition today at St. Joseph's Hospital.

He suffered a stroke yesterday at his San Fernando Valley home and is reported in a semiconscious state. He is allowed no visitors.

Teamed with the silent, head-scratching Stan Laurel, Hardy appeared in more than 200 films that stretched back to the silent; two-reelers of the 1920s.

later, the trawler failed to report back, despite frantic efforts by coastal radio stations to renew contact.

The Roervik coastal station near Bodoe said another trawler, the Northern Crown, also reported seeing "lights bobbing on the sea" at midnight. The trawler said the lights might be from the Pelagia's lifeboats and it was heading for them.

Meanwhile, a fleet of rescue ships of several nations, coastal vessels, and Norwegian naval ships were battling bruising waves and winds of gale strength to reach the Pelagia's last reported position.

Search planes also were converging on the scene.

The Pelagia's final message at 6 p.m. last night—1 p.m. EST—said it was sinking fast and that the crew was manning the lifeboats. A message three hours earlier said the ship had sprung a leak and was listing badly.

The ship, owned by the Eastern Seaways Corp., formerly was named the Mt. Vernon. Its home port was New York. It was bound from Narvik, Norway, for Baltimore with a load of Swedish iron ore.

The Pelagia's captain is John Matandos, about 50, of Houston, Tex.

Two freighters—the British Navigator and the Dutch Delfshaven—and an unidentified German ship were believed to have reached the wreck scene.

Th fast coastal packet Polarlys was heading for the scene at top speed. The coastal freighters Baroey and Raftesund, the rescue cutter Ole O. Lian and three large fishing cutters from Vaeroey Harbor also were fighting their way through high seas.

A Norwegian air force Catalina flying boat from Stavanger and an American Skymaster from Prestwick, Scotland, were en route. However, low visibility was expected to reduce the planes' usefulness.

S.O.S. signals from the Pelagia were received at the Roervik coastal radio station near Bodoe about 3:30 p.m.—10:30 a.m. EST—today. The crew abandoned their badly damaged ship about 2½ hours later.

At that time the ship had a bad list and was sinking fast. One of the lifeboats with four or five men aboard got adrift and was lost from sight.

The Bodoe harbormaster said the Pelagia left Narvik for Baltimore last night with a cargo of about 10,000 tons of iron ore. Narvik is a transit port for Swedish ore.

The Norwegian rescue service said it had no information on what caused the sinking. The ship was last heard from off Skomvaer lighthouse, about 80 miles from Bodoe and 60 miles north of the Arctic Circle.

Cotton Class

(Continued From First Page)

grading is the term applied when cotton is classed below its correct grade.

Cotton farmers lose money in the sale when their cotton is sold at a grade lower than the true quality of the cotton. Passman estimated that the fifth district alone stands to lose as much as $2,000,000 this year if the down grading charges are true.

Cotton also must be classed by the government classing office before it becomes eligible for government loan. Only the grades of government classing offices are accepted in the government loan program and cotton buyers usually base their prices on the government grading card.

If a producer is not satisfied with the grade the government classing office gives his cotton he may ask for a review of his cotton samples, for which he must pay a small fee. He may ask that the review be conducted by the initial classing office or he may secure a review through another office.

However, Passman said "It is not reasonable to expect classing offices to declare themselves in error. They no doubt would be reluctant to admit error," Passman said.

"If nothing is wrong no one has anything to fear in this investigation—if there are errors, they must be corrected," Passman declared.

Monroe will not hold a singular spotlight with regard to inquiry on cotton classing. A House subcommittee on cotton will hold a hearing Monday in Atlanta, Ga. to investigate similar complaints in Atlanta, Ga. to investigate similar complaints in that area. The same group will hold a hearing in Greenville, Tex. Wednesday.

Rep. E. C. Gathings, of Arkansas, chairman of the house subcommittee, telegraphed congratulations to Passman for his "most excellent work ..... to alleviate the problem of underclassing off cotton in your district."

Gathings told Passman that complaints of apparent downgrading of cotton were coming in from Georgia, Mississippi, Texas and Louisiana. "On account of harvest season just beginning if these charges are substantiated cotton farmers' income will be greatly reduced to the detriment of all segments of the economy," Gathings told Passman.

Rep. Passman said he may join the Gathings committee in Greenville, Tex. Wednesday. He said he would not be able to attend the Atlanta hearing Monday because of his plans to be at the meeting in Monroe on the same date.

Passman urged all interested parties to attend the meeting here. "Anyone with complaints of downgrading or information concerning the down grading question is especially urged to be on hand," Passman said.

The Monroe meeting became state-wide in scope after a conference of the Louisiana Farm Bureau Federation Thursday in Alexandria. Those attending were informed by the Monroe delegation of developments here regarding cotton classing and it was learned that complaints were the same throughout Louisiana.

In addition to L. L. Lovell, president of the Louisiana Farm Bureau Federation, several others from throughout the state indicated they may attend the meeting.

Meanwhile, the scheduled hearings in Atlanta shows signs of developing into a political tug of war between Democrats assailing the national farm program and Republicans defending it.

A political backdrop already was shaped up in conflicting statements by Democrats and Republicans on whether the Eisenhower administration is downgrading cotton and "rigging" soil bank payments in favor of Mid-Western growers.

Among the latest to speak out was Randolph Thrower, a young Republican lawyer running against Rep. James C. Davis, the Democratic nominee for Congress in the Georgia Fifth District, embracing Atlanta.

Thrower said he had investigated Democratic complaints and found nothing to them. He said federal agencies have informed him that instead of being downgraded cotton actually has been graded a little higher this year.

Davis has taken an active part in arranging for Monday's hearing by the Gathings committee. He announced locally details which he explained had been forwarded to him by Gathings.

The session in Atlanta was ordered by Rep. Cooley (D-NC), chairman of the full committee, on charges voiced by Sen. Russell (D-Ga.) early this month.

Russell telegraphed Gathings that Republican policies are demoralizing the cotton market. There are indications, he said, that the U.S. Department of Agriculture "has deliberately launched on a program to drive down cotton $15 to $30 a bale."

Gathings, in detailing hearing plans, said, "We want the facts. We want to hear directly from farmers and from the Department of Agriculture."

He added that the hearings will cover the range from whether the export program is being downgraded, and whether there is discrimination against cotton farmers in soil bank operations.

Cotton growers of the South, he asserted, stand to receive about 400 million dollars less this year than last because of a smaller crop and a lowered support price.

Davis said early this week he expects Reps. Cooley, Abernethy of Mississippi, Poage of Texas, Albert of Oklahoma, McMillan of South Carolina, all Democrats, along with Gathings and possibly some Republicans to attend the hearing in Atlanta.

Passman said in Monroe that hearings here may develop into part of the overall picture. "If widespread discrepancies are found throughout the South Cotton Belt," Passman said, "There must be a common denominator somewhere at a high level."

and Russell Long and most Louisiana congressmen during the final month of Stevenson's bid for Louisiana voters.

Gov. Long, Hayes, Boggs, Gravel and most state congressmen head the Louisiana campaign effort.

Long, resting at his Winnfield farm, is expected to attend the central committee session Monday. On Sept. 8, the committee named 10 presidential electors, pledging them directly to the Stevenson-Kefauver ticket.

The action, with Long's support, marked the first time since 1944 that Louisiana's Democratic party directly endorsed the national Democratic nominee.

The central committee session, as a formality, is geared to join the Stevenson promotional steps.

Hayes also explained the group will do something that it almost forgot — certify to the secretary of state the Democratic nomination of Russell Long for a new six-year term. The failure to act previously was an oversight, he added.

The 101-member central committee also will decide finally if it has another $1,000 to give to the National Democratic campaign, after granting $1,000 from its limited fiscal resources.

In other fiscal fields, Hayes said Louisiana Democratic leaders "are looking forward to exceeding their basic state quota of $20,000, plus $66,000 more for the national campaign in the weeks ahead."

The state leaders hope to collect about $80,000 at the Oct. 6 Kennedy dinner.

EVERY MONTH A DRIVE—The every month a drive for some charitable organization has ceased with the initiation of the United Givers fund of Ouachita parish. The above calendar shows the drives that were conducted each month. August is the only month during the year when some organization did not announce a plea for funds.

United Givers Hope To Eliminate Many Drives

By WILLIAM G. DAVIS ...
Executive Director
United Givers Fund

A multiplicity of charitable campaigns was conducted in Ouachita parish during the past year. A few of these drives have been notably successful. Many have failed to secure the money urgently needed to provide adequate community services.

In any event, the volunteer workers were tired of constantly pounding the pavement, and the givers were annoyed with one request for money right after another.

This chaotic condition is not peculiar to Monroe — but it can be solved. Alexandria, Lake Charles, Baton Rouge and more than 800 cities over the nation have met this problem by establishing a corporation which is generally called a United Fund.

A United Fund is no more than an organization of contributors who desire to support private philanthropy but who band together to determine how their money is to be raised and, just as important, how it is to be spent.

Last spring, representatives of each of the civic and service organizations met to plan for a united campaign in Ouachita Parish which would conduct one annual fund - raising campaign on behalf of all the health, welfare and character building agencies then conducting separate drives.

H. M. James, Jack Gaines, DeWitt Henry and Grayson Guthrie, who served as temporary chairmen of this civic - minded group, secured the backing of the Civic club council, the Chamber of Commerce and business and labor leaders in Ouachita parish. After a few meetings to determine whether or not the idea was sound, the Civic club council elected the first board of directors of the brand new United Givers Fund of Ouachita parish.

In just five months since the United Givers Fund was conceived, the necessary legal steps have been taken to incorporate the organization, its president and officers were elected and the groundwork was laid for the campaign this fall.

Walter W. Kellogg was elected by the new United Givers Fund as its president. Other officers are Robert H. Evans, vice president; Herbert L. Rosenhein, treasurer; and Thomas M. Hayes, Jr., secretary.

William G. Davis was employed to direct the new fund. He is a trained professional, having several years' experience with united funds.

A special committee under the direction of Lee Vanderpool, president of the Ouachita National bank was set up to reach agreements with the various agencies. Working during the usual summer vacation season, his committee was able to complete its work in one month's time.

On very short notice, the agencies compiled estimated budgets for 1957 and submitted them to the committee for consideration. Many knotty problems were worked out in session after session during August, and Vanderpool's committee can submit a goal for the United Givers campaign representative of the actual needs of the community.

The United Givers Fund now contains 11 agencies. The funds raised this November will be used to support these agencies during 1957.

Among the participants is the American Red Cross, which formerly conducted a big independent campaign in March of each year.

Other major agencies in the United Givers Fund include the Y. M. C. A., which formerly conducted its campaign in January, and the Boy Scouts, who used to solicit funds in October.

The Salvation Army will discontinue its September drive and will also eliminate the tambourine collections now that they belong to the United Givers Fund.

The Y. W. C. A. and the Girl Scouts likewise will not conduct separate campaigns and will receive their support through the united campaign this fall.

Another new member is the Carolyn Rose Strauss Rehabilitation Center and Ouachita chapter of the Crippled Children's and Adults' Society, Inc. This beautiful new structure will provide treatment for crippled children and adults. Construction is now under way, and the United Givers Fund will underwrite its annual operating budget.

The Monroe Area Guidance Center, the Association for Retarded Children, Colored Community Welfare, and the Louisiana Association for Mental Health make up the remaining agencies in the United Givers Fund.

It is hoped that the United Cerebral Palsy Association will become a part of the United Givers Fund before the United Campaign this fall.

"There are many advantages," Kellogg explains, of a United Givers Fund over the present system of many independent and multiple campaigns in rapid succession, and apparently never ending. They are:

1. Consolidation of leadership and workers into one yearly campaign.

2. Elimination of the majority of personal solicitation campaigns for current operation costs for health, welfare and character building services.

3. Reduction of campaign costs.

4. The providing of a vehicle for centralized expenditure of funds contributed on a community-wide basis.

5. Reduction of the problem of corporate support.

6. Elimination of all but one employee campaign, saving lost time and cost."

"The United campaign conducted by Olin - Mathieson employees has proved its advantages," Kellogg adds, "and sets the pattern for a community - wide effort."

John Breard, president of Central Bank and Trust Co. and chairman of the United Givers Finance committee, estimates that Ouachita parish can save about $20,000 in campaign costs by merging the campaigns of the majority of the agencies into one united campaign —by the "Give Once . . For All" approach.

"The United Givers Fund Campaign will cost less than 10 per cent of the total raised, whereas the separate campaigns cost as high as 40 per cent," Breard added.

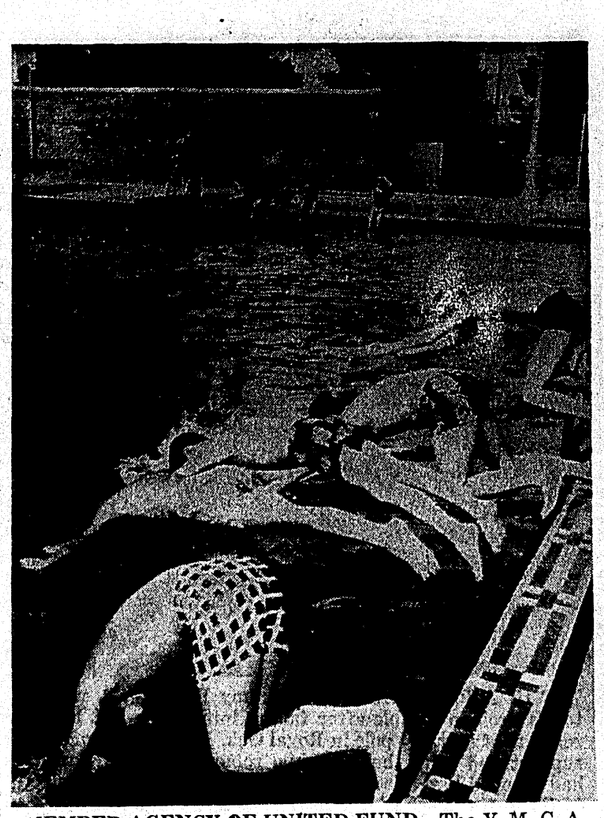

Even more important than the reduced cost of the campaign in terms of money, however, is the tremendous saving to the volunteer worker who also gives his time to the cause of charity and community improvement. And there will be approximately 900 volunteer workers in the United Givers campaign this fall, according to C. D. McAdams, manager of Sears Roebuck, who is chairman of the campaign committee.

Most important, the citizen who wants to help the less fortunate has been confused and annoyed by a chaotic parade of drives each year, McAdams said. It is believed that most givers prefer the package deal for giving. The reason is that for the first time, the fund offers an opportunity for each incidivudal and each company to evaluate carefully his responsibility to the community, and to plan realistically the way in which he wants to discharge that responsibility.

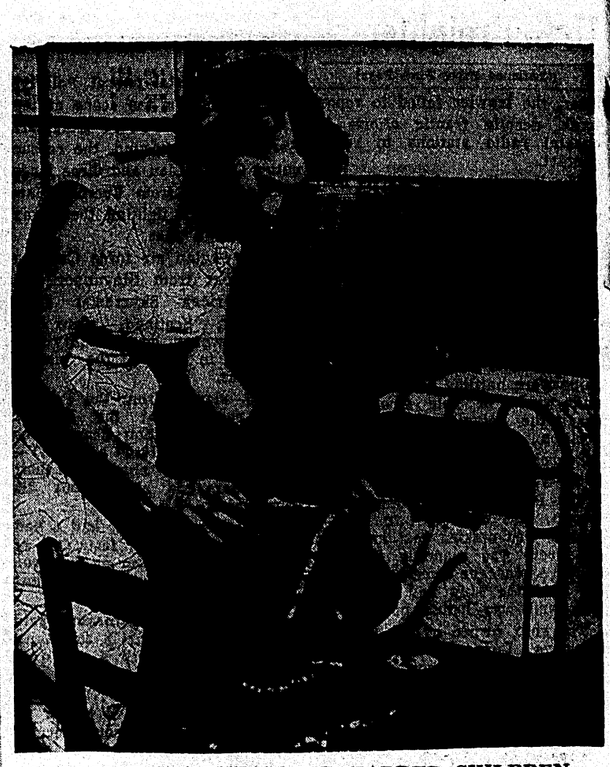

"There is another side to the question, too," adds Mrs. A. Milling Bernstein, president of YWCA. "The services provided by the agencies have not recently been supported adequately, and in almost every instance services and activities had to be curtailed. I believe that the one fund idea will have sufficient support from the people of the parish to remedy this situation. The key to raising the quantity of money needed by all the agencies — and to raise it in one campaign rests in the hands of each citizen in the parish. Everyone must do his fair share."

Kellogg has stated there will be no house - to - house canvass. Solicitation will be conducted only at places of employment. A concerted effort is being made to provide the payroll deduction method for giving in which the employer will allow the giver to set aside a small amount once a month for the United Givers fund. It is hoped that all employers will encourage the "hour - a - month" program in their places of business. Such a program is essential if the "Give Once . . . or All" campaign is to succeed.

"The determination to make the United Givers Fund a success is felt throughout the community," Kellogg stated. "We must prove beyond all doubt," he adds, "that the United Givers fund is not only a sound principle, but that it will work here as it has in other cities throughout the country."

Rayville Jaycees And Jaynes Hold Joint Ceremonies

RAYVILLE, Sept. 15 (Special)—The Rayville Jaycees and Jaynes held joint installation ceremonies at the annual wards banquet recently at the Rayville elementary school.

Assisting with the ceremonies were J. Usrey and David Masur of Monroe.

Junior Chamber of Commerce officials for the 1956-57 year are: J. Carson Dopson, president; LeRoy Jordan, first vice president; Douglas McKay, second vice president; Orville Lewis, secretary; Gordon Robertson, treasurer.

The board of directors will be composed of Charles Elkins, chairman, Gene Goree, Randall McKay, Jimmy Adams and T. C. Pierce.

Officers for the Jaynes installed were: Margie Dopson, president; Bea Nichols, first vice president; Tommie Cook, second vice president; Idelle Jordan, secretary; Maudie Pierce, treasurer; Marie Callaway, publicity director.

With Mrs. Bill Barthel receiving the pledges, the rites were terminated as each Jayne received a corsage from her Jaycee. Mrs. Charles Elkins, state president, and Mrs. J. E. Bruce, state secretary, participated in the ceremonies.

Special awards were presented by District Director J. E. Bruce to Ralph Nichols, Jack Siscoe, Charles Girlinghouse, Charles Elkins, LeRoy Jordan, Charles Hankins, Carson Dopson, J. L. Cook and W. L. Callaway.

Key certificates were awarded to Dr. John Hooks, Orville Lewis, Charles Hankins, Gordon Robertson, and Edwin DuPont.

The "kicker" of the evening was a specially engraved certificate to William Barthel, naming him "Exhausted Rooster" of the organization.

Merit certificates were awarded to two local newspapers for excellence in news coverage.

EVERY MONTH A DRIVE—The every month a drive for some charitable organization has ceased with the initiation of the United Givers fund of Ouachita parish. The above calendar shows the drives that were conducted each month. August is the only month during the year when some organization did not announce a plea for funds.

United Givers Hope To Eliminate Many Drives

By WILLIAM G. DAVIS ...
Executive Director
United Givers Fund

A multiplicity of charitable campaigns was conducted in Ouachita parish during the past year. A few of these drives have been notably successful. Many have failed to secure the money urgently needed to provide adequate community services.

In any event, the volunteer workers were tired of constantly pounding the pavement, and the givers were annoyed with one request for money right after another.

This chaotic condition is not peculiar to Monroe — but it can be solved. Alexandria, Lake Charles, Baton Rouge and more than 800 cities over the nation have met this problem by establishing a corporation which is generally called a United Fund.

A United Fund is no more than an organization of contributors who desire to support private philanthropy but who band together to determine how their money is to be raised and, just as important, how it is to be spent.

Last spring, representatives of each of the civic and service organizations met to plan for a united campaign in Ouachita Parish which would conduct one annual fund - raising campaign on behalf of all the health, welfare and character building agencies then conducting separate drives.

H. M. James, Jack Gaines, DeWitt Henry and Grayson Guthrie, who served as temporary chairmen of this civic - minded group, secured the backing of the Civic club council, the Chamber of Commerce and business and labor leaders in Ouachita parish. After a few meetings to determine whether or not the idea was sound, the Civic club council elected the first board of directors of the brand new United Givers Fund of Ouachita parish.

In just five months since the United Givers Fund was conceived, the necessary legal steps have been taken to incorporate the organization, its president and officers were elected and the groundwork was laid for the campaign this fall.

Walter W. Kellogg was elected by the new United Givers Fund as its president. Other officers are Robert H. Evans, vice president; Herbert L. Rosenhein, treasurer; and Thomas M. Hayes, Jr., secretary.

William G. Davis was employed to direct the new fund. He is a trained professional, having several years' experience with united funds.

A special committee under the direction of Lee Vanderpool, president of the Ouachita National bank was set up to reach agreements with the various agencies. Working during the usual summer vacation season, his committee was able to complete its work in one month's time.

On very short notice, the agencies compiled estimated budgets for 1957 and submitted them to the committee for consideration. Many knotty problems were worked out in session after session during August, and Vanderpool's committee can submit a goal for the United Givers campaign representative of the actual needs of the community.

The United Givers Fund now contains 11 agencies. The funds raised this November will be used to support these agencies during 1957.

Among the participants is the American Red Cross, which formerly conducted a big independent campaign in March of each year.

Other major agencies in the United Givers Fund include the Y. M. C. A., which formerly conducted its campaign in January, and the Boy Scouts, who used to solicit funds in October.

The Salvation Army will discontinue its September drive and will also eliminate the tambourine collections now that they belong to the United Givers Fund.

The Y. W. C. A. and the Girl Scouts likewise will not conduct separate campaigns and will receive their support through the united campaign this fall.

Another new member is the Carolyn Rose Strauss Rehabilitation Center and Ouachita chapter of the Crippled Children's and Adults' Society, Inc. This beautiful new structure will provide treatment for crippled children and adults. Construction is now under way, and the United Givers Fund will underwrite its annual operating budget.

The Monroe Area Guidance Center, the Association for Retarded Children, Colored Community Welfare, and the Louisiana Association for Mental Health make up the remaining agencies in the United Givers Fund.

It is hoped that the United Cerebral Palsy Association will become a part of the United Givers Fund before the United Campaign this fall.

"The United campaign conducted by Olin - Mathieson employees has proved its advantages," Kellogg adds, "and sets the pattern for a community - wide effort."

John Breard, president of Central Bank and Trust Co. and chairman of the United Givers Finance committee, estimates that Ouachita parish can save about $20,000 in campaign costs by merging the campaigns of the majority of the agencies into one united campaign —by the "Give Once . . Dr. Peale Says 'Snurpuss' Can't Be Good Christian

CLEVELAND (AP) — A "sourpuss" can't be a good Christian, Dr. Norman Vincent Peale advised 3,000 delegates to the National Convention of Christian Men here last night.

"The mark of a Christian is shown by how happy he is," the famed preacher and author declared. "I don't believe the sober sourpuss can be a good Christian. Gloom is not piety."

Dr. Peale also hailed what he called "a curious and significant spread of religion among American businessmen in the world of business."

"All up and down this country," he asserted, "businessmen are showing themselves to be more and more on the side of Christ."

His address opened the three-day convention which has drawn delegates from 33 states and the District of Columbia. The meeting is sponsored by the nited Church Men, a department of the National Council of Churches.

Tonight the delegates will hear Evangelist Billy Graham who spoke yesterday to a Cleveland Chamber of Commerce audience of about 1,000. Graham's talk tonight will be open to 6,000 of the general public, in addition to the convention delegates.

The evangelist yesterday described the United States as "a nation of pill takers".

"Thousands take sleeping pills. Thousands take tranquility pills reinforced with aspirin. In the morning they take wake-up pills," he told the Chamber of Commerce gathering.

"There is nervous tension, frustration and confusion. In spite of our material progress, we have not found the peace that we seek. This is our personal crisis."

His program to being calm out of crisis is a four-point one, he said:

1. Be sure you have committed your life to God.
2. Have a daily devotional life—get a few minutes alone with God.
3. Dare to put Christian principles in your daily home, social and business life.
4. Be loyal to your church, whatever denomination you belong to. Go to church.

Autopsy Reveals Ruotolo Tot Died Of Asphyxiation

HAMDEN, Conn., Sept. 15 (UP) — Six-week-old Cynthia Ruotolo apparently was killed the day she disappeared from her carriage in a crowded department store, but she had suffered a head injury some time before that, police announced Saturday.

"An autopsy conducted by Dr. Averill Liebow, a certified pathologist, revealed that the cause of death of Cynthia Ruotolo was asphyxiation," police announced. "All information available from the autopsy revealed that death occurred about five days before the body was discovered."

This statement was read to news men by County Detective Edmund Flanagan. He said a head injury found on the body "did not contribute to death."

"The head injury was sustained some time before Sept. 1," he said. "No definite date has been ascertained."

Cynthia died on her firs outing. She was taken from her carriage in a Sears, Roebuck store here Sept. 1, just two weeks ago today. Her body was found five days later floating in a plastic potato bag on a reservoir three miles from the store.

The baby is the third infant lost by Stephen and Eleanor Ruotolo in the last four years. Three-week-old Gary died two weeks after he was dropped on the head. Police said a neighbor child dropped Gary. Six-week-old Ruth died of pneumonia.

The couple have two other children, Kenneth, 8, and Susan, 20 months.

A full autopsy report on Cynthia's death had been expected all week. But Flanagan indicated the whole report might never be made public.

In their statement, police thanked the press for its cooperation in the investigation, and added:

"We would like to ask now for your cooperation in asking that anyone who was in the Sears store and saw a carriage in the north foyer between 12:45 p. m. and 2 p. m., the time the baby was discovered to be missing, to contact the authorities."

"While Flanagan stood on the back porch of the police headquarters talking to newsmen, Ruotolo paid a brief visit to the station. Police said they had not asked the 33-year-old World War II Marine Corps veteran to come to headquarters.

On his way into an office, Ruotolo paused to tell a group of newsmen and photographers:

"You guys are crucifying my wife."

He went inside and came out a few minutes later. When a photographer started to snap his picture he objected, so no photo was taken.

"You guys haven't been very fair," Ruotolo said and then left.

Mrs. Ruotolo, 29-year-old former waitress, has been questioned by police several times about her fateful trip to the department store with a neighbor. The mother said she parked Cynthia in her carriage near a store entrance and then went shopping and ate lunch. When she returned to the carriage around 2 p. m., it was empty, she said.

8 Jordan Soldiers And Two Civilians Killed In Assault

JERUSALEM, Sept. 15 (UP)— The United Nations announced Saturday that eight Jordanian soldiers, a civilian and a three-year-old Arab girl were killed in the Israeli attack on Jordan's headquarters at Gharandel.

Jordanian reports had said 20 to 40 persons were killed in the attack Friday.

UN spokesman Albert Grand said four Jordanian soldiers and a 10-year-old girl were injured in the attack, which destroyed the headquarters building and a nearby schoolhouse.

It was not immediately certain whether any Israelis were killed or injured.

Two survivors told UN truce investigators that the Israeli force which attacked Gharandel was of "battalion strength"—which might mean anything from 600 to 1,000 men.

Heads Arms Group

WASHINGTON, Sept. 15 (UP)— Samuel E. Smith, of Markesan, Wis., Saturday was elected president of the American Society of Arms Collectors at its annual convention here.

Safety Devices Put On Approach At Pontchartrain

BATON ROUGE, Sept. 15—UP—Extra safety devices to control traffic at the north end of the new Lake Pontchartrain causeway are now in use.

State Highway Director R. B. Richardson said the devices were placed in use as the result of a large number of accidents that took place the first few days after the 24 - mile long bridge was opened.

He said flashing overhead beacons and additional signs and markings are part of the safety measures employed. Traffic at the intersection is being temporarily channelized by sandbags.

Richardson said the area would be under constant study to determine if further measures are necessary.

Dr. George Lowery Wins Brewster Award

DENVER, Colo., Sept. 15—UP—The American Ornithologists Union today named Dr. George H. Lowery Jr., a Louisiana State University ornithologist, as winner of the 1956 Brewster Award.

The award is presented annually to the author of the research paper that the society judges as the most important work relating to birds of the Western Hemisphere published in the previous six years.

The award committee cited Dr. Lowery for a paper on the quantitative study of nocturnal migration of birds, which was published in 1951.

Evidence Shows Reds In Orleans

WASHINGTON, Sept. 15 (AP)—Sen. Eastland (D-Miss) said today "a underground movement was operating in New Orleans as late as this spring."

Eastland said this was shown in public hearings conducted in New Orleans April 5 and 6 by the Senate Internal Security subcommittee which he heads.

He announced printed copies of the transcript of the testimony are available now for free distribution. The testimony shows, he said, that Communists "sought to infiltrate labor unions, churches, farmer organizations, parent teacher associations, channels of public opinion and other streams of influence in our society."

Dr. Peale Says 'Snurpuss' Can't Be Good Christian

CLEVELAND (AP) — A "sourpuss" can't be a good Christian, Dr. Norman Vincent Peale advised 3,000 delegates to the National Convention of Christian Men here last night.

"The mark of a Christian is shown by how happy he is," the famed preacher and author declared. "I don't believe the sober sourpuss can be a good Christian. Gloom is not piety.'

Dr. Peale also hailed what he called "a curious and significant spread of religion among American businessmen in the world of business."

"All up and down this country," he asserted, "businessmen are showing themselves to be more and more on the side of Christ."

His address opened the three-day convention which has drawn delegates from 33 states and the District of Columbia. The meeting is sponsored by the nited Church Men, a department of the National Council of Churches.

Tonight the delegates will hear Evangelist Billy Graham who spoke yesterday to a Cleveland Chamber of Commerce audience of about 1,000. Graham's talk tonight will be open to 6,000 of the general public, in addition to the convention delegates.

The evangelist yesterday described the United States as "a nation of pill takers".

"Thousands take sleeping pills. Thousands take tranquility pills reinforced with aspirin. In the morning they take wake-up pills," he told the Chamber of Commerce gathering.

"There is nervous tension, frustration and confusion. In spite of our material progress, we have not found the peace that we seek. This is our personal crisis."

His program to being calm out of crisis is a four-point one, he said:

1. Be sure you have committed your life to God.
2. Have a daily devotional life—get a few minutes alone with God.
3. Dare to put Christian principles in your daily home, social and business life.
4. Be loyal to your church, whatever denomination you belong to. Go to church.

Autopsy Reveals Ruotolo Tot Died Of Asphyxiation

HAMDEN, Conn., Sept. 15 (UP) — Six-week-old Cynthia Ruotolo apparently was killed the day she disappeared from her carriage in a crowded department store, but she had suffered a head injury some time before that, police announced Saturday.

"An autopsy conducted by Dr. Averill Liebow, a certified pathologist, revealed that the cause of death of Cynthia Ruotolo was asphyxiation," police announced. "All information available from the autopsy revealed that death occurred about five days before the body was discovered."

This statement was read to news men by County Detective Edmund Flanagan. He said a head injury found on the body "did not contribute to death."

"The head injury was sustained some time before Sept. 1,' he said. "No definite date has been ascertained."

Cynthia died on her firs outing. She was taken from her carriage in a Sears, Roebuck store here Sept. 1, just two weeks ago today. Her body was found five days later floating in a plastic potato bag on a reservoir three miles from the store.

The baby is the third infant lost by Stephen and Eleanor Ruotolo in the last four years. Three-week-old Gary died two weeks after he was dropped on the head. Police said a neighbor child dropped Gary. Six-week-old Ruth died of pneumonia.

The couple have two other children, Kenneth, 8, and Susan, 20 months.

A full autopsy report on Cynthia's death had been expected all week. But Flanagan indicated the whole report might never be made public.

In their statement, police thanked the press for its cooperation in the investigation, and added:

"We would like to ask now for your cooperation in asking that anyone who was in the Sears store and saw a carriage in the north foyer between 12:45 p. m. and 2 p. m., the time the baby was discovered to be missing, to contact the authorities."

"While Flanagan stood on the back porch of the police headquarters talking to newsmen, Ruotolo paid a brief visit to the station. Police said they had not asked the 33-year-old World War II Marine Corps veteran to come to headquarters.

On his way into an office, Ruotolo paused to tell a group of newsmen and photographers:

"You guys are crucifying my wife."

He went inside and came out a few minutes later. When a photographer started to snap his picture he objected, so no photo was taken.

"You guys haven't been very fair," Ruotolo said and then left.

Mrs. Ruotolo, 29-year-old former waitress, has been questioned by police several times about her fateful trip to the department store with a neighbor. The mother said she parked Cynthia in her carriage near a store entrance and then went shopping and ate lunch. When she returned to the carriage around 2 p. m., it was empty, she said.

8 Jordan Soldiers And Two Civilians Killed In Assault

JERUSALEM, Sept. 15 (UP)— The United Nations announced Saturday that eight Jordanian soldiers, a civilian and a three-year-old Arab girl were killed in the Israeli attack on Jordan's headquarters at Gharandel.

Jordanian reports had said 20 to 40 persons were killed in the attack Friday.

UN spokesman Albert Grand said four Jordanian soldiers and a 10-year-old girl were injured in the attack, which destroyed the headquarters building and a nearby schoolhouse.

It was not immediately certain whether any Israelis were killed or injured.

Two survivors told UN truce investigators that the Israeli force which attacked Gharandel was of "battalion strength"—which might mean anything from 600 to 1,000 men.

Heads Arms Group

WASHINGTON, Sept. 15 (UP)— Samuel E. Smith, of Markesan, Wis., Saturday was elected president of the American Society of Arms Collectors at its annual convention here.

WILLIAM K. ABINGTON, JR., attending Louisiana State University, Baton Rouge, La., and son of Mr. and Mrs. W. K. Abington of 302 Roselawn Ave., Monroe, La., completed six weeks training with the Platoon Leaders Class at the Marine Corps Schools, Quantico, Va., September 8.

Long Appoints Five To State's Pharmacy Board

BATON ROUGE, Sept. 15—UP—Gov. Earl K. Long has appointed five men to fill vacancies on the Louisiana Board of Pharmacy, his office announced today.

They are:

Redfield Bryan, Baton Rouge; Harold B. LeRay, DeRidder; Jewell T. Johnson, Shreveport, P. B. Manouvrier, Jennings; and Carroll Mooney, New Orleans.

The board has elected Bryan president; Eugene W. Vogt, Ferriday, secretary; Albert H. Moore, Alexandria, first vice-president; Manouvrier, second vice - president, and Herbert Mang, New Orleans, third vice-president.

Safety Devices Put On Approach At Pontchartrain

BATON ROUGE, Sept. 15—UP—Extra safety devices to control traffic at the north end of the new Lake Pontchartrain causeway are now in use.

State Highway Director R. B. Richardson said the devices were placed in use as the result of a large number of accidents that took place the first few days after the 24 - mile long bridge was opened.

He said flashing overhead beacons and additional signs and markings are part of the safety measures employed. Traffic at the intersection is being temporarily channelized by sandbags.

Richardson said the area would be under constant study to determine if further measures are necessary.

NEGROES SENTENCED

SHREVEPORT, La. Sept. 15—UP— Three Caddo parish Negroes have been sentenced to serve six year terms each in the state prison for a series of parish robberies last June.

The three are Lake C. Davis, 21; Murphey Caldwell, 22, and Harrison Simmons, 25.

Dr. George Lowery Wins Brewster Award

DENVER, Colo., Sept. 15—UP—The American Ornithologists Union today named Dr. George H. Lowery Jr., a Louisiana State University ornithologist, as winner of the 1956 Brewster Award.

The award is presented annually to the author of the research paper that the society judges as the most important work relating to birds of the Western Hemisphere published in the previous six years.

The award committee cited Dr. Lowery for a paper on the quantitative study of nocturnal migration of birds, which was published in 1951.

Evidence Shows Reds In Orleans

WASHINGTON, Sept. 15 (AP)—Sen. Eastland (D-Miss) said today "a underground movement was operating in New Orleans as late as this spring."

Eastland said this was shown in public hearings conducted in New Orleans April 5 and 6 by the Senate Internal Security subcommittee which he heads.

He announced printed copies of the transcript of the testimony are available now for free distribution. The testimony shows, he said, that Communists "sought to infiltrate labor unions, churches, farmer organizations, parent teacher associations, channels of public opinion and other streams of influence in our society."

Howard Expects Drop In City's Operating Cost

The city's operating expenses will be lower at the end of the present fiscal year than they were last year, unless something radically unforeseen occurs, Mayor W. L. Howard predicted yesterday.

In releasing the figures in the auditor's report of the departmental expenses of the past four fiscal years, Mayor Howard pointed out that the cost of running government increases as the cost of living increases, but expressed determination to cut expenses to a lower level than in the previous year.

"With the economies that the administration has already put into effect and with those we intend to put into effect, we feel that the operating expenses will drop lower than last year's figure," he stated.

Taken into consideration, he said, in the budgetary forecast was the wage hike for the fire department which was imposed on the city by the State Legislature. "Even with this additional operating expense, we hope to keep the expenditures down," he said.

He was referring to an act of the present legislature which made a minimum salary of $300 a month mandatory for firemen in cities of more than 13,000 population.

This act has come under sharp criticism from cities throughout the state, who claim that the legislature has imposed a financial burden on the various cities but has not given them the means to acquire the needed revenue.

Mayor Howard pointed out, when releasing the figures requested by the Morning World, that they do not include expenditures for capital improvements, building, or interest on bonds or notes.

These figures cover only the departmental expenses of the past years, he said.

It cost $3,490,383.56 in operating expenses in fiscal year 1955-1956. This was an increase over the 1954-1955 figure of $3,185,678.83. In 1953-1954, the expense was $2,804,-912.17, and in 1952-1953 it was $2,-508,024.98.

In the current fiscal year departmental expenses for the first quarter which ended July 1 amounted to $1,015,186.14. Howard, whose administration took office on July 1, expressed confidence that when the year was over the operating expense figure would be somewhat less than the nearly three and half million dollars expended in the last year of his predecessor's term in office.

He estimated that economies exercised in the winter months would slash the operating expenses.

The figures released include the following operating expenses:

Salaries and expenses incidental to the electric department, light department, meter service department, water works, bus system, city hall salaries and expenses, cemetery expenses, charity and relief, general administration salaries and expenses, engineering department, contributions, the general finance department (tax office and secretary-treasurer's office), fire department.

Sewerage, plumbing inspection, sanitation department, street department, department of parks, natatorium, zoo, golf course, police department, street lighting department, parking meter department, prison, Selman Field, and general and contingent expenses.

Two Local Men Injured In Crash On Jonesboro Rd.

Two twin City men suffered broken bones in a head-on car-truck collision Saturday morning on the Jonesboro Road approximately 2. miles from the West Monroe city limits.

An auto driven by Wallace McManus, 19, of Rt. 3 West Monroe, was heading south on Highway 34 when it collided with a large northbound truck driven by Jimmy Smith, 36-ear-old Negro of 908 South 19th Street.

State police reported that the entire left front wheel of the truck "ran off" throwing the truck into a head-on collision with McManus' approaching car.

Kilpatrick funeral home ambulances removed the two injured men from the scene of the accident and to the St. Francis hospital for treatment.

Authorities reported that McManus received a broken leg and multiple cuts and brusies while Smith suffered some broken ribs, cuts, bruises, and abrasions, but that both were resting well last night.

MEMBERS OF THE NEW STATE BOARD of Commerce and Industry attending the organizational meeting held Wednesday, September, 12, 1956, at the board's offices in Baton Rouge are: (front row, left to right) N. Over 100 Natural Gas Wells Idle In North Texas; Market Is Sought

HOUSTON, Sept. 15 (AP) —Some 103 natural gas wells in need of a market outlet are idle in a North Texas county.

The operators hope eventually to see the shut-in gas sold in the Chicago area. Problems involved in arranging a market outlet have extended over two years.

In Bridgeport, 45 miles northwest of Fort Worth, the operators, Christie, Mitchell & Mitchell of Houston, explained today their problems to land and royalty owners.

In a unique approach, the Houston firm invited some 2,000 Wise County landowners and several thousand royalty owners to attend a meeting to hear why the wells are shut-in.

Johnny Mitchell, president, told of efforts to obtain Federal Power Commission approval of a contract for sale of 85 million cubic feet of gas a day to the Natural Gas Pipeline Co. of America for resale in the Chicago area.

The FPC has scheduled another hearing on the proposed contract for Oct. 1. The Houston operators and the Natural Gas Pipeline filed an application in late 1954 for an FPC certificate of necessity to sell and transmit the Wise County gas in interstate commerce. Lone Star Gas Co. intervened in early 1955 and six weeks later filed a competing application to sell the pipeline 100 million cubic feet of gas daily.

The unusual Wise County story began in late 1952 when Mitchell and his associates accepted a deal involving a small gas well and some 2,000 acres of mineral leases. A second well was drilled eight miles southwest of Bridgeport.

Sucess in our first well led us to acquire more acreage," Mitchell said. "Further and wider drilling led us to suspect that a tremendous gas field had been overlooked by every operator who had previously drilled in the area. And we were right."

Mitchell said his company now has 270,000 acres under lease in the area, has 106 gas completions, 57 oil completions, and over 150 proven locations to be drilled. Small quantities of gas are being sold from three wells. The others are shut-in.

The company is drilling an average of two exploratory wells and eight development wells a month. Only one dry hole has been found to every 10 producers, well below the national average.

Oil production depths range from 3,000 to 5,800 feet. Gas discoveries have ranged from 4,500 to 6,500 feet.

The original contract with Natural Gas Pipeline called for sale of the gas at 14 cents per 1,000 cubic feet. Last June, Mitchell's group offered to lower the contract price from 14 cents to 13 cents. This action prompted the FPC to reopen its hearing and schedule the Oct. 1 hearing.

Nixon's Dog 'Checkers' To 'Sit Out' Campaign

WASHINGTON, Sept. 15 (UP)—The Cocker Spanial named Checkers is expected to sit out this year's presidential campaign in Vice President Richard M. Nixon's back yard.

Nixon's aides voiced surprise at inquiries that have trickled in about the politically famous black and white pooch.

They report "nothing new" in Checkers' life except thta she has had two litters of puppies sincer her name hit the headlines four years ago. She will be "at home" with the two Nixon children when Nixon and his wife leave Tuesday on a 32-state election campaign swing.

Meantime, both vice presidential candidates — Nixon and his Democratic counterpart, Sen. Estes Kefauver — are still keeping mum on the rumor that the Kefauver cocker fathered Checkers' second litter. The Kefauvers are near neighbors of the Nixons in the fashionable Spring Valley residential area here.

Checkers wagged her tail into the news in 1952 when Nixon made a nationwide television defense of an $18,235 "expese fund" raised for him by California supporters.

Nixon defended the fund, gave a listing of his financial status and added, "we did get something — a gift" the day before he and Mrs. Nixon left on their 1952 campaign trip.

He explained that a Texan had sent Checkers to his daughters, Patricia and Julie.

"The kids love the dog," Nixon said, "and I just want to say this right now, that regardless of what they say about it, we're gonna keep it."

Checkers' name kept popping up during the campaign. She got into the news in a less spectacular way in 1954 when she bore her first litter, father unknown.

More recently Checkers gave birth to another litter. While it is believed the second litter was more carefully planned, neither Nixon nor Kefauver ever commented on whether it was a match between their two pedigreed dogs.

Governors Get Commendation For Atomic Proposal

NEW ORLEANS, Sept. 15 (AP) — The fifth annual Legislative Work Conference of the Southern Regional Education Board today commended the Southern Governors Conference for efforts to develop civilian uses of atomic energy.

A resolution adopted at the conference's closing session urged states to take steps to carry out recommendations of the recent Southern governors meeting at White Sulphur Springs, W. Va.

Delegates called for expansion and strengthening of educational programs, and authorized the Legislative Advisory Council's chairman to set up a committee on atomic energy. The committee would study appropriate legislative actions in the atomic energy field.

Former Gov. Millard F. Caldwell of Florida told the conference higher education in the South should get "its head out of the sand, and take advantage of the tremendous opportunities possible in science."

Other resolutions called for increased payments to contract students in medicine and veterinary medicine and approval of a plan to pay such students' tuition in out-of-state institutions in the region.

State Rep. George Payne Cossar of Mississippi said a large part of nuclear power's impact in the south will be minor. He reported during a panel discussion on work of the atomic power section's August meeting in St. Petersburg, Fla.

Cossar said nuclear reactors in some sections of the South will not appear to be able to compete economically with plants fired by conventional fuels.

The atomic power section, he said, recommended:

1. That Southern states continue to rely on existing power systems and manufacturers for commercial nuclear power's orderly economic development to bring lower power cost benefits to consumers at the earliest time.

2. That governors act to enable institutions of higher learning to train more engineers and scientists needed vitally to advance nuclear power in the South.

3. That states make laws consistent with developments in nuclear technology to protect public health, safety and welfare, and that such laws be applied indiscriminately to further, rather than restrict, nuclear development.

4. And that governors alert insurance commissioners and advisory committees on atomic energy to keep abreast of progress made by the federal government on insurance covering nuclear reactor stations.

Adlai Denounces Loyalty Program Under President

WASHINGTON, Sept. 15 (UP) Adlai E. Stevenson asserted Saturday night that the Eisenhower administration "has pilloried innocent men and women under the pretense of conducting loyalty and security investigations."

The Democratic presidential candidate said the lives of "decent and devoted government servants" have been wrecked "for partisan political purposes" in the administration's effort to make a show of weeding subversives out of the government.

Stevenson lambasted what he called the "shameless political trickery" of the administration's loyalty - security program in a speech prepared for a barbecue rally on behalf of a Democratic congressional candidate Warren D. Quenstedt.

The rally was on a country estate 15 miles from Washington in Fairfax county, Virginia, an area heavily populated with government employes.

He pledged that "the first objective of a Democratic administration will be to restore dignity and honor and self-esteem to the public service."

"We mean to reconstruct the present security system and devise a program which will safeguard the state without degrading those who service it."

Stevenson also strongly indorsed a recent Supreme Court decision which held that the Eisenhower administration exceeded its authority in extending "security risk" firings to workers in nonsecret and non-sensitive jobs. He called on Democrats in Congress to "hold the line where the court has fixed it."

The speech climaxed a busy day for the Democratic standard bearer. Among other things he worked on his speaking itinerary for the last week of September. He set up shop here Friday for an eight-day stay.

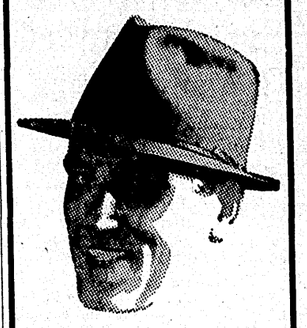

He charged that the administration's handling of the security program has been governed by a desire to uphold the GOP position in the 1952 campaign which Republican "orators made so much noise about 'Communists'' in government."

After the 1952 campaign, he continued, the administration felt obliged to find Communists and security risks "even at the expense of government workers.

"So they invented and popularized the term, 'security risk,' pretended that all security risks were a subversives,' and soon were able to boast, just in time for the 1954 congressional campaign, of course, that they had cleansed the government of security risks by the bushel, or was it half a bushel?"

A congressional investigation, he said, showed that 90 per cent of the employes fired as security risks never were determined to be security risks at all, and others were not even fired but merely transferred from one agency to another.

Howard Expects Drop In City's Operating Cost

The city's operating expenses will be lower at the end of the present fiscal year than they were last year, unless something radically unforeseen occurs, Mayor W. L. Howard predicted yesterday.

In releasing the figures in the auditor's report of the departmental expenses of the past four fiscal years, Mayor Howard pointed out that the cost of running government increases as the cost of living increases, but expressed determination to cut expenses to a lower level than in the previous year.

"With the economies that the administration has already put into effect and with those we intend to put into effect, we feel that the operating expenses will drop lower than last year's figure," he stated.

Taken into consideration, he said, in the budgetary forecast was the wage hike for the fire department which was imposed on the city by the State Legislature. "Even with this additional operating expense, we hope to keep the expenditures down," he said.

He was referring to an act of the present legislature which made a minimum salary of $300 a month mandatory for firemen in cities of more than 13,000 population.

This act has come under sharp criticism from cities throughout the state, who claim that the legislature has imposed a financial burden on the various cities but has not given them the means to acquire the needed revenue.

Mayor Howard pointed out, when releasing the figures requested by the Morning World, that they do not include expenditures for capital improvements, building, or interest on bonds or notes.

These figures cover only the departmental expenses of the past years, he said.

It cost $3,490,383.56 in operating expenses in fiscal year 1955-1956. This was an increase over the 1954-1955 figure of $3,185,678.83. In 1953-1954, the expense was $2,804,912.17, and in 1952-1953 it was $2,508,024.98.

In the current fiscal year departmental expenses for the first quarter which ended July 1 amounted to $1,015,186.14. Howard, whose administration took office on July 1, expressed confidence that when the year was over the operating expense figure would be somewhat less than the nearly three and half million dollars expended in the last year of his predecessor's term in office.

He estimated that economies exercised in the winter months would slash the operating expenses.

The figures released include the following operating expenses:

Salaries and expenses incidental to the electric department, light department, meter service department, water works, bus system, city hall salaries and expenses, cemetery expenses, charity and relief, general administration salaries and expenses, engineering department, contributions, the general finance department (tax office and secretary-treasurer's office), fire department.

Sewerage, plumbing inspection, sanitation department, street department, department of parks, natatorium, zoo, golf course, police department, street lighting department, parking meter department, prison, Selman Field, and general and contingent expenses.

Two Local Men Injured In Crash On Jonesboro Rd.

Two twin City men suffered broken bones in a head-on car-truck collision Saturday morning on the Jonesboro Road approximately 2. miles from the West Monroe city limits.

An auto driven by Wallace McManus, 19, of Rt. 3 West Monroe, was heading south on Highway 34 when it collided with a large northbound truck driven by Jimmy Smith, 36-ear-old Negro of 908 South 19th Street.

State police reported that the entire left front wheel of the truck "ran off" throwing the truck into a head-on collision with McManus' approaching car.

Kilpatrick funeral home ambulances removed the two injured men from the scene of the accident and to the St. Francis hospital for treatment.

Authorities reported that McManus received a broken leg and multiple cuts and brusies while Smith suffered some broken ribs, cuts, bruises, and abrasions, but that both were resting well last night.

Over 100 Natural Gas Wells Idle In North Texas; Market Is Sought

HOUSTON, Sept. 15 (AP) —Some 103 natural gas wells in need of a market outlet are idle in a North Texas county.

The operators hope eventually to see the shut-in gas sold in the Chicago area. Problems involved in arranging a market outlet have extended over two years.

In Bridgeport, 45 miles northwest of Fort Worth, the operators, Christie, Mitchell & Mitchell of Houston, explained today their problems to land and royalty owners.

In a unique approach, the Houston firm invited some 2,000 Wise County landowners and several thousand royalty owners to attend a meeting to hear why the wells are shut-in.

Johnny Mitchell, president, told of efforts to obtain Federal Power Commission approval of a contract for sale of 85 million cubic feet of gas a day to the Natural Gas Pipeline Co. of America for resale in the Chicago area.

The FPC has scheduled another hearing on the proposed contract for Oct. 1. The Houston operators and the Natural Gas Pipeline filed an application in late 1954 for an FPC certificate of necessity to sell and transmit the Wise County gas in interstate commerce. Lone Star Gas Co. intervened in early 1955 and six weeks later filed a competing application to sell the pipeline 100 million cubic feet of gas daily.

The unusual Wise County story began in late 1952 when Mitchell and his associates accepted a deal involving a small gas well and some 2,000 acres of mineral leases. A second well was drilled eight miles southwest of Bridgeport.

Sucess in our first well led us to acquire more acreage," Mitchell said. "Further and wider drilling led us to suspect that a tremendous gas field had been overlooked by every operator who had previously drilled in the area. And we were right."

Mitchell said his company now has 270,000 acres under lease in the area, has 106 gas completions, 57 oil completions, and over 150 proven locations to be drilled. Small quantities of gas are being sold from three wells. The others are shut-in.

The company is drilling an average of two exploratory wells and eight development wells a month. Only one dry hole has been found to every 10 producers, well below the national average.

Oil production depths range from 3,000 to 5,800 feet. Gas discoveries have ranged from 4,500 to 6,500 feet.

The original contract with Natural Gas Pipeline called for sale of the gas at 14 cents per 1,000 cubic feet. Last June, Mitchell's group offered to lower the contract price from 14 cents to 13 cents. This action prompted the FPC to reopen its hearing and schedule the Oct. 1 hearing.

Nixon's Dog 'Checkers' To 'Sit Out' Campaign

WASHINGTON, Sept. 15 (UP)—The Cocker Spanial named Checkers is expected to sit out this year's presidential campaign in Vice President Richard M. Nixon's back yard.

Nixon's aides voiced surprise at inquiries that have trickled in about the politically famous black and white pooch.

They report "nothing new" in Checkers' life except thta she has had two litters of puppies sincer her name hit the headlines four years ago. She will be "at home" with the two Nixon children when Nixon and his wife leave Tuesday on a 32-state election campaign swing.

Meantime, both vice presidential candidates — Nixon and his Democratic counterpart, Sen. Estes Kefauver — are still keeping mum on the rumor that the Kefauver cocker fathered Checkers' second litter. The Kefauvers are near neighbors of the Nixons in the fashionable Spring Valley residential area here.

Checkers wagged her tail into the news in 1952 when Nixon made a nationwide television defense of an $18,235 "expese fund" raised for him by California supporters.

Nixon defended the fund, gave a listing of his financial status and added, "we did get something — a gift" the day before he and Mrs. Nixon left on their 1952 campaign trip.

He explained that a Texan had sent Checkers to his daughters, Patricia and Julie.

"The kids love the dog," Nixon said, "and I just want to say this right now, that regardless of what they say about it, we're gonna keep it."

Checkers' name kept popping up during the campaign. She got into the news in a less spectacular way in 1954 when she bore her first litter, father unknown.

More recently Checkers gave birth to another litter. While it is believed the second litter was more carefully planned, neither Nixon nor Kefauver ever commented on whether it was a match between their two pedigreed dogs.

Governors Get Commendation For Atomic Proposal

NEW ORLEANS, Sept. 15 (AP) — The fifth annual Legislative Work Conference of the Southern Regional Education Board today commended the Southern Governors Conference for efforts to develop civilian uses of atomic energy.

A resolution adopted at the conference's closing session urged states to take steps to carry out recommendations of the recent Southern governors meeting at White Sulphur Springs, W. Va.

Delegates called for expansion and strengthening of educational programs, and authorized the Legislative Advisory Council's chairman to set up a committee on atomic energy. The committee would study appropriate legislative actions in the atomic energy field.

Former Gov. Millard F. Caldwell of Florida told the conference higher education in the South should get "its head out of the sand, and take advantage of the tremendous opportunities possible in science."

Other resolutions called for increased payments to contract students in medicine and veterinary medicine and approval of a plan to pay such students' tuition in out-of-state institutions in the region.

State Rep. George Payne Cossar of Mississippi said a large part of nuclear power's impact in the south will be minor. He reported during a panel discussion on work of the atomic power section's August meeting in St. Petersburg, Fla.

Cossar said nuclear reactors in some sections of the South will not appear to be able to compete economically with plants fired by conventional fuels.

The atomic power section, he said, recommended:

1. That Southern states continue to rely on existing power systems and manufacturers for commercial nuclear power's orderly economic development to bring lower power cost benefits to consumers at the earliest time.

2. That governors act to enable institutions of higher learning to train more engineers and scientists needed vitally to advance nuclear power in the South.

3. That states make laws consistent with developments in nuclear technology to protect public health, safety and welfare, and that such laws be applied indiscriminately to further, rather than restrict, nuclear development.

4. And that governors alert insurance commissioners and advisory committees on atomic energy to keep abreast of progress made by the federal government on insurance covering nuclear reactor stations.

Adlai Denounces Loyalty Program Under President

WASHINGTON, Sept. 15 (UP) Adlai E. Stevenson asserted Saturday night that the Eisenhower administration "has pilloried innocent men and women under the pretense of conducting loyalty and security investigations."

The Democratic presidential candidate said the lives of "decent and devoted government servants" have been wrecked "for partisan political purposes" in the administration's effort to make a show of weeding subversives out of the government.

Stevenson lambasted what he called the "shameless political trickery" of the administration's loyalty - security program in a speech prepared for a barbecue rally on behalf of a Democratic congressional candidate Warren D. Quenstedt.

The rally was on a country estate 15 miles from Washington in Fairfax county, Virginia, an area heavily populated with government employes.

He pledged that "the first objective of a Democratic administration will be to restore dignity and honor and self-esteem to the public service."

"We mean to reconstruct the present security system and devise a program which will safeguard the state without degrading those who service it."

Stevenson also strongly indorsed a recent Supreme Court decision which held that the Eisenhower administration exceeded its authority in extending "security risk" firings to workers in non-secret and non-sensitive jobs. He called on Democrats in Congress to "hold the line where the court has fixed it."

The speech climaxed a busy day for the Democratic standard bearer. Among other things he worked on his speaking itinerary for the last week of September. He set up shop here Friday for an eight-day stay.

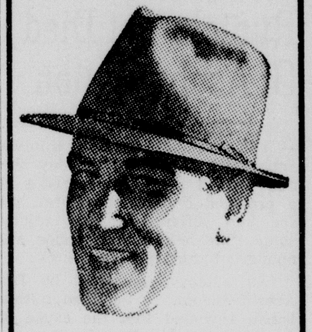

He charged that the administration's handling of the security program has been governed by a desire to uphold the GOP position in the 1952 campaign which Republican "orators made so much noise about 'Communists'' in government."

After the 1952 campaign, he continued, the administration felt obliged to find Communists and security risks "even at the expense of government workers.

"So they invented and popularized the term, 'security risk,' pretended that all security risks were a subversives,' and soon were able to boast, just in time for the 1954 congressional campaign, of course, that they had cleansed the government of security risks by the bushel, or was it half a bushel?"

A congressional investigation, he said, showed that 90 per cent of the employes fired as security risks never were determined to be security risks at all, and others were not even fired but merely transferred from one agency to another.

Noted Writer Named To Staff At Northwestern

NATCHITOCHES, Sept. 15 (Special) — Author of four books and writer of many stories, serials and articles in nationally - circulated popular magazines, Everett Webber has joined the faculty at Northwestern State College as an assistant professor of English, Dr. C. E. Dugdale, dean of the NSC School of Arts and Sciences said here today.

Coming to Northwestern directly from Eureka Springs, Ark., where he has resided for several years, Webber will teach courses in English literature at the college, Dean Dugdale said.

Holding a bachelor's degree from the College of the Ozarks and a master's degree from the University of Missouri, the author - writer plans to continue research on a fifth book he plans to write, besides teach.

Two of his historical novels are based on Louisiana persons and places: "Rampart Street," with an old New Orleans background, and "Louisiana Cavalier," set in pre-New Orleans Louisiana.

His third historical novel, 'Bound Girl,'' with its setting in Kansas, and the other two have sold more than 2,000,000 copies in this country, besides extensive foreign reprintings.

"Backwoods Teacher," based on Webber's life as a young school master in Missouri, was his first book. He wrote it under the name of Joseph Nelson, to save embarrassment to his friends therein, as he puts it.

Born in Charleston, Miss., in 1909, Webber first saw Louisiana some four or five years later when his father put up a sawmill for the Moline Timber company near Winnsboro. He was reared in central Arkansas.

At the College of the Ozarks, he met Olga Gibson, whom he later married and who has helped him write and do research on many articles.

They have collaborated on stories, series and articles in Collier's, the Saturday Evening Post, Country Gentlemen, Holiday, Farm Journal, Argosy, Blue Book, Seventeen, Woman's Day, American Mercury and numerous others.

"Louisiana, to my mind, has the most fascinating history of any section of our country, and if ever complete translations of old documents are made, even more of it should come to light," Webber said on his arrival in Natchitoches.

He plans to begin work on a new book soon, the subject of which he preferred to discuss at a later time.

Rodney Brodie Marks Birthday In Chicago Today

CHICAGO, Sept. 15 (AP)—Rodney Dee Brodie will mark his fifth birthday tomorrow at the university of Illinois research and educational hospital.

The hospital center has been a second home to Rodney since his 1952 surgical separation from his head-joined twin brother. Only Rodney has survived the operation.

Rodney's birthday will be celebrated Monday at a cake and ice cream party in the youngster's ward. His parents, Mrs. and Mrs. Royt Brodie of Ferris, Ill., will be unable to attend the party.

Rodney has been in the hospital since July 19, hospital officials said, because an accumulation of fluid in his head interferred with his ability to walk properly. Doctors have relieved the condition.

Rodney and his twin brother, Roger, were born joined at the head. Roger died 34 days after an operation on Dec. 17, 1952, separated them.

Some 99 per cent of the U.S. tobacco output is trucked to market; 97 per cent of the milk; 96 per cent of poultry, eggs, and cotton and 91 per cent of the grain.

Airline Ticket Plan Changes Are Announced

Southern Airways, through its local station manager, H. D. Cartwright, has announced a new airline ticket pick-up plan, which went into effect today. The new plan is a move to eliminate "sold out" flights, taking off with empty seats.

Cartwright said the plan is one being entered into by Southern Airways along with all other airlines in the United States. Basically, the plan includes three features, which are:

(1). A passenger who makes an advance reservation must pick up his confirmed ticket indicating he has reserved space on a particular flight before 12:01 a.m. the day of departure or six hours before departure, whichever is earlier. If the passenge fails to pick up the confirmed ticket by the deadline, his reservation will be cancelled.

(2) Passengers intending to board out-bound flights from Monroe may fulfill this advance ticket pick-up requirement by securing the confirmed ticket prior to the deadline of Southern's airport ticket counter or at Central Savings Bank and Trust, 300 DeSiard street.

This new ticket plan is being adopted so that seats previously reserved, but unused at the last minute, by the passenger who decided not to fly may be used by others. The plan is expected to make space avabilable from several hours to several days in advance of departure rather than several hours or minutes before scheduled take-offs.

At a later date, Cartwright said, a late cancellation service charge and a "no-show" penalty plan may be imposed. The late cancellation charge would be 10 per cent of the fare with a minimum of $1 and a maximum of $3. The "no-show" penalty would be 20 per cent of the value of the one-way fare applicable to the first flight segment "no-showed," with a minimum of $3 or the value of the ticket, whichever is less, and a maximum of $20. Cartwright emphasized that the penalty charges are not effective now and will not become effective until sometime in 1957, after a trial period under the ticket pick-up plan.

About 84 naval reservists received shipboard training in seamanship, readiness drills and gunnery aboard two navy escort ships.

The vessels, the USS Pascagoula and the USS Eunice, spent a week end in St. Petersburg, Fla., before returning to New Orleans where the reservists were released to inactive duty.

U. S. Mediator Seeking To Avert Strike At Swift

CHICAGO, Sept. 15 (AP)—A Federal mediator will try to avert a strike of 25,000 employes of Swift & Co. set for 12:01 a.m. Thursday, at 40 packing plants.

William G. Murray of the U.S. Mediation and Conciliation Service said today he hopes to arrange a joint conference of Swift officials and the leaders of the two unions—the United Packinghouse Workers and the Amalgamated Meat Cutters and Butcher Workmen of North America—for Monday or Tuesday.

The Mediation Service entered the negotiations picture in August when the two unions authorized strikes by 85,000 members against 110 plants of six major packing firms. But, while negotiations continued, conciliators took no active part in the talks.

Negotiations between the two unions and Swift broke off Thursday.

Both labor groups have been working on a day-to-day extension of the old contract which expired Sept. 1.

In a statement, Earl W. Jimerson, president of the butcher workmen, and Ralph Helstein, head of the packinghouse workers, said Swift has "declined to face up to this year's national collective bargaining picture."

Swift said its negotiators had made "numerous proposals to the unions" to better pay of employes, and were willing to continue negotiations.

Swift & Co. has 8,000 employes represented by an independent union, the National Brotherhood of Packinghouse Workers, at Des Moines. This union has not filed notice of intention to join the other two unions in a strike Thursday.

Wages paid in the industry cover a wide range of scales based upon job classifications and plant location. A management source said the starting rate for unskilled labor at Swift's Chicago plant is $1.69 an hour.

Whiskey Found In Stump Hole

LAUREL, Miss., Sept. 15 (AP) — Federal and county officers conducting a raid on private home found stump hole whisky in a stump hole.

Jones County Sheriff Fred Walters, who headed the raiding party, said the officers swooped down last night on the home of Mag Hatten, a Jones County Negro woman who lives about 15 miles west of here.

He said quantity of tax-unpaid whisky was found in the woman's home and more "bustskull" stump hole whisky was found in a stump hole near the house.

The Hatten woman was charged with illegal possession of whisky.

New Family Automobile Policy To Be Introduced To Local Motorists On October 1.

The Ouachita Association of Insurance Agents in cooperation with National Bureau of Casulty Underwriters and National Automobile Underwriters Association will offer new policy.

The family automobile policy, a new insurance contract designed exclusively to insure the family car, will be introduced to local motorists, the Ouachita Association of Insurance Agents announced. The new policy will afford car owners all bodily injury and property damage liability, medical payments and physical damage insurance protection presently afforded for private passenger cars under the standard basic automobile liability and physical damage policies and in addition it will afford insurance coverage not provided in present policies. The additional benefits will not be added as extra charge, but will be incorporated in the policy for the same cost of your present basic policy. Any private passenger car, station wagon, or jeep owned by an individual or husband or wife will be eligible for the new insurance. The new policy will not be available to corporations or partnerships, or individually owned commercial vehicles. If your present policy is written by one of the members of the Ouachita Association of Insurance Agents, you will automatically receive the additional coverage when the new policy form becomes effective October 1. If you are not now covered by one of the members, contact any one of the listed agents and he will be glad to explain the new insurance to you.

Noted Writer Named To Staff At Northwestern

NATCHITOCHES, Sept. 15 (Special) -- Author of four books and writer of many stories, serials and articles in nationally - circulated popular magazines, Everett Webber has joined the faculty at Northwestern State College as an assistant professor of English, Dr. C. E. Dugdale, dean of the NSC School of Arts and Sciences said here today.

Coming to Northwestern directly from Eureka Springs, Ark., where he has resided for several years, Webber will teach courses in English literature at the college, Dean Dugdale said.

Holding a bachelor's degree from the College of the Ozarks and a master's degree from the University of Missouri, the author - writer plans to continue research on a fifth book he plans to write, besides teach.

Two of his historical novels are based on Louisiana persons and places: "Rampart Street," with an old New Orleans background, and "Louisiana Cavalier," set in pre-New Orleans Louisiana.

His third historical novel, 'Bound Girl," with its setting in Kansas, and the other two have sold more than 2,000,000 copies in this country, besides extensive foreign reprintings.

"Backwoods Teacher," based on Webber's life as a young school master in Missouri, was his first book. He wrote it under the name of Joseph Nelson, to save embarrassment to his friends therein, as he puts it.

Born in Charleston, Miss., in 1909, Webber first saw Louisiana some four or five years later when his father put up a sawmill for the Moline Timber company near Winnsboro. He was reared in central Arkansas.

At the College of the Ozarks, he met Olga Gibson, whom he later married and who has helped him write and do research on many articles.

They have collaborated on stories, series and articles in Collier's, the Saturday Evening Post, Country Gentlemen, Holiday, Farm Journal, Argosy, Blue Book, Seventeen, Woman's Day, American Mercury and numerous others.

"Louisiana, to my mind, has the most fascinating history of any section of our country, and if ever complete translations of old documents are made, even more of it should come to light," Webber said on his arrival in Natchitoches.

He plans to begin work on a new book soon, the subject of which he preferred to discuss at a later time.

PROCESS BOOKS FOR LIBRARY—Mrs. Marvin DuBois, president of the Mothers' Club at Our Lady of Fatima school, aids Sister Jenne in the processing of new books for the school library. The mothers club, through its summer project, purchased 57 new books recently. The recent purchase brings to 119 the total purchased by the group. All of the books are for children in the grammar school grades. (Staff photo by John Oldenburg)

Rodney Brodie Marks Birthday In Chicago Today

CHICAGO, Sept. 15 (AP)—Rodney Dee Brodie will mark his fifth birthday tomorrow at the university of Illinois research and educational hospital.

The hospital center has been a second home to Rodney since his 1952 surgical separation from his head-joined twin brother. Only Rodney has survived the operation.

Rodney's birthday will be celebrated Monday at a cake and ice cream party in the youngster's ward. His parents, Mrs. and Mrs. Royt Brodie of Ferris, Ill., will be unable to attend the party.

Rodney has been in the hospital since July 19, hospital officials said, because an accumulation of fluid in his head interferred with his ability to walk properly. Doctors have relieved the condition.

Rodney and his twin brother, Roger, were born joined at the head. Roger died 34 days after an operation on Dec. 17, 1952, separated them.

Some 99 per cent of the U.S. tobacco output is trucked to market; 97 per cent of the milk; 96 per cent of poultry, eggs, and cotton and 91 per cent of the grain.

A TRIBUTE TO OUR P-T-A!

Laurels to the combined worthy efforts of the Parents and Teachers of our community! Their interest in the welfare of our children . . . striving ever toward greater understanding and unity . . . assures the proper development and right thinking of the men and women of tomorrow! In this very promise lies the future of our community, our state, our nation. More duties and responsibilities are added to their crowded and busy lives. Yet their reward and satisfaction is in the sure knowledge that their labors will bear a rich harvest. Plaudits to our Parents and Teachers! Their work today assures the peace and plenty of the world—tomorrow!

Airline Ticket Plan Changes Are Announced

Southern Airways, through its local station manager, H. D. Cartwright, has announced a new airline ticket pick-up plan, which went into effect today. The new plan is a move to eliminate "sold out" flights, taking off with empty seats.

Cartwright said the plan is one being entered into by Southern Airways along with all other airlines in the United States. Basically, the pian includes three features, which are:

(1) A passenger who makes an advance reservation must pick up his confirmed ticket indicating he has reserved space on a particular flight before 12:01 a.m. the day of departure or six hours before departure, whichever is earlier. If the passenge fails to pick up the confirmed ticket by the deadline, his reservation will be cancelled.

(2) Passengers intending to board out-bound flights from Monroe may fulfill this advance ticket pick-up requirement by securing the confirmed ticket prior to the deadline of Southern's airport ticket counter or at Central Savings Bank and Trust, 300 DeSiard street.

This new ticket plan is being adopted so that seats previously reserved, but unused at the last minute, by the passenger who decided not to fly may be used by others. The plan is expected to make space avabilable from several hours to several days in advance of departure rather than several hours or minutes before scheduled take-offs.

At a later date, Cartwright said, a late cancellation service charge and a "no-show" penalty plan may be imposed. The late cancellation charge would be 10 per cent of the fare with a minimum of $1 and a maxtmum of $3. The "no-show" penalty would be 20 per cent of the value of the one-way fare applicable to the first flight segment "no-showed," with a minimum of $3 or the value of the ticket, whichever is less, and a maximum of $20. Cartwright emphasized that the penalty charges are not effective now and will not become effective until sometime in 1957, after a trial period under the ticket pick-up plan.

AF DENIES CHARGES

WASHINGTON (AP)—The American Veterans Committee has protested to the Air Force for what it called the disciplining of a Jewish serviceman for requesting "permission to respect his religious holiday."

In a statement in reply today the Air Force denied any discipline was involved.

New Symphony Board Members Are Announced

At a recent meeting of the membership of the Symphony Association of Monroe and West Monroe, the following were elected to the Board of Directors:

Miss Emy Lou Biedenharn, Lealis L. Hale, L. Slade Brown, Ted Strausser, Max Kulke, Felix Willey, Mrs. R. L. Ross, Mrs. B D. Allbritton, Mrs. Carl McHenry, Dr. Tom Burton, Robert Cretney, Miss May Coker, Mrs. E. Everett Lawson, Dr. Roy Robertson.

In addition to the above named, five directors are to be elected from the Orchestra personnel, at a meeting scheduled for September 18th. Shortly thereafter the new board will meet and elect from its membership the officers for the coming year.

In other action taken at the annual meeting, the by-laws were amended to provide for a rotating board, with one third of the board membership to be elected each year for a three year term.

Crosley PTA Will Hold First Meet Monday Evening

Plans have been made by the executive committee fo the organizational meeting of the Crosley school Parent Teacher Association, slated for Monday night in the cafeteria. The meeting will begin at 7 p.m.

At the meeting of the executive committee, leaders in the group presented a plan of action for the coming year. Mrs. James Edmonds, president, called upon Wood Sers, principal of the school, to outline the proposed plans.

Plans for the various committees were presented by the chairman of the groups. Programs for the coming year will be in keeping with the National Parent Teacher action program, which is planned by the National Congress of Parents and Teachers. The national group stresses "the family and the community."

Soil Conservation Official Awarded

ST. JOSEPH, Sept. 15 (Special) — L. H. Cook, recently retired secretary-treasurer of the Board of Supervisors, Tensas-Concordia Soil Conservation District, was recently presented a desk set by the board in recognition of his 12 years service.

U. B. Evans, chairman of the board, who made the presentation, called attention to Cook's record as secretary-treasurer and to the conscientious effort he has given to soil conservation activities in the district. He said he felt the main token of appreciation remained in the hearts of the farmers of Tensas and Concordia parishes.

George Bagley was elected secretary-treasures to replace Cook.

In Armed Services

SAN DIEGO, Calif. (FHTNC) Kaliski Brantley, Jr., son of Mr and Mrs. Lou Taylor of 3809 Elm st., Monroe, La., is scheduled to complete recruit training in mid-September at the marine corps recruit depot, San Diego, Calif.

The ten-week course includes instruction in all basic military subjects and the firing of all basic infantry weapons.

Upon completion of training, the new marines are assigned to Camp Pendleton, Calif., for further infantry training, or to one of the many marine corps schools.

NEW ORLEANS, La. (FHTNC) Navy Reserve Lt. Cdr. Allen D. Tillman, son of Mr. and Mrs. George M. Tillman of Rayville, La., and husband of the former Miss Mazie Poche of New Orleans, completed a two week reserve training cruise September 1 in the Gulf of Mexico

About 84 naval reservists received shipboard training in seamanship, readiness drills and gunnery aboard two navy escort ships.

The vessels, the USS Pascagoula and the USS Eunice, spent a week end in St. Petersburg, Fla., before returning to New Orleans where the reservists were released to inactive duty.

U. S. Mediator Seeking To Avert Strike At Swift

CHICAGO, Sept. 15 (AP)—A Federal mediator will try to avert a strike of 25,000 employes of Swift & Co. set for 12:01 a.m. Thursday, at 40 packing plants.

William G. Murray of the U.S. Mediation and Conciliation Service said today he hopes to arrange a joint conference of Swift officials and the leaders of the two unions—the United Packinghouse Workers and the Amalgamated Meat Cutters and Butcher Workmen of North America—for Monday or Tuesday.

The Mediation Service entered the negotiations picture in August when the two unions authorized strikes by 85,000 members against 110 plants of six major packing firms. But, while negotiations continued, conciliators took no active part in the talks.

Negotiations between the two unions and Swift broke off Thursday.

Both labor groups have been working on a day-to-day extension of the old contract which expired Sept. 1.

In a statement, Earl W. Jimerson, president of the butcher workmen, and Ralph Helstein, head of the packinghouse workers, said Swift has "declined to face up to this year's national collective bargaining picture."

Swift said its negotiators had made "numerous proposals to the unions" to better pay of employes, and were willing to continue negotiations.

Swift & Co. has 8,000 employes represented by an independent union, the National Brotherhood of Packinghouse Workers, at Des Moines. This union has not filed notice of intention to join the other two unions in a strike Thursday.

Wages paid in the industry cover a wide range of scales based upon job classifications and plant location. A management source said the starting rate for unskilled labor at Swift's Chicago plant is $1.69 an hour.

Whiskey Found In Stump Hole

LAUREL, Miss., Sept. 15 (AP) — Federal and county officers conducting a raid on private home found stump hole whisky in a stump hole.

Jones County Sheriff Fred Walters, who headed the raiding party, said the officers swooped down last night on the home of Mag Hatten, a Jones County Negro woman who lives about 15 miles west of here.

He said quantity of tax-unpaid whisky was found in the woman's home and more "bustskull" stump hole whisky was found in a stump hole near the house.

The Hatten woman was charged with illegal possession of whisky.

New Family Automobile Policy To Be Introduced To Local Motorists On October 1.

The Ouachita Association of Insurance Agents in cooperation with National Bureau of Casulty Underwriters and National Automobile Underwriters Association will offer new policy.

The family automobile policy, a new insurance contract designed exclusively to insure the family car, will be introduced to local motorists, the Ouachita Association of Insurance Agents announced. The new policy will afford car owners all bodily injury and property damage liability, medical payments and physical damage insurance protection presently afforded for private passenger cars under the standard basic automobile liability and physical damage policies and in addition it will afford insurance coverage not provided in present policies. The additional benefits will not be added as extra charge, but will be incorporated in the policy for the same cost of your present basic policy. Any private passenger car, station wagon, or jeep owned by an individual or husband or wife will be eligible for the new insurance. The new policy will not be available to corporations or partnerships, or individually owned commercial vehicles. If your present policy is written by one of the members of the Ouachita Association of Insurance Agents, you will automatically receive the additional coverage when the new policy form becomes effective October 1. If you are not now covered by one of the members, contact any one of the listed agents and he will be glad to explain the new insurance to you.

Week In Finance

Price Boosts Headline Business News Of Week

NEW YORK, Sept. 15 (AP)—Price boosts made headline news this week as most business indicators pointed higher.

For the first time in more than three years New York housewives paid $1.25 a pound for steak.

Rising price trends were reported, too, for a wide assortment of other items. Tension over the Suez Canal sent prices of imported tin, wool and rubber soaring. Emerson joined its competitors in lifting prices of TV sets; Kuppenheimer announced a higher price schedule for its spring and summer men's apparel line. Prices were raised by manufacturers of equipment, sodium disulphite and steel scrap.

Costs of services also trended higher. The National Geographic magazine joined other publishers in announcing a steep increase in advertising rates. A 10 per cent jump in electric rates was sought by Southern Indiana Gas & Electric Co. The New York Central applied for a 26 per cent increase in commutation fares in the New York City area. Officials of the United Steelworkers of America were reportedly considering an increase in the monthly dues paid by its 1,200,000 members.

There were occasional exceptions. Grain prices turned temporarily soft on prospects of a bumper crop. P. Lorillard Co. trimmed the price of its Kent filter-tip cigarettes—competitors had reduced their prices long before. General Electric Co. announced a further reduction in the price of its transistors—tiny electronic devices that perform the same function as vacuum tubes.

But the dominant trend was up. What's more, economists said, general price levels would keep on rising for as far ahead as you could see. Sixty-seven of the nation's top sales executives were polled on pricing policies for the coming year. More than half said their companies would raise prices of their products in 1957.

Steadily climbing prices of merchandise were held at least partly responsible for a gain of 4 per cent in total retail sales this year—retail merchants in the first eight months did 123 million dollars worth of business.

Consensus among economists seemed to be that a gradually rising price plateau was the penalty the nation would have to pay for prosperous times and rising income.

There was evidence of prosperity almost everywhere you looked. Americans at latest count were receiving wages, salaries, dividend checks and other personal income at an annual rate of 324½ billion dollars. That was in July, when hundreds of thousands of mine and factory workers were idled by the steel strike. Even so, the income rate was 15 1-3 billion dollars higher than a year ago.

From now through Christmas, government economists said, incomes and payrolls would head even higher. Auto production, they pointed out, was still crawling along in low gear, but it would soon bound ahead as manufacturers started volume output of 1957 models. General Motors and Ford forecast near-record employment in their factories by December.

Auto production for September was expected to drop to 235,000, lowest in two years. By mid-October a new production race would be under way. This time, however, it would be a controlled race. Manufacturers, remembering the huge inventory pileup that followed last year's record production spurt, would gear output to what their dealers could sell.

Financial Counselor

J. E. WOOD, MGR.

People with money problems, or who need extra cash, should see this friendly manager of Aetna Finance Co.

He is glad to serve as "financial counselor" without charge or obligation.

If a loan is not needed, or will prove a burden, he does not hesitate to say so. He has often advised people not to borrow unless a loan would be genuinely helpful. Good loans, he stated, are those for worthy purposes such as new purchases, home improvements, consolidation of bills with reduced payments, or family betterment. For such purposes, the Aetna Company offers loans of $50 to $1500 on signature, furniture or other plan. Fast, one-trip service is offered. Those interested are invited to phone or see Aetna Finance Co., 204 North Second St., Phone 3-6634.

Cotton Futures Mixed For Week

NEW YORK, Sept. 15 (AP)—Cotton futures prices displayed mixed tendencies this week but the market's general tone was one of firmness. Price changes either way were small.

Distant deliveries made the best showing, while the spot and nearby months showed little change.

Active futures contracts on the New York Cotton Exchange finished the week at prices ranging from 20 cents a bale lower to 50 cents higher.

A bigger-than-expected crop estimate by the U. S. Department of Agriculture brought some selling into the futures market but it was short-lived. Distant contracts moved ahead on increasingly likely prospects of a tight supply at the end of the current season. Gains were held in check by profit taking and hedge selling.

The government's September crop forecast of 13,115,000 bales was only 437,000 bales smaller than its August estimate. Traders noted that a series of private forecasts published prior to the government report indicated an average drop of 911,000 bales below the official August figure.

More encouraging to the trade were the latest figures on cotton exports.

The New York Cotton Exchange Service Bureau estimated exports of U. S. lint cotton for the week ended Tuesday totaled 105,000 bales. This was more than double the previous week's total of 49,000 bales, and more than four times greater than the 24,000 bales exported in the like week of 1955.

Exports for the season through Tuesday were estimatd at 336,000 bales, vs. 96,000 at approximately the same time last year.

Bread Grain Hits New High Prices In Chicago Pits

CHICAGO, Sept. 15 (AP) — The bulls in wheat converted a number of favorable items into new high prices for the bread grain on the Board of Trade this week.

While wheat was firm, rye was very strong. Rye futures also went to new seasonal highs, accomplishing it with a big run-up Friday. Trading in both grains was active.

The rest of the grain list provided bulls with no cheer. Oats closed steady, as did September corn, but other corn futures, as well as all soybeans, declined on brilliant crop prospects.

Wheat closed the week ¼ lower to 2⅞ higher, corn 2⅛ lower to ¼ higher, oats ¾ lower to ⅜ higher, rye 4¼-6¼ higher, soybeans 2¾ lower to ¼ higher and lard 15 to 48 cents a hundred pounds lower.

Stocks Resume Downward Trend As Average Dips

NEW YORK, Sept. 15 (AP)—The stock market resumed its downtrend this week. The Associated Press average was off $2.20 to $182.10.

The average declined on four of the five trading days. It rose yesterday, surprisingly, on the eve of a weekend which could bring anything in the mounting Suez crisis.

A feature of yesterday's advance was a late rally by rails which gave that component in the AP average a rise of $4.10 after a monotonous series of losses ever since Aug. 31.

The democratic victory in Maine Tuesday added domestic political jitters to a stock market.

A purely technical event which depressed the average was the fact that American Telephone went ex-dividend 2¼ and ex-rights valued intially at 7⅜ on its new stock issue. This meant an automatic substraction of 9⅝ from the quoted value of this stock which is more widely held than any other.

The five most active stocks were:

American Telephone, off 1 at 173¼, Standard Oil (J.J.) off 1⅛ at 55; U.S. Steel up 2¼ at 69⅛; Royal Dutch up 4¾ at 108; and Glenn Martin up 1⅞ at 41½.

In the bond market government bonds had a mid-week rise that left the intermediate issues ahead for the week.

17 Children Are Registered For Retarded Classes

Seventeen children registered for the school for retarded children at Selman Field, necessitating the organization of an additional class, Mrs. M. B. Cole, teacher at the school, reported to the Ouachita Parish Association for Retarded Children at a monthly meeting Tuesday.

Mrs. Cole said School Superintendent W. W. Ward gave the school permission to employ an additional teacher. Mrs. Betty Jo Roberts has been employed, she said. This brings to two the number of classes at Selman Field. Another has been established at Woodlawn school, Mrs. Cole said.

J. J. Barnes and Robert C. Caneda, of the special education department at Northeast State College were special guests at the association meeting, according to W. T. Bradley, president.

Bradley said that Caneda discussed possible projects the association might undertake in cooperation with the Junior Chamber of Commerce. The Jaycees have taken on retarded children as their number one project over the state, Caneda told the group.

A committee was appointed by the president to check on procuring playground equipment, basketballs and goals for retarded children. According to Bradley, Mrs. W. R. Stevenson, recording secretary for the association, recently donated a basketball and two goals.

The school board also donated a film-strip projector for use in the classrooms, Bradley said.

The association president also stated that the group voted to accept J. J. Barnes, Robert C. Caneda, and C. Milton Blue, all of the special education department at Northeast State College, and Mrs. Tena Clark, who serves as liaison officer between the college and the association, as honorary members.

The two previous meetings have been well attended, Bradley said, and the association would appreciate the public's making any inquiry, attending the monthly meetings, or showing any interest toward aiding retarded children.

The association meets the second Tuesday of every month at 8 p.m. at the United Gas building, Bradley said.

Seek Whitman Kin

HUNTINGTON, N. Y., Sept. 15 (UP)—An appeal was made Saturday for help in finding a bona fide relative of poet Walt Whitman. The Walt Whitman Birthplace Association wants a member of the family to attend ceremonies dedicating a memorial plque at Great South Bay, Babylon, N. Y., Sept. 27, marking the spot where Whitman lived and krote many of his peoms.

Famed Painter Injured

ROME, Sept. 15 (UP)—Novella Parigini, woman painter famed for her nude portraits, was hospitalized Saturday with injuries suffered when she fell nine feet from a scaffold.

Red Chinese Planning To Copy Russians' Industry

TOKYO, Sept. 15 —UP— Communist China's President Mao Tse-tung said Saturday his country will copy Russia in its efforts to become an industrial nation.

A speech by Mao at the opening of China's first Communist convention since World War II, broadcast by the Red radio, said bureaucracy and rigid adherence to party doctrine have caused "serious shortcomings" in "backward" China.

The Peiping broadcast said Mao's remarks were greeted with "round after round of hearty applause" by 1,133 native Reds and a sizeable contingent of Communists and fellow travelers from 46 foreign countries, including Russia's Deputy Premier A. I. Mikoyan.

The Red president said his party must depend on help from the non-Communist masses in achieving its goals, because its claimed membership of 10.73 million is only a "small minority" of China's millions.

"The tasks confronting us today are in general similar to those confronting the Soviet Union in the early period following its foundation," Mao said.

"In transforming China from a backward agricultural country into an advanced idustrial power, we are faced with many heavy tasks and our experience is far from adequate.

"We must therefore learn from our forerunner, the Soviet Union, from the European satellite people's democracies, from fraternal Communist parties in other parts of the world and from peoples the world over.

"We must never adopt a conceited attitude of great-nation chauvinism and become arrogant because of some success in the reconstruction of our country."

In addition to Mikoyan, foreigners at the convention include Irving Potash from the United States, L. Morris from Canada, Harry Pollitt from Britain, Jacques Duclos from France, Walter Ulbricht from East Germany and Dolores Ibarruri, a Spanish refugee.

Government Plans More Production Of Helium Gas

WASHINGTON, Sept. 15 (AP) — Uncle Sam plans to take an added 170 to 180 million cubic feet of helium each year from natural gas — presumably for production of atomic energy.

The gas will be tapped while it is on its way to use as fuel in homes and factories. If the helium is not extracted before the gas is burned the helium is lost forever. If the helium is extracted the heating value of the gas is slightly increased.

The Bureau of Mines now extracts about 80 to 85 million cubic feet of helium a year at its Exell, helium plant near Amarillo, which has a rated capacity of only about 70 million cubic feet.

An expansion now under way will increase the output to a rated capacity of about 250 million cubic feet and an actual capacity under pressure of an unknown added amount. Officials said today they hope the expanded plant will get into operation about next April.

The plant now runs about 30 million cubic feet of natural gas a day through its extraction process. After the expansion is completed this will be increased to about 90 million cubic feet a day.

The gas is obtained from the system of Colorado Interstate Gas Co. after extraction of helium along with some nitrogen and carbon dioxide, most of it is returned to the pipeline system for delivery to customers for use as fuel.

Completion of the Exell expansion will give the bureau rated capacity there which exceeds the total amount shipped by the bureau's four operating helium plants during 1955. But the officials said steadily increasing demand indicates there must be further expansion by about 1960.

The 1955 shipments ran to 235 million cubic feet of helium, a record. This topped 1954 figures by 23.7 per cent or 45 million cubic feet.

Russian Red Tape Stymies Truckers At London Dock

LONDON, Sept. 15 (UP) The Soviet Bolshoi ballet troupe Saturday found itself between the acts of a melodrams over its scenery and equipment

The 781 pieces of equipment for the touring ballet arrived here Thursday aboard a Soviet freighterand were supposed to be unloaded and trucked to the Covent Garden theater storerooms Friday.

Ten trucks arrived at the dock and began loading. Suddenly Bolshoi supervisor Timilov Danilov arrived.

"No unloading of scenery without special permission from Moscow," he shouted.

That stopped the truckers. Some body called the Soviet embassy. No help there. Covent Garden, where the ballet is to perform, called the British embassy in Moscow. No help there, either. Danilov finally called his superiors in Moscow. Still no help.

An hour later, it was decided the truckers could load but would have to stay at the dock.

The telephone wires crackled throughout the afternoon. The truckers played cards.

The truck company finally stepped in and said its trucks could not be left on the dock overnight.

The truckers unloaded and drove home, happy in the thought they had earned several hours overtime for very little work.

The equipment will just have to wait.

Wildcat Well In Mississippi Has Some Oil Shows

JACKSON, Miss., Sept. 15 (AP) — Amerada, Reese and Vaughey's Rodessa zone test oil well in Issaquena County reported a number of oil shows of undetermined commercial worth this week.

Mississippi oil men said the wildcat Delta Wildlife No. 1 well was drilling near 6,000 feet and would continue to a depth of 8,000 feet.

The latest oil shows were logged in cuttings at 5,830 feet. Asphaltic oil shows were logged below 4,000 feet.

In the Pistol Ridge field of Forrest County, Como Drilling Co. completed its Citizens Bank of Hattiesburg well No. 3 and reported it flowing at the rate of 92 barrels per day. Completion was made in open hole from the Eutaw sand at 7,425 feet.

Also in Issaquena County, Cleve Love is drilling below 4,000 feet in his wildcat Kirkland-King No. 1 oil well with no shows logged. Contract depth was not revealed.

Gulf Refining Co. was testing its Coryell McKinney No. 1 well in Pearl River County's side of the Pistol Ridge field.

Operators were testing a zone at 10,600 feet with the well reported flowing dry gas to the burning pits under a tubing pressure of 1,500 pounds

Gulf is attempting to evaluate the commercial worth of the zone.

Carter Oil Co. is below 10,900 feet in its Hinds County wildcat Harvey No. 1 well near Edwards. No oil shows were reported to the current depth.

Jett Drilling Co. was below 5,100 feet in its wildcat Hauberg No. 1 oil well. Contract depth was 7,000 feet.

Crow drilling Co. and Paul Radzewicz were reported below 10,970 feet in their Woodall Bigner wildcat No. 1 well. They reported a small show logged at 10,840 feet with the dril stem test recovery not logging a show of oil. The well is in Norfield in Lincoln County.

Sinclair Oil and Gas Co. was below 12,200 feet in its deep Covington County wildcat Miller-Aultman No. 1 southwest of Seminary.

The test was believed in the Paluxy Formation with no oil shows to the current depth.

In Jasper County, Rogers Lacy was rigging for his Gandy No. 1 with a 1,500-foot contract depth.

Caddo Reports 22nd Polio Case

SHREVEPORT, La. Sept. 15 — UP—Caddo parish health officials today reported the parish's 22nd case of polio for 1956.

The latest victim was identified as J. H. Summers, 2½, Shreveport. Officials said the child had contacted the non-paralytic form of the disease.

Fifty-six polio cases had been reported in the parish at this time last year.

Truck and bus transportation systems provide work for 6,750,000 Americans.

Price Boosts Headline Business News Of Week

NEW YORK, Sept. 15 (AP)—Price boosts made headline news this week as most business indicators pointed higher.

For the first time in more than three years New York housewives paid $1.25 a pound for steak.

Rising price trends were reported, too, for a wide assortment of other items. Tension over the Suez Canal sent prices of imported tin, wool and rubber soaring. Emerson joined its competitors in lifting prices of TV sets; Kuppenheimer announced a higher price schedule for its spring and summer men's apparel line. Prices were raised by manufacturers of equipment, sodium disulphite and steel scrap.

Costs of services also trended higher. The National Geographic magazine joined other publishers in announcing a steep increase in advertising rates. A 10 per cent jump in electric rates was sought by Southern Indiana Gas & Electric Co. The New York Central applied for a 26 per cent increase in commutation fares in the New York City area. Officials of the United Steelworkers of America were reportedly considering an increase in the monthly dues paid by its 1,200,000 members.

There were occasional exceptions. Grain prices turned temporarily soft on prospects of a bumper crop. P. Lorillard Co. trimmed the price of its Kent filter-tip cigarettes—competitors had reduced their prices long before. General Electric Co. announced a further reduction in the price of its transistors—tiny electronic devices that perform the same function as vacuum tubes.

But the dominant trend was up. What's more, economists said, general price levels would keep on rising for as far ahead as you could see. Sixty-seven of the nation's top sales executives were polled on pricing policies for the coming year. More than half said their companies would raise prices of their products in 1957.

Steadily climbing prices of merchandise were held at least partly responsible for a gain of 4 per cent in total retail sales this year—retail merchants in the first eight months did 123 million dollars worth of business.

Consensus among economists seemed to be that a gradually rising price plateau was the penalty the nation would have to pay for prosperous times and rising income.

There was evidence of prosperity almost everywhere you looked. Americans at latest count were receiving wages, salaries, dividend checks and other personal income at an annual rate of 324½ billion dollars. That was in July, when hundreds of thousands of mine and factory workers were idled by the steel strike. Even so, the income rate was 15 1-3 billion dollars higher than a year ago.

From now through Christmas, government economists said, incomes and payrolls would head even higher. Auto production, they pointed out, was still crawling along in low gear, but it would soon bound ahead as manufacturers started volume output of 1957 models. General Motors and Ford forecast near-record employment in their factories by December.

Auto production for September was expected to drop to 235,000, lowest in two years. By mid-October a new production race would be under way. This time, however, it would be a controlled race. Manufacturers, remembering the huge inventory pileup that followed last year's record production spurt, would gear output to what their dealers could sell.

Financial Counselor

J. E. WOOD, MGR.

People with money problems, or who need extra cash, should see this friendly manager of Aetna Finance Co.

He is glad to serve as "financial counselor" without charge or obligation.

If a loan is not needed, or will prove a burden, he does not hesitate to say so. He has often advised people not to borrow unless a loan would be genuinely helpful. Good loans, he stated, are those for worthy purposes such as new purchases, home improvements, consolidation of bills with reduced payments, or family betterment. For such purposes, the Aetna Company offers loans of $50 to $1500 on signature, furniture or other plan. Fast, one-trip service is offered. Those interested are invited to phone or see Aetna Finance Co., 204 North Second St., Phone 3-6634.

Cotton Futures Mixed For Week

NEW YORK, Sept. 15 (AP)—Cotton futures prices displayed mixed tendencies this week but the market's general tone was one of firmness. Price changes either way were small.

Distant deliveries made the best showing, while the spot and nearby months showed little change.

Active futures contracts on the New York Cotton Exchange finished the week at prices ranging from 20 cents a bale lower to 50 cents higher.

A bigger-than-expected crop estimate by the U. S. Department of Agriculture brought some selling into the futures market but it was short-lived. Distant contracts moved ahead on increasingly likely prospects of a tight supply at the end of the current season. Gains were held in check by profit taking and hedge selling.

The government's September crop forecast of 13,115,000 bales was only 437,000 bales smaller than its August estimate. Traders noted that a series of private forecasts published prior to the government report indicated an average drop of 911,000 bales below the official August figure.

More encouraging to the trade were the latest figures on cotton exports.

The New York Cotton Exchange Service Bureau estimated exports of U. S. lint cotton for the week ended Tuesday totaled 105,000 bales. This was more than double the previous week's total of 49,000 bales, and more than four times greater than the 24,000 bales exported in the like week of 1955.

Exports for the season through Tuesday were estimatd at 336,000 bales, vs. 96,000 at approximately the same time last year.

Bread Grain Hits New High Prices In Chicago Pits

CHICAGO, Sept. 15 (AP) — The bulls in wheat converted a number of favorable items into new high prices for the bread grain on the Board of Trade this week.

While wheat was firm, rye was very strong. Rye futures also went to new seasonal highs, accomplishing it with a big run-up Friday. Trading in both grains was active.

The rest of the grain list provided bulls with no cheer. Oats closed steady, as did September corn, but other corn futures, as well as all soybeans, declined on brilliant crop prospects.

Wheat closed the week ¼ lower to 2⅞ higher, corn 2⅛ lower to ¼ higher, oats ¾ lower to ⅜ higher, rye 4¼-6¼ higher, soybeans 2¾ lower to ¼ higher and lard 15 to 48 cents a hundred pounds lower.

Stocks Resume Downward Trend As Average Dips

NEW YORK, Sept. 15 (AP)—The stock market resumed its downtrend this week. The Associated Press average was off $2.20 to $182.10.

The average declined on four of the five trading days. It rose yesterday, surprisingly, on the eve of a weekend which could bring anything in the mounting Suez crisis.

A feature of yesterday's advance was a late rally by rails which gave that component in the AP average a rise of $4.10 after a monotonous series of losses ever since Aug. 31.

The democratic victory in Maine Tuesday added domestic political jitters to a stock market.

A purely technical event which depressed the average was the fact that American Telephone went ex-dividend 2¼ and ex-rights valued intially at 7⅜ on its new stock issue. This meant an automatic substraction of 9⅝ from the quoted value of this stock which is more widely held than any other.

The five most active stocks were:

American Telephone, off 1 at 173¼, Standard Oil (J.J.) off 1⅛ at 55; U.S. Steel up 2¼ at 69⅛; Royal Dutch up 4¾ at 108; and Glenn Martin up 1⅞ at 41½.

In the bond market government bonds had a mid-week rise that left the intermediate issues ahead for the week.

17 Children Are Registered For Retarded Classes

Seventeen children registered for the school for retarded children at Selman Field, necessitating the organization of an additional class, Mrs. M. B. Cole, teacher at the school, reported to the Ouachita Parish Association for Retarded Children at a monthly meeting Tuesday.

Mrs. Cole said School Superintendent W. W. Ward gave the school permission to employ an additional teacher. Mrs. Betty Jo Roberts has been employed, she said. This brings to two the number of classes at Selman Field. Another has been established at Woodlawn school, Mrs. Cole said.

J. J. Barnes and Robert C. Caneda, of the special education department at Northeast State College were special guests at the association meeting, according to W. T. Bradley, president.

Bradley said that Caneda discussed possible projects the association might undertake in cooperation with the Junior Chamber of Commerce. The Jaycees have taken on retarded children as their number one project over the state, Caneda told the group.

A committee was appointed by the president to check on procuring playground equipment, basketballs and goals for retarded children. According to Bradley, Mrs. W. R. Stevenson, recording secretary for the association, recently donated a basketball and two goals.

The school board also donated a film-strip projector for use in the classrooms, Bradley said.

The association president also stated that the group voted to accept J. J. Barnes, Robert C. Caneda, and C. Milton Blue, all of the special education department at Northeast State College, and Mrs. Tena Clark, who serves as liaison officer between the college and the association, as honorary members.

The two previous meetings have been well attended, Bradley said, and the association would appreciate the public's making any inquiry, attending the monthly meetings, or showing any interest toward aiding retarded children.

The association meets the second Tuesday of every month at 8 p.m. at the United Gas building, Bradley said.

Red Chinese Planning To Copy Russians' Industry

TOKYO, Sept. 15 —UP— Communist China's President Mao Tse-tung said Saturday his country will copy Russia in its efforts to become an industrial nation.

A speech by Mao at the opening of China's first Communist convention since World War II, broadcast by the Red radio, said bureaucracy and rigid adherence to party doctrine have caused "serious shortcomings" in "backward" China.

The Peiping broadcast said Mao's remarks were greeted with "round after round of hearty applause" by 1,133 native Reds and a sizeable contingent of Communists and fellow travelers from 46 foreign countries, including Russia's Deputy Premier A. I. Mikoyan.

The Red president said his party must depend on help from the non-Communist masses in achieving its goals, because its claimed membership of 10.73 million is only a "small minority" of China's millions.

"The tasks confronting us today are in general similar to those confronting the Soviet Union in the early period following its foundation," Mao said.

"In transforming China from a backward agricultural country into an advanced idustrial power, we are faced with many heavy tasks and our experience is far from adequate.

"We must therefore learn from our forerunner, the Soviet Union, from the European satellite people's democracies, from fraternal Communist parties in other parts of the world and from peoples the world over.

"We must never adopt a conceited attitude of great-nation chauvinism and become arrogant because of some success in the reconstruction of our country."

In addition to Mikoyan, foreigners at the convention include Irving Potash from the United States, L. Morris from Canada, Harry Pollitt from Britain, Jacques Duclos from France, Walter Ulbricht from East Germany and Dolores Ibarruri, a Spanish refugee.

The 1955 shipments ran to 235 million cubic feet of helium, a record. This topped 1954 figures by 23.7 per cent or 45 million cubic feet.

Sooners Nominated To Lead Collegiate Grid Chase

Michigan State Rated 2nd; Notre Dame In 3rd Slot

Oklahoma's talent-laden Sooners, national collegiate football champions of 1955 and riding a 30-game winning streak, were chosen to top the heap again this year by sports writers and sportscasters participating in the annual pre-season Associated Press poll.

Michigan State, another loaded squad and runner-up to Oklahoma at the end of the last season, was the choice to finish second again while Notre Dame's sophomore-dominated team was the pick for third.

Georgia Tech, Ohio State, Maryland, Texas Christian, Michigan Texas A&M, and Pittsburgh were selected, in that order, to make up the rest of the elite Top Ten.

Oklahoma was given a solid vote of confidence. The Sooners, so deep that they will operate with two alternating teams, received 111 first-place votes of the 150 cast and a total of 1,427 points. Michigan State, a team which jelled a year faster than expected in 1955 and surprised by winding up second, was named first on 20 ballots and had a total of 1,050 points. Notre Dame was the No. 1 pick on five ballots and collected 882 points.

The experts won't have to wait long to get an idea of how accurate they were in the pre-season ratings. Oklahoma meets Notre Dame on Oct. 27 at South Bend, Ind., one week after the Irish and Michigan State collide on Notre Dame's home grounds, Oct. 20.

Oklahoma is gunning for a pair of records — one its own and another belonging to Notre Dame.

The Sooners need only victories over North Carolina and Kansas State in their first two games to break their own modern record of 31 consecutive triumphs (1948-1950). A third straight unbeaten campaign would shoot them past Notre Dame's proud mark of 39 contests without defeat (1946-50).

Seven of the teams selected for 1956 top ranking made the Top Ten last year. The exceptions are Michigan, which finished 12th, Texas A&M, 17th a year ago, and Pitt, 11th.

Although they missed by picking UCLA over Oklahoma by a very narrow margin in the 1955 pre-season poll, the experts did manage to select six of the final 10 in their crystal ball gazing a year ago. UCLA finished fourth.

The 1955 surprises were Michigan State (2nd), TCU (6th), Auburn (8th), and Mississippi (10th). Michigan State didn't even rate the first 20. The other three were picked for the second 10.

To freshen your memory, here are the top 10 teams of the 1955 season:

1. Oklahoma; 2. Michigan State; 3. Maryland; 4. UCLA; 5. Ohio State; 6. Texas Christian; 7. Georgia Tech; 8. Auburn; 9. Notre Dame, and 10. Mississippi.

The pre-season top teams of 1956, with first-place votes in parentheses:

TOP TEN

1.	Oklahoma (111)	1,427
2.	Michigan State (20)	1,050
3.	Notre Dame (5)	992

Monroe Quits Loop Cellar

NEW IBERIA, La. (AP) — The Evangeline League today announced a revision in the standings, pulling Monroe out of the cellar and giving Lafayette a fatter pennant-winning margin.

League directors acted after Lake Charles protested that Thibodaux had carried a national defense service player in late games, when the club did not have its full player limit.

The league took away two victories from Thibodaux and gave them to Lafayette. Another two victories were taken from Thibodaux and handed to Monroe.

The extra victories gave Lafayette a first-place margin of 9½ games. The forfeit victories allowed Monroe to slip ahead of Baton Rouge into sixth place.

Lafayette and Thibodaux had won the first round of the playoffs before they were called off Sept. 11.

Revised final Standings:

Louisiana Tech Limited To Tie By La. College

RUSTON, La., Sept. 15 (AP) — Louisiana College staged two strong goalline stands to hold Louisiana Tech to a 0-0 tie tonight in their first football game of the season.

Tech went to the 1 and 2 in the third quarter but each time Louisiana College took the ball over on downs. The deepest penetration made by Louisiana College was to the 25 after recovering a fumble in the second quarter.

Cardinal Homers Help Pile 9 To 4 Licking On Giants

NEW YORK, Sept. 15 (AP)— St. Louis unleashed a salvo of homers in the ninth inning today and crushed New York 9-4 after taking the lead in the fifth on two singles, a walk and a wild pitch that netted three runs. Willie Mays and Bill White homered for the Giants.

Touch Football Leagues Calling For More Teams

A shortage of teams is preventing the opening of play in the Recreation Department's touch football leagues according to the assistant director, James McKay. Two leagues have been planned; one for men and another for high school boys under 18 years old.

There is no fee to enter a team in either loop. All games are scheduled to be played on Monday nights at Pelican Field at LTI.

McKay asked that if any team wishes to enter they should phone him at 2-2170.

McKay also stated that the LTI gym will be open every Monday night for Recreation League basketball teams to work out. Plans have not been started yet for the cage activities.

Sooners Nominated To Lead Collegiate Grid Chase

Michigan State Rated 2nd; Notre Dame In 3rd Slot

Oklahoma's talent-laden Sooners, national collegiate football champions of 1955 and riding a 30-game winning streak, were chosen to top the heap again this year by sports writers and sportscasters participating in the annual pre-season Associated Press poll.

Michigan State, another loaded squad and runner-up to Oklahoma at the end of the last season, was the choice to finish second again while Notre Dame's sophomore-dominated team was the pick for third.

Georgia Tech, Ohio State, Maryland, Texas Christian, Michigan, Texas A&M, and Pittsburgh were selected, in that order, to make up the rest of the elite Top Ten.

Oklahoma was given a solid vote of confidence. The Sooners, so deep that they will operate with two alternating teams, received 111 first-place votes of the 150 cast and a total of 1,427 points. Michigan State, a team which jelled a year faster than expected in 1955 and surprised by winding up second, was named first on 20 ballots and had a total of 1,050 points. Notre Dame was the No. 1 pick on five ballots and collected 882 points.

The experts won't have to wait long to get an idea of how accurate they were in the pre-season ratings. Oklahoma meets Notre Dame on Oct. 27 at South Bend, Ind., one week after the Irish and Michigan State collide on Notre Dame's home grounds, Oct. 20.

Oklahoma is gunning for a pair of records — one its own and another belonging to Notre Dame.

The Sooners need only victories over North Carolina and Kansas State in their first two games to break their own modern record of 31 consecutive triumphs (1948-1950). A third straight unbeaten campaign would shoot them past Notre Dame's proud mark of 39 contests without defeat (1946-50).

Seven of the teams selected for 1956 top ranking made the Top Ten last year. The exceptions are Michigan, which finished 12th, Texas A&M, 17th a year ago, and Pitt, 11th.

Although they missed by picking UCLA over Oklahoma by a very narrow margin in the 1955 pre-season poll, the experts did manage to select six of the final 10 in their crystal ball gazing a year ago. UCLA finished fourth.

The 1955 surprises were Michigan State (2nd), TCU (6th), Auburn (8th), and Mississippi (10th). Michigan State didn't even rate the first 20. The other three were picked for the second 10.

To freshen your memory, here are the top 10 teams of the 1955 season:

1. Oklahoma; 2. Michigan State; 3. Maryland; 4. UCLA; 5. Ohio State; 6. Texas Christian; 7. Georgia Tech; 8. Auburn; 9. Notre Dame, and 10. Mississippi.

The pre-season top teams of 1956, with first-place votes in parentheses:

TOP TEN

1.	Oklahoma (111)	1,427
2.	Michigan State (20)	1,050
3.	Notre Dame (5)	992

IRON MAN FEAT

In 1949, Frank Wilson, Harlan pitcher in the Mountain States League won four games in two days. Wilson pitched and won the first game of a doubleheader on August 12, and repeated his performance in the second game. The next day he came on in relief in the first game of a twinbill, and emerged the winner. He then went the distance in the second game for his fourth win in as many games.

The schedule of Solunar periods printed below has been taken from John Alden Knight's Solunar tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times if you wish to find the best spot that each day has to offer.

A. M.	TODAY	P.M.	
Minor	Major	Minor	Major
2:25	8:35	2:45	8:55
A. M.	**TOMORROW**	**P.M.**	
Minor	Major	Minor	Major
3:10	9:20	3:30	9:40

The major periods begin at the times shown and last for an hour and a half or two hours thereafter. The minor periods are of somewhat shorter duration.

Monroe Quits Loop Cellar

NEW IBERIA, La. (AP) — The Evangeline League today announced a revision in the standings, pulling Monroe out of the cellar and giving Lafayette a fatter pennant-winning margin.

League directors acted after Lake Charles protested that Thibodaux had carried a national defense service player in late games, when the club did not have its full player limit.

The league took away two victories from Thibodaux and gave them to Lafayette. Another two victories were taken from Thibodaux and handed to Monroe.

The extra victories gave Lafayette a first-place margin of 9½ games. The forfeit victories allowed Monroe to slip ahead of Baton Rouge into sixth place.

Lafayette and Thibodaux had won the first round of the playoffs before they were called off Sept. 11.

Revised final Standings:

EVANGELINE LEAGUE

	Won	Lost	Pct.	Behind
Lafayette	78	49	.614	—
Thibodaux	66	56	.541	9½

Louisiana Tech Limited To Tie By La. College

RUSTON, La., Sept. 15 (AP) — Louisiana College staged two strong goalline stands to hold Louisiana Tech to a 0-0 tie tonight in their first football game of the season.

Tech went to the 1 and 2 in the third quarter but each time Louisiana College took the ball over on downs. The deepest penetration made by Louisiana College was to the 25 after recovering a fumble in the second quarter.

Cardinal Homers Help Pile 9 To 4 Licking On Giants

NEW YORK, Sept. 15 (AP)— St. Louis unleashed a salvo of homers in the ninth inning today and crushed New York 9-4 after taking the lead in the fifth on two singles, a walk and a wild pitch that netted three runs. Willie Mays and Bill White homered for the Giants.

Touch Football Leagues Calling For More Teams

A shortage of teams is preventing the opening of play in the Recreation Department's touch football leagues according to the assistant director, James McKay. Two leagues have been planned; one for men and another for high school boys under 18 years old.

There is no fee to enter a team in either loop. All games are scheduled to be played on Monday nights at Pelican Field at LTI.

McKay asked that if any team wishes to enter they should phone him at 2-2170.

McKay also stated that the LTI gym will be open every Monday night for Recreation League basketball teams to work out. Plans have not been started yet for the cage activities.

FOOTBALL IS HERE AGAIN—Over the top goes halfback New Oldham as the Navy football team starts its first workout of 1956 season at Naval Academy in Annapolis, Md.

Lions Down Indians, 35-0

HAMMOND, La., Sept. 15 (AP)—Southeastern Louisiana won the only Gulf States Conference football game of the night by running over Northeast State 35-0 tonight.

Halfback Frankie Bourgeois gave an indication of things to come when he ran 22 yards for a touchdown in the first three minutes.

Fullback Pete Morere scored twice in the second period, once on a 64-yard run. Halfback Tommy Bell made the final two touchdowns in the fourth period, catching a 9-yard pass for one marker and running 37 yards for the other.

Cook, Flanagan Ready For Monday's 10-Rounder Here

Kallio Arranges Five Bouts Of 30 Rounds For Card

The card is complete and the scenery is all set at Legion Memorial Stadium for Clarence Cook's often on-again off-again battle with Del Flanagan, highly rated middleweight, in the ten-round boxing main event here tomorrow night.

Promoter Gus Kallio has lined up a card of five regular bouts covering a scheduled distance of 30 rounds, plus one " stand-in" four-rounder that will go on only in case of knockouts shortening the night's program.

Flanagan, the handsome scrapper from St. Paul, Minn., arrived in Monroe yesterday for this fight that has been in the making for Cook for over two years. Promoter Kallio has had the match on the griddle almost four times, particularly a month ago when the fight was actually dated but Flanagan had to get a postponement because of a training injury to an elbow.

The St. Paul veteran, who has been in training at Minneapolis, was once a serious title contender but management of his bookings cost him prestige. Now under the wing of a new pilot, Morris Glickman of Chicago, ring sages vow Flanagan is ready to climb again.

Cook, the former Oak Grove High School champion who left a papermill job at Bastrop last March to fight under Manager Eddie Yawitz, St. Louis, scored the most important victory of his career with an upset of highly touted Jimmy Martinez by unanimous decision in ten rounds here last month. Martinez had been signed to meet Cook at the time to replace the elbow-ailing Flanagan.

If Cook can upset Flanagan as well, he quite possibly will be on his way to bigger things and certainly stronger national prestige in the ranks of the middleweights.

The supporting cast tomorrow includes such scrappers as Al Boudreau, Oak Grove and Barksdale Field; Pat Brown, Victoria, Tex.; Johnny McKoin, Bastrop; Jackie Lane, Tampa, Fla.; Dewayne Garris, Farmerville and Monroe; Buck Wood, Houston, Tex., Bobby Witt, Monroe; and Jimmy Rankins, Shreveport.

McKoin, the Irish buzzsaw, is dated for the six-round semi-final against Lane, a well-regarded welterweight from Florida.

A six-round "wrap-up" bout, due to follow the Cook-Flanagan feature, matched Boudreau and Brown both middleweights.

Four - round preliminaries pair Garris, the stringbean with deadly knockout punches, against Wood, and sends Witt, a newcomer to the fight arena here, against Rankins. The Garris - Wood scrap pits middleweights. Witt and Rankins are featherweights.

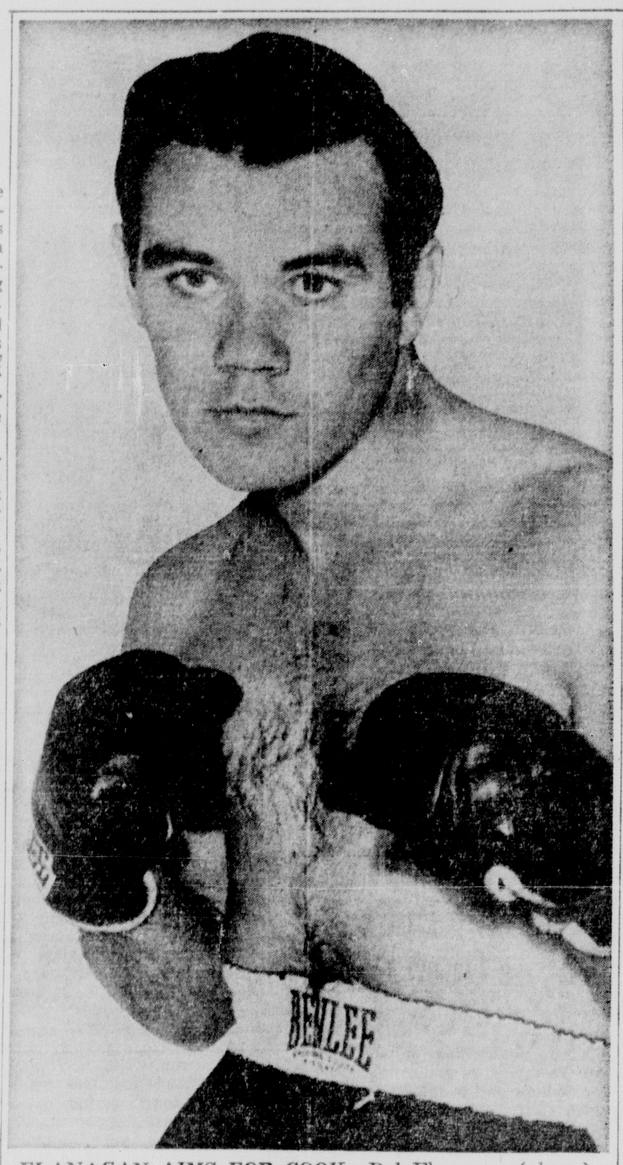

For his "stand-in ' bout, Promoter Kallio will have in readiness for a four-rounder Robert Williams, Monroe, and Columbus Marshall, Shreveport, both middleweights.

The advanced sale of tickets, already called the biggest ever in this section of the state, closed yesterday at Oak Grove and Bastrop, but the pasteboards remain on sale at Kallio's residence office here, 1101 Jackson street, until 3 o'clock Monday afternoon.

A crowd of at least 4,000, and possibly more, is forecast for the card if weather continues favorable.

Meanwhile, Dewey Fragetta, New York manager of Jimmy Martinez, is already gunning for the Flanagan-Cook winner for his fighter.

In a letter dated Monday out of New York, Fragetta wrote Kallio: "Jimmy Martinez challenges the Del Flanagan vs. Cook winner, and I do hope you can book this match sometime in October. By all means publicize this."

FLANAGAN AIMS FOR COOK—Del Flanagan (above), St. Paul, Minn., middleweight, seeks to halt the climb of Clarence Cook in a ten-round main event at Legion Memorial Stadium here tomorrow night.

Ward Wins U.S. Amateur

LAKE FOREST, Ill., Sept. 15 (UP)—Harvie Ward turned on scorching pressure in the afternoon round Saturday to defeat Charlie Kocsis, 5 and 4, and win the National Amateur Golf championship for the second straight year.

Ward, a 30-year-old San Francisco auto salesman, thus became the seventh player in history to win the prized title in consecutive years and the first since W. Lawson Little won the crown in both 1934 and 1935.

Kocsis, for a quarter of a century a "name" player in amateur golf, was bidding, at 43, to become the second oldest man in the 56 year records of the tourney to win the title. And for 23 holes of the scheduled 36 hole semi - final match, he seemed on the way to a win.

But then Ward, a steady star who also has won both the National Collegiate title in 1949 and the British Amateur in 1952, began to rally.

His chips and approaches began to go dead on the stick. He whaled his third shot on the 24th hole so close to the pin that Kocsis conceded the putt and the match was even.

On the next hole Ward's tee shot was on the pin and his par put him one up as Kocsis hit into the rough and chipped far past the pin. On the next Ward went two up when his four iron approach stopped only 14 inches from the flag for a birdie and on the 27th hole, the margin became three as Kocsis chipped short from a trap and bogied.

A chip dead to the pin gave Ward a birdie and a four up edge on the 29th and on the 31st he netted another bird in the same fashion to virtually close out the match. The scrap ended on the nert green when Ward canned a 12 foot putt for a half.

Ward played the last nine holes four under par and was three under for the 32 holes played Saturday. Kocsis, even par for the first 18 holes Saturday, was two over for the afternoon tour.

Ward's performance Saturday put him 11 under par for 142 tourney holes while Kocsis, over par for the first time in seven tourney rounds, finished seven under par for 145 holes.

Ward said the turning point of the match came on the 17th hole of the morning round when Kocsis, two up, missed an 18-inch putt and Ward gained a half. On the next hole Kocsis missed a four foot putt and Ward won the hole.

"I think if you'd ask Chuck," Ward said, "he'd say it turned on the 17th. If he'd made the putt, I would have been three down and I don't think he would have blown that putt on the next green."

Recreation Grid Quiz

The Monroe Recreation Department is ready to begin its annual Recreation Grid Quiz, the fall pastime for football fans who like to guess the scores of major games of interest each week. At the end of the season the M. R. D. under the direction of Jack Hesketh, awards trophies in men's and women's divisions to the champion forecasters.

The contest starts with games of next Friday and Saturday, and the contest games are being announced today.

Participants simply circle the names of the teams they think will win, and mail them to "Monroe Recreation Department, P. O. Box 1293, Monroe," to be postmarked not later than midnight Thursday. Entries may be pasted on a postcard, and the contestant's name and address should be clearly signed.

Here goes with Test No. 1:

Friday

Neville vs. Bastrop
Ouachita vs. Ruston
West Monroe vs. Haynesville
Little Rock vs. Istrouma

Saturday

Stephen F. Austin vs. Northeast
Baylor vs. California
Georgia Tech vs. Kentucky
Florida vs. Miss. State
Syracuse vs. Maryland
Alabama vs. Rice
Notre Dame vs. S. M. U.
Southern Cal vs. Texas
Georgia vs. Vanderbilt
Louisville vs. Toledo
Miss. Southern vs. Louisiana Tech
Oregon vs. Colorado
T. C. U. vs. Kansas
Stanford vs. Washington State
Wyoming vs. Arizona
Wake Forest vs. Wm. and Mary

Wrestling goes to the open air with a double feature state championship and tag team scramble heading a card of four bouts at Legion Memorial Stadium here Tuesday night, Promoter Gus Kallio announced yesterday.

Jack Curtis, Louisiana state heavyweight champion from Vicksburg, Miss., defends his title against the challenge of Johan Brauner, the German grappler to participated in a near riot at Kallio's Arena here last Tuesday.

The relay scramble will also include Curtis who will be sided in the tag fixture by his son, Jack, Jr., against Paddy Mack and "Wild Bill" Steddum, the rowdy Texan who has long been a ring foe of the Curtis family.

Both the title match and the tag team scrap will have time limits of 90 minutes with two falls to win.

Two one-fall preliminary bouts will start the program at 8:15 o'clock.

Kallio called for the outdoor show since his ring is already installed at Legion Memorial Stadium for tomorrow night's boxing card being headed by the ten-round feature between Clarence Cook and Del Flanagan.

Career Boy Cops UN Purse; Swaps Out By Lameness

ATLANTIC CITY, N.J., Sept 15 (AP)—Career Boy rushed up in the stretch to capture the $100,000 United Nations Handicap today as California's Swaps was withdrawn due to lameness.

It was a thrilling race, as Career Boy, the come-from - behind portion of the C.V. Whitney entry, roared down to the wire on the grass course from near last place in a field of nine to haul down first money of $65,000.

The absence of Swaps on the cloudy, rainy afternoon dampened the enthusiasm of the crowd of 29,286, including Prince Rainier and Princess Grace of Monaco, but the big race was a ding dong battle that resulted in a photo finish for second, third and fourth money.

Career Boy bounced home by a length over Alfred Vanderbilt's Find, who collected $20,000 by a head over the Llangollen farm's Mister Gus. The picture showed Mister Gus third by another head over Mrs. Jan Burke's Dedicate. Mister Gus got $10,000 in this by-invitation - only classic, and Dedicate, running on the grass for the first time, earned $5,000.

The Hasty House farm's Mahan, the English-bred horse who defeated Swaps in the Arch Ward Memorial at Chicago's Washington Park Aug. 25, never got into the act this time and finished next to last. He was the 2-1 favorite.

Career Boy, ridden by Sam Boulmetis, stepped the mile and three-sixteenths in 1:56 1-5, only two-fifths of a second slower than the track record set by Iceburg II in 1953.

LIONS DUMP BROWNS

Detroit Lions dumped the champion Cleveland Browns to their fifth straight exhibition game loss tonight, 31-14. The Lions, who beat the Browns 17-0 in Detroit last week, went ahead to stay in the third period on a 56-yard punt - return touchdown by rookie Howard (Hopalong) Cassady.

Tiger-Ram Tickets Offered At Neville

Tickets for the Neville-Bastrop football game to be played next Friday night at Bastrop will be on sale at Neville High here tomorrow from 8 a.m. until 3 p.m., and regular home game tickets for Neville are also continuing on advanced sale a little longer.

The Bastrop game will be the first of only two out of town games for Neville this year. The other will be with Tallulah on October 26.

Tigers Trip Yanks, 6-2, On Lary's Five-Hitter

DETROIT, Sept. 15 (AP)—Frank Lary whipped the New York Yankees for the fifth time and his Detroit Tiger teammates made the most of Yankee fielding lapses in a 6-2 come-from-behind victory today.

The Tigers broke loose for five runs in the seventh on five hits and shooddy fielding by the League leaders who booted an opportunity to clinch a tie for their seventh American League pennant in eight years.

Lary, defeated by the Yanks only once this year, spun a sparkling five-hitter that gave the Tigers the edge in the season's series between the two clubs. By winning 12 of the 22 gams, Detroit became only the second team in seven seasons to gain a margin over the Yankees.

VMI Fills Slot In Shreveport's Cage Tournament

SHREVEPORT, La., Sept. 15 (AP)—Virginia Military Institute will play in the Louisiana Invitational Basketball Tournament, replacing Santa Clara University, which withdrew last week because of the new Louisiana ban on interracial athletics.

Centenary College and the Shreveport Times, sponsors of the tournament, today announced the addition of VMI to the eight-team tournament. The other participants will be Louisiana State University, Loyola of the South, Furman, Hardin-Simmons, Louisiana Tech, Northwestern State College of Louisiana and Centenary.

The all-Southern tournament will be held Dec. 27, 28 and 29.

The new Louisiana law, which goes into effect Oct. 15, prohibits any sports contests involving Negroes and whites.

Meanwhile, Dewey Fragetta, New York manager of Jimmy Martinez, is already gunning for the Flanagan-Cook winner for his fighter.

In a letter dated Monday out of New York, Fragetta wrote Kallio: "Jimmy Martinez challenges the Del Flanagan vs. Cook winner, and I do hope you can book this match sometime in October. By all means publicize this."

FLANAGAN AIMS FOR COOK—Del Flanagan (above), St. Paul, Minn., middleweight, seeks to halt the climb of Clarence Cook in a ten-round main event at Legion Memorial Stadium here tomorrow night.

Ward Wins U.S. Amateur

LAKE FOREST, Ill., Sept. 15 (UP)—Harvie Ward turned on scorching pressure in the afternoon round Saturday to defeat Charlie Kocsis, 5 and 4, and win the National Amateur Golf championship for the second straight year.

Ward, a 30-year-old San Francisco auto salesman, thus became the seventh player in history to win the prized title in consecutive years and the first since W. Lawson Little won the crown in both 1934 and 1935.

Kocsis, for a quarter of a century a "name" player in amateur golf, was bidding, at 43, to become the second oldest man in the 56 year records of the tourney to win the title. And for 23 holes of the scheduled 36 hole semi - final match, he seemed on the way to a win.

But then Ward, a steady star who also has won both the National Collegiate title in 1949 and the British Amateur in 1952, began to rally.

His chips and approaches began to go dead on the stick. He whaled his third shot on the 24th hole so close to the pin that Kocsis conceded the putt and the match was even.

On the next hole Ward's tee shot was on the pin and his par put him one up as Kocsis hit into the rough and chipped far past the pin. On the next Ward went two up when his four iron approach stopped only 14 inches from the flag for a birdie and on the 27th hole, the margin became three as Kocsis chipped short from a trap and bogied.

A chip dead to the pin gave Ward a birdie and a four up edge on the 29th and on the 31st he netted another bird in the same fashion to virtually close out the match. The scrap ended on the nert green when Ward canned a 12 foot putt for a half.

Ward played the last nine holes four under par and was three under for the 32 holes played Saturday. Kocsis, even par for the first 18 holes Saturday, was two over for the afternoon tour.

Ward's performance Saturday put him 11 under par for 142 tourney holes while Kocsis, over par for the first time in seven tourney rounds, finished seven under par for 145 holes.

Ward said the turning point of the match came on the 17th hole of the morning round when Kocsis, two up, missed an 18-inch putt and Ward gained a half. On the next hole Kocsis missed a four foot putt and Ward won the hole.

"I think if you'd ask Chuck," Ward said, "he'd say it turned on the 17th. If he'd made the putt, I would have been three down and I don't think he would have blown that putt on the next green."

Recreation Grid Quiz

The Monroe Recreation Department is ready to begin its annual Recreation Grid Quiz, the fall pastime for football fans who like to guess the scores of major games of interest each week. At the end of the season the M. R. D. under the direction of Jack Hesketh, awards trophies in men's and women's divisions to the champion forecasters.

The contest starts with games of next Friday and Saturday, and the contest games are being announced today.

Participants simply circle the names of the teams they think will win, and mail them to "Monroe Recreation Department, P. O. Box 1293, Monroe," to be postmarked not later than midnight Thursday. Entries may be pasted on a postcard, and the contestant's name and address should be clearly signed.

Here goes with Test No. 1:

Friday

Neville vs. Bastrop
Ouachita vs. Ruston
West Monroe vs. Haynesville
Little Rock vs. Istrouma

Saturday

Stephen F. Austin vs. Northeast
Baylor vs. California

Oregon vs. Colorado
T. C. U. vs. Kansas
Stanford vs. Washington State
Wyoming vs. Arizona
Wake Forest vs. Wm. and Mary

Wrestling goes to the open air with a double feature state championship and tag team scramble heading a card of four bouts at Legion Memorial Stadium here Tuesday night, Promoter Gus Kallio announced yesterday.

Jack Curtis, Louisiana state heavyweight champion from Vicksburg, Miss., defends his title against the challenge of Johan Brauner, the German grappler to participated in a near riot at Kallio's Arena here last Tuesday.

The relay scramble will also include Curtis who will be sided in the tag fixture by his son, Jack, Jr., against Paddy Mack and "Wild Bill" Steddum, the rowdy Texan who has long been a ring foe of the Curtis family.

Both the title match and the tag team scrap will have time limits of 90 minutes with two falls to win.

Two one-fall preliminary bouts will start the program at 8:15 o'clock.

Kallio called for the outdoor show since his ring is already installed at Legion Memorial Stadium for tomorrow night's boxing card being headed by the ten-round feature between Clarence Cook and Del Flanagan.

Career Boy Cops UN Purse; Swaps Out By Lameness

ATLANTIC CITY, N.J., Sept 15 (AP)—Career Boy rushed up in the stretch to capture the $100,000 United Nations Handicap today as California's Swaps was withdrawn due to lameness.

It was a thrilling race, as Career Boy, the come-from - behind portion of the C.V. Whitney entry, roared down to the wire on the grass course from near last place in a field of nine to haul down first money of $65,000.

The absence of Swaps on the cloudy, rainy afternoon dampened the enthusiasm of the crowd of 29,286, including Prince Rainier and Princess Grace of Monaco, but the big race was a ding dong battle that resulted in a photo finish for second, third and fourth money.

Career Boy bounced home by a length over Alfred Vanderbilt's Find, who collected $20,000 by a head over the Llangollen farm's Mister Gus. The picture showed Mister Gus third by another head over Mrs. Jan Burke's Dedicate. Mister Gus got $10,000 in this by-invitation - only classic, and Dedicate, running on the grass for the first time, earned $5,000.

The Hasty House farm's Mahan, the English-bred horse who defeated Swaps in the Arch Ward Memorial at Chicago's Washington Park Aug. 25, never got into the act this time and finished next to last. He was the 2-1 favorite.

Career Boy, ridden by Sam Boulmetis, stepped the mile and three-sixteenths in 1:56 1-5, only two-fifths of a second slower than the track record set by Iceburg II in 1953.

LIONS DUMP BROWNS

Detroit Lions dumped the champion Cleveland Browns to their fifth straight exhibition game loss tonight, 31-14. The Lions, who beat the Browns 17-0 in Detroit last week, went ahead to stay in the third period on a 56-yard punt - return touchdown by rookie Howard (Hopalong) Cassady.

Tiger-Ram Tickets Offered At Neville

Tickets for the Neville-Bastrop football game to be played next Friday night at Bastrop will be on sale at Neville High here tomorrow from 8 a.m. until 3 p.m., and regular home game tickets for Neville are also continuing on advanced sale a little longer.

The Bastrop game will be the first of only two out of town games for Neville this year. The other will be with Tallulah on October 26.

Tigers Trip Yanks, 6-2, On Lary's Five-Hitter

DETROIT, Sept. 15 (AP)—Frank Lary whipped the New York Yankees for the fifth time and his Detroit Tiger teammates made the most of Yankee fielding lapses in a 6-2 come-from-behind victory today.

The Tigers broke loose for five runs in the seventh on five hits and shooddy fielding by the League leaders who booted an opportunity to clinch a tie for their seventh American League pennant in eight years.

Lary, defeated by the Yanks only once this year, spun a sparkling five-hitter that gave the Tigers the edge in the season's series between the two clubs. By winning 12 of the 22 gams, Detroit became only the second team in seven seasons to gain a margin over the Yankees.

VMI Fills Slot In Shreveport's Cage Tournament

SHREVEPORT, La., Sept. 15 (AP)—Virginia Military Institute will play in the Louisiana Invitational Basketball Tournament, replacing Santa Clara University, which withdrew last week because of the new Louisiana ban on interracial athletics.

Centenary College and the Shreveport Times, sponsors of the tournament, today announced the addition of VMI to the eight-team tournament. The other participants will be Louisiana State University, Loyola of the South, Furman, Hardin-Simmons, Louisiana Tech, Northwestern State College of Louisiana and Centenary.

The all-Southern tournament will be held Dec. 27, 28 and 29.

The new Louisiana law, which goes into effect Oct. 15, prohibits any sports contests involving Negroes and whites.

Spillers Leaving Friday On Legion Baseball Tour

Ronnie Spillers, 17-year-old Spencer youth who played American Legion Junior baseball for Farmerville, will leave Monroe by plane Friday to join 15 other youths selected from across the nation for the Latin-American goodwill tour for American Legion Junior baseball.

Spillers is scheduled to board a Southern Airlines plane for New Orleans here Friday morning at 11 o'clock. At New Orleans he will be joined by Walter Spence Engle, Tucson, Ariz.; Merlin Nippert, Mangum, Okla.; and Jerry Berg, Scappoose, Ore, and the

RONNIE SPILLERS

quartet will unite to board a Delta Airlines plane for Miami, Fla., where they will greet the other dozen players for four days or orientation before their departure September 26 for El Salvador and games at San Salvador September 26-27-28.

The itinery will include five games at Monagua, Nicaragua; three at Panama City, Panama; two at Barranquilla, Colombia; two at Cartagena, Colombia; three at Caracas, Venezuela; three at San Juan, Puerto Rico; and three at Havana, Cuba.

The tour will return to Miami, October 24, and the boys will depart for their homes on October 25.

R. D. Farr Jr., chairman of Legion baseball for the Fifth District of Louisiana, last night declared "We're mighty happy that a boy from our district was chosen as one of the 16 to represent our nation on this tour. Ronnie is a mighty fine example of American youth and we of the district and state join his home community in feeling justly proud of his honors."

Young Spillers is a son of Mr. and Mrs. C. S. Spillers, of Spencer in Union parish. He is a graduate of Linville High School and played the outfield on the Legion team sponsored by the Farmerville Bank and the Owen Tubbs Post No. 149 of the American Legion at Farmerville.

He was the top student in his class of 26 graduating seniors at Linville High last spring, received the American Legion Award for outstanding achievement at Linville High in 1956, attended Pelican Boys State last year; was a class officer during all of his high school years, and a delegate to the Future Business Leaders of America's national convention at Washington, D.C., this year. Active in basketball and baseball at Linville High, young Spillers plans to enroll at Louisiana Tech to study chemical engineering after the tour.

In addition to Berg, Engle, and Nippert, the teammates of Spillers on the tour will include Ronald Dean Peterson, Morris, Ill.; Frank Carpin, Richmond, Va.; Earl Powell Kennedy, Powell, Tenn.; Richard Allen Montee, Billings, Mont.; William George Strait, Concordia, Kans.; Major Frank Davis, Miami, Fla., George Wilhelm Jr., Vineland, N.J.; William Roman, Detroit, Mich.; June Wayne Raines, Whitmire, S.C.; Wallace Palmer, Portland, Me.; and adult leaders, Peter Palumbo, coach, Maplewood, Mo.; Gilbert Archuleta, coah, Albuquerque, N.M.; and Dr. Alfred J. Suraci, team physician, Washington, D.C.

Indians Unable To Hold Red Sox From 5-3 Victory

CLEVELAND, Sept. 15 (AP)— Sam White drove in two-runs with a bases-loaded single in the ninth inning today as the Boston Red Sox defeated the Cleveland Indians, 5-3. Bob Feller, making his first start in four months, blanked the Red Sox on one hit until the sixth when Ted Williams hit a homer after two walks.

Milwaukee Sinks 2 Points Off Pace Under 6-5 Defeat

PHILADELPHIA, Sept. 15 (AP)— The Milwaukee Braves dropped two per centage points behind the Brooklyn Dodgers in the sizzling National League pennant race today as they lost a 6-5 battle with the weather, the Philadelphia Phillies and plate umpire Henry Crawford.

Braves Manager Fred Haney and bounced from the game, four of them during a wild towel-tossing demonstration in the eighth inning.

The last third of the contest was played in a driving rainstorm that —at least in some measure— contributed to the Philadelphia victory

The winning run came in the eighth on a triple by Richie Ashburn that slithered past leftfielder Bobby Thomson—the fielding star of the twi-night twin bill that started the current four-game series. Curt Simmons, who had singled, scurried home.

The Braves' dugout had gone into an uproar on umpire Crawford's call on the second ball to Ashburn and started throwing towels.

Haney went to the plate to argue with Crawford and was sent to the showers along with Ed Mathews, Chuck Tanner and pitcher Bob Trowbridge.

Southside Socks Florida Industrial School, 13-0

The Southside High Pelicans, smarting under their 34-7 defeat at the hands of Mangham's Dragons on Wednesday, lost no time getting down to business here yesterday afternoon to upset the Florida Industrial School, 13-0, in a Southern Conference of Boys Training Schools game in which the club from Marianna, Fla., is defending champion.

The Pels won the toss, ripped off two nice gains and then broke Billy Erwin loose for 40 yards and a touchdown on the third play of the game. Twice more the Pels hammered to the Yellow Jacket 20 in the first quarter but were repulsed.

It was the final minutes of the game before Southside generated another touchdown drive culminated with big "Chikadee" Gongre smashing over from the five. Wilfred Zitzmann added the point on an end run.

The Florida boys drove to Southside's 18 in the second quarter, but a pass interception by Eric Broyard stopped the march. The visitors also broke a runner loose on a touchdown gallop in the last half, but the score was erased on a double foul of Florida's backfield in motion and Southside offsides.

Donald Dupuy, Pel defensive right end, and the running of Erwin and Harvey Gongre sparked Southside play. Outstanding for Florida was halfback Flying Wolf, a Seminole Indian triple threat star who has been outstanding for the Florida team for the past three seasons.

The game, originally scheduled for next Thursday, was played yesterday to help Florida cure a schedule ailment. Last night Principal Kermit Youngblood of Southside said it has now been arranged to advance the Alabama Boys Industrial School game dated for Sept. 27 into the Sept. 20 date in Birmingham.

"Advancing the game at Birmingham will give our boys more time to see the country on their long trip to Ogden, Utah, for their Oct. 5 game with Utah State Training School," Principal Youngblood said.

The lineups:

Brooklyn Blanks Bruins, 3-0; Newk Wins 24th Game

BROOKLYN, Sept. 15 (AP)—Brooklyn's pressure - prime Dodgers barged into the National League lead today as Don Newcombe won his 24th of the season with a neat three-hit job that beat the Chicago Cubs 3-0 while Milwaukee slipped to second place with a 6-5 loss at Philadelphia.

The day's action put the Dodgers into the lead by two percentage points. And with Cincinnati defeating Pittsburgh, it left the race like this:

	W	L	Pct.	Behind	To Play
Brooklyn	85	56	.603	—	13
Milwaukee	86	57	.601	—	11
Cincinnati	83	58	.589	2	12

The Dodgers, who had held an overnight tie for the lead Tuesday when they beat Milwaukee in the first game of a two-game set, rode in against the Cubs on Jackie Robinson's two-run double that broke a scoreless tie in the third inning.

From then on, Newcombe was in control. He gave up singles to Monte Irvin in the second and fourth innings, then retired 11 men in a row before Jim King, hitting for loser Don Kaiser, singled with one out in the eighth. Irvin was the only Cub runner to reach second base, advancing on an infield out after reaching first when shortstop Pee Wee Reese was unable to hold his Texas League single to short left field in the second inning.

It was the fifth shutout of the season for Newk and the 30-year-old righthander, already Brooklyn's biggest winner since Dazzy Vance took 28 in 1924, now is the fifth ranked winner in Dodger history.

Only Philadelphia's Robin Roberts, who won 28 in 1952, has won more than Newcombe's 24 in the National League since 1939 when Cincinnati's pennant pair, Bucky Walters and Paul Derringer, won 27 and 25, respectively. Warren Spahn, of the then Boston Braves, is the only other N.L. hurler to win as many as 24 in that span, getting 'em in 1948.

Culkin Academy Socks Newellton Bears, 35 To 26

NEWELLTON, La., Sept. 15 (Special)Glen Griffing's perfect passing kept the Newellton Bears looking skyward last night as Culkin Academy of Vicksburg continued their air attack for a 35-6 victory. The brilliant quarterback threw touchdown passes for all five Culkin scores and connected with eight of 13 attempts during the course of the evening.

Halfback Tommie Aikin carried Griffing tosses in the first and second quarters to give the Mississippians a 14-13 lead at halftime Aikin and end Walter Kinnebrew both received for TDs in the third quarter to place the game beyond the reach of the Bears. During the final segment Kinnebrew was again the target for another six pointer.

The Bears held to the ground throughout the battle with quarterback E. J. Harper galloping around end to paydirt in the second and fourth period. Sam Duchesne moved over for the initial Newellton marker in the first quarter. Halfback Milford McDay returned a Culkin kickoff 80 yards to earn a third stanza TD for the host Bears.

Crowville visits here next Friday night for the Bears' first conference game of the season.

Sea O Erin Noses Out Slight Win In Midwest Handi

CHICAGO, Sept. 15 (AP)—Hasty House Farm's Sea O Erin came fast to take the lead in the stretch and whipped Flight History by a nose today to win the $28,600 Midwest Handicap.

Overcoming a 1½ length lead at the stretch bend, Sea O Erin caught Flight History at midstretch but couldn't draw out. Both horses hit the finish line at nearly the same time.

The winning entry, odds-on favorite, paid $3.80, $2.80 and $2.40. Flight History returned $5, and $3.20 and Nigral Lad $2.60.

Carroll Eleven Defeated, 14-12, By DeSoto Rival

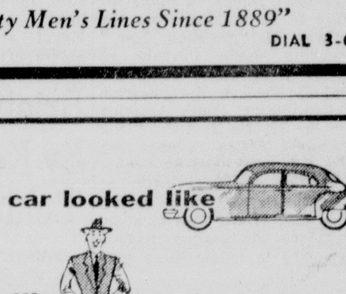

Unsuccessful extra point attempts cost Carroll High of Monroe its first grid loss of the 1956 campaign as they fell before the DeSota Parish Training School of Mansfield, 14-12.

Mansfield drew first blood when halfback W. Huston danced 17 yards to score. The DeSota Parish squad scored its second touchdown minutes before the end of the second period. Both conversions were good.

The Bulldogs second half rally fell two points short of a tie. In a last-ditch attempt to better their showing, the Carroll High gridders engineered their second TD on the final play of the game.

In the 1949 world Series between the Brooklyn Dodgers and the New York Yankees, neither team scored a run in the eigth inning of any of the six games played.

Build Your Fall Wardrobe with the TOGGERY'S "Dress Well Plan"

6 MONTHS to PAY "DRESS WELL" PLAN

HERE'S HOW IT WORKS!

1. With this modern, sensible new plan, you decide how much you want to pay each month for clothes. Multiply that by 6 for your 6-months charge limit. Say you decide to pay $15 a month. This would make the charge limit you put on your charge account $90.

2. Suppose you buy on EAGLE SUIT and some ARROW SHIRTS. you don't pay anything until the next month, then you mail in your first $15. (There is a small service charge on the balance each month).

3. After you've made two regular monthly payments, you are $30 under your original $90 charge limit, so you or your wife can pick up some extra things you may need. That's why you'll like the new TOGGERY 6-month charge plan—you get what you want without stretching your budget.

4. Your account is now a regular monthly affair—you can be the best dressed man in your crowd—on the same easy budget. You pay as you get paid—with small, no strain payments spread over 6 full months. You may use your credit amount all at once or little by little as you need it. It's good in every department in our store.

Two Other Kinds Of TOGGERY Charge Accounts.

Regular 30 Day Charge Account
Payable in full each month

3 Months Budget Account
payable in 3 equal monthly payments—⅓ in 30 days, 1/3 in 60 days, 1/3 in 90 days.

There is no interest, no carrying charge, no down payments on these two regular accounts. You may convert either of these accounts to a 6-month "DRESS WELL" account upon request.

Further Facts about the "Dress Well" plan

A. You may raise your credit at any time by consulting the credit department. . . .

B. You may pay more than your arranged monthly payments if you wish.

C. Any authorized member of your family may use your charge account.

D. You will receive monthly statements showing purchases, payments, returns and balance so you know exactly where you stand.

Spillers Leaving Friday On Legion Baseball Tour

Ronnie Spillers, 17-year-old Spencer youth who played American Legion Junior baseball for Farmerville, will leave Monroe by plane Friday to join 15 other youths selected from across the nation for the Latin-American goodwill tour for American Legion Junior baseball.

Spillers is scheduled to board a Southern Airlines plane for New Orleans here Friday morning at 11 o'clock. At New Orleans he will be joined by Walter Spence Engle, Tucson, Ariz.; Merlin Nippert, Mangum, Okla.; and Jerry Berg, Scappoose, Ore, and the

RONNIE SPILLERS

quartet will unite to board a Delta Airlines plane for Miami, Fla., where they will greet the other dozen players for four days or orientation before their departure September 26 for El Salvador and games at San Salvador September 26-27-28.

The itinery will include five games at Monagua, Nicaragua; three at Panama City, Panama; two at Barranquilla, Colombia; two at Cartagena, Colombia; three at Caracas, Venezuela; three at San Juan, Puerto Rico; and three at Havana, Cuba.

The tour will return to Miami, October 24, and the boys will depart for their homes on October 25.

R. D. Farr Jr., chairman of Legion baseball for the Fifth District of Louisiana, last night declared "We're mighty happy that a boy from our district was chosen as one of the 16 to represent our nation on this tour. Ronnie is a mighty fine example of American youth and we of the district and state join his home community in feeling justly proud of his honors."

Young Spillers is a son of Mr. and Mrs. C. S. Spillers, of Spencer in Union parish. He is a graduate of Linville High School and played the outfield on the Legion team sponsored by the Farmerville Bank and the Owen Tubbs Post No. 149 of the American Legion at Farmerville.

He was the top student in his class of 26 graduating seniors at Linville High last spring, received the American Legion Award for outstanding achievement at Linville High in 1956, attended Pelican Boys State last year; was a class officer during all of his high school years, and a delegate to the Future Business Leaders of America's national convention at Washington, D.C., this year. Active in basketball and baseball at Linville High, young Spillers plans to enroll at Louisiana Tech to study chemical engineering after the tour.

In addition to Berg, Engle, and Nippert, the teammates of Spillers on the tour will include Ronald Dean Peterson, Morris, Ill.; Frank Carpin, Richmond, Va.; Earl Powell Kennedy, Powell, Tenn.; Richard Allen Montee, Billings, Mont.; William George Strait, Concordia, Kans.; Major Frank Davis, Miami, Fla., George Wilhelm Jr., Vineland, N.J.; William Roman, Detroit, Mich.; June Wayne Raines, Whitmire, S.C.; Wallace Palmer, Portland, Me.; and adult leaders, Peter Palumbo, coach, Maplewood, Mo.; Gilbert Archuleta, coah, Albuquerque, N.M.; and Dr. Alfred J. Suraci, team physician, Washington, D.C.

Indians Unable To Hold Red Sox From 5-3 Victory

CLEVELAND, Sept. 15 (AP)— Sam White drove in two-runs with a bases-loaded single in the ninth inning today as the Boston Red Sox defeated the Cleveland Indians, 5-3. Bob Feller, making his first start in four months, blanked the Red Sox on one hit until the sixth when Ted Williams hit a homer after two walks.

Phils Drop Braves; Bums Nab 1st Place

Milwaukee Sinks 2 Points Off Pace Under 6-5 Defeat

PHILADELPHIA, Sept. 15 (AP)— The Milwaukee Braves dropped two per centage points behind the Brooklyn Dodgers in the sizzling National League pennant race today as they lost a 6-5 battle with the weather, the Philadelphia Phillies and plate umpire Henry Crawford.

Braves Manager Fred Haney and bounced from the game, four of them during a wild towel-tossing demonstration in the eighth inning.

The last third of the contest was played in a driving rainstorm that —at least in some measure— contributed to the Philadelphia victory

The winning run came in the eighth on a triple by Richie Ashburn that slithered past leftfielder Bobby Thomson—the fielding star of the twi-night twin bill that started the current four-game series. Curt Simmons, who had singled, scurried home.

The Braves' dugout had gone into an uproar on umpire Crawford's call on the second ball to Ashburn and started throwing towels.

Haney went to the plate to argue with Crawford and was sent to the showers along with Ed Mathews, Chuck Tanner and pitcher Bob Trowbridge.

Southside Socks Florida Industrial School, 13-0

The Southside High Pelicans, smarting under their 34-7 defeat at the hands of Mangham's Dragons on Wednesday, lost no time getting down to business here yesterday afternoon to upset the Florida Industrial School, 13-0, in a Southern Conference of Boys Training Schools game in which the club from Marianna, Fla., is defending champion.

The Pels won the toss, ripped off two nice gains and then broke Billy Erwin loose for 40 yards and a touchdown on the third play of the game. Twice more the Pels hammered to the Yellow Jacket 20 in the first quarter but were repulsed.

It was the final minutes of the game before Southside generated another touchdown drive culminated with big "Chikadee" Gongre smashing over from the five. Wilfred Zitzmann added the point on an end run.

The Florida boys drove to Southside's 18 in the second quarter, but a pass interception by Eric Broyard stopped the march. The visitors also broke a runner loose on a touchdown gallop in the last half, but the score was erased on a double foul of Florida's backfield in motion and Southside offsides.

Donald Dupuy, Pel defensive right end, and the running of Erwin and Harvey Gongre sparked Southside play. Outstanding for Florida was halfback Flying Wolf, a Seminole Indian triple threat star who has been outstanding for the Florida team for the past three seasons.

The game, originally scheduled for next Thursday, was played yesterday to help Florida cure a schedule ailment. Last night Principal Kermit Youngblood of Southside said it has now been arranged to advance the Alabama Boys Industrial School game dated for Sept. 27 into the Sept. 20 date in Birmingham.

"Advancing the game at Birmingham will give our boys more time to see the country on their long trip to Ogden, Utah, for their Oct. 5 game with Utah State Training School," Principal Youngblood said.

The lineups:

Brooklyn Blanks Bruins, 3-0; Newk Wins 24th Game

BROOKLYN, Sept. 15 (AP)—Brooklyn's pressure - prime Dodgers barged into the National League lead today as Don Newcombe won his 24th of the season with a neat three-hit job that beat the Chicago Cubs 3-0 while Milwaukee slipped to second place with a 6-5 loss at Philadelphia.

The day's action put the Dodgers into the lead by two percentage points. And with Cincinnati defeating Pittsburgh, it left the race like this:

	W	L	Pct.	Behind	To Play
Brooklyn	85	56	.603	—	13
Milwaukee	86	57	.601	—	11
Cincinnati	83	58	.589	2	12

The Dodgers, who had held an overnight tie for the lead Tuesday when they beat Milwaukee in the first game of a two-game set, rode in against the Cubs on Jackie Robinson's two-run double that broke a scoreless tie in the third inning.

From then on, Newcombe was in control. He gave up singles to Monte Irvin in the second and fourth innings, then retired 11 men in a row before Jim King, hitting for loser Don Kaiser, singled with one out in the eighth. Irvin was the only Cub runner to reach second base, advancing on an infield out after reaching first when shortstop Pee Wee Reese was unable to hold his Texas League single to short left field in the second inning.

It was the fifth shutout of the season for Newk and the 30-year-old righthander, already Brooklyn's biggest winner since Dazzy Vance took 28 in 1924, now is the fifth ranked winner in Dodger history.

Only Philadelphia's Robin Roberts, who won 28 in 1952, has won more than Newcombe's 24 in the National League since 1939 when Cincinnati's pennant pair, Bucky Walters and Paul Derringer, won 27 and 25, respectively. Warren Spahn, of the then Boston Braves, is the only other N.L. hurler to win as many as 24 in that span, getting 'em in 1948.

Carroll Eleven Defeated, 14-12, By DeSoto Rival

Unsuccessful extra point attempts cost Carroll High of Monroe its first grid loss of the 1956 campaign as they fell before the DeSota Parish Training School of Mansfield, 14-12.

Mansfield drew first blood when halfback W. Huston danced 17 yards to score. The DeSota Parish squad scored its second touchdown minutes before the end of the second period. Both conversions were good.

The Bulldogs second half rally fell two points short of a tie. In a last-ditch attempt to better their showing, the Carroll High gridders engineered their second TD on the final play of the game.

In the 1949 world Series between the Brooklyn Dodgers and the New York Yankees, neither team scored a run in the eigth inning of any of the six games played.

Build Your Fall Wardrobe with the TOGGERY'S "Dress Well Plan"

6 MONTHS to PAY "DRESS WELL" PLAN

HERE'S HOW IT WORKS!

1. With this modern, sensible new plan, you decide how much you want to pay each month for clothes. Multiply that by 6 for your 6-months charge limit. Say you decide to pay $15 a month. This would make the charge limit you put on your charge account $90.

2. Suppose you buy on EAGLE SUIT and some ARROW SHIRTS. you don't pay anything until the next month, then you mail in your first $15. (There is a small service charge on the balance each month).

3. After you've made two regular monthly payments, you are $30 under your original $90 charge limit, so you or your wife can pick up some extra things you may need. That's why you'll like the new TOGGERY 6-month charge plan—you get what you want without stretching your budget.

4. Your account is now a regular monthly affair—you can be the best dressed man in your crowd—on the same easy budget. You pay as you get paid—with small, no strain payments spread over 6 full months. You may use your credit amount all at once or little by little as you need it. It's good in every department in our store.

Two Other Kinds Of TOGGERY Charge Accounts.

Regular 30 Day Charge Account
Payable in full each month

3 Months Budget Account
payable in 3 equal monthly payments—⅓ in 30 days, 1/3 in 60 days, 1/3 in 90 days.

There is no interest, no carrying charge, no down payments on these two regular accounts. You may convert either of these accounts to a 6-month "DRESS WELL" account upon request.

Further Facts about the "Dress Well" plan

A. You may raise your credit at any time by consulting the credit department. . . .

B. You may pay more than your arranged monthly payments if you wish.

C. Any authorized member of your family may use your charge account.

D. You will receive monthly statements showing purchases, payments, returns and balance so you know exactly where you stand.

Culkin Academy Socks Newellton Bears, 35 To 26

NEWELLTON, La., Sept. 15 (Special)Glen Griffing's perfect passing kept the Newellton Bears looking skyward last night as Culkin Academy of Vicksburg continued their air attack for a 35-6 victory. The brilliant quarterback threw touchdown passes for all five Culkin scores and connected with eight of 13 attempts during the course of the evening.

Halfback Tommie Aikin carried Griffing tosses in the first and second quarters to give the Mississippians a 14-13 lead at halftime Aikin and end Walter Kinnebrew both received for TDs in the third quarter to place the game beyond the reach of the Bears. During the final segment Kinnebrew was again the target for another six pointer.

The Bears held to the ground throughout the battle with quarterback E. J. Harper galloping around end to paydirt in the second and fourth period. Sam Duchesne moved over for the initial Newellton marker in the first quarter. Halfback Milford McDay returned a Culkin kickoff 80 yards to earn a third stanza TD for the host Bears.

Crowville visits here next Friday night for the Bears' first conference game of the season.

Sea O Erin Noses Out Slight Win In Midwest Handi

CHICAGO, Sept. 15 (AP)—Hasty House Farm's Sea O Erin came fast to take the lead in the stretch and whipped Flight History by a nose today to win the $28,600 Midwest Handicap.

Overcoming a 1½ length lead at the stretch bend, Sea O Erin caught Flight History at midstretch but couldn't draw out. Both horses hit the finish line at nearly the same time.

The winning entry, odds-on favorite, paid $3.80, $2.80 and $2.40. Flight History returned $5, and $3.20 and Nigral Lad $2.60.

WESTERN PILOTS CONDUCT LAST CONVOY THROUGH SUEZ—This general view taken at Port Said Friday shows the last convoy of ships entering the Suez Canal under navigation of Western pilots, who walked off their jobs after steering the vessels safely through the vital mid-East waterway. Egypt, which seized the Canal, thus created a world crisis, moved to keep the waterway operating with a skelton staff despite diplomatic storm warnings and the approach of the season of fog and sandstorms. Dulles Favors Immediate Appeal Of UN If Egypt Blocks Ships Of 'Users'

WASHINGTON, Sept. 15 (UP)—The United States favors an immediate appeal to the United Nations if Egypt denies passage through the Suez Canal to ships sponsored by the proposed new international "users' association," it was learned Saturday.

High administration officials said Secretary of State John Foster Dulles will discuss the possibility of UN action in the Suez dispute with leaders of Britain, France and other interested powers during next week's London conference.

Dulles leaves Monday on his trip to London to seek a peaceful solution of the canal dispute. He prepared for the coming talks today by conferring at his home with Undersecretary of State Herbert Hoover Jr., assistant secretary Carl W. McCardle, and Dr. Arthur S. Flemming, director of the Office of Defense Mobilization.

Flemming presumably was called in to brief Dulles on plans for removing U. S. tankers from the World War II "mothball fleet." The tankers would provide an emergency fleet which could deliver oil to Western Europe from the United States, South America or from the Middle East the "long way" around Africa in case the Suez shortcut is blocked by Egypt.

The tankers are a mainstay of the U. S. strategy for coping with the Suez crisis. This strategy which Dulles will outline in London, appears to follow these general lines:

1. The first step is to get other shipping nations, which have been invited to the London meeting, to join the United States, Britain and France in the "users' association." The association will try to send a convoy through Suez within about two weeks, with pilots provided by the association. Dulles believes it is important to get other nations in on the plan so it can't be branded a big power "colonial" operation.

2. If Egypt refuses to let the convoy through, the United States believes the "users' association" nations will have clearcut grounds for appealing to the United Nations for prompt action. By barring the convoy, it is felt, Egypt would provide sufficient legal "cause" for UN intervention.

3. To keep Europe supplied with oil while the United Nations works out a permanent solution of the Suez dispute, the United States will offer both tankers and money to importing nations to make it possible for them to rely on long-distance shipments. By - passing Suez in this fashion also would bring economic pressure on Egypt since it deprive that nation of canal tolls.

Briefing Request By Kefauver Gets 'Cold Shoulder'

WASHINGTON, Set. 15 (UP)—The White Houpse Saturday turned a cold shoulder to Sen. Estes Kefauver's request that he be given secret intelligence briefings on foreign affairs during the election campaign.

Such briefings are being supplied to Adlai E. Stevenson, the Democratic presidential candidate but not to Kefauver, his vice presidential running mate.

Kefauver said Friday that Vice President Richard M. Nixon also has access to secret intelligence reports. He protested that this left him in an unfair position as the only major candidate of either party who doesn't have the benefit of inside information as a guide to his campaign speaking.

White House Press Secretary James Hagerty replied Saturday that Kefauver had never made a formal request for briefings.

"The request came through the newspapers and only through the newspapers," Hagerty told newsmen at Gettysburg, Pa. "It seems an odd way to make such a request for confidential information."

Asked whether the White House would consider a formal request from Kefauver, Hagerty shrugged and repeated that none has been received.

Reporters asked whether the White House would object if Stevenson relayed to Kefauver the information supplied to him by the gerty replied:

"The IA reports are for Mr. Stevenson and Mr. Stevenson only."

A spokesman for Stevenson confirmed that Stevenson received his first IA briefing in New York dispute and other major foreign policy developments.

The Stevenson aide said another briefing will be given next week but no date has been set.

The briefings will continue on a weekly basis until Election Day. Stevenson has been informed, however, that he can receive additional special reports any time he wishes. It is expected that he will seek such reports from time to time on fast-moving situations such as Suez.

1,800 Enroll At Northeast State For New Semester

Northeast State's fall registration topped the 1,800 mark Saturday noon, close of the week's enrollment. The total represents a significant increase over last fall semester's figures.

Registration will continue next week for regular students, and in-service personnel will enroll Monday night for the six-year programs which are being offered in science and business administration. The six-year plans are designed for persons who are on part-time or full-time jobs and are interested in studying for a bachelor's degree.

Special classes scheduled for Tuesday evenings and Saturday mornings were organized Saturday. These courses have been offered for several years as a service to teachers and other employed persons who are unable to meet regularly scheduled day classes. All studies carry full college credit and may be used in curricula leading toward the bachelor's degree or certification in some particular teaching field.

The first week of registration was a series of events for freshmen, who made a big dent in enrollment figures. Along with the serious side of college preparation were social affairs which gave opportunity for them to become better acquainted on the campus. Informal dances and open house in the Student Center, coke hours at the President's home, and parties planned by religious groups filled the activity calendar for newcomers and former students.

It was a busy week too for the Student Council. Headed by Student Body President Bobby Joe Oden, the organization worked with the college administration in planning and putting into effect a carry out the "Welcome Freshnen" greeting extended at the freshmen orientation assembly.

Lending support were the Gold Jackets, women's group which fosters leadership and good spirit, and the Gold Key, a newly-formed leadership fraternity which endorses the standards and ideals of Onicorn Delta Kappa, national honorary society.

The opening week of college will close for the faculty and staff with a reception today given by President and Mrs. Lewis C. Slater in the president's home from 6 to 7:30 p.m. The occasion will honor new members.

munist China had agreed to attend.

2. The Soviet Union, in a new statement on its position in the Suez crisis, charged Britain and France intend to seize the canal and said military preparations by the two nations constitute an "act of aggression." It termed the new big three plan "a dangerous provocation" and marked that an attack on Egypt would lead to immense destruction in Suez and "in the oil fields in the countries of the Arab East as well as in the oil pipelines."

3. Egypt said canal traffic was running smoothly. Fifteen Russian canal boat pilots arrived in Cairo in a Yugoslav plane to help out in the shortage of trained pilots following the walkout of the foreign technicians—mostly British and French—at midnight Friday. They were to undergo training immediately at Port Said.

Informed diplomatic officials in Washington said the Soviet move was mainly a propaganda gesture. At the most, the officials said, Russia could supply from 25 to 50 men with varying degrees of experience. Top officials there gave no evidence of undue alarm, either, over Nasser's attack on the Suez Canal plan.

U. S. Secretary of State Dulles, who is going to London for the Wednesday conference, had asked Nasser to reconsider his opposition to the Big Three plan to set up an organization which would use its own pilots to guide ships through the canal, collect fees and share the take with Egypt. But in his speech today Nasser spurned the plan as amounting to "not peace but war and aggression against the small countries."

Nasser said President Eisenhower advocated a peaceful solution of the Suez crisis but U. S. State Department support of the international users' plan "means they will help Britain provoke the Egyptian people into a clash with Britain."

In such a situation, Nasser asserted Egypt would meet force with force.

"Have the imperialists forgotten how 10,000 Algerians are giving half a million Frenchmen a difficult time?" Nasser asked.

"Imperialists who attack us will find everyone of us a soldier. We have enough arms for everybody. No aggressor will leave Egypt alive.

"Anybody who attacks Egypt will be attacking all Arab countries. His interests in the area will be gone forever."

He spoke after an air show in which Russian - built Ilyushin bombers, MIG jet fighters and Yak training planes were featured.

Nasser accused the British and French of putting pressure on employes of the old Suez Canal Co., to quit, then with sending a larger number of ships than usual through the canal "to complete their conspiracy of obstructing navigation."

"Today we win in the battle of conspiracy," Nasser declared. "The conspirators lose with their aims of international chaos."

WESTERN PILOTS CONDUCT LAST CONVOY THROUGH SUEZ—This general view taken at Port Said Friday shows the last convoy of ships entering the Suez Canal under navigation of Western pilots, who walked off their jobs after steering the vessels safely through the vital mid-East waterway. Egypt, which seized the Canal, thus created a world crisis, moved to keep the waterway operating with a skelton staff despite diplomatic storm warnings and the approach of the season of fog and sandstorms. Dulles Favors Immediate Appeal Of UN If Egypt Blocks Ships Of 'Users'

WASHINGTON, Sept. 15 (UP)—The United States favors an immediate appeal to the United Nations if Egypt denies passage through the Suez Canal to ships sponsored by the proposed new international "users' association," it was learned Saturday.

High administration officials said Secretary of State John Foster Dulles will discuss the possibility of UN action in the Suez dispute with leaders of Britain, France and other interested powers during next week's London conference.

Dulles leaves Monday on his trip to London to seek a peaceful solution of the canal dispute. He prepared for the coming talks today by conferring at his home with Undersecretary of State Herbert Hoover Jr., assistant secretary Carl W. McCardle, and Dr. Arthur S. Flemming, director of the Office of Defense Mobilization.

Flemming presumably was called in to brief Dulles on plans for removing U. S. tankers from the World War II "mothball fleet." The tankers would provide an emergency fleet which could deliver oil to Western Europe from the United States, South America or from the Middle East the "long way" around Africa in case the Suez shortcut is blocked by Egypt.

The tankers are a mainstay of the U. S. strategy for coping with the Suez crisis. This strategy which Dulles will outline in London, appears to follow these general lines:

1. The first step is to get other shipping nations, which have been invited to the London meeting, to join the United States, Britain and France in the "users' association." The association will try to send a convoy through Suez within about two weeks, with pilots provided by the association. Dulles believes it is important to get other nations in on the plan so it can't be branded a big power "colonial" operation.

2. If Egypt refuses to let the convoy through, the United States believes the "users' association" nations will have clearcut grounds for appealing to the United Nations for prompt action. By barring the convoy, it is felt, Egypt would provide sufficient legal "cause" for UN intervention.

3. To keep Europe supplied with oil while the United Nations works out a *permanent* solution of the Suez dispute, the United States will offer both tankers and money to importing nations to make it possible for them to rely on long-distance shipments. By - passing Suez in this fashion also would bring economic pressure on Egypt since it deprive that nation of canal tolls.

1,800 Enroll At Northeast State For New Semester

Northeast State's fall registration topped the 1,800 mark Saturday noon, close of the week's enrollment. The total represents a significant increase over last fall semester's figures.

Registration will continue next week for regular students, and in-service personnel will enroll Monday night for the six-year programs which are being offered in science and business administration. The six-year plans are designed for persons who are on part-time or full-time jobs and are interested in studying for a bachelor's degree.

Special classes scheduled for Tuesday evenings and Saturday mornings were organized Saturday. These courses have been offered for several years as a service to teachers and other employed persons who are unable to meet regularly scheduled day classes. All studies carry full college credit and may be used in curricula leading toward the bachelor's degree or certification in some particular teaching field.

The first week of registration was a series of events for freshmen, who made a big dent in enrollment figures. Along with the serious side of college preparation were social affairs which gave opportunity for them to become better acquainted on the campus. Informal dances and open house in the Student Center, coke hours at the President's home, and parties planned by religious groups filled the activity calendar for newcomers and former students.

It was a busy week too for the Student Council. Headed by Student Body President Bobby Joe Oden, the organization worked with the college administration in planning and putting into effect a carry out the "Welcome Freshmen" greeting extended at the freshmen orientation assembly.

Lending support were the Gold Jackets, women's group which fosters leadership and good spirit, and the Gold Key, a newly-formed leadership fraternity which endorses the standards and ideals of Onicorn Delta Kappa, national honorary society.

The opening week of college will close for the faculty and staff with a reception today given by President and Mrs. Lewis C. Slater in the president's home from 6 to 7:30 p.m. The occasion will honor new members.

munist China had agreed to attend.

2. The Soviet Union, in a new statement on its position in the Suez crisis, charged Britain and France intend to seize the canal and said military preparations by the two nations constitute an "act of aggression." It termed the new big three plan "a dangerous provocation" and marked that an attack on Egypt would lead to immense destruction in Suez and "in the oil fields in the countries of the Arab East as well as in the oil pipelines."

3. Egypt said canal traffic was running smoothly. Fifteen Russian canal boat pilots arrived in Cairo in a Yugoslav plane to help out in the shortage of trained pilots following the walkout of the foreign technicians—mostly British and French—at midnight Friday. They were to undergo training immediately at Port Said.

Informed diplomatic officials in Washington said the Soviet move was mainly a propaganda gesture. At the most, the officials said, Russia could supply from 25 to 50 men with varying degrees of experience. Top officials there gave no evidence of undue alarm, either, over Nasser's attack on the Suez Canal plan.

U. S. Secretary of State Dulles, who is going to London for the Wednesday conference, had asked Nasser to reconsider his opposition to the Big Three plan to set up an organization which would use its own pilots to guide ships through the canal, collect fees and share the take with Egypt. But in his speech today Nasser spurned the plan as amounting to "not peace but war and aggression against the small countries."

Nasser said President Eisenhower advocated a peaceful solution of the Suez crisis but U. S. State Department support of the international users' plan "means they will help Britain provoke the Egyptian people into a clash with Britain."

In such a situation, Nasser asserted Egypt would meet force with force.

"Have the imperialists forgotten how 10,000 Algerians are giving half a million Frenchmen a difficult time?" Nasser asked.

"Imperialists who attack us will find everyone of us a soldier. We have enough arms for everybody. No aggressor will leave Egypt alive.

"Anybody who attacks Egypt will be attacking all Arab countries. His interests in the area will be gone forever."

He spoke after an air show in which Russian - built Ilyushin bombers, MIG jet fighters and Yak training planes were featured.

Nasser accused the British and French of putting pressure on employes of the old Suez Canal Co., to quit, then with sending a larger number of ships than usual through the canal "to complete their conspiracy of obstructing navigation."

"Today we win in the battle of conspiracy," Nasser declared. "The conspirators lose with their aims of international chaos."

Briefing Request By Kefauver Gets 'Cold Shoulder'

WASHINGTON, Set. 15 (UP)—The White Houpse Saturday turned a cold shoulder to Sen. Estes Kefauver's request that he be given secret intelligence briefings on foreign affairs during the election campaign.

Such briefings are being supplied to Adlai E. Stevenson, the Democratic presidential candidate but not to Kefauver, his vice presidential running mate.

Kefauver said Friday that Vice President Richard M. Nixon also has access to secret intelligence reports. He protested that this left him in an unfair position as the only major candidate of either party who doesn't have the benefit of inside information as a guide to his campaign speaking.

White House Press Secretary James Hagerty replied Saturday that Kefauver had never made a formal request for briefings.

"The request came through the newspapers and only through the newspapers," Hagerty told newsmen at Gettysburg, Pa. "It seems an odd way to make such a request for confidential information."

Asked whether the White House would consider a formal request from Kefauver, Hagerty shrugged and repeated that none has been received.

Reporters asked whether the White House would object if Stevenson relayed to Kefauver the information supplied to him by the gerty replied:

"The IA reports are for Mr. Stevenson and Mr. Stevenson only."

A spokesman for Stevenson confirmed that Stevenson received his first IA briefing in New York dispute and other major foreign policy developments.

The Stevenson aide said another briefing will be given next week but no date has been set.

The briefings will continue on a weekly basis until Election Day. Stevenson has been informed, however, that he can receive additional special reports any time he wishes. It is expected that he will seek such reports from time to time on fast-moving situations such as Suez.

Everyone's Talking About The YEAR-END DEAL AT McCAIN-RICHARDS ON '56 FORDS

"We weren't even ready for a new car, but we just couldn't afford to pass up the deal we got on a '56 Ford from McCain-Richards . . . and we're tickled pink with the car."

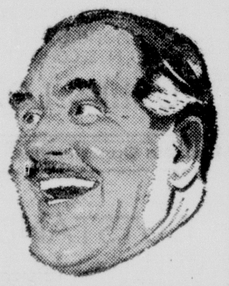

"Our new '56 Ford is the most! It wows all my friends. We haven't been so knocked out with anything since Elvis Presley. and the folks got a super deal from McCain-Richards."

"Brother, when McCain-Richards says 'Closeout on '56 Fords'—they aren't kidding. They gave me an allowance on my '53—— that's unbelievable. I heartily recommend a year-end deal on a '56 Ford from McCain-Richards".

"I made the happiest deal of my life on a '56 Ford during McCain-Richards' Closeout Sale. Frankly, I don't see where they could have made a dime on my deal."

"I'm a very careful shopper in buying groceries & everything else for my family, and I think I know a bargain when I see it. All I could say when I heard the deal McCain-Richards offered on our '54 ——— was 'WOW'!"

"My mom and pop are telling all their friends & neighbors about the deal they got on a '56 Ford from McCain - Richards. I heard 'em tell the folks next door they think they even put one over on McCain - Richards . . . and everybody's tickled with our new Ford."

"Frankly, I was doubtful. I thought this was just another sales gimmick, but I have to admit they gave me an unheard of deal at McCain - Richards. Understand there's not many '56 Fords left—— you'd better hurry."

You, Too Will Brag To Your Friends About The YEAR END DEAL We'll Give You, Now!

Everyone's Talking About The YEAR-END DEAL AT McCAIN-RICHARDS ON '56 FORDS

"We weren't even ready for a new car, but we just couldn't afford to pass up the deal we got on a '56 Ford from McCain-Richards . . . and we're tickled pink with the car."

"Our new '56 Ford is the most! It wows all my friends. We haven't been so knocked out with anything since Elvis Presley, and the folks got a super deal from McCain-Richards."

"Brother, when McCain-Richards says 'Closeout on '56 Fords'—they aren't kidding. They gave me an allowance on my '53—— that's unbelievable. I heartily recommend a year-end deal on a '56 Ford from McCain-Richards".

"I made the happiest deal of my life on a '56 Ford during McCain-Richards' Closeout Sale. Frankly, I don't see where they could have made a dime on my deal."

"I'm a very careful shopper in buying groceries & everything else for my family, and I think I know a bargain when I see it. All I could say when I heard the deal McCain-Richards offered on our '54 ——— was 'WOW'!"

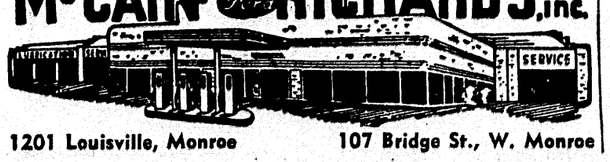

"My mom and pop are telling all their friends & neighbors about the deal they got on a '56 Ford from McCain - Richards. I heard 'em tell the folks next door they think they even put one over on McCain - Richards . . . and everybody's tickled with our new Ford."

"Frankly, I was doubtful. I thought this was just another sales gimmick, but I have to admit they gave me an unheard of deal at McCain - Richards. Understand there's not many '56 Fords left— you'd better hurry."

You, Too Will Brag To Your Friends About The YEAR END DEAL We'll Give You, Now!

HICKS STREET

300 "BUCKS" DOWN on a G.I. loan is all it takes to move into this 2-year old "youngster" with it's acre "plus" well-shaded lot and the following good features: wonderful size 14'x24' living room that overlooks the nice back yard; (2) 13'x14' bedrooms (both with sliding door closets); sparkling hardwood floors; an exciting pine-paneled kitchen (10'x17') with spacious cabinet space, vent-a-hood, 220 outlet for electric stove and breakfast area; it also posseses central heating . . . screened porch . . . carport and storage . . . attic fan . . . fenced yard . . . and a host of other features! Wanta' look today?

HILTON

Talk about good value! Here's one of the best to "pop up" in ages in a 3-bedroom, 2-bath and den home on the Northside with 1340 sq. feet of living area! In addition to its 3 bedrooms and den, there's also: 12x20 living room (carpeted wall-to-wall); one bedroom's 12x17 with private bath; beautiful oak floors; spacious 10x16 kitchen with breakfast area; separate dining area; a relating 10x14 screened porch opening off the den and its just across street from Neville! $350 down on a G. I. loan makes the move.

215 BELL LANE (W. Monroe)

$471.88 "Cash" is all it takes to buy all the following: a swell 2 bedroom with "loads" of nice features and it's all on a 140x130' tree-covered lot! Total price is $6228.79 with monthly notes of $43.00 (including taxes and insurance).

BOIS D' ARC

WANTA' SEE . . . wanta' tour . . . wanta' "drool" over one of the finer homes in Marie Place? Well . . . we'll gladly let you, today, if you'd like! It's the ultimate in contemporary styling with: (3) bedrooms with roomy closet space (one's pine-paneled and could be used as a den, if desired); a well-proportioned 13'x26' living room and a separate dining area; a "dandy" of a kitchen with built-in breakfast nook; a spacious ceramic tile bath; fully air-conditioned; central heating; carport with storage and also a 12'x12' "office" built into the carport that's air-conditioned, too! It's all on a 75'x150' lot in a wonderful Northside location! Both G.I. and FHA financing available!

AUBURN

IT'S "IN THE TREES" and it's a sight to behold! Yep, it has more features per sq. foot than any home you've seen in a long time! Among it's 1200 sq. feet are the following: (2) spacious bedrooms (both with huge closets); central heating; a most unusual living room-dining area (completely paneled); a uniquely arranged 10x16 kitchen with a separate 9x6' breakfast nook; it's all on a 100x150' tree covered lot and we'll gladly show at your convenience.

ESSEX

IT WAS A GOOD BUY at the original price, but now that it's been reduced . . . it's a steal! Here's one for the better homes in Marie Place with the following features: 3 bedrooms (all with sliding door closets); tile bath; central heating; hardwood block floors throughout; it's air-conditioned with (2) 1-ton units; all drapes go with property; has a 19x8' kitchen with wonderful cabinet space; central heating; carport and storage and it's on a 75'x150' lot. It's vacant and only $800 down on G.I. makes the move.

ANDERSON

HERE'S GOOD LIVING in an excellent location in West Monroe with the following features among its 1250 sq. feet of living area: (3) roomy bedrooms (one's paneled with a walk-in closet); well-proportioned living room and dining room; nicely arranged kitchen; beautiful oak floors throughout; central heating; attic fan; screened porch on the rear; double carport with storage and it's all on a 100' x150' beautifully landscaped lot just a "stone's throw" from Mitchell Lane Grammar! $300 down on a G.I. loan makes the move. There's also FHA financing available. We'll gladly show today.

GORDON AVENUE

IF YOU'RE THE TYPE that bemoans small rooms of some modern homes but at the same time you appreciate the many modern features of modern construction . . . take heart, for here's a home that combines both! It possesses (2) spacious bedrooms (smallest is 13'x14'); comfortable size living room and separate dining room; a stunning kitchen and breakfast area combined (11x20) that's pine-paneled; has central heating; life time roof and a host of other features that we'll gladly show today! Wanta' look?

EASON PLACE

NEED A THREE BEDROOM HOME in the "medium" price range? One that's splendidly located? One that's easily financed? One that's a happy combination of the following features: 1150 sq. ft. living area . . . a nicely arranged living room-dining area with hardwood block floors; a side screened porch on the East side opening off the living room; has a spacious 10'x18' kitchen; central heating; 2 ceiling fans; fenced back yard and "loads" of other features. $650 down on a G.I. loan does it!

ISLAND DRIVE

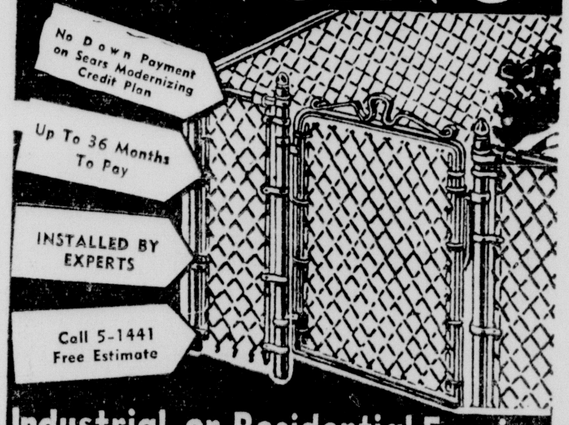

IT'S CARPETED WALL-TO-WALL throughout . . . it's fully air-conditioned . . . it has (3) larger than usual bedrooms . . . 1500 sq. feet of living area . . . unusually nice kitchen arrangement with breakfast area . . . large living room and dining area . . . central heating . . . tile bath . . . tile counter tops in kitchen . . . double carport with double storage room . . . 100'x150' lot in a choice location . . . and if you'd like to see the inside, it's vacant and we've the key!

HICKS STREET
300 "BUCKS" DOWN on a G.I. loan is all it takes to move into this 2-year old "youngster" with it's acre "plus" well-shaded lot and the following good features: wonderful size 14'x24' living room that overlooks the nice back yard; (2) 13'x14' bedrooms (both with sliding door closets); sparkling hardwood floors; an exciting pine-paneled kitchen (10'x17') with spacious cabinet space, vent-a-hood, 220 outlet for electric stove and breakfast area; it also posseses central heating . . . screened porch . . . carport and storage . . . attic fan . . . fenced yard . . . and a host of other features! Wanta' look today?

HILTON
Talk about good value! Here's one of the best to "pop up" in ages in a 3-bedroom, 2-bath and den home on the Northside with 1340 sq. feet of living area! In addition to its 3 bedrooms and den, there's also: 12x20 living room (carpeted wall-to-wall); one bedroom's 12x17 with private bath; beautiful oak floors; spacious 10x16 kitchen with breakfast area; separate dining area; a relating 10x14 screened porch opening off the den and its just across street from Neville! $350 down on a G. I. loan makes the move.

215 BELL LANE (W. Monroe)
$471.88 "Cash" is all it takes to buy all the following: a swell 2 bedroom with "loads" of nice features and it's all on a 140x130' tree-covered lot! Total price is $6228.79 with monthly notes of $43.00 (including taxes and insurance).

BOIS D' ARC
WANTA' SEE . . . wanta' tour . . . wanta' "drool" over one of the finer homes in Marie Place? Well . . . we'll gladly let you, today, if you'd like! It's the ultimate in contemporary styling with: (3) bedrooms with roomy closet space (one's pine-paneled and could be used as a den, if desired); a well-proportioned 13'x26' living room and a separate dining area; a "dandy" of a kitchen with built-in breakfast nook; a spacious ceramic tile bath; fully air-conditioned; central heating; carport with storage and also a 12'x12' "office" built into the carport that's air-conditioned, too! It's all on a 75'x150' lot in a wonderful Northside location! Both G.I. and FHA financing available!

AUBURN
IT'S "IN THE TREES" and it's a sight to behold! Yep, it has more features per sq. foot than any home you've seen in a long time! Among it's 1200 sq. feet are the following: (2) spacious bedrooms (both with huge closets); central heating; a most unusual living room-dining area (completely paneled); a uniquely arranged 10x16 kitchen with a separate 9x6' breakfast nook; it's all on a 100x150' tree covered lot and we'll gladly show at your convenience.

ESSEX
IT WAS A GOOD BUY at the original price, but now that it's been reduced . . . it's a steal! Here's one for the better homes in Marie Place with the following features: 3 bedrooms (all with sliding door closets); tile bath; central heating; hardwood block floors throughout; it's air-conditioned with (2) 1-ton units; all drapes go with property; has a 19x8' kitchen with wonderful cabinet space; central heating; carport and storage and it's on a 75'x150' lot. It's vacant and only $800 down on G.I. makes the move.

ANDERSON
HERE'S GOOD LIVING in an excellent location in West Monroe with the following features among its 1250 sq. feet of living area: (3) roomy bedrooms (one's paneled with a walk-in closet); well-proportioned living room and dining room; nicely arranged kitchen; beautiful oak floors throughout; central heating; attic fan; screened porch on the rear; double carport with storage and it's all on a 100' x150' beautifully landscaped lot just a "stone's throw" from Mitchell Lane Grammar! $300 down on a G.I. loan makes the move. There's also FHA financing available. We'll gladly shew today.

GORDON AVENUE
IF YOU'RE THE TYPE that bemoans small rooms of some modern homes but ot the same time you appreciate the many modern features of modern construction . . . take heart, for here's a home that combines both! It possesses (2) spacious bedrooms (smallest is 13'x14'); comfortable size living room and separate dining room; a stunning kitchen and breakfast area combined (11x20) that's pine-paneled; has central heating; life time roof and a host of other features that we'll gladly show today! Wanta' look?

EASON PLACE
NEED A THREE BEDROOM HOME in the "medium" price range? One that's splendidly located? One that's easily financed? One that's a happy combination of the following features: 1150 sq. ft. living area . . . a nicely arranged living room-dining area with hardwood block floors; a side screened porch on the East side opening off the living room; has a spacious 10'x18' kitchen; central heating; 2 ceiling fans; fenced back yard and "loads" of other features. $650 down on a G.I. loan does it!

ISLAND DRIVE
IT'S CARPETED WALL-TO-WALL throughout . . . it's fully air-conditioned . . . it has (3) larger than usual bedrooms . . . 1500 sq. feet of living area . . . unusually nice kitchen arrangement with breakfast area . . . large living room and dining area . . . central heating . . . tile bath . . . tile counter tops in kitchen . . . double carport with double storage room . . . 100'x150' lot in a choice locatinn . . . and if you'd like to see the inside, it's vacant and we've the key!

LSU Professor, Monroe Native, Cited For Paper

BATON ROUGE, Sept. 15 (Special) — Dr. George H. Lowery, Jr., a Louisiana State University ornithologist, was named the winner of the Brewster Award for 1956 by the American Ornithologists Union, which ended its annual meeting here this week. He is a native of Monroe.

The award is presented annually to the author of the research paper that, in the judgment of the society, is the most important work relating to the birds of the western hemisphere published in the previous six years.

The award committee cited the L. S. U. Boyd Professor for his "highly original and illuminating contributions to our knowledge of the nocturnal migrations of birds and in particular, his chief paper 'A Quantitative Study of Nocturnal Migration of Birds'." The paper was published in 1951 by the Museum of Natural History of the University of Kanas.

Dr. Lowery is the director of the L. S. U. Museum of Natural Science and Boyd Professor of Zoology He is the autor of "Louisiana Birds," which won the Louisiana Literary Award in 1955.

Other prominent ornithologists who have won the award in recent years are William H. Phelps of Caracas, Venezuela, for his work on the birds of Venezuela; Robert Cushman Murphy of the American Museum of Natural History for his "Oceanic Birds of South America," and Dr. Hildegarde Howard of the Los Angeles Museum for her work on fossil birds.

The American Ornithologists Union, one of the oldest scientific societies in the United States, is dedicated to the study of the more technical aspects of the study of birds, such as antomy, distribution, migration, life history and habits.

The society held its 74th annual meeting at the Denver Museum of Natural History. Reporting from L. S. U. were Dr. Robrt J. Newman, assistant curator of the Museum of Natural Science, and Stephen M. Russell, graduate student in zoology, on "Studies of the Error in Bird Censusing."

Moore-O'Neal Vows Pledged By Candlelight

Miss Jo Nell O'Neal, daughter of Mr. and Mrs. L. T. O'Neal, of Delhi, became the bride of Charles Edgar Moore, son of Mrs. Velma Moore, of Jackson, Miss., in a ceremony performed in the First Presbyterian church in Delhi.

The Reverend W. D. O'Neal, of Baton Rouge officiated.

Their vows were said before an altar banked with smilax and baskets of white gladioli and stock and candelabra holding tall cathedral tapers. Mrs. Ruth Dufresne rendered a program of nuptial music and accompanied Mrs. Bob Kidder, soloist.

The bride, given in marriage by her father, wore a gown of nylon tulle over taffeta fashioned with a pointed basque bodice with draped cap sleeves trimmed with embroidered organdy rosettes, which were repeated at the basque line. The full skirt swept into a wide chapel train. A bandeau of irridescent sequins and pearls held her elbow length veil of illusion. She carried a cascade bouquet of stephanotis centered with a fuchia throated orchid mounted on a lace covered Bible, and wore a strand of pearls, a gift of the bridegroom.

Miss Zoe Snyder, of Winnsboro, was the maid of honor. Her floor length gown was of pink crystalline. She wore a picture hat of the same shade and carried a crescent shaped bouquet of pink glammelias. The bridesmaids were Miss Polly Moore, sister of the bridegroom, Miss Martie McNeely, of Colfax, Mrs. Carl Hopkins and Miss Marilyn Bryant, cousins of the bride. Their dresses were of coral crystallene with matching hats and bouquets identical to the honor attendant. Miss Gwen O'Neal acted as flower girl and was dressed like the bridesmaids.

Norman Derouen served as best man. Ushers were Roy O'Neal, Malcolm McEacharn, Charles Clark and Clyde Thompson.

Mrs. O'Neal chose for her daughters' wedding a dress of mauve lace with matching accessories and her corsage was a pink orchid. Mrs. Moore, mother of the bridegroom, wore a charcoal blue sheer and a yellow orchid corsage.

Immediately following the ceremony, Mr. and Mrs. O'Neal were hosts at a reception held in their home in Delhi.

The bride's table was covered with white taffeta with pink net overdrape caught at the corners with satin wedding bells. A branched candelabra holding pink tapers garlanded with greenery and pink daisies centered the table. At one end of the table, serving the tiered wedding cake, were Mrs. Ellie Bell and Mrs. Lamar Bryant, aunts of the bride. At the opposite end Mrs. William Bagwell, another aunt of the bride, and Mrs. Malcolm McEacharn served punch. They were assisted by Miss Charlotte Bryant.

Mrs. Charles Clark of Monroe, registered the guests.

Later the young couple left for their home in Ruston, where Mr. Moore will continue his studies at Louisiana Tech. For traveling the bride wore a black cotton sheath with red plaid jacket and black accessories. A white orchid was pinned at her shoulder.

Wedding Of Oscar Nelson Jr. Of Interest To Friends Here

A wedding celebrated in Charleston, West Virginia, of interest here was that of Miss Nancy Ruffner Chilton, daughter of Mr. and Mrs. William Edwin Chilton, II, and Oscar Nelson, Jr.

Mr. Nelson is the son of Mrs. Oscar Nelson and the late Mr. Nelson, of Charleston and Morlunda Farms, Lewisburg, West Virginia.

The marriage as solemnized September 8, at 4:30 p.m. in the First Presbyterian Church. Dr. George Vick, assisted by the Reverend Royal E. Walther, officiated.

Baskets of white flowers and woodwardia fern banked the altar. Silk aisle cord, tied in lover's knots marked the center aisle which was lined with cathedral candles garlanded with emerald fern and pompoms. Mrs. C. E. Johnson was organist.

The bride was escorted down the aisle by her father, who gave her in marriage. She wore her sister's bridal gown of Alencon lace fashioned in a long full skirt ending in a cathedral train of cascades of lace and tulle tiers. A low neckline fitted bodice of scalloped lace was accented with seed pearls and iridescent brilliants. She wore long kid gloves. Her veil of illusion was designed with folds of satin ribbon forming a flat bow with sprays of lilies of the valley coming from the center, and she carried a cascade bouquet of white cymbidium orchids, lilies of the valley and stephanotis, centered with two Cattleya orchids surrounded by English ivy.

Matron of honor to the bride was her sister, Mrs. Jonathan Park and the other bridal attendants were Miss Alice Chilton, Miss Nelle Quince Evans, Mrs. Charles T. Jones, sister of the bridegroom, Miss Anita Bellet, of Le Harve, France, Miss Lelia Barry, Neton Square, Pa., Miss Shirley Mills, of Washington, D. C., Mrs. Thomas B. Guyton, and Miss Marietta Balsam, both of New York City. Miss Laura Jones was flower girl.

Their sky blue dresses were fashioned on princess lines with draped bodices. The back detail of draped fabric forming tie - loops falling over the back fullness of the skirts. They wore matching blue velvet bows, fashioned the same as the bride's on their heads and carried cascade bouquets of pink Rubrum lilies intermingled with English ivy. The flower girl carried a white basket of rosepetals decorated with lilies of the valley.

Mr. Thomas A. Nelson was best man and the groomsmen and ushers were Eric Nelson, James A. Myers, Akron, Ohio, Grant Thomas, Charles T. Jones, Charles McWhorter, New York City, J. Y. Moore, Jr., Wayne Herkness, Ebersole Gaines, New York City, William R. Chilton, Robert Greweling and Ralph E. Davis, Jr. of Booneville, Mo.

Following the ceremony a reception was held on the terrace of the Edgewood Country club. Smilax and gardenias and holders with burning white tapers decorated the bride's table. The stairway was entwined with greens and white blossoms.

Mrs. Chilton received her guests in a creme lace dress over pink taffeta with which she wore pink accessories and a corsage of white cymbidium orchids. She was assisted by the groom's mother who chose a dress of pale blue lace. She wore a small pink hat and a corsage of pale pink cymbidium orchids.

Later Mr. and Mrs. Nelson left for New York where they sailed for a wedding trip to Europe. The bride traveled in a grey herringbone tweed dress with short Empire jacket. Her accessories were black and her small hat was of red fur felt. On their return they will reside in Charleston.

The bride is a graduate of Masters School, Dobbs Ferry, New York, and attended Sweet Briar college. She graduated in May from Parsons School of Design in New York.

Mr. Nelson graduated from Greenbrier Military School, Wharton School and the University of Pennsylvania, where he was a member of Phi Kappa Psi, social fraternity. He is a member of Chemical Society, Edgewood Country Club and Berry Hills Country club and is executive vice-president of United Carbon company.

MRS. SHELDON L. RAY

Miss Ann Files Is Married In Late Afternoon Ceremony

Friday afternoon at five o'clock, Miss Ann Files, daughter of Mr. and Mrs. William Herbert Files of Oak Ridge, of Bernice, were united in the bonds of holy matrimony in the Oak Ridge Methodist Church. The Reverend James M. Poole, pastor, performed the double ring ceremony.

The church was decorated with white gladioli and chrysanthemums in baskets, alternating with candles in seven branched standards entwined with ivy. Pews for the family were marked with wide white satin ribbons and flowers.

Mrs. R. C. Windsor was organist and accompanied James C. Rolfe, soloist.

The bride entered with her father who gave her in marriage. Her bridal gown was of white taffeta fashioned in princess style. The bodice of nylon lace had a high neck and three quarter length sleeves embroidered with seed pearls and sequins. A matching design of bead work was on the lace cap from which flowed a shoulder length veil of net. She carried a bridal bouquet of tuberoses and ribbons centered with a white orchid.

Attending the bride as maid of honor was her sister, Miss Sterling Elizabeth Files. She wore an afternoon length dress of pale blue tissue taffeta made with a fitted bodice and full skirt. An interest feature in the back was a taffeta bow. She carried a French nosegay of pink painted daisies.

Bruce Files, brother of the bride, served Mr. Clair as best man.

Ushers were King Mott, Edwards Barham, Caleb Pipes and Jack Bernard Files, cousin of the bride.

Mrs. Files wore for her daughter's wedding a pink lace dress with a small pink velvet hat. Her corsage was of pink carnations. Mrs. Clair, the groom's mother, wore an aqua lace dress with matching hat and pink carnation corsage.

Immediately following the ceremony a reception was held in the Christian education building. Mrs. Files and Mrs. Clair received with the bride and groom, standing before baskets of bridal blossoms entwined with ivy. Mrs. Thomas R. Files, Mrs. Thomas O. Files, Jr., Mrs. Jack Files, Mrs. James Files Mrs. George Files and Mrs. Neil Mott extended courtesies in various parts of the reception area.

The bride's book was on a decorated table where Miss Marcia Files registered the guests.

The bride's table was covered with a lace cloth and appointed with silver. The center arrangement was of pink rosebuds and white candles. Miss Lucille Huffman, aunt of the bride, served frosted punch from a silver bowl at one end of the table. Tea girls were Miss Linda Files, Miss Mary Allen Files and Miss Nancy Files. Miss Sterling Elizabeth Files served the wedding cake which was a tiered cake, embossed with wedding emblems and mounted with a miniature bride and groom.

Mr. and Mrs. Clair left at once for a honeymoon in the Ozark mountains. They will be at home to their friends of California street in Ruston. Both bride and groom are members of the senior class at Louisiana Tech.

Miss Railey And Sheldon Ray Wed In Baptist Church

The First Baptist Church of Monroe was the scene Friday evening, Sept. 7, of the marriage of Miss Patsy Railey and Sheldon L. Ray.

The bride is the daughter of Mr. and Mrs. C. B. Railey of this city and the bridegroom is the son of Jack W. Ray of West Monroe.

Dr. James T. Horton performed the ceremony. For the occasion, the church was decorated with baskets of white gladioli and branched candelabra with tall white tapers and greenery.

Miss Elaine Hesketh played the traditional wedding marches at the organ and Miss Carol Eady accompanied Elvis Stout who sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was wearing a waltz - length gown of white nylon tulle and lace over satin. Her veil of illusion was held by a lace cap embroidered in seed pearls. Her bouquet was of white carnations and stephanotis mounted on a white Bible.

Miss Dwana Byrd, cousin of the bridegroom served as maid of honor and Miss Beverly Johnson was bridesmaid. Miss Dianne Miller, niece of the bride, was flower girl. Their waltz - length dresses of mauve pink crystaline featured a draped neckline which formed a deep V in the back with streamers extending from a large bow. They carried bouquets of pink carnations with satin streamers.

Malcolm Ray served his brother as best man and Jack Ray was groomsman. Ushers were Herschel Gentry and James Eatman.

For her daughter's wedding, Mrs. Railey chose a novelty blue faille and lace dress with pink accessories. Mrs. Ray, grandmother of the bridegroom, was wearing a dress of grey crepe with blue accessories. Both wore corsages of pink carnations.

A reception was held in the church parlor following the ceremony. The bride's table was overlaid with a white linen cloth and centered with an arrangement of white chrysanthemums. The three-tiered wedding cake was placed at one end of the table opposite the punch service.

Miss Janette Blackwell presided at the guest book.

Assisting in serving were Mrs. Anthony Messina, Miss Carolyn Freeman and Miss Georgia Schumaker.

Couple Exchange Vows In Germany

OLLA — Mr. and Mrs. M. W. Minard of Ramstein Air Force Base, Germany and now residing at Abilene Air Force Base, Tex., have announced the marriage to their daughter, Miss Ann Dean Minard to Jeremy A. Ross, son of Mr. and Mrs. Frank A. Ross of Boston, Mass.

Mr. Ross is stationed in Neubruecke, Germany.

The ceremony took place at the Ramstein AFB Chapel in the presence of the families and close friends. Chaplain O. W. Voelzke performed the ceremony.

Mrs. Ross is the granddaughter of Mrs. H. S. Holloman of Olla and Mrs. H. P. Minard of Baton Rouge.

The couple will make their home in California after a visit with relatives in Louisiana.

Miss Ann Files Is Married In Late Afternoon Ceremony

Friday afternoon at five o'clock, Miss Ann Files, daughter of Mr. and Mrs. William Herbert Files of Oak Ridge, of Bernice, were united in the bonds of holy matrimony in the Oak Ridge Methodist Church. The Reverend James M. Poole, pastor, performed the double ring ceremony.

The church was decorated with white gladioli and chrysanthemums in baskets, alternating with candles in seven branched standards entwined with ivy. Pews for the family were marked with wide white satin ribbons and flowers.

Mrs. R. C. Windsor was organist and accompanied James C. Rolfe, soloist.

The bride entered with her father who gave her in marriage. Her bridal gown was of white taffeta fashioned in princess style. The bodice of nylon lace had a high neck and three quarter length sleeves embroidered with seed pearls and sequins. A matching design of bead work was on the lace cap from which flowed a shoulder length veil of net. She carried a bridal bouquet of tuberoses and ribbons centered with a white orchid.

Attending the bride as maid of honor was her sister, Miss Sterling Elizabeth Files. She wore an afternoon length dress of pale blue tissue taffeta made with a fitted bodice and full skirt. An interest feature in the back was a taffeta bow. She carried a French nosegay of pink painted daisies.

Bruce Files, brother of the bride, served Mr. Clair as best man.

Ushers were King Mott, Edwards Barham, Caleb Pipes and Jack Bernard Files, cousin of the bride.

Mrs. Files wore for her daughter's wedding a pink lace dress with a small pink velvet hat. Her corsage was of pink carnations. Mrs. Clair, the groom's mother, wore an aqua lace dress with matching hat and pink carnation corsage.

Immediately following the ceremony a reception was held in the Christian education building. Mrs. Files and Mrs. Clair received with the bride and groom, standing before baskets of bridal blossoms entwined with ivy. Mrs. Thomas R. Files, Mrs. Thomas O. Files, Jr., Mrs. Jack Files, Mrs. James Files Mrs. George Files and Mrs. Neil Mott extended courtesies in various parts of the reception area.

The bride's book was on a decorated table where Miss Marcia Files registered the guests.

The bride's table was covered with a lace cloth and appointed with silver. The center arrangement was of pink rosebuds and white candles. Miss Lucille Huffman, aunt of the bride, served frosted punch from a silver bowl at one end of the table. Tea girls were Miss Linda Files, Miss Mary Allen Files and Miss Nancy Files. Miss Sterling Elizabeth Files served the wedding cake which was a tiered cake, embossed with wedding emblems and mounted with a miniature bride and groom.

Mr. and Mrs. Clair left at once for a honeymoon in the Ozark mountains. They will be at home to their friends of California street in Ruston. Both bride and groom are members of the senior class at Louisiana Tech.

Miss Fields, Mr. Sellers Exchange Vows In Evening

The First Baptist Church in West Monroe was the setting on Friday, September 7, for the marriage of Miss Terri Lee Fields of West Monroe and Mr. George Brooks Sellers of Monroe. Officiating at the 7:30 o'clock evening ceremony were the Revs. Jaroy Weber and Paul Jones.

The bride is the daughter of Mr. and Mrs. Ralph E. Fields of West Monroe. The bridegroom is the son of Mrs. George W. Sellers and the late Mr. Sellers of this city.

For the ceremony, the church was decorated with three white baskets of gladioli and a myriad of double candelabras entwined in white ivy and holding white cathedral tapers.

Organist for the nuptials was Mrs. Florence Allbritton and the soloist was Miss Betty Spurlock. Selections included "This Is My Beloved," "Through the Years" and "The Lord's Prayer."

The bride, who was given in marriage by her father, chose a white bridal satin gown appliqued in white lace which formed points around the satin skirt. A scooped neckline complemented the satin sleeves covered with lace. The full skirt formed a cathedral length train. She wore a Queen Anne crown of seed pearls with a four-tiered veil of illusion. Her bouquet was a white orchid surrounded by lilies of the valley and stephanotis with long white satin streamers scattered with stephanotis.

Miss Marianne Buce was maid of honor. She wore a waltz-length gown of pale yellow chiffon with a sweetheart neckline and off-the-shoulder sleeves. Her bouquet was a large gold ring featuring white asters and stephanotis. Miss Buce's headdress was also of white and yellow aster.

Bridesmaids were Miss Sue Henderson, Miss Patsy Sellers, Miss Sharon Thomissee and Miss Hazel Chambliss. Their gowns were in pale blue chiffon styled identical to the maid of honor's. Their bouquets of white asters were arranged on silver rings.

Miss Terry Campbell was flower girl. She wore a pale yellow antique taffeta frock with puffed sleeves and a wide blue satin cummberbund. Her bandeau was of white, blue and yellow asters. She carried a small white basket of blue and yellow painted daisies.

John Ray Sims was best man. Ushers were Jack Parker, Grady Merriman, J. D. Cameron and Joe Downing.

Rickey Fields and Jimmy Daniel were the candlelighters.

The mother of the bride chose a mauve lace sheath dress with a flared skirt in the back and mauve lace cummberbund embossed in rhinestones. She wore bronze accessories. The bridegroom's mother was becomingly attired in a pink lace sheath model with a scooped neckline and deep V in the back. Her accessories were pink. Both wore orchid corsages.

A reception followed the ceremony in the banquet room of the church.

Centering the bride's table was a three - tiered rectangular wedding cake decorated with pink blue and yellow roses sprinkled with glitter. Centering the serving table were white candles entwined in ivy.

Pink punch filled the punch bowls where Miss Ethel Mae Voss and Miss Billie Blazier poured. Serving the wedding cake was Mrs. J. L. Green.

Tea girls were Miss Dixie Brown, Miss Barbara Rogers and Miss Nell Rogers.

Miss Martha Hendricks presided at the bride's book.

For a wedding trip to Hot Springs, Ark., the bride changed to a black sheath dress with a matching tunic coat and elbow length white kid gloves. She wore the orchid from her bridal bouquet.

She is a graduate of Ouachita Parish High school and attended Northeast Louisiana State college and Louisiana Business College. She is a member of Phi Mu sorority.

Mr. Sellers graduated from Clarks High school and attended Northeast Louisiana State college and Louisiana State University. He is a member of Sigma Alpha Chi fraternity and has also served in the U. S. Army.

Upon return from their wedding trip, they will make their home at 605 South Fourth street, West Monroe.

MISS CATHERINE STERLING

Miss Sterling Will Be Bride In October

Mr. and Mrs. L. D. Howard, of Wall's Lake Plantation, announce the engagement of their daughter, Miss Catherine Sterling to Sgt. Joseph Marshall Avery, son of Mr. and Mrs. W. J. Erwin, of Deeson Plantation, Lake Providence. The wedding will be celebrated late in October.

Miss Sterling is the granddaughter of Mr. and Mrs. J. A. Reid, of Farmerville and is a graduate of the West Monroe High School.

Sgt. Avery is the grandson of Mrs. W. J. Avery and the late Mr. Avery, of Alexandria. He graduated from Lake Providence High School and is now stationed at Ft. Ord, Calif., where the young couple will make their home.

The Laffertys Celebrate 25th Anniversary

COLUMBIA Mr. and Mrs. J. M. Lafferty of Columbia celebrated their silver wedding anniversary at an open house between 3 and 5 o'clock Sunday afternoon. Their daughter, Mrs. Huey Gregory, and son, James Marvin Lafferty were hosts for the occasion.

Receiving guests with the honor couple were Mr. and Mrs. E. J. Lafferty of Grayson, Rev. Ina Eden, Mrs. Gregory and Mr. James Lafferty.

Mrs. Lafferty chose for the party a navy blue linen with a corsage of pink carnations.

The serving table was overlaid in a linen cloth and was centered with a floral arrangement flanked by silver candles.

Mrs. Fred Lafferty presided at the cake service and alternating at the punch bowl were Mrs. Sidney Taylor and Mrs. Erby Meredith.

Miss Georgia Taylor assisted with courtesies.

Miss Martha Ann Lafferty registered guest in the guest book

Out-of-town guests attending the celebration were Mr. and Mrs. Fred Lafferty, Miss Martha Ann Lafferty, Mr. and Mrs. Sidney Taylor, Miss Georgia Taylor, Mr. and Mrs. Rankin Roark, Mr. and Mrs. Charley Wilson, Mr. and Mrs. J. D. Flemmings, all of Monroe, Mr. and Mrs. E. H. Lafferty, Frank Lafferty, E. E. Taylor, E. C. Taylor, Mrs. G. B. Ferguson, Miss Ludie Ferguson of Grayson, Mr. and Mrs. S. H. Albritton, Mr. and Mrs. T. E. Skirven of Clarks and Owen Brown of Alexandria.

Kitchen Arithmetic: You'll need a tablespoon of mayonnaise, a half teaspoon of vinegar, a quater teaspoon prepared mustard, an eighth teaspoon of salt and a dash of pepper for one stuffed egg. Just mash the hard-cooked egg yolk with the seasonings and then pile back into the egg white. Flute with fork tines and sprinkle with paprika.

Mrs. Montgomery New Regent For Fort Miro DAR

The Fort Miro chapter, Daughters of the American Revolution held its first meeting of the year at the Lotus club on Saturday afternoon September 8 at 3:00. Hostesses for this meeting were Mrs. Briscoe Trousdale, Mrs. Duncan Cook, Mrs. Henry Bernstein, Jr., Mrs. F. W. Dawson, Mrs. Franklin H. Jones, Miss Ina Merle Thomas, Mrs. A. S. Tidwell, Mrs. Herbert Wilson, Mrs. Malcolm Bass, Mrs. Fagan J. Cox, Mrs. Charles H. Martin, Jr. and Mrs. John P. Noel.

Mrs. A. E. Montgomery, regent of Fort Miro chapter presided. The meeting was opened with a prayer and the salute to the American flag led by the chapter chaplain, Mrs. W. B. Inabnet. Mrs. Montgomery announced the theme of the programs for the year, which is "Cherish and Maintain American Freedom." She then presented the guest speaker, Mr. Thomas W. Leigh whose subject was the Constitution and the Bill of Rights. Mr. Leigh gave a very inspiring address on these two great American documents which so vitally affect the lives of each one of us. He explained the state of confusion in which the country found itself at the close of the American Revolution when it attempted to operate without a strong central government. He discussed the steps in the writing of the Constitution and the careful revision it received in order for it to be clear and lucid. It was finally completed on September 17, 1787 and nine states had ratified it by June of 1898, when it became the law of our country. Although it is a brief document it remains a masterpiece of legal expression. The Bill of Rights are the first ten amendments to the Constitution. Mr. Leigh pointed out that we take the guarantees of the Bill of Rights for granted, but we would quickly suffer if they were taken away from us. He urged every Daughter to read the Constitution for herself during Constitution week.

The business meeting followed immediately after the talk by Mr. Leigh. Mrs. Briscoe Trousdale, recording secretary read the minutes and the correspondence. Mrs. Montgomery called for reports from several committee chairmen. Miss Jane Steed, national defense chairman, who stressed the observation of Constitution week. Mrs. Emma Alexander radio and television chairman discussed the plans for several programs. Miss Frances Flanders, membership chairman, reported on the present status of the membership and urged members to enlist other eligible daughters. Mrs. George Hemphill, the magazine chairman, discussed the merits of the D. A. R. Magazine and urged all members to subscribe. She mentioned that at least 20 per cent of the members must take the magazine if Fort Miro is to make the National Honor Roll again this year. Fort Miro is one of the 130 chapters out of the total of 2775 that has made the National Honor roll each of the three years that it has been in existence. Mrs. Duncan Cook gave the treasurers report and read the budget for the coming year, which was unanimously adopted.

At the close of the meeting delicious refreshments were served by the hostesses to the following guests: Mrs. Emma Alexander, Mrs. Malcolm Bass, Mrs. Adelia Baylor, Miss Harriett Boyle, Miss Mary Buckner, Miss Annie Butler, Mrs. Blossom Butler, Mrs. O. Wharton Brown, Mrs. Roland Brown, Mrs. C. E. Buckley, Mrs. J. R. Cain, Mrs. Mabel Wood Carlton, Mrs. Duncan Cook, Mrs. John E. Coon, Mrs. F. W. Dawson, Mrs. John B. Filhiol, Sr., Miss Frances Flanders, Mrs. David I. Garrett, Mrs. C. O. Gray, Miss Edith Gunby, Mrs. George I. Hemphill, Mrs. Lee Hodges, Mrs. Barlow Inabnet, Mrs. Franklin H. Jones, Mrs. Ray L. Junod, Mrs. Robert Layton, Mrs. Thomas W. Leigh, Mrs. W. E. Leigh, Mrs. O. R. Lewis, Mrs. H. Flood Madison, Jr., Mrs. S. Shelby Meek, Mrs. A. E. Montgomery, Mrs. M. S. McGhure, Mrs. S. W. McLean, Mrs. W. Courtney Oliver, Mrs. O. C. Roddy, Mrs. C. E. Slade Sr., Mrs. Elmer C. Slagle, Mrs. Herbert Steed, Miss Mary Jane Steed, Mrs. Malcolm Tabb, Mrs. C. Elliott Thompson, Mrs. H. G. Thompson, Mrs. B. A. Trousdale, Jr., Mrs. W. A. Whitfield, Jr., Mrs. Herbert Wilson and Mrs. W. H. McGee.

One cup of grated cheddar cheese added to a medium white sauce made from 1½ cups milk, makes a good-tasting cheese sauce.

Vary the flavor of pie- crust mix by adding grated orange rind and substituting orange juice for the water called for.

Miss Anderson Becomes Bride Of Frank Scalia

In a 10 o'clock morning ceremony, Monday, September 3, at St. Matthew Catholic Church Miss Carmen Marilou Anderson of West Monroe became the bride of Mr. Frank Vincent Scalia of Monroe.

The bride is the daughter of Mr. and Mrs. C. C. Tatum of West Monroe. The Frank R. Scalias of this city are the parents of the bridegroom.

The Rev. Michael Hannon officiated at the double ring nuptial service.

Following the ceremony a reception was held in the Cameo Room of the Virginia Hotel to honor the couple. At the close of the reception Mr. and Mrs. Scalia left on a wedding trip to an undisclosed destination. Upon their return, they will make their home in New Orleans.

Miss Jo Anne Lemoine served as maid of honor. She wore a white model of crystalline over blue taffeta styled with a swirl of tucks around the shoulders, a long torso and bouffant skirt. Her bandeau repeated the tucks which complemented the neckline. She wore matching mitts and carried a nosegay of pink chrysanthemums backed with French caspia in a triangular arrangement.

Mrs. R. O. Morrison of Baton Rouge, a sister of the bridegroom was matron of honor. Bridesmaids were Miss Dixie Brown, Miss Joy Emerel, Miss Terri Lee Fields and Mrs. R. N. Seidenspinner. Their gowns were identical to the maid of honor. They also wore matching headdresses with mitts and carried nosegays of pink chrysanthemums.

Miss Dana Tucker, niece of the bridegroom, was flower girl. Her dress was a replica of the bridesmaids' attire.

Mr. J. C. Scalia served the bridegroom as best man.

Ushering were Roy J. Scalia, Ralph Norman, Jackie Neal, Arnold Tucker and Vincent Marsala.

Serving as altar boys were Larry McCarthy and John J. Guerriero.

The bride was escorted to the altar by her stepfather, who gave her in marriage. She was wearing a white gown of French imported Chantilly lace and nylon tulle with a sabrina neckline embroidered in pearls and sequins. The long tight sleeves ended in petal points over the wrist. Her sculptured bodice was accentuated by a wide flounce in the skirt forming a chapel length train. She wore a crown embossed in seed pearls and sequins to secure her veil of ice blue silk illusion. Her bouquet, mounted on a pearl prayer book, was a white orchid surrounded by tuberoses.

The couple pledged their vows before an altar decorated with fan-shaped arrangements of white gladioli and greenery. White cathedral tapers illuminated the setting.

Mrs. Della Williamson was organist and accompanied Mr. Elvis Stout who sang "Ava Maria" and "Panis Angelicus."

As she greeted guests at her daughter s reception Mrs. Tatum wore a sheath dress of white lace over blue taffeta with a tunic coat and matching accessories. The bridegroom's mother, Mrs. Scalia, was wearing a black silk shantung model with white lace bodice trimmed in turqouise velvet. Both wore corsages of white cymbidium orchids.

A white embroidered cloth covered the bride's round table on which was placed the three-tiered ice blue wedding cake. Nosegays decorated the table. The punch services were at either end of a long table overlaid in white and centered with white gladioli and pink and blue carnations. Other arrangements of white gladioli were noted throughout the reception rooms.

Mrs. J. S. Green presided at the cake service.

Musical selections were presenet-ed at the piano by Mrs. Ralph Fields during the reception.

Registering guests in the bride's book was Miss Jo Ann Miller.

Others assisting with courtesies were Mrs. H. C. Emerel, Mrs. Roy J. Scalia, Miss Mattea Scalia and Miss Carole Eady.

For traveling the bride chose a black Italian silk sheath dress with black accessories and the orchid from her wedding bouquet.

She is a graduate of West Monroe High School and attended Northeast Louisiana State College. She holds membership in Delta Kappa Pi and Beta Delta sororities.

Mr. Scalia graduated from Neville High School and studied at Northeast Louisiana State College before entering the U. S. Marines two years ago.

Among the out-of-town guests at the wedding were Mr. and Mrs. R. O. Morrison and daughtesr of Baton Rouge, C. T. Anderson of Fort Smith, Ark., Earl Anderson of Minden, Mrs. D. Lee Johnson of Chicago, Ill., Mr. and Mrs. Frank P. Danna and children, Mr. and Mrs. Joe Danna and Jo Beth, Frank Joseph and Ricky, Mrs. Charles Dragna and Frank Dragna, Mr. and Mrs. Joe Sparacina and Rita, all of Beaumont, Tex.

Morning Ceremony Unites Miss Johnston, Mr. Raines

In a beautiful morning ceremony of marked simplicity Miss Marjorie Mae Johnston, daughter of Mr. and Mrs. Floyd G. Johnston of Grayson, became the bride of Robert Beauchamp Raines, son of Mr. and Mrs. Sam H. Raines of Haughton.

The wedding was solemnized at 10 o'clock Saturday morning, September 15, in the Grayson Methodist Church, with the bride's grandfather, the Rev. Enoch M. Mouser, performing the double ring rites. The church was artistically decorated with greenery and tall baskets of frosty white gladioli.

A program of nuptial selections was presented by Mrs. Ted L. Johnston, organist.

The bride, given in marriage by her father, was attired in a traditional ivory bridal gown of lace over net and taffeta. Her veil was fastened to a close fitting ivory lace headdress. She carried a bouquet of white tuberoses centered with a white yellow-throated orchid.

Mrs. Irwin Edwin Clair was the bride's matron of honor and only attendant. She was gowned in an ice blue silk gown and carried a bouquet of white glamelias.

Serving the bridegroom as best man was Irwin Edwin Clair. Ushers were Ted L. Johnston, Edward M. Mouser, Vinson M. Mouser and Roland L. Robertson.

A reception followed the ceremony in the church parlor.

Mass arrangements of white gladioli were attractively displayed throughout the reception rooms.

The bride's table was decorated with tuberoses, pon- pons and leather leaf. The tiered wedding cake and crystal punch service were placed at each end of the table.

Mrs. John J. McKeithen presided at the bride's register.

Alternating at the punch service were Mrs. Frank Robinson and Mrs. Edgar Duke.

Tea girls were Misses Marty Johnston of Baton Rouge, Janis Johnston of Denham Springs, Linda Johnston of Grayson and Janis Joyce of Monroe.

The bride's aunts, Mrs. J. J. Joyce, Jr., of Monroe, Mrs. Clyde Stallcup, Jr., of Shreveport, Mrs. J. W. Hammett and Mrs. O. O. Pugh of Alexandria, assisted with courtesies.

For traveling the bride chose a forest green ensemble complemented by the orchid from her wedding bouquet.

Upon return from their wedding trip, the couple will reside in Ruston where both are students at Louisiana Tech.

Miss Parker's Vows Are Read

In a candle light ceremony, September 1, at the Winnfield Baptist church, Miss Doris Virginia Parker, daughter of Mr. and Mrs. C. C. Parker, became the bride of Bobby Ray Gassiott, son of Mr. and Mrs. J. E. Gassiott, of Winnfield. Rev. W. L. Holcomb officiated before an altar decorated with greenery and baskets of white gladioli. Music was provided by Mr. Elmo Mercer, organist and Miss Betty Miller and R. K. Brown who sang.

The bride, given in marriage by her father, wore a gown of white French lace over taffeta. Her veil hung from a crown of white blossoms and she carried a white Bible topped with split carnations.

Mrs. Bill Shaw was the matron of honor. The other attendants were Miss Beverly Melancon, of Jena, Miss Tappy Tracy, Miss Sharon Parker and Miss Beth Grimshaw, of Rayville serving as junior bridesmaids. Miss Tillie Tolor, of Jonesboro and Miss Mary Ann Sherwood were candlelighters. They wore identical dresses of emerald green christene and carried bronze carnations.

Mr. Gassiott was his sons best man. Groomsmen and ushers were Tommy Moss, Larry Kennedy, Gilbert McMurry, Billy Bassett, Floyd Sandiford, of Monroe and Dr. Henry T. Parker. The ring bearer was Billy Hugh Knight of Seagoville, Texas.

For her daughter's wedding Mrs. Parker chose a silk printed dress of tan with harmonizing accessories and a corsage of red roses. Mrs. Gassiott wore powder blue lace with a corsage of red roses.

A reception followed in the church parlors. Later the young couple left on a wedding trip and will make their home in Laredo, Texas where Mr. Gassiott is serving with the Air Force.

HINTS

Yeast dough is "light" if, when two fingers are plunged into it, the impression remains.

Gashes, cut in the top crust of a fruit pie, help the escape of steam.

For sandwich filling in children's lunch boxes, try combining peanut butter with chopped cooked prunes and orange marmalade.

Tomato juice and catsup stains usually come off if you dampen them with water and rub with glycerine before laundering.

Tiny red cinnamon candies melted in a small amount of water will give a pretty pink tint to fresh apple or pineapple and will add a new spiciness to the flavor of the fruit if added just before serving.

Try sliced bananas over coffee ice cream for a different taste treat.

MRS. BOBBY RAY GASSIOTT

St. Matthews Church Is Scene Of Elioff-Hill Vows

St. Matthew's Catholic Church provided the setting for the nuptial vows of Miss Iona Hill and Thomas Elioff at 4 o'clock Tuesday afternoon, September 4.

Miss Hill is the daughter of Mr. and Mrs. Marvin M. Hill of this city. Mr. and Mrs. Mike Elioff are parents of the bridegroom.

The double ring ceremony was solemnized by the Rt. Rev. Msgr. John C. Marsh. White chrysanthemums and greenery decorated the altar.

Mrs. Everett Zeagler was organist and accompanied Miss Betty Spurlock, soloist, who sang "Ave Maria" and "Panis Angelicus."

Given in marriage by her father, the bride was wearing a white peau de soie gown with a fitted bodice featuring a deep V in the back. The high neckline was draped. Her bouffant skirt formed a chapel length train. A matching headdress secured her veil of silk illusion. She wore wrist - length white kid gloves and carried a cascade bouquet of stephanotis centered with gardenias.

The bride's maid of honor and only attendant was Miss Linda Hill of Bastrop. Her gown was of rose peau de soie, styled with a round neckline and brief cap sleeves. The basque waist was complemented by a full skirt. Her bouquet was designed of pale pink carnations centered with a deeper pink carnation.

The bridegroom s brother, Robert Elioff, was best man. Ushers were Mark F. Hill of Bastrop and Mike Elioff, Jr.

The bride's mother chose for the wedding a mauve lace over taffeta with a matching velvet hat and a pink rosebud corsage.

Mrs. Elioff, the bridegroom's mother was attired in a blue lace over taffeta model with a blue velvet hat. Her corsage was also of pink rosebuds.

A reception followed the ceremony in the Cameo room of the Virginia hotel.

An imported white linen embroidered cloth overlaid the bride's table, centered with a three - tiered wedding cake, embossed in flowers identical to the bride's bouquet. Punch bowls were placed at either end of the table which was decorated with silver candelabras, garlands of gardenias, stephanotis and leather leaf.

Of focal interest on the mantel was a mass arrangement of specimen white chrysanthemums and white tapers.

Assisting with courtesies at the reception were Mrs. J. Marvin Hill, Miss Beverly Ann Hill, all of Ringgold, Mrs. M. F. Hill of Bastrop, Mrs. Fred Glover, Miss Margaret Glover, both of Ruston, Mrs. Kenner Howard of Lake Providence and Mrs. W. T. Turner.

After the reception, the couple departed for Berkeley, Calif., where they will make their home.

The bride is a member of Kappa Delta sorority. She graduated from the University of Tennessee and also attended Louisiana Tech.

Mr. Elioff is a graduate of Louisiana Tech and is continuing his studies at the University of California where they will reside.

Busby-Hodge Troth Pledged In Tallulah

TALLULAH — The wedding of Miss Gloria Hodge, daughter of Mr. and Mrs. C. H. Hodge of Mound and Kenneth Busby, son of Mr. and Mrs. S. M. Busby of the Thomastown community, was solemnized at the Mound Baptist Church on Sunday afternoon at 2:30 in the presence of a large gathering of relatives and friends. The Rev. Carl S. Barnes officiated at the double-ring ceremony in a setting of baskets of white gladioli and fern and other greenery.

Preceding the entrance of the bridal party Mrs. R. C. Webb, Jr., rendered a program of nuptial music.

Attending the bride were her sister, Miss Joan Hodge, who wore an aqua street dress, and little Brenda Busby, niece of the bridegroom who was dressed in white.

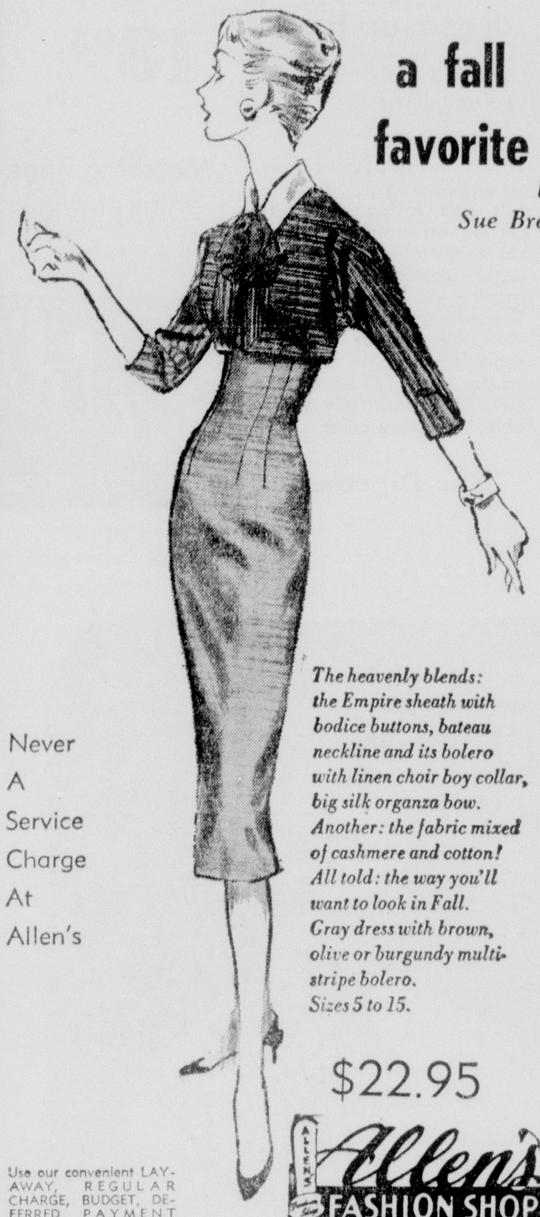

Escorted to the altar by her uncle, Mr. John Shoemaker, the bride was lovely in her wedding dress of teal blue with white trim with which she wore white accessories. She carried a bouquet of tuberoses, and feathered carnations centered with a white fuji mum.

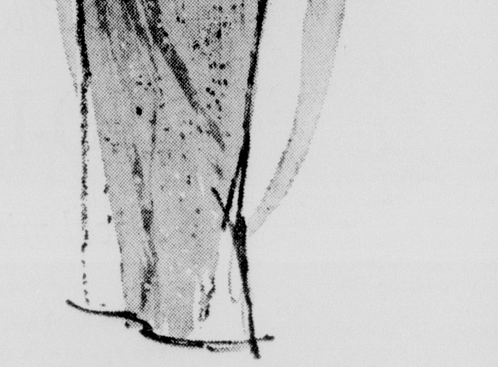

Lloyd Baker served the bridegroom as best man.

The couple will make their home in Tallulah where Mr. Busby is employed by the soil conservation service.

For a last minute company canape, top crackers or small slices of rye bread with sharp cheddar cheese and a strip of bacon. Slide under broiler for a few minutes.

Morning Ceremony Unites Miss Johnston, Mr. Raines

In a beautiful morning ceremony of marked simplicity Miss Marjorie Mae Johnston, daughter of Mr. and Mrs. Floyd G. Johnston of Grayson, became the bride of Robert Beauchamp Raines, son of Mr. and Mrs. Sam H. Raines of Haughton.

The wedding was solemnized at 10 o'clock Saturday morning, September 15, in the Grayson Methodist Church, with the bride's grandfather, the Rev. Enoch M. Mouser, performing the double ring rites. The church was artistically decorated with greenery and tall baskets of frosty white gladioli.

A program of nuptial selections was presented by Mrs. Ted L. Johnston, organist.

The bride, given in marriage by her father, was attired in a traditional ivory bridal gown of lace over net and taffeta. Her veil was fastened to a close fitting ivory lace headdress. She carried a bouquet of white tuberoses centered with a white yellow-throated orchid.

Mrs. Irwin Edwin Clair was the bride's matron of honor and only attendant. She was gowned in an ice blue silk gown and carried a bouquet of white glamelias.

Serving the bridegroom as best man was Irwin Edwin Clair. Ushers were Ted L. Johnston, Edward M. Mouser, Vinson M. Mouser and Roland L. Robertson.

A reception followed the ceremony in the church parlor.

Mass arrangements of white gladioli were attractively displayed throughout the reception rooms.

The bride's table was decorated with tuberoses, pon- pons and leather leaf. The tiered wedding cake and crystal punch service were placed at each end of the table.

Mrs. John J. McKeithen presided at the bride's register.

Alternating at the punch service were Mrs. Frank Robinson and Mrs. Edgar Duke.

Tea girls were Misses Marty Johnston of Baton Rouge, Janis Johnston of Denham Springs, Linda Johnston of Grayson and Janis Joyce of Monroe.

The bride's aunts, Mrs. J. J. Joyce, Jr., of Monroe, Mrs. Clyde Stallcup, Jr., of Shreveport, Mrs. J. W. Hammett and Mrs. O. O. Pugh of Alexandria, assisted with courtesies.

For traveling the bride chose a forest green ensemble complemented by the orchid from her wedding bouquet.

Upon return from their wedding trip, the couple will reside in Ruston where both are students at Louisiana Tech.

Miss Parker's Vows Are Read

In a candle light ceremony, September 1, at the Winnfield Baptist church, Miss Doris Virginia Parker, daughter of Mr. and Mrs. C. C. Parker, became the bride of Bobby Ray Gassiott, son of Mr. and Mrs. J. E. Gassiott, of Winnfield. Rev. W. L. Holcomb officiated before an altar decorated with greenery and baskets of white gladioli. Music was provided by Mr. Elmo Mercer, organist and Miss Betty Miller and R. K. Brown who sang.

The bride, given in marriage by her father, wore a gown of white French lace over taffeta. Her veil hung from a crown of white blossoms and she carried a white Bible topped with split carnations.

Mrs. Bill Shaw was the matron of honor. The other attendants were Miss Beverly Melancon, of Jena, Miss Tappy Tracy, Miss Sharon Parker and Miss Beth Grimshaw, of Rayville serving as junior bridesmaids. Miss Tillie Tolor, of Jonesboro and Miss Mary Ann Sherwood were candlelighters. They wore identical dresses of emerald green christene and carried bronze carnations.

Mr. Gassiott was his sons best man. Groomsmen and ushers were Tommy Moss, Larry Kennedy, Gilbert McMurry, Billy Bassett, Floyd Sandiford, of Monroe and Dr. Henry T. Parker. The ring bearer was Billy Hugh Knight of Seagoville, Texas.

For her daughter's wedding Mrs. Parker chose a silk printed dress of tan with harmonizing accessories and a corsage of red roses. Mrs. Gassiott wore powder blue lace with a corsage of red roses.

A reception followed in the church parlors. Later the young couple left on a wedding trip and will make their home in Laredo, Texas where Mr. Gassiott is serving with the Air Force.

HINTS

Yeast dough is "light" if, when two fingers are plunged into it, the impression remains.

Gashes, cut in the top crust of a fruit pie, help the escape of steam.

For sandwich filling in children's lunch boxes, try combining peanut butter with chopped cooked prunes and orange marmalade.

Tomato juice and catsup stains usually come off if you dampen them with water and rub with glycerine before laundering.

Tiny red cinnamon candies melted in a small amount of water will give a pretty pink tint to fresh apple or pineapple and will add a new spiciness to the flavor of the fruit if added just before serving.

Try sliced bananas over coffee ice cream for a different taste treat.

St. Matthews Church Is Scene Of Elioff-Hill Vows

St. Matthew's Catholic Church provided the setting for the nuptial vows of Miss Iona Hill and Thomas Elioff at 4 o'clock Tuesday afternoon, September 4.

Miss Hill is the daughter of Mr. and Mrs. Marvin M. Hill of this city. Mr. and Mrs. Mike Elioff are parents of the bridegroom.

The double ring ceremony was solemnized by the Rt. Rev. Msgr. John C. Marsh. White chrysanthemums and greenery decorated the altar.

Mrs. Everett Zeagler was organist and accompanied Miss Betty Spurlock, soloist, who sang "Ave Maria" and "Panis Angelicus."

Given in marriage by her father, the bride was wearing a white peau de soie gown with a fitted bodice featuring a deep V in the back. The high neckline was draped. Her bouffant skirt formed a chapel length train. A matching headdress secured her veil of silk illusion. She wore wrist - length white kid gloves and carried a cascade bouquet of stephanotis centered with gardenias.

The bride's maid of honor and only attendant was Miss Linda Hill of Bastrop. Her gown was of rose peau de soie, styled with a round neckline and brief cap sleeves. The basque waist was complemented by a full skirt. Her bouquet was designed of pale pink carnations centered with a deeper pink carnation.

The bridegroom s brother, Robert Elioff, was best man. Ushers were Mark F. Hill of Bastrop and Mike Elioff, Jr.

The bride's mother chose for the wedding a mauve lace over taffeta with a matching velvet hat and a pink rosebud corsage.

Mrs. Elioff, the bridegroom's mother was attired in a blue lace over taffeta model with a blue velvet hat. Her corsage was also of pink rosebuds.

A reception followed the ceremony in the Cameo room of the Virginia hotel.

An imported white linen embroidered cloth overlaid the bride's table, centered with a three - tiered wedding cake, embossed in flowers identical to the bride's bouquet. Punch bowls were placed at either end of the table which was decorated with silver candelabras, garlands of gardenias, stephanotis and leather leaf.

Of focal interest on the mantel was a mass arrangement of specimen white chrysanthemums and white tapers.

Statham-Hart Vows Pledged In Central Church

A double ring ceremony at the Central Baptist Church at 7 o'clock Friday evening united Miss Mary Cynthia Hart, daughter of Mr. and Mrs. Otis Duke Hart of this city, and Carl Wilburn Statham, son of Mr. and Mrs. Harry L. Statham, also of Monroe.

The nuptials were performed by the Rev. C. Roger Johnson, before an altar decorated with white gladioli and white tapers entwined in greenery.

Mrs. S. Lawn was organist and accompanied Mrs. Kenneth Smith who sang "Because" and "The Lord's Prayer."

The bride, given in marriage by her father, was wearing a white gown of lace and tulle with a lace peplum and long sleeves. It featured a scalloped neckline. Her waist-length veil was attached to a lace cap. She carried a bouquet of tube-roses centered with a white orchid and mounted on a white Bible.

Mrs. Larry Hall was matron of honor. Her dress was an orchid crystalline over taffeta. She wore a matching headdress and carried a bouquet of orchid asters.

MR. AND MRS. CARL WILBURN STATHAM

Miss Beverly Baxter was bridesmaid. Her dress was also of orchid crystalline over taffeta. Her headdress and bouquet were identical to the matron of honor's.

Larry Hall served the bridegroom as best man. Ushers and groomsmen were Charles Smith, Duke Hart and Charles Williams.

Mrs. Hart chose for her daughter's wedding a blue lace model with a matching feather hat. The bridegroom's mother was wearing a navy blue dress with matching accessories. Both wore pink carnation corsages.

A reception followed the wedding at the home of the bride's parents.

The bride's bouquet centered the table decorated with pink tapers, the wedding cake and punch bowl.

For traveling the bride changed to a brown sheath dress with matching accessories and the orchid from her wedding bouquet.

She is a graduate of Neville High School and attended Northeast State College.

Mr. Statham also graduated from Neville High School and is continuing his studies at Northeast Louisiana State College.

Joyce Barton Is Bride Of Delton Smith

WINNSBORO— In a candlelight ceremony, Miss Joyce Barton, of Gilbert, became the bride of Delton Smith, on Saturday, September 1. The bride is the daughter of Mr. and Mrs. Elmer Barton of Gilbert, and Mr. Smith is the son of Mr. and Mrs. A. B. Smith of this city.

The ceremony was performed by the Rev. Roy E. Proger, at 7 o'clock in the evening in the Monroe Faith Baptist Church. The altar of the church was decorated with greenery with baskets of white gladioli placed on either side of the altar.

Leon Hammons, at the organ, presented pre-nuptial music and also accompanied Miss Ann Barfield, of Mangham, who sang "Because" and "Always."

The bride, given in marriage by her father, wore a ballerina length gown of white lace over white bridal satin. The dress featured a full skirt and the bodice was fashioned with the scooped neckline and was sleeveless. Her fingertip veil of illusion fell from a small satin coronet. She carried a white Bible which held her bridal bouquet of tube roses centered with a white orchid.

The maid of honor, Miss Peggy Barton, sister of the bride, wore a ballerina length dress of pink satin which was designed identical to the one worn by the bride.

Bill Tolar, of Monroe, served the groom as best man. Ushers were Billy Barton, brother of the bride, and B. Pitts.

Lynn Barton and Steve Torry lighted the candles which illuminated the altar.

The bride's mother chose for the wedding, an orchid cotton dress with black accessories. The bridegroom's mother wore a navy printed model with matching accessories. Both wore corsages of white carnations.

A reception was held at the Y. W. C. A. immediately following the wedding. Baskets of white gladioli marked the festive occasion and made an outstanding setting for the reception.

The bride's table was overlaid with a white lace tablecloth and was centered with a floral arrangement of white gladioli. Tall white tapers in crystal candle holders were used on either side of the design.

The wedding cake topped with a miniature bride and bridegroom was three tiered and was served by Mrs. Barbara Rawls. Miss Jean Dean served at the punch service.

For her wedding trip, the bride changed to a pink faille suit with which she wore black accessories. She wore the orchid from her bouquet.

The young couple will reside in Monroe were both are employed.

Miss Worley Is Bride Of Harold Smith

An interesting wedding of the early fall, solemnized Saturday evening, September 1 at 8 p.m., was that of Miss Patricia Ann Worley and Harold Gene Smith. The bride is the daughter of Mr. and Mrs. Astor Bernard Worley, of this city and Mr. Smith is the son of Mrs. C. R. Poindexter, of Monroe and Mr. Doyle Z. Smith, of Shreveport.

The G. E. Touchstone home on North Fifth street was the scene of the ceremony. A profusion of white gladioli and carnations were placed throughout the reception rooms.

Dr. James T. Horton, pastor of the First Baptist church, officiated before an improvised altar decorated with pedestal baskets of white gladioli. Miss Evelyn Duke presented a program of nuptial music and accompanied Mrs. J. Norman Coon, soloist.

The bride, given in marriage by her uncle, Mr. Arlis Sanford, was wearing a gown of white antique taffeta fashioned on princess lines. The sculptured bodice was complemented by a scoop neckline and little cap sleeves. Her shoulder length veil of nylon lace was held in place by a small cap of lace leaves and flowers, centered with seed pearls. She carried a shower bouquet of white carnations mounted on a white Bible, from which knotted satin ribbons fell in a cascade.

Miss Carolyn Worley served her sister as maid of honor. Her dress was of baby blue brocade satin featuring a fitted bodice and voluminous skirt. She carried a nosegay of white carnations surrounded by fluted tulle.

Jerry Thomas served the groom as best man.

A reception followed the ceremony. Mrs. Touchstone received her guests wearing a pink linen frock complemented by a corsage of white carnations. She was assisted by Mrs. Worley, mother of the bride, who was wearing a dress of gray shantung with a corsage of blue chrysanthemums. The groom's mother was dressed in a blue polished cotton with which she wore black accessories and a white carnation corsage.

MR. AND MRS. HAROLD GENE SMITH

Centering the bride's table was an epergne filled with white carnations and centered with tall white tapers entwined with fern, lilies of the valley and white satin ribbons. The tiered wedding cake was at one end of the table and was served by Mrs. Arlis Sanford, aunt of the bride. At the opposite end was the punch bowl presided over by Mrs. Lenora Eshelman. Assisting her were Mrs. H. S. Chilton and Miss Mabel Hood.

Later the young couple left on a wedding trip to the Gulf Coast.

Juanita Branum Weds Dr. Y.U. West

The Norwood Methodist church, of Birmingham, Ala., was setting September 7, for the marriage of Miss Juanita Branum to Dr. Young U. West, Jr.

The bride is the daughter of Mr. and Mrs. Elmer Branum, of Oak Grove, and Dr. West is the son of Mr. and Mrs. Young U. West, of Fowley, Ala.

The Rev. Robert Bugg officiated.

Given in marriage by her father, the bride wore a gown of embroidered tulle fashioned with sweetheart neckline and full tiered skirt which extended into a chapel length train. She carried a prayer book marked with an orchid and white satin streamers.

Mrs. Herbie Rogers, of Oak Grove, was her sister's matron of honor. Bridesmaids were Miss Jane Caperton, Miss Charlotte Bishop, Miss Betty Kag and Miss Caroline Johnson. Their dresses were of light blue crystallette and in their hair, they wore matching velvet headbands and carried bouquets of blue carnations.

James E. West served as his brother's best man. Ushers were William E. Williams, Lattice Bishop, Dr. Charles Alford and Gene Reader.

For her daughter's wedding Mrs. Branum wore a pink lace dress with pink accessories. Mrs. West was dressed in blue lace and both wore withe orchid accessories.

Mr. and Mrs. Branum were hosts at a reception following the ceremony in the church parlors. White chrysanthemums and sprays of magnolia leaves were used for decorations.

After a wedding trip to Florida the couple will be at home in Sumter, Ala. For traveling the bride chose a brown winter cotton suit and harmonizing accessories.

MISS ELIZABETH SUE STUTSON'S betrothal to James Don Baxter, son of Mr. and Mrs. Don Albert Baxter, is announced by her parents, Mr. and Mrs. Harmon Harris Stutson. Both families are of Sicily Island. The wedding will be solemnized on Saturday, October 20, at 5 o'clock in the afternoon in the Sicily Island Baptist Church.

MR. AND MRS. BOBBY RAY COOPER

Home Ceremony Unites Couple

Miss Gloria Mildred McCasland, daughter of Mr. and Mrs. Ben Shelton McCasland, of Oak Grove, became the bride of Bobby Ray Cooper, son of Mr. and Mrs. Robert E. Cooper in a recent ceremony performed by the Reverend E. L. Tatum, pastor of the First Methodist church, in the home of the bride's parents.

Their vows were read before an improvised altar centered with a massive arrangement of white gladioli and white roses.

The bride wore a dress of cocoa silk shantung with matching accessories and carried a white Bible topped with a purple orchid and stephanotis and satin streamers.

Mrs. Robert W. Bains, of Shreveport, was her sister's matron of honor. She was wearing a light blue silk frock and carried a hand bouquet of pink feathered carnations.

J. L. Fisher, of Monroe, was the best man.

Mr. and Mrs. McCasland were hosts at a reception following the ceremony. She chose for her daughter's wedding a biege colored linen dress and a corsage of red rose buds and the bridegroom's mother wore a green printed silk with a corsage of purple asters.

A lace cloth covered the bride's table which was centered with a silver and crystal candelabra holding white tapers. Miss Mary Alice Castleman served the cake and Miss Mary Mosely presided over the punch bowl.

After a short wedding trip, Mr. and Mrs. Cooper are making their home in Bastrop.

Girl Scout News

We've just checked with Jennie Reynolds of Columbia and found that the date of the Fifth District Fine Arts and Crafts fair in Columbia is Saturday, October 6. According to plans it is going to be a gala affair, much like a sidewalk art exhibit, only held under a tent. There will be an art exhibit, a style show, a crafts exhibit and no telling what else. Everybody's invited, of course, and Columbia is so close that there should be a good attendance from our community.

The Scouts figure in this in several ways. First, Troop 99, of which Mrs. Reynolds is leader, is busy helping with preparation, making posters, for one thing, with the assistance of Catherine Martin. Next, they are planning to put their charm school training into pracitce by serving as models for the style show. In addition, the scouts all over the Silver Waters area are invited to exhibit good examples of craft work. Mrs. Leon Noland, Jr., who served as crafts director at Wawbansee, has agreed to collect and arrange articles for exhibit.

Troop leaders and Mrs. Noland will be the judges of whether an article should be exhibited or not. It must meet the Girl Scout standards for arts and crafts. That is, it must be in good taste, must be the girl's own work, throughout, the design must not be copied but must be the girl's own idea. Many of the girls who attended Wawbansee have beautiful examples of enameled copper ash trays, earrings, bracelets, and pendants. Some made baskets that show good work. Some day campers made beautiful leaf prints as part of their work on the tree badge, Troop 65, Farmerville, now starting in senior scouting, is planning to send some aluminum trays, baskets, and small copper trays they have made under direction of Mrs. W. A. Downs, their leader.

New troops in the ready - to - start meeting stage are Troop 2, third - graders at Georgia Tucker, and Troop 12, third-graders at Mitchell. Mrs. Donald Simmons and Mrs. George Rorex will be leaders of the former, Mrs. G. P. Jordan and Mrs. E. R. Cunningham of the latter. This is the time of organization and reorganization, with many lucky troops already meeting with their same leaders. More news next Sunday.

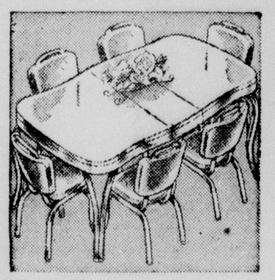

Heat crushed pineapple with fresh mint leaves, then cool. Serve as a sauce for vanilla ice cream.

Add mashed banana to part of the butter frosting you're planning to use for a layer cake; use the banana part for a filling.

MISS ELIZABETH SUE STUTSON'S betrothal to James Don Baxter, son of Mr. and Mrs. Don Albert Baxter, is announced by her parents, Mr. and Mrs. Harmon Harris Stutson. Both families are of Sicily Island. The wedding will be solemnized on Saturday, October 20, at 5 o'clock in the afternoon in the Sicily Island Baptist Church.

MR. AND MRS. BOBBY RAY COOPER

Home Ceremony Unites Couple

Miss Gloria Mildred McCasland, daughter of Mr. and Mrs. Ben Shelton McCasland, of Oak Grove, became the bride of Bobby Ray Cooper, son of Mr. and Mrs. Robert E. Cooper in a recent ceremony performed by the Reverend E. L. Tatum, pastor of the First Methodist church, in the home of the bride's parents.

Their vows were read before an improvised altar centered with a massive arrangement of white gladioli and white roses.

The bride wore a dress of cocoa silk shantung with matching accessories and carried a white Bible topped with a purple orchid and stephanotis and satin streamers.

Mrs. Robert W. Bains, of Shreveport, was her sister's matron of honor. She was wearing a light blue silk frock and carried a hand bouquet of pink feathered carnations.

J. L. Fisher, of Monroe, was the best man.

Mr. and Mrs. McCasland were hosts at a reception following the ceremony. She chose for her daughter's wedding a biege colored linen dress and a corsage of red rose buds and the bridegroom's mother wore a green printed silk with a corsage of purple asters.

A lace cloth covered the bride's table which was centered with a silver and crystal candelabra holding white tapers. Miss Mary Alice Castleman served the cake and Miss Mary Mosely presided over the punch bowl.

After a short wedding trip, Mr. and Mrs. Cooper are making their home in Bastrop.

Girl Scout News

We've just checked with Jennie Reynolds of Columbia and found that the date of the Fifth District Fine Arts and Crafts fair in Columbia is Saturday, October 6. According to plans it is going to be a gala affair, much like a sidewalk art exhibit, only held under a tent. There will be an art exhibit, a style show, a crafts exhibit and no telling what else. Everybody's invited, of course, and Columbia is so close that there should be a good attendance from our community.

The Scouts figure in this in several ways. First, Troop 99, of which Mrs. Reynolds is leader, is busy helping with preparation, making posters, for one thing, with the assistance of Catherine Martin. Next, they are planning to put their charm school training into practice by serving as models for the style show. In addition, the scouts all over the Silver Waters area are invited to exhibit good examples of craft work. Mrs. Leon Noland, Jr., who served as crafts director at Wawbansee, has agreed to collect and arrange articles for exhibit.

Troop leaders and Mrs. Noland will be the judges of whether an article should be exhibited or not. It must meet the Girl Scout standards for arts and crafts. That is, it must be in good taste, must be the girl's own work, throughout, the design must not be copied but must be the girl's own idea. Many of the girls who attended Wawbansee have beautiful examples of enameled copper ash trays, earrings, bracelets, and pendants. Some made baskets that show good work. Some day campers made beautiful leaf prints as part of their work on the tree badge, Troop 65, Farmerville, now starting in senior scouting, is planning to send some aluminum trays, baskets, and small copper trays they have made under direction of Mrs. W. A. Downs, their leader.

New troops in the ready - to - start meeting stage are Troop 2, third - graders at Georgia Tucker, and Troop 12, third-graders at Mitchell. Mrs. Donald Simmons and Mrs. George Rorex will be leaders of the former, Mrs. G. P. Jordan and Mrs. E. R. Cunningham of the latter. This is the time of organization and reorganization, with many lucky troops already meeting with their same leaders. More news next Sunday.

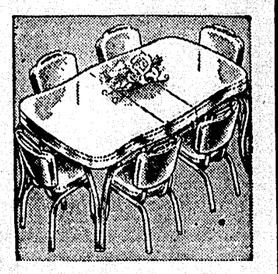

Heat crushed pineapple with fresh mint leaves, then cool. Serve as a sauce for vanilla ice cream.

Add mashed banana to part of the butter frosting you're planning to use for a layer cake; use the banana part for a filling.

MR. AND MRS. THOMAS LAYNE LOLLEY

Lolley-Peters Vows Pledged In Bastrop

The Bethel Baptist Church of Bastrop was the setting on August 26 at four o'clock in the afternoon for the wedding of Miss Katherine June Peters, daughter of Mr. and Mrs. J. B. Naff, of Bastrop, and Thomas Layne Lolley, son of Mr. J. C. Lolley, West Monroe, and Mrs. Jessie Smith, Baltimore, Md. Rev. J. C. Gould officiated in the double - ring service, which was marked with dignity and solemnity.

Baskets of white gladioli stood against a background of fern and palms, interspersed with branched candelabra supporting tall white tapers, to provide the lovely setting.

Miss Shirley Smith played the wedding music, and during her renditions, the tapers were lighted by Misses Louetta and Shelby Jean Chain, who wore gowns of brown antique taffeta, with chaplets of blending flowers in their hair. Also during the concert, the ushers, James Pratt and Robert Lee, seated the guests.

Miss Smith accompanied the soloist, Miss Pat Patterson.

Mrs. Dwain B. Webber was her sister's matron of honor, and wore aqua taffeta with maching headpiece, and carried a bouquet of white mums. Mrs. Nat Little served as bridesmaid and wore a gown fashioned identical to that worn by the matron of honor, in apple green, with matching bandeau, and carried the same white flowers.

Given in marriage by her father, the bride wore a wedding gown of white lace over satin. The bodice featured cap sleeves and a portrait neckline edged in seed pearls, and the ankle - length skirt was extremely full. Her veil of illusion was attached to a cap of the lace and fell to finger-tip length. The white Bible which she carried was topped with a white orchid surrounded with stephanotis and tuberoses.

The mother of the bride chose rose lace with white accents and a corsage of white mums while the mother of the bridegroom was attired in pink crystalline, with pink accessories and a corsage of the same white flowers.

A reception was held in the church parlors, when the bride and groom and wedding attendants stood to receive the guests.

The bride's table, overlaid with lace, was centrally adorned with white mums, with the tiered wedding confection and the punch service placed at either end.

After the bride and groom had cut the first slices, Mrs. J. C. Lolley served the guests. Mrs. Norwood Carson, the bride's aunt, presided at the punch service, and Mrs. N. B. Pratt registered the guests in the bride's book.

Tea girls were Misses Sara Dyson and Mary Burgess, and others assisting in the serving courtesies were Mrs. George Albright, Mrs. Earl Brown and Mrs. Dewey Brown.

The bride attended Louisiana Tech and Northeastern, and the bridegroom graduated from Northeast College. They will be located temporarily on Mill street.

Mr. James Carroll Lolley, Baltimore, Md., served his brother as best man.

Out-of-town guests from Monroe were Mr. and Mrs. I. V. Tidwell, Miss Mildred Walker, Mrs. Leon Neal, Mr. and Mrs. Vernon Whitlock and sons, Mr. and Mrs. A. R. DeLand, Mr. and Mrs. David Smith and family, Mr. and Mrs. Donnie Murphy, Howard Williams, Miss Sara Dyson, Bobby Lee, Mr. and Mrs. J. C. Lolley, Mr. and Mrs. R. T. Lolley, Miss Fannie Lolley, Miss Alma Pilgreen, Mrs. Mary Pilgreen, Mrs. E. B. Jackson, Mrs. E. Stringfield, Mrs. Thelma Corley, Mrs. H. H. Foster;

And Mr. and Mrs. Harry Naff and family of Ruston; Miss Penny Dchraber, Shreveport; Mr. and Mrs. Nat Little, and son, Wichita, Kansas; Mrs. Jesse Smith, James Carroll Lolley of Baltimore, Md.; Mrs. Ira Smith, Berwick, Pa.; Mrs. Dewayne Webber and daughter, Ft. Smith, Ark.; Mr. and Mrs. Jack Bllott and Tommy Courson, Hamburg, Ark.; Miss Craig Lolley, Miss Pat Lolley, Mrs. Ollie V. Lolley of West Monroe.

Cool Days Call For Hot Breads

FOOD PREPARATION LEADERS TRAINING

Since cool weather usually is an incentive for the homemaker to serve her family different kinds of hot breads, and the food preparation leaders of the twenty- three demonstration clubs will receive training in making a variety of breads. This leader training meeting will be held in the kitchen of the Agricultural Building, West Monroe, September 25th at 9:30 a.m, Mrs. Irene Turner, Food Nutrition Specialist of L. S. U. extension Service, will be in charge of the instructions. Each club president is requested to contact and be sure her club has a leader in attendance. This leader is responsible for the demonstration in her club in October or November.

Individuals interested are invited to visit the Home Demonstration Club nearest her for this training and to get the recipes available. It has been said bread is the staff of life — let's provide our families with delicious breads.

Fertilizing Daffodils6

Caution is needed in fertilizing daffodils according to bulletin No. 500, "Daffodils for the Yard". This is because it has been found that available nitrogen intensifies the damage from basal rot, a very serious disease in growing daffodils. There has not been, as yet, any fertilizer experimental work at research station, but it is believed, however, that many bulbs have been lost from basal rot because of excessive use of fertilizer. This bulletin, also, states that if there is a place for the use of bone meal in a garden, it should be used when fertilizing daffodils. It contains little nitrogen and what is present is in the organic form and slowly available to the plants. Bone meal contains no potash and the addition of potash may often be helpful. Well decomposed manure should also be beneficial.

If a fertilizer such as 8-8-8 which is not low in nitrogen, is used it should be applied at the rate of about 1 pound per 100 feet row. It should be mixed with the soil.

Tips On Sewing With Corduroy

You can sew corduroy as easily as any cotton fabric, if you first pay attention to a few basic rules. First, to straighten corduroy ends, snip the selvage, tear across. You can't pull a thread on corduroy. Remember that corduroy has a nap, and the direction of the nap affects the fabric color. When the nap runs up, the color tone is darker — when the nap runs down, it's lighter. To avoid a two-tone look in your garment, place all pattern pieces so that the nap runs in the same direction. Pin and cut with nap running up for a richer effect. Cut extra large notches on high pile corduroys that ravel easily. When sewing wide wale corduroy the ribs should be matched, like stripes. To machine stitch corduroy, you may have to loosen the tension slightly. On heavy or high pile fabrics, use a longer stitch (about 10 to an inch) and less pressure on the presser foot. On corduroys that ravel, encase the edge in seam with tape or binding. On tightly woven corduroys, stitch ¼ inch from edge then pink. Use seam tape for hem finish. Cotton tape keeps the garment washable. If gathering corduroy, do it by hand with two rows of stitches ¼ inch long and ¼ inch apart. Press corduroy lightly on wrong side. Place a heavy terry towel between pile side and ironing board. Press with a steam iron.

Uninvited Guest Take Over Home In Your Absence

You might have found that while you were on vacation those uninvited guests — roaches — had been in your home. If you have yet to take your vacation, prepare your defense against roaches before you leave. Two ways to control the menace of roaches are clean surroundings and an insecticidal dust or spray. An extra - thorough cleaning of the kitchen will help remove the attraction of roaches. Two chemicals that will help you control roaches are chlordane and malathion. When you use chlordane, use a two per cent spray. The chlordane powder in a five per cent mixture is effective against roaches. When you use a powder, be sure it cannot be reached by children or pets. The entomologists with the agricultural extension service at LSU, say that malathion, one of the newer chemicals approved in Louisiana for use against roaches, is good for spot treatment. A three per cent concentration of malathion is effective. Spray it in hiding places, around entrances for water pipes and drain pipes, along baseboards, and where roaches may hide and lay eggs.

Metal foil pans saved from frozen pies can be handy and attractive underneath your flower pots.

BACK TO SCHOOL - 6

A Junior Safety Patrol

Trusted older pupils are often chosen to act as Junior Safety Patrols in districts where busy streets must be crossed going to or from school.

The patrols direct lines up and down stairs and out of the front door, and they see that traffic rules are not forgotten when the pupils cross the road.

Here is Billy acting as a Junior Safety Patrol. He has a white belt with a white Sam Brown strap across his blouse. Sally and Joan are waiting for him to say "Go".

Use your crayons to color this picture, and paste it down on cardboard. Make the "Stop" panel red and the "Go" panel green. Cut out the picture along the heavy outline and fold forward on the dotted line down the middle, so the picture will stand. Cut out the "Go" panel, and cut the slits marked in the traffic sign, and then you can practice traffic control by changing the signs.

This is the last of six pictures centered on school life past and present.

Bud Ryan Named Head Of Louisiana Forestry Assoc.

ALEXANDRIA, La. — UP — B. A. (Bud) Ryan, division forester for the International Paper Co. at Springhill, is the new president of the Louisiana Forestry Association.

He was elected at the group's annual one-day meeting held here yesterday.

The main banquet speaker last night, Boyce Holloman, district attorney of Wiggins, Miss., said the "impact of the Southern forest fire prevention conference held recently in New Orleans is already being felt in the courtrooms of the South."

The conference recommended stricter enforcement of arson and forest fire prevention laws.

Association members during the day also heard talks on water and labor problems.

Other new officers include W. E. Dietrich, Minden, first vice-president; W. E. Parks, Newellton, second vice - president; W. M. Palmer Jr., Natchitoches, third vice-president, and W.T. Hardtner Jr., Shreveport, treasurer.

Holloman said Louisiana could have more than a half billion dollars a year added to its economy if forests were fully productive. He said, "We are only producing 40 per cent of the potential timber crop."

J. Sidney Gonsoulin, New Orleans labor relations consultant, predicted the small operator can expect "a more intensive enforcement activity by the government on wage and hour compliance in the future."

G. L. Smith, Cities Service and water engineer from Lake Charles, said some of the best water bearing sands in the nation are in Southwest Louisiana.

Also elected yesterday was a new 10-man executive committee made up of Frank W. Bennett, Baton Rouge; M. H. Collet, Monroe; F. Hugh Coughlin, Alexandria; R. H. Crosby Jr., DeRidder; L. C. Ewing, Jonesboro; Paul M. Garrison, Bogalusa; R. E. Krause, Lake Charles; N. W. Sentell, Hodge; H. D. Burkhalter, Ruston, and C. H. Jester, Shreveport.

Smith warned that the water table has dropped tremendously in the past few years.

"Wells in the Lake Charles area which once flowed by natural artesian pressure," he said, "now have to be pumped for more than 100 feet below the land surface." He said the decline was due to industrial, municipal and agricultural growth in the area.

Smith was one of three speakers on the morning program devoted to water resources.

Past And Present

By MARIE T. KENT

Fred M. Culver of Monroe, was appointed to serve for the remainder of the year, as vice president of the Louisiana State Genealogical and Historical Society, at the state meeting which was held Saturday, September 8 at the Cabildo, New Orleans, La. The former vice president has moved from the state. Mr. Culver is a charter member and holds the office of treasurer of the Ouachita Genealogical and Historical Society which was organized in May of this year.

At the recent meeting of the state society the Ouachita group was accepted as a chapter and our charter has been closed. The members added to our charter last week are Miss Geraldine Bryant, and Mrs. Helen Jo Copeland of Monroe. This brings the membership of the Ouachita group to 41 and the state membership to 282.

The purpose of this society is to collect, preserve and make available for the use of its members, geneaolgical and historical materials; to assist its members in tracing their genealogy; to ascertain the location of public and private records, that they may be available to students of genealogy; and to aid in investigation of this nature by combining the efforts and resources of its members; to make the public aware of the colorful and historical background of our area, and to occasionally publish historical and genealogical matter.

One of the projects of this society is to give to Monroe a much needed museum. We have made great progress as you may have noted from the preceeding articles which have appeared in the column weekly.

Last week we promised to describe an 85-year-old dress skirt and an old candle holder. There are donations made by Mr. and Mrs. J. P. Ward and Mr. Howard Edwards of Monroe, who descend from a pioneer family who settled near where Farmerville is now located, back during the days when Louisiana was a "token to the Spanish crown."

The exact age of the candle holder or date that it entered the family is unknown. It dates back to the seventeen hundreds and at that time was very stylish and also a very necessary item in all households. The rim around the holder was used to catch the drippings which were saved to remold into more candles which were made at home. The candle holder became the property of the Speigler family as a gift from a relative in the late seventeen hundreds to be handed down to Susan Sessions who was born in 1830. Susan Sessions left it to her daughter, Sarah Ann, who was born 1856. At the death of Sara Ann, it became the property of her son J. P. Ward, the donor.

The skirt is a part of a two piece dress that was made in 1872 by Fannie Hollis for Sarah Ann Ward on her 16th birthday. Each stitch that went into the yards of material used in the skirt was made by hand and is so fine that only after looking very closely can be distinguished from close machine sewing. The ruffles on the skirt are cut on the bias of the material instead of being gathered for fullness. The skirt was worn over six to eight petticoats and a hoop. The skirt is floor length with a knee length overskirt which was pulled up by loops at both sides to give a bustle effect.

There were several donations made this week but due to lack of space we are unable to list them. We plan to do so next week. Make your donations by calling Mrs. Tynes, 2-6476, Mrs. Milling, 3-2481 or write Museum Box 573, Monroe.

The next regular meeting of the Ouachita Genealogical and Historical Society will be held at the Ouachita Parish court house Saturday, September 22, at 2 p.m. Guests are welcome.

FORT RICHARDSON, Alaska — Pfc. Lee R. Barnett, 22, son of Mr. and Mrs. Toby Barnett, Route 1, Jones, La., recently arrived in Alaska from Fort Lewis, Wash., as part of Operation Gyroscope, the army's unit rotation plan.

Barnett is a member of the 2d infantry division, which is changing stations with the 71st infantry divison.

A transportaton specialist in heavy mortar company of the division's 23d regiment, he entered the army in December 1955 and completed basic training at Fort Chaffee, Ark. He is a 1952 graduate of Bonita High School.

the Woman who Cares

Many people make a conscientious effort at being well groomed. But for the ones afflicted with unsightly and unnecessary hair growth on the face, arms, legs, underneath the arms and etc., good grooming is hopeless. But today men of Science and Medicine have devised and perfected an absolutely harmless, yet permanently effective method (administered by trained specialists) to remove hair. Remember, the initial fact is not a disgrace; but to let it go uncorrected is unforgiveable. Call for a complimentary demonstration, Monday, September 17th. Phone 7471.

Dignitaries Of Methodism In Receipt Honors

LAKE JUNALUSKA, N. C. Special) — In the midst of many colored academic ceremonies, honorary degrees were passed out that past week here to 15 Methodist dignitaries from overseas by 13 colleges and universities.

Presidents or representatives of the various institutions were in attendance to bestow honors on the closing day of the ninth World Methodist conference.

It represented 40 Methodist communions in countries around the world.

Bishop Fred Pierce Corson of Philadelphia, president of the board of trustees of Temple University, acted as chancellor of the ceremonies held in a lakeside auditorium here at this Methodist retreat.

Institutions conferred the degrees, officials presenting them and the recipients included:

Southern Methodist University, Dallas: doctor of laws conferred by President Willis Tate on the Rev. William Edwin Sangster, of London, England, general secretary, home missions department, Methodist Church in Great Britain.

Centenary College, Shreveport, La.: doctor of laws conferred by Bishop Paul E. Martin, Little Rock, Ark., president of the board of trustees, on the Rev. Ernest Benson Perkins, Birmingham, England, secretary World Methodist Council and Arthur Robert Hill, Suffolk, England, senior surgeon consultant.

The Methodists hailed science and the arts, once shunned as the devil's domain, as offering Christians opportunities of "a kind undreamt of by previous generations."

REV. C. E. DOUGLAS

Rev. W. D. Boddie To Attend Work Shop In Alex

Reverend W. D. Bobbie, pastor of the Rayville Methodist Church, will attend a Workshop on Emphasis on the Local Church called by Bishop Paul E. Martin to meet on Wednesday September 19 at the First Methodist Church in Alexandria at 9:30 a.m.

Bishop Martin has also called a meeting of the Commission on Emphasis on Higher Education to which he has named Mr. Boddie. This meeting will be held the same afternoon at 2:30.

These meetings have been set to inaugurate plans for the 1956-1960 Quadrennium of The Methodist Church. The 1956 General Conference of The Methodist Church called for a two-fold emphasis in the areas of the local church and higher education.

Mrs. Wyker, Rated Near Church Top Ranks, Guest Here

Women of all denominations in Monroe and adjacent areas will be privileged to hear Mrs. James D. Wyker, of Mt. Vernon, Ohio, at the First Presbyterian Church Tuesday, Sept. 18 at 10 a. m.

Mrs. Wyker is an outstanding speaker and "The Christian Century" rates her as one of six Protestant women who have contributed the most to American church life today.

She is past president of the National Council of Churches and also served as chairman of the World Day of Prayer.

The First Presbyterian Church feels highly fortunate in having this prominent leader in our community and urges women of all faiths to come to hear her address.

The meeting starts at 10 a. m. and ends in a covered dish luncheon at noon.

American motor truck builders now produce more than one million units per year—approximately half of the world's annual output.

Bible Words for Today

PROVERBS 21:2—"Every way of a man is right in his own eyes, but the Lord weighs the heart." (RSV)

* * *

This verse from Proverbs has implications for us in regard to temperance.

The problem with alcohol is that its results are not immediate except in large doses. For many years a person may use it with little apparent difficulty. He therefore assumes that all the talk about moderate drinking as a great evil is gross exaggeration. He also assumes that since it apparently does not harm him, it harms no one else.

The Christian is a person who is sensitive to the direct and indirect effect of his acts. The answer seems to me to be found in the second part of the Scripture quoted, "...the Lord weighs the heart." If we do not think through ultimate results, drink will seem a right way in our own eyes. But if God weighs our hearts our compassion reaches beyond selfish indulgence to Christian concern.

Rev. C. Douglas Establishing W. Side Church

Rev. Charles E. Douglas, from Parsons, Kans., has come with his wife to West Monroe for the purpose of establishing a new church organization. It will be at 1008 North Fourth Street, in West Monroe.

The church building was purchased from an outlying Methodist congregation and removed to the present site. It will serve the purpose of the new organization until funds permit the erection of a brick edifice on the site.

Name of the new organization is the Baptismal Fire Holiness Church which he says follows out the original ideals of Wesley.

There will be services as follows: Sunday school at 10 a.m. and preaching at 11 a.m. The Sunday night service is to be at 7:30 p.m. and prayer service is set for Wednesday at 7:30 p.m.

Reverend Douglas comes to the Twin Cities from Parsons, Kans. He was pastor of a similar church there for ten years. He has a son, now 16 years old, who is enrolled in a church school at Independence, Kans. Later on he will probably come here with his parents.

Guest Speaker, Marvin Stone, At Cleft Rock Today

Rev. Marvin Stone, pastor of Melbourne Baptist church at Transylvania, La., who is a former native of this city and former pastor of churches in this association, will be guest speaker at the Cleft Rock Baptist church Sunday for both services.

The pastor, who is unable to speak due to a recent operation, wishes to thank the members of the church for their faithfulness and to those who filled his pulpit, especially Brother Ezra Murphy, and extends a hearty invitation to the many friends of Reverend Stone to come and hear him at both services Sunday.

This church is located on the Winnsboro road.

Guest Pastors Will Fill Pulpit At Sterlington

The Sterlington Methodist church will have two visiting preachers to hold both services Sunday, September 16. Rev. E. W. Corley, who is superannuated and is living in West Monroe, will preach at the morning service. Dr. Ben R. Oliphint, pastor of St. Paul's Methodist church, will preach at the evening service.

Rev. W. M. Allen, pastor of the Sterlington Methodist church, has been ill for two weeks but is improving nicely and expects to return to his pulpit Sunday September 23.

Tech To Have Planning Meets, Vespers Sunday

RUSTON, Sept. 15 (Special) Dormitories at Louisiana Tech will be open for freshman boys and girls at 1 p.m. Sunday preparatory to the opening of the fall semester.

A planning meeting with advisers to beginning men students is scheduled for 3 p.m. Sunday in the office of S. X. Lewis, dean of men. A similar meeting for coed advisers was conducted in Howard Auditorium Saturday night by Miss Martha Condra, dean of women.

Sunday's program at Tech will include a vesper service in the auditorium at 6:45 p.m. Presiding will be E. Carl Jones, of the economics department, who is chairman of religious activities at the college. The featured speaker will be Dr. J. B. Wilson, dean of the School of Arts and Sciences. Louise Humble, an education major, will lead the song service.

Among those to be introduced at the vesper service will be Sam Sanford, director of the Baptist Student Union at Tech; Rev. Joseph N. Cathcart, director of the Canterberry Club; Miss Anna Kribbs, representing the Newman Club; Miss Pearlye Maye Kelley, director of the Wesley Foundation; Mrs. D. L. O'Neal, director of the Westminster Fellowship.

The four mission study books for the year 1956-1957 will be reviewed. All the women of the Woman's Society and the Wesleyan Service Guild are urged to attend. Those going are asked to contact Mrs. W. L. Haley.

MY ANSWER by Billy Graham

QUESTION: What advantage has one denomination over another? I am puzzled by the apparent competition between the churches in my town. S. A. B.

ANSWER: The things which almost all evangelical denominations have in common are far greater than their differences. For instance, all evangelical churches believe in God as the heavenly Father, the sovereign ruler of the universe. They also believe in Jesus Christ as His eternal Son whom He sent into this world to redeem mankind from their sins. They also believe in the Holy Spirit as the Third Person of the trinity, the one who has come into this world to woo men to Christ and to live in their hearts. You will find that all evangelical denominations believe that man is a sinful creature, in need of a Saviour. They believe that man's place in eternity is determined by what he does about accepting or rejecting Christ; that either he will live forever with Christ in a place He called heaven, or, that he will spend eternity separated from Him in a place He called hell. There are many other matters of doctrine on which all evangelical churches agree. The differences are far less important. It may be that the "competition" to which you refer is not that, but an honest effort to reach people with the Gospel message. Different churches appeal to different types of individuals and it has always been that way. The important thing for you, as for all of us, is to believe in Jesus Christ as the Son of God and as your Saviour from sin.

Circus To Perform At Legion Park In Lake Providence

LAKE PROVIDENCE, Sept. 15 (Special) — The famous wild animal show of Al G. Kelly and Miller Brothers Circus, will perform in Lake Providence on October 2 at the American Legion Ball Park, under the auspices of Powell-Martin-Barrett Post No. 37, the American Legion.

Two performances are scheduled for the one-day engagement, one in the afternoon and another at night. This circus is said to be second in size to Ringling Brothers and will be the first big circus to show in Lake Providence for four years.

The show has a herd of 21 elephants, in addition to more than 200 other animals, tropical birds, reptiles, etc., which will delight the youngsters.

The proceeds from the circus will be used by the local Legion post to further its community activities.

CHRISTIAN SCIENCE

FIRST CHURCH OF CHRIST, SCIENTIST
No. 2nd at Auburn
"Matter" is the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, September 16, 1956.
The golden text is: "There shall no strange god be in thee; neither shalt thou worship any strange god. I am the Lord thy God, which brought thee out of the land of Egypt" (Ps. 81:9, 10).
Among the citations which comprise the lesson - sermon is the following from the Bible: "Be still, and know that I am God: I will be exalted among the heathen, I will be exalted in the earth" (Ps. 46:10)
The lesson - sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: ' 'He uttered His voice, the earth melted.' This Scripture indicates that all matter will disappear before the supremacy of Spirit." (97.)

Dignitaries Of Methodism In Receipt Honors

LAKE JUNALUSKA, N. C. Special) — In the midst of many colored academic ceremonies, honorary degrees were passed out that past week here to 15 Methodist dignitaries from overseas by 13 colleges and universities.

Presidents or representatives of the various institutions were in attendance to bestow honors on the closing day of the ninth World Methodist conference.

It represented 40 Methodist communions in countries around the world.

Bishop Fred Pierce Corson of Philadelphia, president of the board of trustees of Temple University, acted as chancellor of the ceremonies held in a lakeside auditorium here at this Methodist retreat.

Institutions conferred the degrees, officials presenting them and the recipients included:

Southern Methodist University, Dallas: doctor of laws conferred by President Willis Tate on the Rev. William Edwin Sangster, of London, England, general secretary, home missions department, Methodist Church in Great Britain.

Centenary College, Shreveport, La.: doctor of laws conferred by Bishop Paul E. Martin, Little Rock, Ark., president of the board of trustees, on the Rev. Ernest Benson Perkins, Birmingham, England, secretary World Methodist Council and Arthur Robert Hill, Suffolk, England, senior surgeon consultant.

The Methodists hailed science and the arts, once shunned as the devil's domain, as offering Christians opportunities of "a kind undreamt of by previous generations."

Mrs. Wyker, Rated Near Church Top Ranks, Guest Here

Women of all denominations in Monroe and adjacent areas will be privileged to hear Mrs. James D. Wyker, of Mt. Vernon, Ohio, at the First Presbyterian Church Tuesday, Sept. 18 at 10 a. m.

Mrs. Wyker is an outstanding speaker and "The Christian Century" rates her as one of six Protestant women who have contributed the most to American church life today.

She is past president of the National Council of Churches and also served as chairman of the World Day of Prayer.

The First Presbyterian Church feels highly fortunate in having this prominent leader in our community and urges women of all faiths to come to hear her address.

The meeting starts at 10 a. m. and ends in a covered dish luncheon at noon.

American motor truck builders now produce more than one million units per year—approximately half of the world's annual output.

Rev. W. D. Boddie To Attend Work Shop In Alex

Reverend W. D. Bobbie, pastor of the Rayville Methodist Church, will attend a Workshop on Emphasis on the Local Church called by Bishop Paul E. Martin to meet on Wednesday September 19 at the First Methodist Church in Alexandria at 9:30 a.m.

Bishop Martin has also called a meeting of the Commission on Emphasis on Higher Education to which he has named Mr. Boddie. This meeting will be held the same afternoon at 2:30.

These meetings have been set to inaugurate plans for the 1956-1960 Quadrennium of The Methodist Church. The 1956 General Conference of The Methodist Church called for a two-fold emphasis in the areas of the local church and higher education.

Bible Words for Today

PROVERBS 21:2—"Every way of a man is right in his own eyes, but the Lord weighs the heart." (RSV)

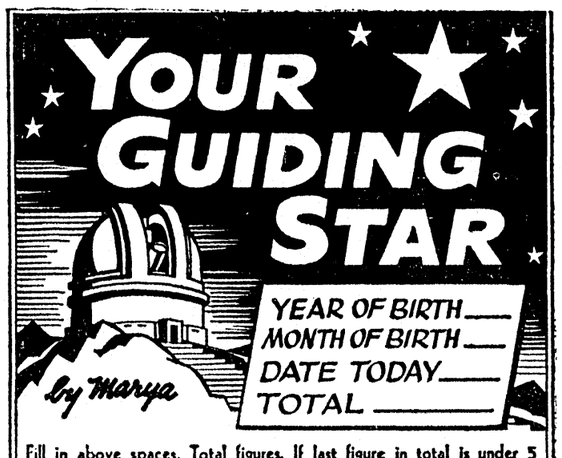

* * *

This verse from Proverbs has implications for us in regard to temperance.

The problem with alcohol is that its results are not immediate except in large doses. For many years a person may use it with little apparent difficulty. He therefore assumes that all the talk about moderate drinking as a great evil is gross exaggeration. He also assumes that since it apparently does not harm him, it harms no one else.

The Christian is a person who is sensitive to the direct and indirect effect of his acts. The answer seems to me to be found in the second part of the Scripture quoted, "...the Lord weighs the heart." If we do not think through ultimate results, drink will seem a right way in our own eyes. But if God weighs our hearts our compassion reaches beyond selfish indulgence to Christian concern.

Rev. C. Douglas Establishing W. Side Church

Rev. Charles E. Douglas, from Parsons, Kans., has come with his wife to West Monroe for the purpose of establishing a new church organization. It will be at 1008 North Fourth Street, in West Monroe.

The church building was purchased from an outlying Methodist congregation and removed to the present site. It will serve the purpose of the new organization until funds permit the erection of a brick edifice on the site.

Name of the new organization is the Baptismal Fire Holiness Church which he says follows out the original ideals of Wesley.

There will be services as follows: Sunday school at 10 a.m. and preaching at 11 a.m. The Sunday night service is to be at 7:30 p.m. and prayer service is set for Wednesday at 7:30 p.m.

Reverend Douglas comes to the Twin Cities from Parsons, Kans. He was pastor of a similar church there for ten years. He has a son, now 16 years old, who is enrolled in a church school at Independence, Kans. Later on he will probably come here with his parents.

Guest Speaker, Marvin Stone, At Cleft Rock Today

Rev. Marvin Stone, pastor of Melbourne Baptist church at Transylvania, La., who is a former native of this city and former pastor of churches in this association, will be guest speaker at the Cleft Rock Baptist church Sunday for both services.

The pastor, who is unable to speak due to a recent operation, wishes to thank the members of the church for their faithfulness and to those who filled his pulpit, especially Brother Ezra Murphy, and extends a hearty invitation to the many friends of Reverend Stone to come and hear him at both services Sunday.

This church is located on the Winnsboro road.

Guest Pastors Will Fill Pulpit At Sterlington

The Sterlington Methodist church will have two visiting preachers to hold both services Sunday, September 16. Rev. E. W. Corley, who is superannuated and is living in West Monroe, will preach at the morning service. Dr. Ben R. Oliphint, pastor of St. Paul's Methodist church, will preach at the evening service.

Rev. W. M. Allen, pastor of the Sterlington Methodist church, has been ill for two weeks but is improving nicely and expects to return to his pulpit Sunday September 23.

Tech To Have Planning Meets, Vespers Sunday

RUSTON, Sept. 15 (Special) Dormitories at Louisiana Tech will be open for freshman boys and girls at 1 p.m. Sunday preparatory to the opening of the fall semester.

A planning meeting with advisers to beginning men students is scheduled for 3 p.m. Sunday in the office of S. X. Lewis, dean of men. A similar meeting for coed advisers was conducted in Howard Auditorium Saturday night by Miss Martha Condra, dean of women.

Sunday's program at Tech will include a vesper service in the auditorium at 6:45 p.m. Presiding will be E. Carl Jones, of the economics department, who is chairman of religious activities at the college. The featured speaker will be Dr. J. B. Wilson, dean of the School of Arts and Sciences. Louise Humble, an education major, will lead the song service.

Among those to be introduced at the vesper service will be Sam Sanford, director of the Baptist Student Union at Tech; Rev. Joseph N. Cathcart, director of the Canterberry Club; Miss Anna Kribbs, representing the Newman Club; Miss Pearlye Maye Kelley, director of the Wesley Foundation; Mrs. D. L. O'Neal, director of the Westminster Fellowship.

Rev. Guthrie Dean, Church of Christ; Rev. B. R Smith, Church of the Nazarene; Mrs. Marjorie McCleary, Christian Science Society; Rev. Frederick J. Davey, Church of God, and Rev. Roy L. Baker, Assembly of God. Miss Sallie Robinson, guidance counselor at the college, will give the benediction.

Monday's activities will open with a freshman convocation in Howard Auditorium at 8 a.m.

BATON ROUGE (AP) — Funeral services were held today for Mrs. Allyn Junod, 60, wife of Assistant State Treasurer Achille Junod.

Mrs. Junod died at her home Thursday night. In addition to her husband, she is survived by a daughter, Mrs. Joel F. Fisher Jr., and a brother, Kenton J. Cross, both of Shreveport.

The Bedouin of the deserts give water to each other and to travelers, not as a gift but as a sacred duty, the National Geographic Society says.

Retiring Bishop To Preach Final Sermon Sunday

The Rt. Rev. R. Bland Mitchell, D. D., bishop of Arkansas, will preach the sermon at St. Marks Episcopal Church Sunday morning at 11:00 o'clock. This will be Bishop Mitchell's last appearance in Crossett before his retirement October 5th.

That date will mark the anniversary of his consecration as bishop of Arkansas, and will mark 18 years of service in the diocese. He consecrated St. Marks Church and preached the first sermon in the church six years ago and Saturday will perform the first marriage ceremony for the little Episcopal church, when he officiates at the marriage of Miss Nancy Carolyne Hair and Ens. Terrance Norman Taugner.

Methodist Men In Rayville To Have Supper Program

The Methodist Men of the First Church in Rayville will meet in monthly session on Wednesday, September 19, at 7:00 p.m. for their supper meeting. All men are invited to be present.

There will be a joint meeting of Circles I and II of the W. S. C. S. at 11:30 a.m. September 17. The circles will have a covered dish luncheon followed by the program and business meeting of the month. Circle II will be hostess and Mrs. Phil Beggs will be program leader.

The annual Woman's Society Missionary Seminar will be held at the Memorial Methodist Church in Monroe at 9:30 a.m. on Thursday, September 20. The four mission study books for the year 1956-1957 will be reviewed. All the women of the Woman's Society and the Wesleyan Service Guild are urged to attend. Those going are asked to contact Mrs. W. L. Haley.

MY ANSWER by Billy Graham

QUESTION: What advantage has one denomination over another? I am puzzled by the apparent competition between the churches in my town. S. A. B.

ANSWER: The things which almost all evangelical denominations have in common are far greater than their differences. For instance, all evangelical churches believe in God as the heavenly Father, the sovereign ruler of the universe. They also believe in Jesus Christ as His eternal Son whom He sent into this world to redeem mankind from their sins. They also believe in the Holy Spirit as the Third Person of the trinity, the one who has come into this world to woo men to Christ and to live in their hearts. You will find that all evangelical denominations believe that man is a sinful creature, in need of a Saviour. They believe that man's place in eternity is determined by what he does about accepting or rejecting Christ; that either he will live forever with Christ in a place He called heaven, or, that he will spend eternity separated from Him in a place He called hell. There are many other matters of doctrine on which all evangelical churches agree. The differences are far less important. It may be that the "competition" to which you refer is not that, but an honest effort to reach people with the Gospel message. Different churches appeal to different types of individuals and it has always been that way. The important thing for you, as for all of us, is to believe in Jesus Christ as the Son of God and as your Saviour from sin.

Circus To Perform At Legion Park In Lake Providence

LAKE PROVIDENCE, Sept. 15 (Special) — The famous wild animal show of Al G. Kelly and Miller Brothers Circus, will perform in Lake Providence on October 2 at the American Legion Ball Park, under the auspices of Powell-Martin-Barrett Post No. 37, the American Legion.

Two performances are scheduled for the one-day engagement, one in the afternoon and another at night. This circus is said to be second in size to Ringling Brothers and will be the first big circus to show in Lake Providence for four years.

The show has a herd of 21 elephants, in addition to more than 200 other animals, tropical birds, reptiles, etc., which will delight the youngsters.

The proceeds from the circus will be used by the local Legion post to further its community activities.

CHRISTIAN SCIENCE

FIRST CHURCH OF CHRIST, SCIENTIST
No. 2nd at Auburn
"Matter" is the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, September 16, 1956.
The golden text is: "There shall no strange god be in thee; neither shalt thou worship any strange god. I am the Lord thy God, which brought thee out of the land of Egypt" (Ps. 81:9, 10).
Among the citations which comprise the lesson - sermon is the following from the Bible: "Be still, and know that I am God: I will be exalted among the heathen, I will be exalted in the earth" (Ps. 46:10)
The lesson - sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: ' 'He uttered His voice, the earth melted.' This Scripture indicates that all matter will disappear before the supremacy of Spirit." (97.)

Floral Artist To Visit Area Soon

A rare opportunity is in store for those flower lovers interested in flower arranging. Gregory Conway, nationally known flower arranger, author and artist, will be a guest in Ouachita parish this month. This gentleman is often referred to as America's foremost floral artist.

Mr. Conway comes to this area as a guest of the Monroe Garden Club. There will be a fee charged for each demonstration and class. For details call Mary Margaret Jardine, telephone number 5-1441. His program is as follows:

September 24, 10:30 a. m until 1:00 noon Autumn Festival; 2:00 p. m. until 2:30 p. m. — Holiday Arrangements.

September 25, 10:00 a. m. until 1:00 p. m. — Beginners' Clinic; 2:00 p.m. until 5:00 p. m. — Advanced Clinic.

A special invitation is extended to all women in north Louisiana.

In The Garden

Except in the very severest of our winters, pansies will give a succession of blooms for several months, especially if they are kept watered and fertilized. Even if we do have a freeze and they are damaged, they are not likely to be killed after the thaw — they generally come back and before long start producing flowers again. Later on in early winter you'll be able to buy pansy plants, which is better than trying to grow them from seed. Have the soil well pulverized to be ready when the plants are on the market

There are calendulas that are easily grown from seeds and should give no special problem. The seed can be planted in October. Often I've planted in that month and have had flowers for the house during Christmas week.

Sweet alyssum is another plant that withstands cold nicely. These seed can be purchased in white, blue or purple. The little plant makes a lovely ground cover and often this has bloomed in my garden all winter. Severe colds do not kill the plants — only the blooms.

If you're planning for early spring blooming sweet peas, it's time to get the seed in the ground now. This is another plant that takes the cold well.

We're having a fall drouth. Watch all plants especially azaleas, camellias, and susanquas. Buds are set now and if the roots don't get enough water to keep them moist, you'll have bud drop. Remember the soaking — not the sprinkling.

Get your winter grass seed if you're planning to plant this winter green. If you get the seed out early, you'll enjoy your green lawn over a longer period of time.

While there's not so much to do in the garden, why not do some St. Augustine sprigging? I'm sure the neighbors will give you their excess and there's always an excess if you have a well established lawn of St. Augustine. Keep the sprigs damp until they take root. By that time the rains will be here After all, the cotton farmers don't need a rain and we have to want what they want.

Food In The News

A new crop of sweet potatoes is here, plump golden goodness — a stick - to - the - ribs vegetable or a wonderful cold weather dessert. The quality in the markets is fair to good, the price is reasonable, though not as low as last year's price at this time. The supply is expected to be about one-fourth below the large crop of last year. Price tags will be lower when more potatoes are harvested.

This vegetable is either shipped as an early crop or cured and stored for winter use. The present new crop of potatoes has more delicate skins and bruise very easily. They are not good "keepers," so buy in small quantitis. The potatoes you'll buy later on will be kiln dried and many will be waxed. This wax protects potatoes from bruises and cuts and prevents drying and shrinking. It is harmless. Some from the new crop are also washed and waxed.

Canned sweet potatoes are a convenience and are available at reasonable prices the year 'round.

Top quality sweet potatoes are clean, smooth and well - shaped; firm and dry; bright and fresh. There's pep and power in sweet potatoes. 'Tis said you could live a long time on this vegetable alone. One - half of a sweet potato (5"x2") will furnish your daily vitamin "A" requirement. Vitamins "B" and ' C" are present in good measure, too.

Remember "A" vitamin is necessary or helping the eye to adjust room darkness to light and vice versa. It is neded for growth and for healthy teeth and bones Vitamin "A" is especially important to help the body guard against infections of the mucous membrane. which lines the mouth, nose and sinuses.

Your best values in beef this week will be baby beef, ground beef, chuck roast and liver. In the pork group you'll find picnics, sausage, roasts and chops in ample supply at fairly reasonable prices. Cold cuts offer variety and appeal. Frozen fish fillets are available for an economical meal. Canned tuna from the heavy supply is featured in many stores at very attractive prices.

All classes of poultry products are on the markets in abundant supply. Small and medium size eggs are the best egg values.

Pears, plums and bananas remain in liberal volume. Potatoes and onions are cheaper. Carrots and lettuce prices are up slightly and local greens are appearing in the markets.

You can feature strawberry shortcake on your menus once a week or more room now until spring. Stacks of this berry have been climbing higher and higher until holdings are now the largest ever reported. There are about one and a half pounds of frozen strawberries or every person in this country.

Safe Play

President Eisenhower has just signed a law passed by congress requiring manufacturers to equip refrigerator doors with a safety closing device so they can be opened from the inside. I'm sure this is good news to all parents, who have shuddered at news stories about children trapped in abandoned refrigerators. Already one manufacturer has started equipping their boxes with magnetic safety doors.

Announcements

In answer to inquiries about the textile painting given on Open House last Monday, you'll be pleased to know that you can get free lessons by going to the Recreation Center any Friday afternoon.

Your Open House programs for this week are as follows: Monday, Miss Ruth Gulley, from Oak Grove, will give "Emergency Infant Feeding"; Tuesday, Mrs. Kitty Fallin, room Winnsboro, will give you variations of the sheath dress; Wednesday is flower arrangement day with Mr. John Wright from Louisiana Tech; Thursday we'll have the marketing and food preparation with Mildred and Mammy. Friday Miss Peggy Hemphill, from United Gas Co., will prepare some of her delicious recipes from the plentiful foods in our markets.

See you next Sunday.

Garden Center Notes

Year Books Arrive For Area Garden Clubs

September ushers in all the fall activities of the Garden Clubs and there is a very crowded schedule ahead. The new year books are arriving daily and they are so beautiful. Farmerville Garden club book has a white cover with a delicate pink rose on it. Bastrop Garden club chose a pink jacket for their book. The design is a bluebird house complete with a family of bluebirds and a garden bench. Included in the book is the schedule for their fall flower show, "Flowerama 1956" to be held in conjunction with the North Louisiana Cotton Festival. September 26, in the Fair Exhibits Building, Bastrop. Be sure to attend this show which promises to be of great interest

Jonesboro - Hodge Garden club also chose a white cover for their new year book. The cover design is their club flower, the purple iris, hand painted with iris foliage in the background. Very lovely. The Welcome Garden Club of the Twin Cities also have a bluebird house complete with family and pink roses climbing up the base. Background is slate blue. Visitors to the Garden Center derive a great deal of pleasure from looking at these beautiful books.

Our exhibitors this week were members of the Ivy Guild of Monroe. All of the horticulture exhibits were in the blue ribbon class, awards as follows: Mrs. Ola Mae Passman for red rose, Mrs. Henry Poulan for Pampas grass, Mrs. S. C. Patterson for Yellow rose.

In the arrangement section, Mrs. Earl Vigg was awarded high score. Celosia was the featured flower of the week. Mrs. Vigg chose a rectangular green bowl for her line mass arrangement of equisetum (horsetail rush) and red - violet cockscomb celosia. The combination of colors and materials very effective Mrs. G. L. Thompson was awarded second place. A low maroon container held the line-mass arrangement of dark red canna leaves with red - violet celosia following the established lines. Coleus in the same red - violet tones and edged with green was massed at the base. The design was displayed against a pink background. Very pleasing and pretty.

Mrs. Ola Mae Passman was awarded third place. Mrs. Passman created a crescent design using a round bowl in chartreuse color. The crescent line was formed with red - violet coleus with celosia in the curve of the crescent. An excellent use of fall colors. Our extra arrangement of the week was designed by Mrs. Vigg. A large old fashioned wedding jar was used for a container. The diagonal line-mass arrangement was made of podocarpus (Japanese yew) with small white chrysanthemums massed in the center as a focal area. Displayed against a chartreuse background this arrangement had considerable eye appeal.

Here's a note on Junior gardening. Mrs. W. W. Stevens, dietician at Lexington school, conducts informal flower arrangement classes for the sixth grade girls who provide the flowers and arrange them for the cafeteria tables. Mrs. Stevens reports that the girls are most interested and derive great pleasure from decorating the tables several times a week.

Don't forget Mr. John Wright will do a television program next Wednesday, September 19, on Arrangements. Time 1:30 p.m. Open House program. Mr. Wright will select "Containers to be found in the kitchen." Be sure to watch.

Names Assistant Dean Of Women

NATCHITOCHES, Sept. 15 (Special) — A former Shreveport school teacher has been named assistant dean of women at Northwestern State College, President John S. Kyser said here today.

She is Mrs. Martha D. Wickett, former resident of 142 Atkins in Shreveport, and who taught in the Lake Shore Junior High School before assuming her new duties at the opening of school here on Sept. 10.

A graduate of Centenary College in Shreveport, where she received a B. S. degree in social studies, Mrs. Wickett also earned a master's degree this year at the University of Michigan, where her major field of study was in guidance and counseling.

She is a native of Benton, Ark., and attended high school in Ann Arbor, Michigan, where she was graduated in 1935.

As a classroom teacher in the Caddo parish school system for the past four years, she was a member of the Caddo Teachers Association, the Louisiana Education Association and the National Education Association.

She succeeds Miss Frances Porter, who was elevated recently to the position of dean of women at NSC.

Why Grow Old?

By Josephine Lowman

Something to remember about your child's shoe: See that the uppers and soles are united with a leather welt. This keeps the feet dry and the shoe from twisting out of shape.

Care Needed In Selecting, Fitting Your Child's Shoes

Thousands of mothers all over the country have gotten or are getting their children ready for school. It is amazing how much more time and thought many of them spend on their own wardrobes than on the kind of shoes their small fry wear. This is not because they are disinterested but because they do not realize that one or two pairs of ill-fitting shoes can give their child life-long punishment.

Shoe manufacturers have done their part in providing shoes with soft, pliable leather soles and uppers. There are enough different styles to meet your child's wish to wear what is good form and style whether he or she is in the first or the fifth grade.

Foot doctors recommend shoes with leather soles and uppers because they have microscopic pores through which perspiration can evaporate, keeping the feet warmer in cold weather and cooler in hot weather. This is especially important for children. If they go from steam-heated buildings to outdoor play they are apt to have winter-long sniffles. So, pliable leather shoes give the support needed and also keep the feet at an even temperature.

Things to Remember

If you want to be sure that your child is properly fitted, here are a few things to remember.

1. You cannot rely on a child's statement that a shoe is comfortable. He will stand up in a shoe that crushes his bones like medieval torture and say that it feels fine if he likes the shoe.

Have your child stand on each foot while bearing his full body weight and feel to see if there is plenty of room for all the toes and at least 3-4 of an inch between the longest toe and the tip of the shoe.

2. Be sure that the leather is firm enough to maintain its shape but not so stiff that it will rub blisters on the heels. Then check the lining to be sure that it has no ridges or projecting stitches. Lastly, press down on the insole to see that it gives a little, but not too much.

3. See that the uppers and soles are united with a leather welt. This keeps the feet dry and the shoe from twisting out of shape. Most shoes now have them.

4. Check frequently to see that the shoes still fit. There is no set rule but most growing children need new shoes every two months up to the age of ten and then every two or three months.

5. To save yourself turmoil you might make a friend of your shoe salesman and have an understanding with him. If your little son or daughter is dead set on the wrong pair the salesman always can be out of the right size.

If you would like to have my exercises for the feet send a stamped, self-addressed envelope with your request for leaflet No. 14 to Josephine Lowman in care of this newspaper.

SOUTHERN GARDENER—

By William Lanier Hunt

How To Prepare Lawn For Sowing

If you started preparation of your lawn area two weeks ago, you can soon kill off the weeds which came up and sow the grass seed. Some people like to let a good rain settle their seed bed before they plant grass, and this pays off in locating the low spots. When rain fails to do this, leave the sprinkler on each section for about an hour. After the area dries out again, you can give it a final raking and plant the seeds.

If you have not fertilized your garden and lawn during the summer months, they will be in need of it badly by now. A light feeding of flower beds and grass will show results in about four or five days in greener leaves. We do not give woody shrubs and trees fertilizer at this time of the year, but a light feeding may help some evergreens that are yellowish from starvation to take on a deeper green color. This will enable any really starving shrubs to get through the winter, too.

If you absolutely must move red spider-lilies about at this time of the year, you may get by with it only by digging them up in very large clumps of dirt so that you do not distrub the roots. Do not try to divide them now for they will not stand for it and will pout and fail to flower for two years as sure as you do this. The same is true of the yellow spider-lilies if you are lucky enough to have any.

The single flowered peonies introduced in the past fifteen years are especially good doers in Southern gardens. Even in areas where people do not ordinarily raise peonies, these single kinds with several blossoms to the stem open up all right. The reason for their doing well where other peonies will not open their flowers is that all of these new varieties are early. They beat the hot weather by blooming as much as two to three weeks before the old varieties. Japanese peonies are earlier, too, and many of the fine new varieties of ten years ago have now come way down in price.

Acquiring a peony is like acquiring a fine piece of furniture. It will stay with you all your lifetime, and you can pass it on to the next generation. This will be true if you prepare the soil correctly for your peony. Peonies are no mere passing perennials that will soon disappear. They should really be regarded as shrubs. Two or three bushels of the soil should be removed to a depth of two feet for a peony, and good garden topsoil into which you have stirred a big double handful of bone meal should refill the hole. Remember to set the new plant so that the soil will be exactly two inches deep over the top peony bud — no deeper. To prevent sinking, pack down the dirt in the bottom of the hole with your feet before you start to plant. And while you are looking at peonies in catalogues, get a tree peony. This one really is a shrub, and they have recently come down in price.

Floral Artist To Visit Area Soon

A rare opportunity is in store for those flower lovers interested in flower arranging. Gregory Conway, nationally known flower arranger, author and artist, will be a guest in Ouachita parish this month. This gentleman is often referred to as America's foremost floral artist.

Mr. Conway comes to this area as a guest of the Monroe Garden Club. There will be a fee charged for each demonstration and class. For details call Mary Margaret Jardine, telephone number 5-1441. His program is as follows:

September 24, 10:30 a. m until 1:00 noon Autumn Festival; 2:00 p. m. until 2:30 p. m. — Holiday Arrangements.

September 25, 10:00 a. m. until 1:00 p. m. — Beginners' Clinic; 2:00 p.m. until 5:00 p. m. — Advanced Clinic.

A special invitation is extended to all women in north Louisiana.

In The Garden

Except in the very severest of our winters, pansies will give a succession of blooms for several months, especially if they are kept watered and fertilized. Even if we do have a freeze and they are damaged, they are not likely to be killed after the thaw — they generally come back and before long start producing flowers again. Later on in early winter you'll be able to buy pansy plants, which is better than trying to grow them from seed. Have the soil well pulverized to be ready when the plants are on the market

There are calendulas that are easily grown from seeds and should give no special problem. The seed can be purchased in white, blue or purple. The little plant makes a lovely ground cover and often this has bloomed in my garden all winter. Severe colds do not kill the plants — only the blooms.

If you're planning for early spring blooming sweet peas, it's time to get the seed in the ground now. This is another plant that takes the cold well.

We're having a fall drouth. Watch all plants especially azaleas, camellias, and susanquas. Buds are set now and if the roots don't get enough water to keep them moist, you'll have bud drop. Remember the soaking — not the sprinkling.

Get your winter grass seed if you're planning to plant this winter green. If you get the seed out early, you'll enjoy your green lawn over a longer period of time.

While there's not so much to do in the garden, why not do some St. Augustine sprigging? I'm sure the neighbors will give you their excess and there's always an excess if you have a well established lawn of St. Augustine. Keep the sprigs damp until they take root. By that time the rains will be here After all, the cotton farmers don't need a rain and we have to want what they want.

Food In The News

A new crop of sweet potatoes is here, plump golden goodness — a stick - to - the - ribs vegetable or a wonderful cold weather dessert. The quality in the markets is fair to good, the price is reasonable, though not as low as last year's price at this time. The supply is expected to be about one-fourth below the large crop of last year. Price tags will be lower when more potatoes are harvested.

This vegetable is either shipped as an early crop or cured and stored for winter use. The present new crop of potatoes has more delicate skins and bruise very easily. They are not good "keepers," so buy in small quantitis. The potatoes you'll buy later on will be kiln dried and many will be waxed. This wax protects potatoes from bruises and cuts and prevents drying and shrinking. It is harmless. Some from the new crop are also washed and waxed.

Canned sweet potatoes are a convenience and are available at reasonable prices the year 'round.

Top quality sweet potatoes are clean, smooth and well - shaped; firm and dry; bright and fresh. There's pep and power in sweet potatoes. 'Tis said you could live a long time on this vegetable alone. One - half of a sweet potato (5"x2") will furnish your daily vitamin "A" requirement. Vitamins "B" and ' C" are present in good measure, too.

Remember "A" vitamin is necessary or helping the eye to adjust room darkness to light and vice versa. It is neded for growth and for healthy teeth and bones Vitamin "A" is especially important to help the body guard against infections of the mucous membrane. which lines the mouth, nose and sinuses.

Your best values in beef this week will be baby beef, ground beef, chuck roast and liver. In the pork group you'll find picnics, sausage, roasts and chops in ample supply at fairly reasonable prices. Cold cuts offer variety and appeal. Frozen fish fillets are available for an economical meal. Canned tuna from the heavy supply is featured in many stores at very attractive prices.

All classes of poultry products are on the markets in abundant supply. Small and medium size eggs are the best egg values.

Pears, plums and bananas remain in liberal volume. Potatoes and onions are cheaper. Carrots and lettuce prices are up slightly and local greens are appearing in the markets.

You can feature strawberry shortcake on your menus once a week or more room now until spring. Stacks of this berry have been climbing higher and higher until holdings are now the largest ever reported. There are about one and a half pounds of frozen strawberries or every person in this country.

Safe Play

President Eisenhower has just signed a law passed by congress requiring manufacturers to equip refrigerator doors with a safety closing device so they can be opened from the inside. I'm sure this is good news to all parents, who have shuddered at news stories about children trapped in abandoned refrigerators. Already one manufacturer has started equipping their boxes with magnetic safety doors.

Announcements

In answer to inquiries about the textile painting given on Open House last Monday, you'll be pleased to know that you can get free lessons by going to the Recreation Center any Friday afternoon.

Your Open House programs for this week are as folows: Monday, Miss Ruth Gulley, from Oak Grove, will give "Emergency Infant Feeding"; Tuesday, Mrs. Kitty Fallin, room Winnsboro, will give you variations of the sheath dress; Wednesday is flower arrangement day with Mr. John Wright from Louisiana Tech; Thursday we'll have the marketing and food preparation with Mildred and Mammy. Friday Miss Peggy Hemphill, from United Gas Co., will prepare some of her delicious recipes from the plentiful foods in our markets.

See you next Sunday.

Year Books Arrive For Area Garden Clubs

September ushers in all the fall activities of the Garden Clubs and there is a very crowded schedule ahead. The new year books are arriving daily and they are so beautiful. Farmerville Garden club book has a white cover with a delicate pink rose on it. Bastrop Garden club chose a pink jacket for their book. The design is a bluebird house complete with a family of bluebirds and a garden bench. Included in the book is the schedule for their fall flower show, "Flowerama 1956" to be held in conjunction with the North Louisiana Cotton Festival. September 26, in the Fair Exhibits Building, Bastrop. Be sure to attend this show which promises to be of great interest

Jonesboro - Hodge Garden club also chose a white cover for their new year book. The cover design is their club flower, the purple iris, hand painted with iris foliage in the background. Very lovely. The Welcome Garden Club of the Twin Cities also have a bluebird house complete with family and pink roses climbing up the base. Background is slate blue. Visitors to the Garden Center derive a great deal of pleasure from looking at these beautiful books.

Our exhibitors this week were members of the Ivy Guild of Monroe. All of the horticulture exhibits were in the blue ribbon class, awards as follows: Mrs. Ola Mae Passman for red rose, Mrs. Henry Poulan for Pampas grass, Mrs. S. C. Patterson for Yellow rose.

In the arrangement section, Mrs. Earl Vigg was awarded high score. Celosia was the featured flower of the week. Mrs. Vigg chose a rectangular green bowl for her line mass arrangement of equisetum (horsetail rush) and red - violet cockscomb celosia. The combination of colors and materials very effective Mrs. G. L. Thompson was awarded second place. A low maroon container held the line-mass arrangement of dark red canna leaves with red - violet celosia following the established lines. Coleus in the same red - violet tones and edged with green was massed at the base. The design was displayed against a pink background. Very pleasing and pretty.

Mrs. Ola Mae Passman was awarded third place. Mrs. Passman created a crescent design using a round bowl in chartreuse color. The crescent line was formed with red - violet coleus with celosia in the curve of the crescent. An excellent use of fall colors. Our extra arrangement of the week was designed by Mrs. Vigg. A large old fashioned wedding jar was used for a container. The diagonal line-mass arrangement was made of podocarpus (Japanese yew) with small white chrysanthemums massed in the center as a focal area. Displayed against a chartreuse background this arrangement had considerable eye appeal.

'Here's a note on Junior gardening. Mrs. W. W. Stevens, dietician at Lexington school, conducts informal flower arrangement classes for the sixth grade girls who provide the flowers and arrange them for the cafeteria tables. Mrs. Stevens reports that the girls are most interested and derive great pleasure from decorating the tables several times a week.

Don't forget Mr. John Wright will do a television program next Wednesday, September 19, on Arrangements. Time 1:30 p.m. Open House program. Mr. Wright will select "Containers to be found in the kitchen." Be sure to watch.

Why Grow Old?

By Josephine Lowman

Something to remember about your child's shoe: See that the uppers and soles are united with a leather welt. This keeps the feet dry and the shoe from twisting out of shape.

Care Needed In Selecting, Fitting Your Child's Shoes

Thousands of mothers all over the country have gotten or are getting their children ready for school. It is amazing how much more time and thought many of them spend on their own wardrobes than on the kind of shoes their small fry wear. This is not because they are disinterested but because they do not realize that one or two pairs of ill-fitting shoes can give their child life-long punishment.

Shoe manufacturers have done their part in providing shoes with soft, pliable leather soles and uppers. There are enough different styles to meet your child's wish to wear what is good form and style whether he or she is in the first or the fifth grade.

Foot doctors recommend shoes with leather soles and uppers because they have microscopic pores through which perspiration can evaporate, keeping the feet warmer in cold weather and cooler in hot weather. This is especially important for children. If they go from steam-heated buildings to outdoor play they are apt to have winter-long sniffles. So, pliable leather shoes give the support needed and also keep the feet at an even temperature.

Things to Remember

If you want to be sure that your child is properly fitted, here are a few things to remember.

1. You cannot rely on a child's statement that a shoe is comfortable. He will stand up in a shoe that crushes his bones like medieval torture and say that it feels fine if he likes the shoe.

Have your child stand on each foot while bearing his full body weight and feel to see if there is plenty of room for all the toes and at least 3-4 of an inch between the longest toe and the tip of the shoe.

2. Be sure that the leather is firm enough to maintain its shape but not so stiff that it will rub blisters on the heels. Then check the lining to be sure that it has no ridges or projecting stitches. Lastly, press down on the insole to see that it gives a little, but not too much.

3. See that the uppers and soles are united with a leather welt. This keeps the feet dry and the shoe from twisting out of shape. Most shoes now have them.

4. Check frequently to see that the shoes still fit. There is no set rule but most growing children need new shoes every two months up to the age of ten and then every two or three months.

5. To save yourself turmoil you might make a friend of your shoe salesman and have an understanding with him. If your little son or daughter is dead set on the wrong pair the salesman always can be out of the right size.

If you would like to have my exercises for the feet send a stamped, self-addressed envelope with your request for leaflet No. 14 to Josephine Lowman in care of this newspaper.

SOUTHERN GARDENER—

How To Prepare Lawn For Sowing

If you started preparation of your lawn area two weeks ago, you can soon kill off the weeds which came up and sow the grass seed. Some people like to let a good rain settle their seed bed before they plant grass, and this pays off in locating the low spots. When rain fails to do this, leave the sprinkler on each section for about an hour. After the area dries out again, you can give it a final raking and plant the seeds.

If you have not fertilized your garden and lawn during the summer months, they will be in need of it badly by now. A light feeding of flower beds and grass will show results in about four or five days in greener leaves. We do not give woody shrubs and trees fertilizer at this time of the year, but a light feeding may help some evergreens that are yellowish from starvation to take on a deeper green color. This will enable any really starving shrubs to get through the winter, too.

If you absolutely must move red spider-lilies about at this time of the year, you may get by with it only by digging them up in very large clumps of dirt so that you do not distrub the roots. Do not try to divide them now for they will not stand for it and will pout and fail to flower for two years as sure as you do this. The same is true of the yellow spider-lilies if you are lucky enough to have any.

The single flowered peonies introduced in the past fifteen years are especially good doers in Southern gardens. Even in areas where people do not ordinarily raise peonies, these single kinds with several blossoms to the stem open up all right. The reason for their doing well where other peonies will not open their flowers is that all of these new varieties are early. They beat the hot weather by blooming as much as two to three weeks before the old varieties. Japanese peonies are earlier, too, and many of the fine new varieties of ten years ago have now come way down in price.

Acquiring a peony is like acquiring a fine piece of furniture. It will stay with you all your lifetime, and you can pass it on to the next generation. This will be true if you prepare the soil correctly for your peony. Peonies are no mere passing perennials that will soon disappear. They should really be regarded as shrubs. Two or three bushels of the soil should be removed to a depth of two feet for a peony, and good garden topsoil into which you have stirred a big double handful of bone meal should refill the hole. Remember to set the new plant so that the soil will be exactly two inches deep over the top peony bud — no deeper. To prevent sinking, pack down the dirt in the bottom of the hole with your feet before you start to plant. And while you are looking at peonies in catalogues, get a tree peony. This one really is a shrub, and they have recently come down in price.

Names Assistant Dean Of Women

NATCHITOCHES, Sept. 15 (Special) — A former Shreveport school teacher has been named assistant dean of women at Northwestern State College, President John S. Kyser said here today.

She is Mrs. Martha D. Wickett, former resident of 142 Atkins in Shreveport, and who taught in the Lake Shore Junior High School before assuming her new duties at the opening of school here on Sept. 10.

A graduate of Centenary College in Shreveport, where she received a B. S. degree in social studies, Mrs. Wickett also earned a master's degree this year at the University of Michigan, where her major field of study was in guidance and counseling.

She is a native of Benton, Ark., and attended high school in Ann Arbor, Michigan, where she was graduated in 1935.

As a classroom teacher in the Caddo parish school system for the past four years, she was a member of the Caddo Teachers Association, the Louisiana Education Association and the National Education Association.

She succeeds Miss Frances Porter, who was elevated recently to the position of dean of women at NSC.

DR. T. HARRY WILLIAMS

Huey Long's Stormy Career Under Scrutiny By Biographer

BATON ROUGE, La. (AP) — Huey Long — "Potential American dictator" or "caught up in forces he could not control?"

These are questions posed by Dr. T. Harry Williams, Lincoln scholar and Civil War authority, as he begins work on a biography of the colorful Kingfish, founder of a political dynasty still dominant in Louisiana 21 years after his death.

The late senator, either deeply loved or hotly hated, rarely has been the subject of objective study as planned by Williams.

In addition to normal sources, Williams plans tape recorded interviews with everyone he can find who knew Long. This will be his major source. He is on a year's leave of absence as professor of history at Louisiana State University.

Long became governor in 1928, moved to the senate in 1930 and was shot fatally in 1935. In the brief seven - year span, Huey Long molded what was termed "The highest degree of state control ever recorded under America's democratic form of government."

His influence endured beyond the erupting Louisiana scandals which collapsed his machine in 1939. The Long influence is strong today.

Earl Long, Huey's younger brother, is governor of Louisiana. Huey's son, Russell, is junior Louisiana senator. Another brother, Dr. George Long, represents the eighth district in congress.

The source of the Long power?

"Huey Long was an authentic political genius," Williams explained in an interview. "The man had great imagination that left his enemies befuddled at times."

Williams continued, "there is a tendency in American history to admire nice people — gentlemen. But some of the nicest people I know of have been the wrongest, and some of the roughest have been the rightest."

"When Huey came along this state was still a long way out of modern times. I think he may have done a lot to jerk the state into the 20th century."

The Kingfish, as he dubbed himself, built roads, schools, hospitals and bridges: furnished free school books, expanded LSU and gave Louisiana the equivalent of the New Deal President Roosevelt gave the nation.

On a national level, he organized the "Share Our Wealth Society," which claimed nine million members at his death. Long won national attention with his filibusters in the senate and feuds with Roosevelt.

"I rather have my doubts that he was a potential American dictator," added Williams. "I'm not sure he had more power, or even as much as the Tammany machine had in New York under Boss Tweed."

"When you say dictator, that implies there was no organized opposition, no criticism of him in the newspapers. There was a good deal of both."

And he continued, "in biography, the big thing is to understand why they felt it necessary to do it. You may not agree with what was done, but you must try to understand why.

"Huey Long may have been to some extent caught up in forces he could not control," Williams said, adding:

"But he was not a comic character or cheap demagogue. He was a very important figure in Louisiana.

"I think the environment and the times were bound to produce such a man. I have a theory that when needed change is long delayed, it will come suddenly when it does come.

"I just wonder if when you have poverty, rural or urban, a man like Huey Long isn't going to take advantage of it."

Williams is the author of "Lincoln and his Generals" and "Lincoln and the Radicals," and edited "Selected Writings and Speeches of Lincoln."

His most recent book is "P. G. T. Beauregard: Napoleon in Gray," and last year Williams was selected by the editors of the "Cambridge Modern History" to contribute the chapter on the American Civil War to a new series of their publication.

The bidding:

South, 1 club; West, Pass; North, 1 diamond; East, 3 hearts. South, 4 clubs; West, Pass; North, 5 clubs; East, Pass. South, Pass; West, Pass.

Opening lead: Two of hearts.

An uncommon safety play featured declarer's fulfillment of his five club contract in today's hand. A game contract at no trump would have been a great deal easier, but East's preemptive bid rendered it virtually impossible to reach.

West opened the deuce of hearts, and declarer observed that he was subject to the loss of three tricks. The ace of spades must be assigned to East in view of his vulnerable activity, so that two losers in that suit seemed likely. A diamond loser was inevitable, and the discouraging aspect of the situation was that the diamond trick would probably go to West, who could without great effort attack the king of spades.

Presently declarer hit upon a plan of disposing of the diamond loser to East rather than to West in a somewhat indirect manner. Instead of winning the opening lead with the ace of hearts, he played low from dummy, and East took the trick with the 10. On the heart return, declarer let go a diamond, completing the even exchange of tricks.

At this point South drew just one club, leaving the remaining trump at large. Declarer then played the ace and king of diamonds, and when East showed out it was clear that two diamonds would have to be ruffed in the closed hand in order to establish the fifth car of that suit. The 10 and nine of clubs both remained as entries, and the wisdom of drawing only one trump became apparent. Declarer ruffed a diamond in his own hand, entered dummy with the nine of clubs to ruff another diamond with one of the high trumps. The low club to dummy's 10 now permitted the cashing of the long diamond, upon which a losing spade was shed.

In an effort to find fault with declarer's technique, the critic will point out that if East had held the remaining trump he would have ruffed the king of diamonds and defeated the contract. The answer is that against that holding declarer would have been helpless. For if he pulled the second trump he would not have sufficient entries to set up the long diamond.

BAUMHOLDER, Germany — John W. Womack Jr., 23, whose parents live at 2806 N. Eighth st., West Monroe, La., recently was promoted to sergeant in Germany, where he is a member of the 868th field artillery battalion.

Assigned to headquarters and service battery of the battalion, Sergeant Womack was stationed at Fort Bliss, Tex., before arriving in Europe.

Womack attended Louisiana Polytechnic Institute.

FORT POLK, La. — Samuel B. Banister, son of Mrs. Bettie L. Banister, 604 N. Seventh st., West Monroe, La., recently was promoted to captain at Fort Polk, La., where he is a member of the 4th tank battalion.

Assigned to the battalion's headquarters and service company, Banister entered the army in 1940 and was last stationed in Germany. He holds the Purple Heart.

FORT RICHARDSON, Alaska — Pvt. William H. Bryan, 18, son of Jimmie L. Bryan, Delhi, La., recently arrived in Alaska from Fort Lewis, Wash., as part of Operation Gyroscope, the army's unit rotation plan.

Bryan is a member of the 2d infantry division, which is changing stations with the 71st infantry division.

An ambulance dryer in medical company of the division's 23d regiment, he entered the army last December and completed basic training at Fort Chaffee, Ark.

CIRCUS COMES AGAIN—It's time for the circus to come to town again and this year's Clyde Bros. performances, scheduled for the Legion Memorial Stadium Monday and Tuesday, Sept. 24-25, are expected to be better than ever. The Wallenda family, high wire pyramid-forming troupe, will be one of the many featured acts.

Shrine Circus Scheduled Here September 24, 25

Although the big top has been folded up for good, the circus comes to town again next week with four performances scheduled for Monday and Tuesday, Sept. 24-25, at the Legion Memorial Stadium.

Sponsored by the Northeast Louisiana Shrine Club, all proceeds will go for Shriner activities in the area. An advanced ticket sale is being conducted now by the Shriners.

The first performance is set for Monday at 4 p. m. with the night show starting at 7. Tuesday's matinee and night show will start at the same times.

The Clyde Bros. Circus will feature all the spectacles of the day when the raising of the big top was an annual show in itself.

Clowns and wild animals, including the kid - pleasing elephant, and high altitude artists of the trapeze will cram a two-hour show into three rings.

Other acts will include the Wallenda family, noted high wire family act that features a seven-person pyramid, claimed to be unsurpassed in the circus business.

A score of stars are on the circus bill and area Shriners are expecting large crowds for all four performances. The Shriners ticket sale will continue to showtime.

DR. T. HARRY WILLIAMS

Huey Long's Stormy Career Under Scrutiny By Biographer

BATON ROUGE, La. (AP) — Huey Long — "Potential American dictator" or "caught up in forces he could not control?"

These are questions posed by Dr. T. Harry Williams, Lincoln scholar and Civil War authority, as he begins work on a biography of the colorful Kingfish, founder of a political dynasty still dominant in Louisiana 21 years after his death.

The late senator, either deeply loved or hotly hated, rarely has been the subject of objective study as planned by Williams.

In addition to normal sources, Williams plans tape recorded interviews with everyone he can find who knew Long. This will be his major source. He is on a year's leave of absence as professor of history at Louisiana State University.

Long became governor in 1928, moved to the senate in 1930 and was shot fatally in 1935. In the brief seven - year span, Huey Long molded what was termed "The highest degree of state control ever recorded under America's democratic form of government."

His influence endured beyond the erupting Louisiana scandals which collapsed his machine in 1939. The Long influence is strong today.

Earl Long, Huey's younger brother, is governor of Louisiana. Huey's son, Russell, is junior Louisiana senator. Another brother, Dr. George Long, represents the eighth district in congress.

The source of the Long power?

"Huey Long was an authentic political genius," Williams explained in an interview. "The man had great imagination that left his enemies befuddled at times."

Williams continued, "there is a tendency in American history to admire nice people — gentlemen. But some of the nicest people I know of have been the wrongest, and some of the roughest have been the rightest."

"When Huey came along this state was still a long way out of modern times. I think he may have done a lot to jerk the state into the 20th century."

The Kingfish, as he dubbed himself, built roads, schools, hospitals and bridges: furnished free school books, expanded LSU and gave Louisiana the equivalent of the New Deal President Roosevelt gave the nation.

On a national level, he organized the "Share Our Wealth Society," which claimed nine million members at his death. Long won national attention with his filibusters in the senate and feuds with Roosevelt.

"I rather have my doubts that he was a potential American dictator," added Williams. "I'm not sure he had more power, or even as much as the Tammany machine had in New York under Boss Tweed."

"When you say dictator, that implies there was no organized opposition, no criticism of him in the newspapers. There was a good deal of both."

And he continued, "in biography, the big thing is to understand why they felt it necessary to do it. You may not agree with what was done, but you must try to understand why.

"Huey Long may have been to some extent caught up in forces he could not control," Williams said, adding:

"But he was not a comic character or cheap demagogue. He was a very important figure in Louisiana.

"I think the environment and the times were bound to produce such a man. I have a theory that when needed change is long delayed, it will come suddenly when it does come.

"I just wonder if when you have poverty, rural or urban, a man like Huey Long isn't going to take advantage of it."

Williams is the author of "Lincoln and his Generals" and "Lincoln and the Radicals," and edited "Selected Writings and Speeches of Lincoln."

His most recent book is "P. G. T. Beauregard: Napoleon in Gray," and last year Williams was selected by the editors of the "Cambridge Modern History" to contribute the chapter on the American Civil War to a new series of their publication.

The bidding:

South, 1 club; West, Pass; North, 1 diamond; East, 3 hearts.
South, 4 clubs; West, Pass; North, 5 clubs; East, Pass.
South, Pass; West, Pass.

Opening lead: Two of hearts.

An uncommon safety play featured declarer's fulfillment of his five club contract in today's hand. A game contract at no trump would have been a great deal easier, but East's preemptive bid rendered it virtually impossible to reach.

West opened the deuce of hearts, and declarer observed that he was subject to the loss of three tricks. The ace of spades must be assigned to East in view of his vulnerable activity, so that two losers in that suit seemed likely. A diamond loser was inevitable, and the discouraging aspect of the situation was that the diamond trick would probably go to West, who could without great effort attack the king of spades.

Presently declarer hit upon a plan of disposing of the diamond loser to East rather than to West in a somewhat indirect manner. Instead of winning the opening lead with the ace of hearts, he played low from dummy, and East took the trick with the 10. On the heart return, declarer let go a diamond, completing the even exchange of tricks.

At this point South drew just one club, leaving the remaining trump at large. Declarer then played the ace and king of diamonds, and when East showed out it was clear that two diamonds would have to be ruffed in the closed hand in order to establish the fifth car of that suit. The 10 and nine of clubs both remained as entries, and the wisdom of drawing only one trump became apparent. Declarer ruffed a diamond in his own hand, entered dummy with the nine of clubs to ruff another diamond with one of the high trumps. The low club to dummy's 10 now permitted the cashing of the long diamond, upon which a losing spade was shed.

In an effort to find fault with declarer's technique, the critic will point out that if East had held the remaining trump he would have ruffed the king of diamonds and defeated the contract. The answer is that against that holding declarer would have been helpless. For if he pulled the second trump he would not have sufficient entries to set up the long diamond.

In Armed Services

BAUMHOLDER, Germany — John W. Womack Jr., 23, whose parents live at 2806 N. Eighth st., West Monroe, La., recently was promoted to sergeant in Germany, where he is a member of the 868th field artillery battalion.

Assigned to headquarters and service battery of the battalion, Sergeant Womack was stationed at Fort Bliss, Tex., before arriving in Europe.

Womack attended Louisiana Polytechnic Institute.

FORT POLK, La. — Samuel B. Banister, son of Mrs. Bettie L. Banister, 604 N. Seventh st., West Monroe, La., recently was promoted to captain at Fort Polk, La., where he is a member of the 4th tank battalion.

Assigned to the battalion's headquarters and service company, Banister entered the army in 1940 and was last stationed in Germany. He holds the Purple Heart.

FORT RICHARDSON, Alaska — Pvt. William H. Bryan, 18, son of Jimmie L. Bryan, Delhi, La., recently arrived in Alaska from Fort Lewis, Wash., as part of Operation Gyroscope, the army's unit rotation plan.

Bryan is a member of the 2d infantry division, which is changing stations with the 71st infantry division.

An ambulance dryer in medical company of the division's 23d regiment, he entered the army last December and completed basic training at Fort Chaffee, Ark.

CIRCUS COMES AGAIN—It's time for the circus to come to town again and this year's Clyde Bros. performances, scheduled for the Legion Memorial Stadium Monday and Tuesday, Sept. 24-25, are expected to be better than ever. The Wallenda family, high wire pyramid-forming troupe, will be one of the many featured acts.

Shrine Circus Scheduled Here September 24, 25

Although the big top has been folded up for good, the circus comes to town again next week with four performances scheduled for Monday and Tuesday, Sept. 24-25, at the Legion Memorial Stadium.

Sponsored by the Northeast Louisiana Shrine Club, all proceeds will go for Shriner activities in the area. An advanced ticket sale is being conducted now by the Shriners.

The first performance is set for Monday at 4 p. m. with the night show starting at 7. Tuesday's matinee and night show will start at the same times.

The Clyde Bros. Circus will feature all the spectacles of the day when the raising of the big top was an annual show in itself.

Clowns and wild animals, including the kid - pleasing elephant, and high altitude artists of the trapeze will cram a two-hour show into three rings.

Other acts will include the Wallenda family, noted high wire family act that features a seven-person pyramid, claimed to be unsurpassed in the circus business.

A score of stars are on the circus bill and area Shriners are expecting large crowds for all four performances. The Shriners ticket sale will continue to showtime.

Producer Mason Denies Attack On Drug Group

"Bigger Than Life," controversial drama of drug addition with James Mason as the producer and star which will be seen Wednesday at the Paramount Theatre, has stirred up so much discussion that Mason issued the following statement of explanation: "Certainly in making 'Bigger Than Life' I had no intention of attacking the drug industry. However, 'Bigger Than Life' is based on an actual true case history with complete documentation. What I have done is to attempt to dramatically portray the evils of an indiscriminate use of drugs and in doing so should be aided and applauded by the drug industry. The excessive use of drugs and narcotics today is a growing evil in our society and certainly one that must be met head on. Ostrich, head-in-the sand, attitude is no answer to the evil of narcotics and drugs."

JAMES MASON, popular actor turns producer for Twentieth Century - Fox with the CinemaScope drama, "Bigger Than Life," which deals with cortisone and the unexpected complications arising from the misuse of the "wonder drug." The highly controversial film starts Wednesday at the Paramount Theater.

State Forwards New Proposals On Tidelands

NEW ORLEANS (AP)—New proposals designed to revive activity in the disputed offshore oil lands, have been forwarded to Washington by the state of Louisiana.

Activities have been shut down since the Supreme Court ordered June 11 that no new leasing or drilling be started in the disputed area except by mutual consent of the U.S. Interior Department and the state of Louisiana.

The new proposals were drafted by a three-man committee representing the offshore oil industry, the State Mineral Board and the state attorney general's office.

Details of the proposal were released last night by William Helis, chairman of the mineral board.

If the proposal as submitted is approved and signed by the Interior Department, development of offshore oil leases in the disputed area will be resumed.

The dispute revolves around Louisiana's jurisdiction over submerged lands in the Gulf of Mexico. The state claims it extends 10.5 miles out while the federal government contends it extends only three miles from shore.

The new proposal would permit leasing to be resumed under conditions laid down by the Supreme Court in its June 11 order and under terms set down by the Interior Department, but must be validated by Louisiana.

Opposing parties agreed to this during previous meetings, but federal authorities asked details of how the state would agree to validation.

In a letter accompanying the new proposal, Helis suggested that members of the drafting committee go to Washington for an explanatory conference.

"As all of us are anxious to expedite the matter," Helis wrote, "this committee is standing by to come to Washington for such an explanatory conference, which we think preferably should be on Monday or Tuesday of the coming week."

STAMPS

Three new sets of stamps have been issued by little Liechtenstein. One set of two honors the 150th anniversary of the principality's formation. Depicted on the adhesives are a symbolic eagle with princely crown and wreath of oak leaves. Another set containing four stamps commemorates the 50th birthday of Prince Franz Joseph II. The third set of one, dedicated to the 6th Philatelic Exhibition in Vaduze, pictures Prince Pohann Adam eldest son of Franz Joseph.

Two hundred years ago sea-faring John Barry left his native Ireland for America. Not long afterwards he helped form the United States Navy and became a naval hero during the Revolutionary War.

In honor of his contributions to freedom and liberty, Eire has issued a new 3 pence stamp and a 1 shilling 3 pence depicting Commodore Barry. (Prior news of this stamp was reported in this column in June.

The United States aided in the ceremonies by presenting the people of Eire with a statute of Barry to be placed in his native county of Wexford.

Collectors desiring first day covers may write to the Irish Cachet Covers, 947 East 32nd Street, Brooklyn 10, N. Y. Cost per cover of a set of two is 75 cents and for a single stamp 35 cents.

The highest priced stamp ever issued by Israel is scheduled for release at the end of October or early November, reports the Israel Philatelic Agency. It will be a 3000 pruta airmail picturing the ancient city of Tiberias.

Ecuador has issued four new stamps commemorating the bi-centennary of printing in that country. Depicted is the cover of the first book printed in the ton of Ambato. Both values are airmails.

Collectors desiring first day covers and postmarks for the Australian Olympic Games stamps are reminded to get their requests in the mail before Oct. 15.

All orders should be sent to the Director, Post and Telegraphs (Philatelic Bureau), GPO., Melbourne, C. 1, Victoria, Australia.

In continuation of its presidential series, Chile has issued four stamps. The 2 peso purple adhesvie portraying President Jose M. Carrera, previously issued on unwatermarked paper is now on watermarked paper.

The other stamps bear portraits of presidents Manual Bulnes, Don Manuel Montt and Anibal Pinto.

Trucks make up 17 per cent of the motor vehicles in the United States.

Faced by the common danger of an Indian ambush, Felicia Farr and Richard Widmark find a brief moment of romance in Twentieth Century-Fox's CinemaScope western drama, "The Last Wagon," opening today at the Paramount. The William B. Hawks production, in De Luxe color, was directed by Delmer Daves on location in Sedona, Arizona.

TV notes

MGM's feature film library has been sold in 12 TV markets for a sum in excess of $20,000,000. Involved are approximately 725 feature films made prior to 1948. CBS was among the purchasers, for its New York, Chicago and Milwaukee stations.

Ed Sullivan is now scheduled to return to his CBS program Sept. 16. He needed more time to recover from his auto accident than was expected at first.

Victor Wolfson, novelist and playwright, has been appointed associate producer of the CBS "Climax' program.

The first musical scheduled for the "United States Steel Hour" on CBS is "Tom Sawyer" on Nov. 21. Frank Luther is the author of this version of Mark Twain's novel. There's a search on for the right youth to play the title role.

Singer Gordon MacRae will be the new season's host on NBC's "Lux Video Theater," starting Sept. 13. He'll also star in five musicals on the program.

George Gobel goes back to work for NBC on Oct. 6, in the usual 10 p.m. Saturday spot three weeks out of four.

H. Allen Smith's story, "One Coat of White," has been purchased by CBS for one of its "Playhouse 90" productions.

An Indian agent on the frontier in the 1870's is the hero of a new filmed series on ABC entitled "Broken Arrow." Tuesday at 9 p.m.

A night club comic named Paul Gilbert gets his TV chance in Screen Gems' filmed series entitled "Shore Leave." No network yet.

Bat Masterson pops up again as a character in the new series of "Wyatt Earp" films on ABC this fall when Dodge City becomes the locale instead of Wichita. Alan Dinehart 3rd, who portrayed a youthful Bat once in the series last season, also plays the more seasoned Masterson.

Raymond Burr is the movie actor signed to portray Erle Stanley Gardner's famous lawyer-sleuth, Perry Mason, in the filmed TV series of that title. CBS is making the series.

NBC has announced a new $4,000,000 color TV station for Washington, D. C., due to be completed in the fall of 1957. First such station designed and constructed from the ground up; other TV stations have been adapted to color.

"As all of us are anxious to expedite the matter," Helis wrote, "this committee is standing by to come to Washington for such an explanatory conference, which we think preferably should be on Monday or Tuesday of the coming week."

STAMPS

Three new sets of stamps have been issued by little Liechtenstein. One set of two honors the 150th anniversary of the principality's formation. Depicted on the adhesives are a symbolic eagle with princely crown and wreath of oak leaves. Another set containing four stamps commemorates the 50th birthday of Prince Franz Joseph II. The third set of one, dedicated to the 6th Philatelic Exhibition in Vaduz, pictures Prince Pohann Adam eldest son of Franz Joseph.

Two hundred years ago sea-faring John Barry left his native Ireland for America. Not long afterwards he helped form the United States Navy and became a naval hero during the Revolutionary War.

In honor of his contributions to freedom and liberty, Eire has issued a new 3 pence stamp and a 1 shilling 3 pence depicting Commodore Barry. (Prior news of this stamp was reported in this column in June.

The United States aided in the ceremonies by presenting the people of Eire with a statute of Barry to be placed in his native county of Wexford.

Collectors desiring first day covers may write to the Irish Cachet Covers, 947 East 32nd Street, Brooklyn 10, N. Y. Cost per cover of a set of two is 75 cents and for a single stamp 35 cents.

The highest priced stamp ever issued by Israel is scheduled for release at the end of October or early November, reports the Israel Philatelic Agency. It will be a 3000 pruta airmail picturing the ancient city of Tiberias.

Ecuador has issued four new stamps commemorating the bi-centennary of printing in that country. Depicted is the cover of the first book printed in the ton of Ambato. Both values are airmails.

Collectors desiring first day covers and postmarks for the Australian Olympic Games stamps are reminded to get their requests in the mail before Oct. 15.

All orders should be sent to the Director, Post and Telegraphs (Philatelic Bureau), GPO., Melbourne, C. 1, Victoria, Australia.

In continuation of its presidential series, Chile has issued four stamps. The 2 peso purple adhesvie portraying President Jose M. Carrera, previously issued on unwatermarked paper is now on watermarked paper.

The other stamps bear portraits of presidents Manual Bulnes, Don Manuel Montt and Anibal Pinto.

Trucks make up 17 per cent of the motor vehicles in the United States.

Faced by the common danger of an Indian ambush, Felicia Farr and Richard Widmark find a brief moment of romance in Twentieth Century-Fox's CinemaScope western drama, "The Last Wagon," opening today at the Paramount. The William B. Hawks production, in De Luxe color, was directed by Delmer Daves on location in Sedona, Arizona.

TV notes

MGM's feature film library has been sold in 12 TV markets for a sum in excess of $20,000,000. Involved are approximately 725 feature films made prior to 1948. CBS was among the purchasers, for its New York, Chicago and Milwaukee stations.

Ed Sullivan is now scheduled to return to his CBS program Sept. 16. He needed more time to recover from his auto accident than was expected at first.

Victor Wolfson, novelist and playwright, has been appointed associate producer of the CBS "Climax' program.

The first musical scheduled for the "United States Steel Hour" on CBS is "Tom Sawyer" on Nov. 21. Frank Luther is the author of this version of Mark Twain's novel. There's a search on for the right youth to play the title role.

Singer Gordon MacRae will be the new season's host on NBC's "Lux Video Theater," starting Sept. 13. He'll also star in five musicals on the program.

George Gobel goes back to work for NBC on Oct. 6, in the usual 10 p.m. Saturday spot three weeks out of four.

H. Allen Smith's story, "One Coat of White," has been purchased by CBS for one of its "Playhouse 90" productions.

An Indian agent on the frontier in the 1870's is the hero of a new filmed series on ABC entitled "Broken Arrow." Tuesday at 9 p.m.

A night club comic named Paul Gilbert gets his TV chance in Screen Gems' filmed series entitled "Shore Leave." No network yet.

Bat Masterson pops up again as a character in the new series of "Wyatt Earp" films on ABC this fall when Dodge City becomes the locale instead of Wichita. Alan Dinehart 3rd, who portrayed a youthful Bat once in the series last season, also plays the more seasoned Masterson.

Raymond Burr is the movie actor signed to portray Erle Stanley Gardner's famous lawyer-sleuth, Perry Mason, in the filmed TV series of that title. CBS is making the series.

NBC has announced a new $4,000,000 color TV station for Washington, D. C., due to be completed in the fall of 1957. First such station designed and constructed from the ground up; other TV stations have been adapted to color.

Navy Sets Dec. 8 For Annual Test For High Seniors

Adm. James A. Holloway, Jr., chief of naval personnel, announced that the 11th annual national competitive examinations for the Navy's Reserve Officer Training corps will be given to interested high school seniors on December 8. Application forms are now available and must be received before November 17, he added.

Designed to supplement the officer output of the Naval Academy, the NROTC Program makes it possible for a young man to earn a commission while studying at the civilian college of his choice which has an NROTC Unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of $600 for four years. During the summers the student goes on fascinating training cruises as a midshipman. After completing the usual four year college course, he is commissioned in the regular navy or marine corps and goes on active duty with the Navy's far-flung fleets. For those who apply and qualify, immediate assignment to flight training will open new careers in naval aviation.

High school seniors and graduates between the ages of 17 and 21 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1957. From the pool of qualified young men remaining in competition, approximately 2,000 will be selected to begin their naval careers next September.

The NROTC college training program is also open to enlisted men on active duty with the Navy and Marines. Separate quotas are established for applicants from within these services.

Application forms are available at all high schools, colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Washington 25, D. C.

WASHINGTON (AP) — Maj. Gen. Claire Chennault, who underwent a lung operation Aug. 29, was discharged from Walter Reed Hospital yesterday.

Employees of British railways over 18 years of age, both men and women, are encouraged to join civil defense units and receive instruction in atomic, chemical and biological warfare.

Answer to Question No. 1

1. Yes. A very wise old grandmother told her granddaughter that if she wanted to be popular with the boys to follow these three rules: When he asks you if you know a certain subject, say, "No, I don't — please tell me all about it." As he proceeds, say, "how interesting — do go on!" And, when he finishes, say, "Oh, you're wonderful!" Wise advice from a wise head. Our booklet, "What Teenagers Should Know About Life and Love," also gives plenty of good advice. Nonprofit, 20c (coin only) and stamped, self-addressed envelope.

Maturity must be learned, but average homes and schools don't cultivate it.

True —— False ——

2. True, according to Dr. John A. Schindler. He outlines some childish traits commonly found in adults and attitudes to replace them: 1. Constant worrying and complaining; replace by accepting things as they are. 2. Trivial fears about health; develop more confidence. Overly selfish egotistic, argumentative; substitute helpfulness. 4. Suspicion and hostility; be friendly, have confidence in people. 5. Rebellion to adversity and disappointment; accept as inevitable and turn into victory. 6. Living in a dream-world past or present; take care of the present, and the future won't worry you.

Looking for a problem-solver? Test yourself and find the cause and cure in "Solving Personal Problems," a nonprofit booklet available from Dr. A. E. Wiggam, in care of this newspaper. Enclose 15c, coin only, and stamped, fully addressed reply envelope.

Can your estimate of the weight of small objects indicate your personality?

Your opinion——

3. This is called the "size-weight illusion." Of two objects of the same weight, the smaller will be judged the heavier. Psychologists Ruth Albrecht and R. S. Crutchfield gave this test to 100 Air Force captains. Those who had the least illusion were "superior in intellectual traits, good judgment, and general soundness." Those showing larger illusions were "more rigid, suggestible, and emotionally distributed." Those whose illusion decreased after twelve trials were "superior in intellectual efficiency and lack of stubbornness."

Y. M. C. A. Board Will Be Host At Breakfast Meet

Max L. Riley, president of the Twin Cities Y. M. C. A., announced yesterday that the Twin Cities Y. M. C. A. board of directors will hold a breakfast meeting Monday morning, September 17 at 7:30 a.m. in the Forge, 1103 Forsythe avenue in Monroe.

Tomorrow's agenda includes: A report on the 1956 Blue Ridge Hi-Y — Tri-Hi-Y Leaders Training Congress, treasurer's report, report on 1956 day camping season, plans for the fall youth program, and a report on the recent Y. M. C. A. agreement with United Givers Fund. The latest news concerning Y. M. C. A. building fund campaign plans will also be presented.

Special guests at the breakfast meeting will include Bill Kulcke, Lanier Hi-Y advisor; Miss Bess Sharp, executive secretary of the Y. W. C. A.; Howard Lewis, Lanier Hi-Y president; Jerry Robinson, Slade Hi-Y president; Bill Davis, executive director of the United Givers Fund; and Jim Williams, executive secretary of the Chamber of Commerce.

Every board member is extended a special invitation to attend.

A demonstration of the best known methods of hair and scalp treatments to be given to the citizens of our city.

What Is Your Reason For Baldness?

ALL MERRILL CLIENTS IN THE VICINITY OF MONROE, LOUISIANA, ARE INVITED TO APPEAR AT FRANCES HOTEL, ON MONDAY ONLY, SEPEMBER 17, 12 NOON UNTIL 9 P.M. THESE PRIVATE INDIVIDUAL REEXAMINATIONS ARE FREE OF CHARGE AND ARE A PART OF THE ESTABLISHED SERVICE TO OUR CLIENTS.

OKLAHOMA CITY, Oklahoma, Sept. 12 — In an interview here today, international hair and scalp consultant and Director of Merrill Hair and Scalp Consultants, said: "There are many different scalp conditions that may cause men and women to lose their hair. Using common sense, a person must realize no one tonic or so called cure-all can correct all these different conditions," he explained.

READ WHAT A FEW OF THE MANY SATISFIED MERRILL CLIENTS HAVE SAID ABOUT THEIR HOME TREATMENT IN THEIR UNSOLICITED REPORTS; THERE ARE MANY MORE IN OUR FILES:

I believe your products for the treatment of the scalp are the best. My scalp has never felt as good as it has since I started using the Merrill treatment. It is twenty years that I have been bald so I don't expect miracles, but my hair has thickened and come in somewhat. I only wish I had known of your treatments years ago. My supply of products is nearly gone, so I will re-order soon.

Palmer Huntington,
So. Norwalk, Conn.

After using your course of treatment I am happy to report scalp is free of dandruff and does not itch at any time—my hair has more life and also my hair is growing in all areas including the top crown which was balding. You may feel free to use me as a reference at any time.

Guaranteed

Not everyone can be helped by the Merrill Home Treatment. Only those we think we can help are accepted for treatment. Those who are accepted for Merrill Home Treatment are given this guarantee, "If you are not completely satisfied at the end of thirty days, your money will be returned." This is only because most people are skeptical of claims that hair can grow on balding heads. Usually when a person avails himself of the Merrill treatment, his skepticism disappears.

No Cure-All

"We have no cure-all for slick, shiny baldness," Abbott emphasizes. "If there is still fuzz, that hair follicle of the scalp is still producing hair. Merrill's users have grown hair. We have many reports testifying that after using our home treatment, weak fuzz has developed into healthy mature hair. Proper use of this home treatment may bring about a healthy scalp condition which will help the body to produce new hair. If there is any fuzz at all, a healthy scalp condition may be restored, and the hair may grow normally again as nature intended." There is one thing Abbott wants to be certain every man and woman knows. If a recession appears at the temple or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

Free Examination

In addition to reexamining present clients, the Merrill method of home treatment will be demonstrated to others who are interested. The examination is very thorough and highly technical. It requires 20 to 30 minutes. The Consultant makes no charge for this examination and no appointment is necessary. After examining the person, he is told the required length of treatment and how much it will cost. Regular reports are made to the Merrill firm in Oklahoma City to check the progress of the home treatment.

IT'S FINISHED.

I JUST CAN'T WAIT TO HAVE THE SWEENEYS OVER AND SHOW IT OFF.

I'LL ASK THEM TO TEA.

FINE, BUT DON'T MENTION THE AQUARIUM, BABY— WE'LL **SURPRISE** 'EM.

HOW SWEET OF THE PICKLEHEIMERS TO INVITE US TO TEA.

MERCY SAKES. THERE'S A **PELICAN** ON YOUR CAR, LUCILLE.

OH, DEAR! HAS **HE** FOLLOWED US AGAIN?

YOU SEE, WE WERE ON A FISHING TRIP, AND HE SORT OF **ADOPTED** US. HE'S A PET.

AND SUCH AN **UNUSUAL** PET.

BET YOUR LIFE. NOT EVERYBODY HAS A PET **PELICAN.**

BUT WAIT'LL YOU SEE THE SURPRISE **WE** HAVE.

AN AQUARIUM... BUILT IT, MYSELF. MADE A SPECIAL TRIP TO MIAMI TO STOCK IT WITH RARE TROPICAL FISH.

AND YOU'D BE AMAZED AT WHAT SOME OF THOSE FISH COST.

YES, SIREE! UP TO SIX **DOLLARS** A PAIR. ... AND **BEAUTIES** TOO.

I SIMPLY CAN'T WAIT TO SEE THEM.

BER... THE FISH!

WHERE ARE MY **FISH?**

SHAME ON YOU, LONG JOHN SILVER! **SHAME!**

B-BUT I'M SURE HE DIDN'T REALIZE HOW **EXPENSIVE** THEY WERE, ELMO.

YOU AND YOUR DRATTED, CONFOUNDED PETS! **GET OUT!**

AND DON'T **ANY** OF YOU EVER COME BACK!

The PHANTOM

By **LEE FALK** and **WILSON McCOY**

IN THE LLONGO RICE PADDIES, NATIVES FLEE FROM A NEW JUNGLE TERROR!

HORNED TIGER!

THE TERROR STRIKES THE NATIVE HERDS--

TIGERS ALWAYS KILL FOR FOOD ONLY. THIS MONSTER KILLED EVERYTHING IN SIGHT!

IT IS A DEMON!

TRULY- IT HAS A SINGLE HORN! ALL SAW IT-AND IT KILLED WANTONLY- FOR PLEASURE!

ONLY A WOUNDED TIGER KILLS LIKE THAT. WAS IT WOUNDED?

THERE WAS NO SIGN OF A WOUND! IT IS HORNED- A DEMON!

I'LL BORROW THIS BOAR SPEAR IF I MAY. YOU LAST SAW THE TIGER IN THE RICE FIELDS?

YES. YOU'LL FACE THAT DEMON- WITH THAT?

PROBABLY HAS A TUFT OF HAIR THAT LOOKS LIKE A HORN. MUST BE WOUNDED- THO THEY SAID IT WASN'T-

STEP CAREFULLY, HERO- THIS GROUND IS SOFT-

WILSON McCOY 9-16

SO MANY MYSTERIES ALL AT ONCE! THE RATTLE- THE CROWN ROBBERY- THE HORNED TIGER- WONDER IF THERE'S ANY CONNECTION--

SO, YOU GOT KEPT IN A HALF HOUR AFTER SCHOOL, KAYO! WHY?

AW, I DIDN'T KNOW WHERE TH' NILE WAS...

WELL, I GUESS THAT'LL LEARN YOU TO REMEMBER WHERE YOU PUT THINGS, KAYO!

SAY, WHAT'S THAT, EMMY?

THAT, KAYO, IS ADMIRAL DEWEY!

GEE! HOW'D HE EVER GET WAY UP THERE?

KEEP OFF HE GRASS!

COME ON WITH ME... I'M GOING INTO THE MUSEUM AND YOU CAN LOOK AT THE PICTURES..

LET'S GO DOWN TO TH' RIVER AND FISH, EMMY... I'VE SAW LOTSA PITCHERS!

YES, BUT THESE ARE FINE PICTURES! THEY'RE PAINTED BY HAND!

THAT'S NOTHIN'... SO'S OUR GARAGE!

KAYO!

WHAT'SA IDEAR, SISTER?

I AM TRYING TO SHOW THE LITTLE BOY THAT IF HE SPENT HIS TIME STUDYING AND WORKING AT SOMETHING USEFUL, HE MIGHT AMOUNT TO SOMETHING SOMEDAY...

KAYO

THAT OFFICER ACTED LIKE I WAS A BIT BALMY...

YEH, WELL IF I DID STUDY AND WORK HARD, WOULD I GROW UP AND BE LIKE LINCOLN, GEORGE WASHINGTON AND ADMIRAL DEWEY?

YOU MIGHT...

OH, WELL, THEY GOT ENOUGH MONUMENTS IN THIS TOWN ALREADY.

SMILIN' JACK

JACK IS LANDING JAGG'S AMPHIBIAN AT "MAKO-PIRATA",— JAGG'S ISLAND.

JAGG, IT WAS SWELL OF YOU TO INVITE SABLE ALONG FOR THE WEEK-END, TOO!

WELL, JACK, YOU ALL CAN HELP JAN AND ME CELEBRATE OUR SECOND HONEYMOON!

WHAT A HEAVENLY PLACE! PLANTATION··· POOL, CORAL SAND BEACHES!

YES, SABLE, IT'S JUST WHAT THE DOCTOR ORDERED FOR JOLLY'S AND JETT'S RECUPERATION!

IT'S HARD TO REALIZE THAT THIS PEACEFUL PLACE WAS ONCE HELD BY THAT TERRIBLE PIRATE, "MAKO-PIRATA"!

LEGEND HAS IT THAT HE SANK THE SPANISH GALLEON, "EL ORO BONITO", CARRYING A $30,000,000 TREASURE NEAR HERE!

AFTER JOLLY AND I ARE STRONGER, WE'RE GONNA EXPLORE SOME REEFS AROUND HERE!

WHAT ABOUT SHARKS AND BARRACUDA? I'LL WORRY SO WHEN I LEAVE!

EASY, MOM··· WE'LL HAVE KNIVES, SPEAR-GUNS, ETC., !

MEANWHILE, ON AN UNINHABITED ISLAND NEARBY—

MISTER! I GAMPED ON THIS ISLAND FIRST···NOW SCRAM!

I KNOW YOU ARE HUNTIN' FOR SUNKEN TREASURE, LULLABYE!
